# The Appaloosa Horse Club

*The International Breed Registry for Appaloosa Horses • Est. 1938*

Dear ApHC Member,

One of the Appaloosa Horse Club's basic responsibilities is to provide a clear and consistent set of rules and policies that relate to all aspects of membership, registration, competition and other activities. As a member of the ApHC, it's important for you to know and understand the parameters and requirements that define your participation. Each year the Board of Directors, through its committee process, receives a number of requests and recommendations for additions or changes to the rules. The goal is simple: create equal opportunity for everyone involved. We know that the equine industry continues to evolve as we experience shifts in areas of interest and focus. Research keeps providing new tools to better understand genetics, physiology and health. General cultural trends can also influence how we write and interpret policies and procedures. We are challenged to accommodate, or at least consider, these factors and more in order to maintain our place in the world of business and recreation. Our aim is always to promote and protect the best interest of the horse and to also support your chosen path within a horse-centered lifestyle.

We have wrapped up our 80th Anniversary year and now we need to gather up some extra energy for the next 80. More than ever we need to find ways to attract and support the next generation of horse enthusiasts and strengthen the network of regional clubs and international partners. Your membership and engagement are greatly appreciated. Please let us know how we can make your Appaloosa experience even better. In the meantime, thanks to all of you for being part of the Appaloosa Horse Club!

Best wishes,

Steve Taylor  
CEO

# HISTORY

The Appaloosa is a distinctive breed of horse. Appaloosas have characteristics that set them apart from other breeds in the equine world.

Drawings of horses displaying this rare Appaloosa color scheme have been found in the caves of Early Man in France, making them prehistoric. Spotted horses later appear in Chinese artistry dating from 500 B.C. and Persian art of the 14th century, and throughout most of Europe. One theory on how Appaloosas came to the Americas is that they were imported from the Near East or Spain with shipments of goods to Mexico about 1600. The spread of the horses northward was made by the Plains Indians and by about 1730, the Nez Perce had them. During the exploration of the West, the Nez Perce were the only tribe to have Appaloosas in numbers. The Nez Perce were obviously pleased with their intelligence, stamina and colorful markings as they chose to breed them in preference to other horses from the 1730s to the 1830s. The Nez Perce bred their colorful horses to a distinctive type able to stand the rigors of mountain travel. They only bred their best animals and gelded or traded the poorer ones. The area inhabited by the Nez Perce, which is the northeast corner of Oregon, the southeast corner of Washington and the bordering Idaho country, was ideal for horse production, providing lush summer range in the hills and meadows and abundant winter range in the sheltered canyons of the Snake, Palouse and Clearwater Rivers. The Nez Perce were fond of racing, with finish lines set from a hundred yards to as far as 12 miles. Performance helped guide the Indians in eliminating the slow.

Close contact with the people of the tribe demanded a quiet, sensible disposition. This trait is common to Appaloosas today. The combination of stamina needed for racing and hunting, and disposition and good sense necessary for life around the camp tended to produce a superior horse.

The breed nearly disappeared after the Nez Perce War of 1877. The Nez Perce, led by Chief Joseph, made a daring 1,350-mile dash to Canada over some of the most rugged terrain in the West, outrunning five U.S. Armies while transporting goods, women and children. But for a telegraph line and handy steamer to ferry troops across the Missouri, they would have made it.

After the surrender of Joseph at the Bear Paw Mountains in Montana, the Appaloosas bred to perfection by the Nez Perce were sold and began to become assimilated into other breeds.

The Appaloosa Horse Club, the official breed registry for Appaloosas, was formed in 1938 by a group of men determined to keep the famed Nez Perce war and hunting horses from slipping out of sight forever. A few of the descendants of the Nez Perce horses made up the foundation stock. Since then the growth of the Appaloosa Horse Club has been rapid.

The Indians preferred the Appaloosa for war, hunting and racing. Modern uses of the colorful breed are variations on a "can do" theme, ranging from parade, show, cow horse, trail, pleasure, polo, racing to jumping. Horsemen claim if a horse can do it, you can be sure an Appaloosa has done it... and well.

The Appaloosa Horse Club was organized in 1938 with the following objectives: to collect records and historical data relating to the origin of Appaloosas; to file records and issue certificates of registration for animals thought to be fit foundation stock of the breed; to preserve, improve and standardize the breed of spotted horses known in the Northwest as Appaloosas. The Appaloosa Horse Club, Moscow, Idaho, is the National Breed Association and official registry for Appaloosa Horses.

# APPALOOSA BREED STANDARD

## GENERAL CONFORMATION:

- Symmetrical and smooth: head is straight and lean, giving eye prominence and adding distinction to head appearance; ears are pointed and of medium size; neck shows quality with a clean cut throat latch and a large windpipe.
- Chest is deep and blends into well muscled sloping shoulders; withers are prominent and well defined; forearm is well muscled, long wide and tapered down to a broad knee; cannons are wide and flat with wide, smooth and strongly supported fetlocks; pastern is medium long and sloping; hooves are rounded, deep, open and wide at the heels; back is short and straight; loin is short and wide; underline is long with the flank well let down; hips are smoothly covered, being long, sloping and muscular; thighs are long, muscular and deep, blending into well rounded quarters; gaskins are long wide and muscular extending to clean clearly defined wide, straight hocks.
- Forelegs, when viewed from the front, should have a perpendicular line from the point of the shoulder that should fall upon the center of the knee, cannon, pastern and foot. From the side, a perpendicular line from the center of the elbow joint should fall upon the center of the knee and pastern joints and back of foot.
- Rear legs, when viewed from behind, should have a perpendicular line from the point of the hindquarter that should fall upon the center of the hock, cannon, pastern and foot. From the side, a perpendicular line from the hip joint should fall upon the center of the foot and divide the gaskin in the middle, and a perpendicular line from the point of the quarter should run parallel with the line of the cannon.

## COLOR AND COAT PATTERNS:

- The base coat color may be any one of many different colors and can include dilutes, duns, grays, roans and other modifying types. Eyes may be any color, including, but not limited to, blue, hazel, green, brown, amber and black. Coat color patterns may vary from a solid pattern, meaning no spotting at all, to multi-spotted to blanket hipped with no spots. Patterns and markings are extremely varied and found in many sizes and combinations with great variations in areas with white backgrounds. Appaloosas can dramatically change their coat pattern throughout their lifetime. No two Appaloosa horses are identically marked.
- While color and markings are not primary or determinative factors in judging, it should be borne in mind that where two horses are equal in type, conformation, action and soundness, the award may be made to that particular entry which is more reasonably recognizable as an Appaloosa.

## SECONDARY CHARACTERISTICS:

- Mottled or parti-colored skin may be found around the nostrils, mouth, eyes, anus and genitals. This characteristic may be found present in only one area, several areas or none at all.
- Sclera of eyes may be white. Sclera may be in one, both or neither eye.
- Hooves may be striated with dark and light striping in the hoof wall. Striation may or not be present in any or all feet.

Section 4. Notice of Meetings. Written notice stating the place, day and hour of any meeting of members shall be delivered personally or sent by mail, e-mail or other form of wire or wireless communication, to each member entitled to vote at such meeting, not less than 30 nor more than 50 days before the date of such meeting, by or at the direction of the President, or the Chief Executive Officer, or the officers or persons calling the meeting. In the case of a special meeting or when required by statute or by these Bylaws, the purpose or purposes for which the meeting is called shall be stated in the notice. If mailed, such notice of a meeting shall be deemed to be delivered when deposited in the United States mail addressed to the member at the member's address as it appears on the records of the ApHC, with postage thereon prepaid. If notice be given by e-mail or other form of wire or wireless communication, such notice shall be deemed delivered to the member if transmitted to the member's e-mail address and/or other wire and/or wireless-based address as it appears on the records of the ApHC.

Section 5. Informal Action by Members. Any action required by law to be taken at a meeting of the members, or any action which may be taken at a meeting of members, may be taken without a meeting if a consent in writing, setting forth the action so taken, shall be signed by all of the members entitled to vote with respect to the subject matter thereof.

Section 6. Quorum. Those members present at any annual or special meeting of members shall constitute a quorum at such meeting.

Section 7. Voting. At any special or annual meeting of members, a member entitled to vote may vote only in person and not by proxy. ## **ARTICLE IV**

### **Board of Directors**

Section 1. General Powers. The affairs, business and property of the ApHC shall be managed and controlled by its Board of Directors consistent with the Oregon Nonprofit Corporation Act and these Bylaws. The Board of Directors may adopt rules and regulations governing the rights, privileges and obligations of members not inconsistent with these Bylaws. The Board of Directors may affiliate the ApHC with ApHC Regional Clubs, International Affiliates and/or other organizations that share the purposes of the ApHC upon such terms and conditions

and in such manner as determined from time to time by the Board of Directors.

Section 2. Qualifications, Number, Term, Nomination, Election and Member Voting.

- A. To be eligible to serve as an ApHC director, a person must be an active member in good standing of the ApHC and have been an active member in good standing of the ApHC for at least three (3) consecutive years next preceding the applicable election and elected in accordance with these Bylaws from the geographical territory described in Section 3 of this Article IV where such person is domiciled. Any member who, as the result of ApHC disciplinary action, has been determined guilty of a violation of any ApHC Rules and Regulations shall be ineligible to hold the position of director. Any member who has been convicted of a crime punishable by imprisonment in a State or Federal prison, or who has been convicted of a crime involving moral turpitude shall be ineligible to hold the position of director. If a director becomes not domiciled within the geographical territory from which elected or ceases to be an active member in good standing of the corporation, such director shall thereafter be ineligible to continue to serve as a director and the Board of Directors shall immediately remove such director from the Board of Directors and the vacancy shall be filled in accordance with these Bylaws.
- B. The number of directors shall be thirteen (13). Two directors shall be elected from each of geographical Territories I – VI described in Section 3 of this Article IV, provided, however, any member who is domiciled in the same state of the United States, the same province or territory of Canada or the same country in which an International Affiliate exists within which another ApHC director is domiciled shall be ineligible to hold the position of director. Additionally, one (1) director shall be elected from Territory VII as described in Section 3 of this Article IV.
- C. To be nominated for election as a director, a member qualified to be a director must submit a petition, on a form approved by the ApHC. In a regular election, the petition must be submitted on or before the last day of July in the election year and in a special election the petition must be submitted as required by the ApHC Board of Directors, nominating such member for election from the geographical territory where such member is domiciled. The nominating petition must be signed by at least ten (10) ApHC members in good standing domiciled in the same territory as the member being nominated.
- D. The regular election of directors shall occur in September, October and/ or November every other year. Only ApHC members in good standing as of August 31 each year shall be eligible to vote in the regular election that year. The ApHC Board of Directors may establish the membership eligibility deadline for special election and other purposes.
- E. Each active member in good standing shall be entitled only to one (1) vote on all matters upon which such member is entitled to vote.
- F. The ApHC shall prepare a ballot for each geographical territory for which an election is being held that includes all eligible members properly nominated for election as a director from that geographical territory. If only one (1) member is properly nominated for election as director from a geographical territory, that nominee shall be deemed elected as director without conducting the election. In the event there is no member properly nominated for election as a director from a geographical territory, the ApHC Board of Directors shall appoint a qualified ApHC member to any such director position for the full term of four (4) years. Otherwise, the ApHC shall provide the ballot according to the ApHC election procedures as determined from time to time by the ApHC Board of Directors for each geographical territory to all eligible ApHC voting members domiciled within that geographical territory and each such member shall be entitled to vote in the election of the directors from that geographical territory. Ballots must be completed and submitted according to ApHC

election procedures as determined from time to time by the ApHC Board of Directors.

- G. The eligible nominee receiving the highest number of votes on the ballot for each geographical territory will be named director. In the event two or more candidates receive the same and highest number of votes in the election of a director, a runoff election shall be held between such candidates.
- H. Directors (i) elected at the regular election of directors shall be elected to serve, (ii) deemed elected as a director without conducting the election as provided under Section 2.F. of this Article IV shall be deemed to serve and (iii) appointed by the Board of Directors as provided under Section 2.F. of this Article IV shall be appointed to serve; for a term of approximately four (4) years commencing at the commencement of the regular meeting of the Board of Directors next held following the regular election of directors at a time and date during January through April as determined by the Board of Directors and ending upon taking the oath by the successor director at such meeting in the fourth (4th) year following the commencement of such terms. The terms of office for directors shall be staggered so that the term of either one half (1/2) of the total number of directors or one half plus one (1) of the total number of directors, as applicable, expire every two years.
- I. All elections of directors of the ApHC and all votes of the membership for any purpose must be conducted and managed by a National or regional independent accounting firm other than that firm contracted by the ApHC to perform auditing and reporting functions on a regular basis. No interim counting or tallies will be released to anyone.

## TERRITORY VII

All countries not otherwise specifically listed in Territories I – VI above within which International Affiliates exist including, but not limited to, England, France, Germany, Hungary, Israel, Italy, Japan, Luxembourg and Switzerland.

- B. The Board of Directors may, from time to time, recommend further revisions to the territories for the purpose of achieving a reasonably equal geographic distribution of the membership, but such recommendations, if made, shall not be made more frequently than every six years.

Section 4. Regular Meetings. A regular meeting of the Board of Directors shall be held anytime after the annual meeting of members each year at a time and date during July through December as determined by the Board of Directors. The Board of Directors may provide by resolution the time and place, either within or without the State of Oregon, for the holding of additional regular meetings of the Board without other notice than such resolution.

Section 5. Special Meetings. Special meetings of the Board of Directors may be called by or at the request of the President or a majority of the number of directors fixed by Section 2 of Article IV of these Bylaws. The person or persons authorized to call special meetings of the Board may fix any place, either within or without the State of Oregon, as the place for holding any special meeting of the Board called by them.

Section 6. Notice. Notice of any special meeting of the Board of Directors shall be given at least 20 days previously thereto by written notice delivered personally or sent by mail, e-mail or other form of wire or wireless communication to each director at the director's address as shown by the records of the ApHC. If mailed, such notice shall be deemed to be delivered when deposited in the United States mail so addressed, with postage thereon prepaid. If notice be given by e-mail or other form of wire or wireless communication, such notice shall be deemed delivered to the director if transmitted to the director's e-mail address and/or other wire and/or wireless-based address as it appears on the records of the ApHC. Any director may waive notice of any meeting. The attendance of a director at any meeting shall constitute a waiver of notice of such meeting, except where a director attends a meeting for the express purpose of objecting to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of any regular or special meeting of the Board need be specified in the notice or waiver of notice of such meeting, unless specifically required by law or by these Bylaws.

Section 7. Presumption of Assent. A director of the ApHC who is present at a meeting of the Board of Directors at which action on any corporate matter is taken shall be presumed to have assented to the action taken unless the director's dissent to the action as entered in the minutes of the meeting or unless a written dissent to the action is filed with the person acting as secretary of the meeting before the adjournment thereof or forwarded by certified or registered mail to the Chief Executive Officer of the ApHC immediately after the adjournment of the meeting. The right to dissent shall not apply to a director who voted in favor of the action.

Section 8. Quorum and Attendance at Meetings. A majority of the number of directors fixed by Section 2 of this Article IV shall constitute quorum for the transaction of business at any meeting of the Board; but if less than a quorum is present at said meeting, a majority of the directors present or a sole director present may adjourn the meeting from time to time and, if necessary, to a different place, without further notice. The Executive Committee of the ApHC Board of Directors may conduct a regular or special meeting of the ApHC Board of Directors and permit all Directors to participate in any such meeting through the use of any means of communication by which all Directors participating may simultaneously hear each other during any such meeting. A director participating by any such means is deemed to be in attendance and present at any such meeting for all purposes under the Bylaws.

Section 9. Manner of Acting. The act of a majority of directors present at the meeting at which a quorum is present shall be the act of the Board of Directors, unless the act of a greater number is required by law or by these Bylaws. All motions made at any meetings of the ApHC Board of Directors, including committee meetings, must be by roll call and each roll call voting record must be published and distributed to the members within sixty days of that meeting.

Section 10. Vacancies. Any vacancy occurring on the Board of Directors and any directorship to be filled by reason of an increase in the number of directors may be filled by the affirmative vote of a majority of the remaining directors, though less than a quorum of the Board of Directors; provided, however, that a special election by members shall be conducted consistent with the provisions of these Bylaws if the unexpired term of the vacancy to be filled exceeds one year. The Board of Directors may make a temporary appointment of any directorship to be filled by appointing an ApHC member domiciled in the affected geographical territory pending such special election as required above. A director elected to fill a vacancy shall be elected for the unexpired term of the director's predecessor in office.

#### Section 11. Removal.

- A. Any director may be removed from office, with or without cause, at a meeting of members called expressly for that purpose, by a vote of a majority of all members then entitled to vote in an election of such director.
- B. Any elected director who is absent without good cause from two (2) consecutive meetings of the Board of Directors is subject to removal as a director by affirmative vote of at least two-thirds (2/3) of all directors at a Board of Directors meeting.
- C. Throughout his/her tenure, a director must conduct himself/herself in an exemplary manner such as to favorably reflect on the ApHC and the ApHC Board of Directors. A director's conduct is subject to continual review and a director's office and service on the Board of Directors may be terminated and/or rejected by the Board of Directors for cause detrimental to the interest of the ApHC, its programs, policies, objectives and/or the harmonious relationship of its members. A proceeding to so terminate or reject a director's office and service must be initiated upon written complaint signed by a director specifying the alleged cause and filed with the Chief Executive Officer, and upon a determination by the ApHC Executive Committee that such complaint sets forth sufficient prima facie evidence in support of the alleged cause, the Board of Directors shall:
  1. give at least thirty (30) days written notice of hearing to the director charged by said complaint and;
  2. hold a hearing before the Board of Directors, excluding the director charged and the director initiating the complaint, at which hearing the director charged and the director initiating the complaint shall have the right to be represented by legal counsel, each at their own expense unless otherwise indemnified under ApHC Bylaws or applicable law, call witnesses, present evidence and testimony under oath, offer evidence, cross-examine adverse witnesses and provide rebuttal testimony and evidence.

At the conclusion of the hearing and upon an affirmative vote by at least three-fourths (¾ths) of the directors then in office, excluding the director charged and the director initiating the complaint, deciding that such detrimental cause exists, the charged director's office and service on the ApHC Board of Directors shall be immediately terminated and/or rejected, and, if such affirmative vote is not attained, the complaint shall be dismissed.

Section 12. Compensation. Directors shall not receive any stated salaries for their services as directors or officers, but by resolution of the Board of Directors may be paid for their expenses, if any, of attendance at each meeting of the Board, and may be paid their expenses incurred in the performance of the business of the ApHC as previously authorized by the Board of Directors or the President; but nothing herein contained shall be construed to preclude any director from serving the ApHC in any other capacity and receiving compensation therefore.

Section 13. Informal Action by Directors. Any action required by law to be taken at a meeting of directors, or any action which may be taken at a meeting of directors, may be taken without a meeting if a consent in writing, setting forth the action so taken shall be signed by all of the directors.

## **ARTICLE V**

Section 1. Officers. The officers of the ApHC shall be a President, a Vice President, a Chief Executive Officer and a Treasurer. The Board of Directors may elect or appoint such other officers or assistant officers as it shall deem desirable, such officers to have the authority and perform the duties prescribed from time to time by the Board of Directors. Any two or more offices may be held by the same person, except the offices of President and Chief Executive Officer.

The President and Vice President shall be elected annually by and from the members of the Board of Directors and at the regular meeting of the Board of Directors as provided under Section 2.H. of Article IV of these Bylaws. If the election of such officers shall not be held at such meeting, such election shall be held as soon thereafter as conveniently may be. The Chief Executive Officer and the Treasurer shall be appointed by the Board of Directors, but shall not be members of the Board of Directors, for terms not exceeding three years. Appointments may be renewed for successive three-year periods. The terms of such appointments, including salaries and duties, shall be determined from time to time by the Board of Directors. Each officer shall hold office until the officer's successor shall have been duly elected or appointed and shall have qualified.

Section 3. Removal. Any officer elected or appointed by the Board of Directors may be removed by the Board of Directors whenever in its judgment and best interests of the ApHC would be served thereby, but such removal shall be without prejudice to the contract rights, if any, of the officers so removed.

Section 4. Vacancies. A vacancy in office because of death, resignation, removal, disqualification or otherwise may be filled by the Board of Directors for the unexpired portion of the term.

Section 5. President. The President shall preside at all meetings of the members and of the Board of Directors. The President may sign, with the Chief Executive Officer or any other proper officer of the ApHC authorized by the Board of Directors, any deeds, mortgages, bonds, contracts, and other instruments which the Board of Directors has authorized to be executed, except in cases where the signing and execution thereof shall be expressly delegated by the Board of Directors or by these Bylaws, or by statute to some other officer or agent of the ApHC; and in general the President shall perform all duties incident to the office of President and such other duties as may be prescribed by the Board of Directors from time to time.

Section 6. Vice President. In the absence of the President or in the event of the President's inability or refusal to act, the Vice President shall perform the duties of the President, and when so acting, shall have all the powers of and be subject to all the restrictions upon the President. The Vice President shall perform such other duties as from time to time may be assigned by the President or by the Board of Directors.

Section 7. Chief Executive Officer. The Chief Executive Officer shall keep full and accurate minutes of the meetings of the members and of the Board of Directors in one or more books provided for that purpose; see that all notices are duly given in accordance with the provisions of these Bylaws or as required by law; be custodian of the corporate records and of the seal of the ApHC and see that the seal of the ApHC is affixed to all documents, the execution of which on behalf of the ApHC under its seal is duly authorized in accordance with the provisions of these Bylaws; keep a register of the post office address of each member which shall be furnished to the Chief Executive Officer by such members; and in general perform all duties incident to operations of the ApHC, the office of Chief Executive Officer and such other duties as may from time to time be prescribed by the Board

of Directors.

Section 8. Treasurer. The Treasurer shall keep or cause to be kept, correct and complete records of accounts showing the financial condition and results of operations of the ApHC, shall be responsible for the preparation of an annual budget and shall report thereon to the Board of Directors. The Treasurer shall be legal custodian of all monies, notes, securities, and other valuables which may from time to time come into the possession of the ApHC. The Treasurer shall deposit all funds of the ApHC coming into the Treasurer's hands in depositories, to be designated by the Board of Directors. The Treasurer shall perform such other duties as may from time to time be prescribed by the Board of Directors.

## **ARTICLE VI**

### **Committees**

Section 1. Committees of Directors. The Board of Directors, by a resolution adopted by a majority of the directors in office, may designate and appoint one or more committees each of which shall consist of two or more directors, which committees, to the extent provided in said resolution shall have and exercise the authority of the Board of Directors in the management of the ApHC, except that no such committee shall have the authority of the Board of Directors in reference to amending, altering or repealing the Bylaws; electing, appointing or removing any member of any such committee or any director or officer of the ApHC; amending or restating the Articles of Incorporation; adopting a plan of merger or adopting a plan of consolidation with another corporation; authorizing the sale, lease, exchange or mortgage of all or substantially all of the property and assets of the ApHC; authorizing the voluntary dissolution of the ApHC; or revoking proceedings therefore; adopting a plan for the distribution of the assets of the ApHC; or amending, altering or repealing any resolutions of the Board of Directors which by its terms provides that it shall not be amended, altered or repealed by such committee. The designation and appointment of any such committee and the delegation thereto of authority shall not operate to relieve the Board of Directors, or any individual director of any responsibility imposed upon it or the director by law.

Section 2. Other Committees. Other committees not having and exercising the authority of the Board of Directors in the management of the ApHC may be appointed in such manner as may be designated by a resolution adopted by a majority of the directors present at a meeting at which a quorum is present. Except as otherwise provided in such resolution, members of each such committee shall be members of the ApHC, and the President shall appoint the members thereof. Any member thereof may be removed by the person or persons authorized to appoint such member whenever in their judgment the best interest of the ApHC shall be served by such removal.

Section 3. ApHC Executive Committee. There shall be an ApHC Executive Committee, comprised of members of the Board of Directors, which shall consist of the President, who shall chair the ApHC Executive Committee, the Vice-President, and four (4) additional directors who shall be elected annually at the commencement of the regular meeting of the Board of Directors next held following the regular election of directors at a time and date during January through April as determined by the Board of Directors and shall serve on the ApHC Executive Committee until the election of the ApHC Executive Committee members at the commencement of said regular meeting of the Board of Directors the next year.

Section 4. Term of Office. Each member of a committee shall continue as such until the commencement of the regular meeting of the Board of Directors next held following the regular election of directors at a time and date during January through April as determined by the Board of Directors and until such member's successor is appointed, unless the committee shall be sooner terminated, unless such member be removed from such committee, or unless such member shall cease to qualify as a member thereof.

Section 5. Chairman. One member of each committee shall be appointed

chairman by the person or persons authorized to appoint the members thereof.

Section 6. Vacancies. Vacancies in the membership of any committee may be filled by appointments made in the same manner as provided in the case of the original appointments.

Unless otherwise provided in the resolutions of the Board of Directors designating a committee, a majority of the whole committee shall constitute a quorum and the act of a majority of the members present at a meeting at which a quorum is present shall be the act of the committee. The Executive Committee of the ApHC Board of Directors, the ApHC Board of Directors or the Chairman of the ApHC committee conducting an ApHC committee meeting may conduct any such ApHC committee meeting and permit all such committee members to participate in such committee meeting through the use of any means of communication by which all such committee members participating may simultaneously hear each other during any such meeting. A committee member participating by any such means is deemed to be in attendance and present at any such meeting for all purposes under these Bylaws.

Section 8. Rules. Each committee may adopt rules for its own government not inconsistent with these Bylaws or the rules adopted by the Board of Directors.

## **ARTICLE VII**

The entitlement of any person to indemnification hereunder and the amount of that indemnification shall be determined in accordance with the procedures and other provisions set forth in the Oregon Nonprofit Corporation Law in effect at the time of the determination.

## **ARTICLE VIII**

### **Contracts, Checks, Deposits and Funds**

Section 1. Contracts. The Board of Directors may, by the affirmative vote of two-thirds of the directors present at a duly constituted meeting, authorize any officer or officers, agent or agents of the ApHC, in addition to the officers so authorized by these Bylaws, to enter into any contract or execute and deliver any instrument in the name of and on behalf of the ApHC and such authority may be general or confined to special instances.

Section 2. *Rules 1-9 are not assigned.*

### 10. MEMBERSHIP

#### A. CLASSES

Membership in the ApHC is a privilege, not a right. ApHC bylaws provide for two classes of members: regular members and honorary life members.

#### B. REGULAR

Regular membership is divided into:

1. Individual Lifetime Class: Valid for the lifetime of the individual.
2. Youth One-time Class: The Youth one-time membership is valid for the entire calendar year in which the youth is 18 years of age and under as of January 1 of each year. (Age to be retained throughout the calendar year.) Married or divorced individuals are ineligible for membership in the Appaloosa Youth Association. This is a non-voting membership.
3. Classes where membership is annually approved with eligibility being determined based upon the following:
  - a. Individual. One Person
  - b. Married or Legally Recognized Couple. Each married or legally recognized spouse or domestic partner is considered a member and will be assigned a membership number.
  - c. Family. The head of household, spouse, if any, and individuals 18 years of age and under as of January 1 of each year. Each head of household or spouse, if any, in the family is considered a member and will be assigned a membership number. Each individual in the family 18 years of age and under as of January 1 of each year will be given a non-voting Appaloosa Youth Association (AYA) membership.
  - d. Appaloosa Youth Association (AYA) Youth. An individual 18 years of age and under as of January 1 of each year. (Age to be retained throughout the calendar year.) Married or divorced individuals are ineligible for membership in the Appaloosa Youth Association. This is a non-voting membership.
  - e. Non-Pro. An individual 19 years of age or older as of January 1 of each year or a married individual ineligible for membership in the Appaloosa Youth Association who is also a member of the ApHC. Additional Non-Pro eligibility criteria are set forth in the Non-Pro section of these rules.

#### C. EFFECT OF MEMBERSHIP

Every member, by making application to the ApHC for membership or

renewal and in becoming a member or non-member, by purchasing registered Appaloosas, by filing registration applications or other documents with the ApHC or by participating in ApHC approved events, automatically agrees to be bound by and to abide by the Articles of Incorporation, bylaws, rules and regulations, decisions and policies of the ApHC, its Board of Directors, Chief Executive Officer, employees and authorized agents.

#### **D. LEGAL ACTIONS**

Every member and non-member agrees that he or she will not commence any action, whether in law or equity, against the ApHC in any courts other than those federal and state courts located in Latah County, Idaho, and further agrees, for the mutual benefit of members and nonmembers and to reduce the costs and legal expenses incurred by the ApHC which would otherwise be borne by members and non-members participating in ApHC activities, in addition to any other sanction that may be imposed under these rules, to reimburse the ApHC, upon demand by the ApHC, the reasonable attorney fees, costs and other expenses, including, but not limited to, travel related expenses for Disciplinary Committee members, incurred by the ApHC in connection with any ApHC disciplinary action or proceeding, arbitration action or proceeding, court action or proceeding or other legal proceeding in which the member or nonmember has been determined to have violated any ApHC bylaws or rules and regulations or has not been the prevailing party.

#### **E. APPLICATION**

Application for membership shall be made by completing and submitting an application, on a form provided by the ApHC, and the current membership fee. To renew a membership, a member must annually complete and submit a membership renewal application, on a form provided by the ApHC, and the current membership fee. Membership is granted for the calendar year or such portion of the calendar year remaining after the application or renewal form has been submitted and, if applicable, approved. Being a member of an ApHC regional club does not, of itself, make an individual a member of the ApHC.

#### **F. APPROVAL OR REJECTION**

A membership application or renewal application shall be approved or rejected by the Chief Executive Officer in accordance with ApHC bylaws and these rules. A membership cannot be issued in a ranch, farm, company or business name. An application for ApHC membership or renewal may be rejected by the Chief Executive Officer if the applicant does not qualify to be an ApHC member, has been convicted of an animal welfare violation, has been convicted of a crime involving moral turpitude or is under suspension by another equine association.

#### **G. PRIVILEGES**

Each ApHC member's privileges include:

1. Equal rights and interests in conjunction with other members similarly qualified in and to ApHC events, programs, activities and property.
2. Subscription to *Appaloosa Journal* (excluding Youth Members).

ship records of the ApHC to reflect a legal change of name upon submission of appropriate documentation, such as a marriage license or court decree, as may be required by the ApHC.

#### **I. RENEWAL DEADLINE**

If any such member fails to renew membership by January 1 of each year, such individual shall automatically cease being a member as of January 1 of that year but can apply for reinstatement as a member thereafter for the remainder of that calendar year upon compliance with all membership renewal requirements and approval by the Chief Executive Officer.

#### **J. TERMINATION**

An individual's ApHC membership may be terminated by the ApHC for cause for conduct by such individual detrimental to the interests of the ApHC, its programs, policies, objectives and harmonious relationship of its members. Membership termination proceedings hereunder shall be initiated by written complaint, shall be conducted pursuant to the ApHC's hearing procedures set forth under these rules and shall subject the accused member to all penalties called for under these rules, including suspension or termination of membership.

### **11. INFORMATION RELEASE POLICY**

- A. Certain information about ApHC members or work may be confidential. The ApHC will not disclose sensitive or legal matters, hearing results, Executive Committee meetings or any legal actions taken by the ApHC, unless the ApHC elects to disclose such information, including publication in *Appaloosa Journal*.

*Rules 12-14 are not assigned.*

### **15. GENERAL NOTICE PROCEDURE**

Any notice required by these rules shall be given by personal delivery or by regular United States mail to the person who is to receive the notice, or the person's counsel. If mailed, notice shall be deemed to be given when deposited in the United States mail addressed to the person at the person's most recent address as it appears in the records of the ApHC, or to the counsel at the counsel's address, with postage thereon prepaid, unless otherwise provided in these rules or in the documents prepared by the ApHC.

The ApHC Executive Committee may appoint a sufficient number of directors to constitute a quorum for the hearing and determination of any matter, and further provided, any vacancy occurring on the ApHC Disciplinary Committee may be filled by the ApHC Executive Committee for the unexpired portion of said vacating member's term.

#### **D. COMPLAINT**

A complaint of possible or alleged violation(s) by a member or non-member of any bylaw, rule or regulation, decision or policy of the ApHC must be processed as follows:

1. A written complaint, which must be dated and signed, must be submitted by a member, ApHC director or ApHC employee, to the ApHC Chief Executive Officer and/or the ApHC President, and state the specific bylaw, rule or regulation, decision or policy alleged to have been violated and the person(s) allegedly responsible for such violation(s). 3. The ApHC Chief Executive Officer and the ApHC President will have the authority, but are not required, to investigate the allegations of a complaint. Full disclosure of the complaint will be made to the person(s) charged with such violation(s) prior to any disciplinary action. In the case of a complaint involving a youth member, either as complainant or person charged, an investigation must take place, and the evidence be reviewed by the ApHC CEO, the ApHC President or the ApHC Vice-President.
4. A majority of the Chief Executive Officer, ApHC President and ApHC Vice President, with advice from ApHC legal counsel, shall determine if prima facie evidence has been presented in the complaint sufficient to warrant a hearing before the Disciplinary Committee. If such prima facie evidence has not been so presented, the complaint will be dismissed. The Chief Executive Officer, the ApHC President and the ApHC Vice President may agree to assess against the person filing the complaint costs, including attorney fees, incurred by the ApHC in reviewing any frivolous or unfounded complaint. Complainant will be so notified but shall have a right to resubmit the complaint with new or additional evidence up to ninety (90) days from the date of the dismissal of the original complaint otherwise complainant will have no right to resubmit the complaint.
5. In such cases involving alleged violation(s) of any ApHC rule(s) pertaining to administration of a forbidden substance, notice of hearing shall be given and the hearing shall occur as close to 30 days after notice is given as is possible under the circumstances. Either the Disciplinary Committee or the Chief Executive Officer, upon instruction by the Disciplinary Committee, is authorized to issue the Disciplinary Committee's written decision by notice to the parties.

6. The Chief Executive Officer, with approval from ApHC Executive Committee, shall have the authority of the Disciplinary Committee to enter into an appropriate agreement, including the imposition of sanctions and penalties called for under these rules, in the best interests of the ApHC settling and/or compromising and satisfying a complaint before any such complaint is heard by the Disciplinary Committee.
7. The Executive Committee or the Disciplinary Committee shall have authority to enter into an appropriate agreement at any stage of these proceedings, in the best interests of the ApHC, settling and/or compromising and satisfying the complaint. A complainant may withdraw a complaint at any time, forfeiting all fees and costs for the complaint, and may also be subject to assessment of the costs of hearing the complaint, including attorney fees in reviewing any frivolous or unfounded complaint.
8. Any agreement entered into under Rules 20.D.6. & 20.D.7. shall not be binding and effective until executed by Chief Executive Officer, the ApHC President on behalf of the Executive Committee, and all affected parties.

5. The member or non-member charged by the complaint and the Complainant shall have the right to call witnesses, present testimony, under oath, and offer evidence, to cross examine any adverse witnesses and to provide rebuttal testimony and evidence.
6. The ApHC reserves the right to appear in any hearing, through designees and/or counsel, and call witnesses, present testimony, under oath, and offer other evidence, to cross examine any other witnesses and to provide rebuttal testimony and evidence.
7. The Disciplinary Committee may call and interrogate witnesses.

#### **F. HEARING STANDARDS**

1. Proceedings before the Disciplinary Committee shall be informal, and rules of evidence, both at common law or provided by Idaho rules of civil or criminal evidence or procedure, need not be strictly observed. The standard by which admissibility is determined is whether the evidence is such that an ordinarily prudent person is willing to rely upon it. The Disciplinary Committee will be the sole judge of the relevance and probative value attributed to any evidence.
2. Proof necessary to establish a rule violation is that quantum of proof which would lead a reasonable person to believe the matter alleged

in the complaint and notice of hearing is established by the evidence presented to the Disciplinary Committee.

3. A majority vote of the Disciplinary Committee hearing any matter shall be determinative of guilt, and its decision and action shall be final and binding on all parties, except that the Disciplinary Committee reserves the right to modify or set aside its decision for reasons of mistake, fraud or misrepresentation or any other reason justifying relief from a decision.
4. All proceedings before the ApHC Disciplinary Committee, all documents and evidence, including but not limited to the complaint, a list of witnesses, witness statements and/or affidavits, prehearing filings and discover, the hearing record transcript and/or testimony and all deliberations in any form, to come before the ApHC Disciplinary Committee are confidential and are not subject to disclosure unless the ApHC Board of Directors elects to disclose to others such information or unless the ApHC is required by law or court order to disclose any such information.
5. All parties, witnesses and participants in a disciplinary process, including members of the Disciplinary Committee, shall be immune from any civil liability whatever, including, but not limited to, libel, slander, invasion of privacy, defamation, product disparagement, interference with contract, interference with prospective business relations and any other tortuous conduct, for testimony given and/or evidence presented in connection with the proceeding or at the hearing.

#### **G. ALTERNATIVE HEARING PROCEDURE**

1. In the event the Disciplinary Committee, in its sole judgment, is unable or refuses to hear any matter, every member or non-member agrees to submit to hearing and determination of any alleged violation of ApHC rules before and under jurisdiction of the American Arbitration Association, which shall apply ApHC rules and regulations pertaining to violations and penalties and shall apply the procedural rules of the American Arbitration Association.
2. All expenses associated with employment of the American Arbitration Association shall be paid, in advance, by the member(s) initiating or alleging any such charge of rule violation or, if not so paid, any such charge of rule violation shall be summarily dismissed by the ApHC.
3. The American Arbitration Association's decision shall be determinative of guilt and its decision and action shall be final and binding on all parties and the ApHC.

  - b. Cruel or inhumane treatment of horses.
  - c. Prohibited surgical procedure or injection or administration of foreign substances, drugs or medication that could affect a horse's performance, soundness or disposition or alter its natural conformation or appearance.

  - j. Pinto Horse Association of America (PtHA)
  - k. Pony of the Americas Clubs (POA)
  - l. Any other horse breed association or equine organization that the ApHC deems to be reputable and responsible.
4. A complaint alleging that an ApHC member or nonmember should be subject to reciprocal effect for any such misconduct shall be processed and heard by the ApHC Disciplinary Committee in like manner as disciplinary procedures for violation of ApHC rules.
  5. Any ApHC member or nonmember against whom reciprocal effect is given by the ApHC for any such misconduct is subject to those penalties set forth in GENERAL PENALTIES AND SANCTIONS.
  6. The ApHC shall promptly notify each association listed in rule 20.H.3 with the name of and violation committed by each individual who either pleads guilty or is convicted after hearing of violations of ApHC rules pertaining to those categories of misconduct listed in 20.H.1.

  - h. Exhibiting a horse that appears to be sullen, dull, lethargic, emaciated, drawn or overly tired.

2. The standard by which conduct or treatment will be measured is that which a reasonable person, informed and experienced in generally accepted equine training and exhibition procedures, would determine to be cruel, abusive and inhumane.
  3. This prohibition includes all horses, not just Appaloosa horses, as such conduct indicates a general treatment of horses that is unacceptable for ApHC members. If an individual is convicted or found to have participated knowingly under state or federal law or rules of other equine breed associations in cruel or inhumane treatment of a horse, such conviction or finding shall create a presumption of violation of this rule.
  4. Upon discovery by a show official of inhumane treatment, show management shall immediately report the matter to the ApHC.
  5. Pending final hearing by the Disciplinary Committee, the Chief Executive Officer may, by giving written notice of his action to the owner of record at his/her current address as evidenced by ApHC records, temporarily suspend a horse and/or any responsible party as defined in RESPONSIBLE PARTY from further participation in ApHC-approved or sponsored events or shows.

### **D. NON-COMPLIANCE**

1. Failing or refusing to permit examination of a horse, in competition or not, by a licensed veterinarian or his/her agent upon request of any ApHC representative for the purpose of determining whether a violation of rules has occurred.
  - a. All horses in competition in an ApHC-approved or -sponsored event are subject to examination by such veterinarian or his/her agent appointed for that purpose by the ApHC. Said appointed veterinarian, with the approval of the ApHC, may appoint technicians to perform certain duties under this rule. The examination may include physical, saliva, urine, or blood tests or any other test or procedure at the discretion of said veterinarian necessary to effectuate the purposes of this rule. Said veterinarian may examine any or all horses in a class or all classes in an event or any horse entered in any class, whether in competition or not if on the show grounds, or any horse withdrawn by an exhibitor within 24 hours prior to a class for which it has been entered, unless otherwise directed by the ApHC. Any such violation subjects all responsible parties to disciplinary action.

## 40. DRUGS AND MEDICATIONS

### A. CAUTION

Exhibitors, owners, trainers and veterinarians are cautioned against the use of medicinal preparations, tonics, pastes, and products of any kind, the ingredients and quantitative analysis of which are not specifically known, as many of them may contain a forbidden substance.

### B. NO FORBIDDEN SUBSTANCE

No horse shall be shown in any class in any ApHC-approved or -sponsored event or race meet or meet or event held in conjunction with an ApHC-approved or -sponsored event or race meet if, either before or during such approved or sponsored event, the horse has been administered in any manner any forbidden substance.

### C. DEFINITION OF FORBIDDEN SUBSTANCE

For purposes of these rules, a forbidden substance is any:

1. Stimulant, depressant, tranquilizer, local anesthetic, psychotropic (mood and/or behavior altering) substance, or drug that might affect the performance of a horse (stimulants and /or depressants are defined as substances that stimulate or depress the cardiovascular, respiratory or central nervous system), or any metabolite and/ or analogue of any such substance or drug, except as expressly permitted by this rule. Drugs, medications and pharmaceutical products are classified for purposes of ApHC rules in accordance with the most current published edition of the Association of Racing Commissioners International, Inc. (ARCI) Uniform Classification Guidelines for Foreign Substances.
2. Anabolic steroid, testosterone or testosterone analog substance.
3. Substance permitted by this rule in excess of the maximum limit for such substance set forth in this rule.
4. Substance, regardless of how harmless or innocuous it might be, that may interfere with ApHC's drug testing procedures or interfere with the detection of any forbidden substance or quantification of substances permitted by this rule.

### D. PERMITTED EXCEPTIONS

Certain therapeutic and non-optional medications are permitted to be administered to a horse shown in an ApHC-approved or -sponsored event only under the following conditions:

1. The medication must be therapeutic and necessary for the diagnosis or treatment of an existing documented illness or injury of the horse. Administration of a forbidden substance for non-therapeutic or optional purposes (such as, by way of example only, transporting, shipping, clipping, training, turning out, routine floating or cleaning of teeth, nondiagnostic nerve blocking, uncasting, mane pulling or non-emergency shoeing) is not considered to be therapeutic or non-optional.
2. The only conditionally permitted medications that may be administered within 24 hours of a horse's participation in any class are: Phenylbutazone, Diclofenac (Surpass), Flunixin, Ketoprofen, Meclofenamic Acid, Naproxen, Dexamethasone, Firocoxib (Equioxx), Acetazolamide, Furosemide and Lidocaine/Mepivacaine, and then only under the conditions as set forth in this rule and within the following concentrations. No more than one of the above NSAID medications can exceed maximum acceptable trace plasma levels and no more than two of the above conditionally permitted NSAID medications can be present together in the horse's system. The use of more than one NSAID medication within a 48- hour period is not permitted.
3. CAUTION—Exhibitors, owners, trainers and veterinarians are cautioned against the use of medicinal preparations, tonics, pastes, and products of any kind, the ingredients and quantitative analysis of which are not specifically known, as many of them may contain a forbidden substance.

4. The exception permitted by this rule for administration of conditionally permitted medications does not apply if administration of the medication is otherwise prohibited by applicable governmental law, rule or regulation.

### **NOTE TO RULE 40.C.—ADMINISTRATION GUIDELINES**

The following administration guidelines are not to be considered as authorizing administration of medication to any horse in any quantity and shall not be deemed to modify this rule in any manner regarding maximum permissible concentration of any drugs. These guidelines do not guarantee compliance with this rule but are offered to assist responsible parties in complying with the requirements of this rule. Responsible parties are advised to consult a knowledgeable veterinarian. Reliance upon these guidelines will not serve as a defense to a charge of violation of ApHC rules regarding administration of forbidden substances.

1. The maximum allowable plasma concentration of phenylbutazone is 15.0 micrograms/ml and the maximum plasma concentration considered trace is 2.0 micrograms/ml. Whenever phenylbutazone is administered, the dose should be accurately calculated according to the actual weight of the horse. Each 24 hours, not more than 0.2 grams per 100 pounds body weight should be administered, preferably less. For a 1,000 pound animal, the maximum daily dose is 2.0 grams, which equals two one-gram tablets, or two one-gram units of paste, or 10 cc of the injectable, or the equivalent. No dose should be administered during the 24 hours immediately following the prior dose. No part of a dose should be administered during the twelve (12) hours prior to competing. If the medication is administered in the feed, the medicated feed should be removed not closer than twelve (12) hours prior to competing, although the horse may be given unmedicated feed any time. The medication should be used for not more than five (5) successive days.
2. The maximum allowable plasma concentration of Flunixin is 1.0 microgram/ml and the maximum plasma concentration of Flunixin considered trace is 0.2 micrograms/ml. Whenever flunixin is administered, the doses should be accurately calculated according to the actual weight of the horse. Each 24 hours, not more than 50.0 milligrams per 100 pounds body weight should be administered, preferably less. For a 1,000 pound animal, the maximum daily dose is 500 mg, which equals one 500 mg unit of paste, or one 500 mg packet of granules, or two 250 mg packets of granules, or 10 cc of the injectable, or the equivalent. No dose should be administered during the 24 hours immediately following the prior dose. No part of a dose should be administered during the twelve (12) hours prior to competing. If the medication is administered in the feed, the medicated feed should be removed not closer than twelve (12) hours prior to competing, although the horse may be given unmedicated feed any time. The medication should not be used for more than five (5) successive days.
3. Diclofenac (Surpass)—The maximum allowable plasma concentration of Diclofenac is 5 nanograms/ml and the maximum plasma concentration considered trace is 1 nanogram/ml. Every 12 hours, not more than 73 mg of diclofenac liposomal cream should be administered (not more than 146 mg per 24 hour period) to one affected site. This 73 mg dose equals a five-inch ribbon of cream not greater than one-half inch in width, which should be rubbed thoroughly into the hair over the joint or affected site using gloved hands. Administration of diclofenac cream should be discontinued twelve (12) hours prior to competing. Do not apply diclofenac cream in combination with any other topical preparations including DMSO, nitrofurazone or liniments, and do not use on an open wound. Diclofenac cream should not be administered for more than 10 successive days. Use the

- topical preparation only, not the oral alternative. Follow the manufacturer's directions specifically.
4. Ketoprofen—The maximum permitted plasma concentration of Ketoprofen is 40.0 nanograms per milliliter, and the maximum permitted trace level is 10.0 nanograms per milliliter. When Ketoprofen (Ketofen®) is administered, the dose should be accurately calculated according to the actual weight of the animal. Each 24 hours, not more than 1.0 milligram per pound of body weight should be administered. For a 1,000-pound animal, the maximum daily dose is 1.0 gram, which equals 10 cc of the injectable (100 milligrams per milliliter). No part of a dose should be administered during the twelve (12) hours prior to competing. The medication should not be used for more than five successive days.
  5. Meclofenamic Acid—The maximum permitted plasma concentration of Meclofenamic Acid (Arquel®) is 2.5 micrograms per milliliter, and the maximum permitted trace level is 0.1 micrograms per milliliter. When Meclofenamic Acid is administered, the dose should be accurately calculated according to the actual weight of the animal. Each twelve (12) hours, not more than 0.5 milligram per pound of body weight should be administered, preferably less. For a 1,000-pound animal, the maximum 12-hour dose is 0.5 gram, which equals one 500-milligram packet of granules. The medication should not be used for more than five successive days.
  6. Naproxen—The maximum permitted plasma concentration of Naproxen is 40.0 micrograms per milliliter, and the maximum permitted trace level is 2.0 micrograms per milliliter. When Naproxen is administered, the dose should be accurately calculated according to the actual weight of the animal. Each 24 hours, not more than 4.0 milligrams per pound of body weight should be administered. For a 1,000-pound animal, the maximum daily dose is 4.0 grams, which equals eight 500-milligram tablets. No part of a dose should be administered during the twelve (12) hours prior to competing. Any medicated feed should be consumed and/or removed at least twelve (12) hours prior to competing. The medication should not be used for more than five successive days.
  7. Acetazolamide—May only be administered to horses documented through DNA testing from a sample that has also been tested to verify parentage, to be positive (N/H or H/H) for HYPP (Hyperkalemic Periodic Paralysis) and such HYPP status must be noted on ApHC Certificate of Registration and made available to the public in the horse's files. When acetazolamide is administered, the dose should be accurately calculated according to the actual weight of the animal. Each 24 hours, not more than 3 milligrams per pound of body weight should be administered. For a 1,000-pound animal, the maximum daily dose is 3 grams. Owners must notify the ApHC of HYPP test results (N/H or H/H) and said notice shall be filed with the ApHC and include proper identification of the horse and such notification shall be required prior to administration of acetazolamide.
  8. Furosemide or Lasix®—When used, must be administered intravenously at least four (4) hours prior to competition. The maximum permitted plasma concentration of furosemide is 100 nanograms per milliliter.
  9. Lidocaine/Mepivacaine—(when administered within 24 hours of showing) may only be used under actual observation of event management (or designated representative) and/or the official show veterinarian, either of whom must sign a medication report form, to aid in the surgical repair of minor skin lacerations which, by their very nature, would not prevent the horse from competing following surgery. Said medication report form must be filed with show management.
  10. Dexamethasone—The maximum permitted plasma concentration is 3.0 nanograms per milliliter at the time of competition. In order

to help trainers, owners and their veterinarians achieve compliance with this rule in connection with the therapeutic use of dexamethasone, it should be administered in accordance with the guidelines below. These guidelines include several alternative scenarios for dose time, and route of administration. Whenever dexamethasone is administered, the dose should be accurately calculated according to the actual weight of the animal.

- a. Alternative number 1. (2.0 mg or less per 100 pounds IV or IM at twelve [12] or more hours before competition). Each 24 hours, not more than 2.0 milligrams of dexamethasone injectable solution per 100 pounds of body weight should be administered intravenously or intramuscularly, preferably less. For a 1,000-pound animal, the maximum daily intravenous or intramuscular dose of dexamethasone injectable solution is 20.0 milligrams, which equals 5.0 milliliters of the injectable solution (4.0 milligrams per milliliter). No part of this dose should be administered during the twelve (12) hours prior to competing. Dexamethasone should not be administered for more than five successive days.
  - b. Alternative number 2. (0.5 mg or less per 100 pounds IV at 6 or more hours before competition). Each 24 hours, not more than 0.5 milligrams of dexamethasone injectable solution per 100 pounds of body weight should be administered intravenously, preferably less. For a 1,000 pound animal, the maximum daily intravenous dose of dexamethasone injectable solution is 5.0 milligrams, which equals 1.25 milliliters of the injectable solution (4.0 milligrams per milliliter). No part of this dose should be administered during the six hours prior to competing. Dexamethasone should not be administered for more than five successive days.
  - c. Alternative number 3. (1.0 mg or less per 100 pounds orally at 6 or more hours before competition). Each 24 hours, not more than 1.0 milligram of dexamethasone powder per 100 pounds of body weight should be administered orally, preferably less. For a 1,000-pound animal, the maximum daily oral dose of dexamethasone powder is 10.0 milligrams, which equals one packet of dexamethasone powder (10.0 milligrams per packet). No part of this dose should be administered during the 6 hours prior to competing. Any medicated feed should be either consumed or removed at least six (6) hours prior to competing. Dexamethasone should not be administered for more than five successive days.
11. Firocoxib (Equioxx) – The maximum permitted plasma concentration of firocoxib (Equioxx) is 0.240 micrograms per milliliter. When firocoxib (Equioxx) is administered, the dose should be accurately calculated according to the actual weight of the animal. For a 1,000-pound animal, the maximum daily dose is 45.5 milligrams, which equals 0.1 milligrams per kilogram of body weight once daily. No part of a dose should be administered during the 12 hours prior to competition. Firocoxib (Equioxx) should not be administered for more than 14 successive days.
  12. Omeprazole (GastroGard or UlcerGard) - No part of a dose should be administered within 24 hours prior to competition.

#### **G. DISCIPLINARY PROCEDURE**

Any person allegedly or presumptively in violation of these drug rules is subject to disciplinary action under these rules.

#### **H. BURDEN OF PROOF**

1. The presence in a horse of a forbidden substance proven by laboratory analysis, whether obtained from blood, urine, saliva or other sample, constitutes prima facie evidence that a forbidden substance has been administered to the horse and creates a presumption of a violation of this rule.
2. It is presumed the sample of urine, saliva, blood, or other substance tested by an approved laboratory to which it is sent is the one taken from the horse in question, its integrity is preserved, and that all procedures of same collection and preservation, transfer to the laboratory, and analysis of the sample are correct and accurate, and the report received from the laboratory pertains to the sample taken from the horse in question and correctly reflects the condition of the horse during the show in which he was entered, with the burden being placed on the person(s) charged in the complaint to prove otherwise at any hearing conducted by the ApHC in regard to that matter.

This rule applies to mechanical devices, artificial appliances, surgical procedures or other procedures which could affect a horse's natural conformation or appearance or which could affect the performance, soundness or disposition of a horse even though placed, inserted, implanted, or performed by a licensed veterinarian for the sole purpose of protecting the health of a horse unless and until a report of the licensed veterinarian performing such procedure has been received by the ApHC. Such report shall include the name and ApHC registration number of the horse, the date such procedure was performed, a description of the procedure performed by the veterinarian and a statement of the veterinarian detailing the reasons why such procedure was performed by him or her, in what way the horses performance and/or its natural conformation or appearance was affected by the procedure and an affirmative statement by the veterinarian that the procedure was performed by him or her for the sole purpose of protecting the health of the horse. If at any time the purpose for the performance of any such procedure is shown to have been for a reason or reasons other than the sole purpose of protecting the health of the horse each responsible party shall be subject to disciplinary action under these rules.

1. Tails may be lengthened by hair-to-hair attachment only, with no attachments of any kind to the tailbone. Artificial tails consisting of fabric and hair are permissible. Weighted tails are permissible, provided they meet the following criteria:

Any person with authority over or responsibility for the care, training, custody or performance of a horse, including, but not limited to, an owner, lessee, trainer, exhibitor, rider or handler, and any person signing an entry form for a horse is defined for purposes of these rules as a responsible party for that horse. By way of examples: a trainer is presumed to represent an owner of a horse in the management, training, entering, scratching or other acts or decision making related to the horse under the care and custody of the trainer; both the exhibitor designated on the entry blank and one physically participating with the horse in the event are conclusively presumed to be authorized by the owner to execute all documents necessary or convenient to allow the horse's participation in an ApHC approved event, including documents pertaining to drug testing; the exhibitor and owner acknowledge an exhibitor also represents the owner in regard to his or her horse entered in an ApHC-approved or sponsored show.

## **B. ABSOLUTE RESPONSIBILITY**

Each responsible party, jointly and severally, is absolutely responsible for a horse's condition and is presumed to know all of the rules and regulations of the ApHC, including sanction and penalty provisions. These rules provide for such absolute responsibility in ApHC rules pertaining to drugs or surgical alteration whether or not the responsible party had actual knowledge of the administration of such drug or surgery thereby making such person eligible for possible disciplinary action upon proof of the presence of such drug by laboratory analysis or existence of surgical alteration. The voluntary action of each responsible party in entering or exhibiting a horse in an approved or sponsored event makes such person eligible for disciplinary action.

## **C. SUBSTITUTION OF DUTIES**

If the exhibitor owner or trainer designated on the entry blank is prevented from performing his or her duties, including responsibility for the condition of the horse in his or her care, by illness or otherwise, or is

absent from any event where horses under his or her care are entered or stabled, he or she shall immediately notify the show secretary and, at the same time, appoint a substitute, and such substitute shall place his or her name on the entry blank forthwith.

#### **D. REBUTTABLE PRESUMPTION**

A responsible party may rebut the presumption that he or she is responsible for the condition of the horse by clear and convincing proof that he or she, at all relevant times and for good reason or cause, was prevented from performing duties related to the condition of the horse or was not involved in any manner whatsoever with the condition of the horse or in making decisions regarding the condition of the horse.

*Rules 51-59 not assigned.*

  - c. To suspend any horse found to have a forbidden substance in its system or an artificial appliance or mechanical device or surgical procedure or artificial characteristic(s) or coat pattern in violation of these rules from participation in all or any ApHC approved or sponsored events for a definite or indefinite period of time.

## Code of Ethics

Following are general principles each board member should use to evaluate their conduct in meeting responsibilities to the ApHC Board of Directors, general membership, and to fellow board members. The ultimate success of the ApHC and its programs depends, to a large degree, on the sound judgement and unbiased attitude of the few, who comprise its board of directors.

1. Attendance: A member shall attend and fully participate in called meetings of the board of directors to exercise the individual responsibility granted to them by the board.
2. Conflict of Interest: A member shall avoid a business or personal situation having a potential for conflict or appearance of conflict with their responsibilities to the ApHC, or which could tend to compromise their primary duty to further the purposes and policies of the Appaloosa Horse Club.
3. Self-Interest: A member shall refrain from the use of the ApHC, its personnel or property to further their own purposes or business gain, and shall avoid situations or receipts of benefits which hint of favoritism.
4. Confidentiality: A member may not divulge to any third party information regarding confidential ApHC registration, membership information, executive session discussions, personnel matters and similar matters of sensitivity to ApHC operations. Copies of minutes of meetings of the board of directors and its committees may be circulated to other persons unless they contain any such confidential information, in which case such minutes must remain confidential.

5. **Opposing Points of View:** A member will endeavor to foster harmonious relationships with other members by frank and good-faith discussion in meetings, and at all times be open minded, recognizing that expression of an opposing viewpoint is often healthy to ultimate decision making.
6. **Pending Litigation:** To coordinate the ApHC's approach to the case, a member shall avoid individual discussion with a litigant or third parties concerning any litigation pending against the ApHC, but shall refer all inquiry to the board of directors or to the ApHC attorney.
7. **Judging an ApHC-Sponsored Show:** While serving on the ApHC Board of Directors, a director shall not judge the National and/or World Show.

If the ApHC President declines to do so, any other director may second the motion for executive session, and upon the affirmative vote of at least two-thirds (2/3) of the directors present at the meeting, the executive session will be called.
  3. Executive session is held for the purpose of free exchange of information on sensitive topics. Any matter discussed in executive session shall remain confidential and shall not be discussed with any person not present in the session. Any board action taken as a result of discussions held within executive session must take place in open meeting of the ApHC board of directors.

## **Rule Change Limits**

The ApHC Board of Directors adopted Motion 27-04-17 on April 8, 2017, whereby it unanimously agreed to use best efforts to refrain from initiating and approving any rule changes between January 1, 2018 and December 31, 2019 except those rule changes that are deemed by the ApHC Executive Committee to be necessary and essential to the immediate welfare and orderly administration of the ApHC, its programs and or policies.

**128. LEOPARD COMPLEX (LP) GENE** - The single gene believed to be responsible for the ability of Appaloosas to produce the full spectrum of coat patterns, from solid to white with spots over entire body. This gene was termed LP for "leopard complex" by Dr. D. Phillip Sponenberg in 1982, and was described as an autosomal, incomplete dominant gene. Horses without the gene (lp/lp) are solid non-characteristic (N), those with two copies of the gene (LP/LP) are homozygous, and those with a single copy of the gene (LP/lp) are heterozygous with phenotypes ranging from solid to white with spots over entire body.

**129. MONORCHID** - A horse in which one of the testicles has failed to normally descend into the scrotum by three years of age.

**130. MOTTLED SKIN (PARTI-COLORED SKIN)** - The Appaloosa horse is the only horse to have this characteristic, and therefore mottled skin is a very basic and decisive indication of an Appaloosa. Mottled skin is different from pink (flesh colored or non-pigmented) skin in that it will normally contain small, round, dark spots (pigmented skin) within its area. It is therefore a speckled pattern of pigmented skin. If a horse has mottled skin, it is apt to be found in the anus region. It normally is seen spreading from the center of the anus to include the surrounding area. Mottled skin is often found on the udder or sheath (it is not found on the penis).

Many breeds of horse will have a few small specks of flesh colored (non-pigmented) skin in this region which again should not be confused with mottled skin. Many Appaloosas will have varying amounts of mottled skin on their muzzle, the mottled skin can extend over both nostrils and around the upper and lower lip regions. All horses have a line on the lips caused by the contrast of pigmented skin and non-pigmented skin. Again, all horses have this, and therefore, a person should not separate the lips for signs of mottled skin.

**131. (N) NON-CHARACTERISTIC REGISTRATION** - Category for Appaloosas registered after January 1, 1983 that do not show any identifiable Appaloosa characteristics so as to be recognizable as Appaloosa, and which are registered as an N horse under these rules. **133. NON-MEMBER** - A person who has not applied for membership with the ApHC, or a person whose membership dues are not currently paid to the ApHC.

**134. OWNER** - For purposes of interpretation of ApHC rules the last person(s) named on the Certificate of Registration issued by the ApHC shall be considered the owner. Executed transfer reports or bills of sale transferring the ownership of a horse from the recorded owner to a new purchaser will not be evidence of ownership until all requirements are met and the transfer is processed. (See also TRANSFER OF OWNERSHIP.)

**135. PARROT MOUTH** - Either overshot or undershot and is defined by the American Association of Equine Practitioners as "no occlusal contact between the upper and lower central incisors."

**136. PEDIGREE** - A record of the ancestry of an animal.

**137. PERFORMANCE PERMIT** - The Performance Permit program, in effect beginning in 2007, provides that an Appaloosa horse registered with a non-characteristic (N) classification that meets the Performance Permit program requirements more particularly set forth in ApHC rules will be issued a Performance Permit and be eligible to participate in ApHC-approved events, and if qualified, ApHC-sponsored events and the registration certificate for that horse will be amended to show that the horse has been issued a Performance Permit.

**138. PERMANENT** - Prior to 1983, permanent registration was a registration category for Appaloosas which had both sire and dam registered in Permanent or Foundation registration. Permanent registration was automatically issued to geldings and spayed mares as they did not reproduce. Permanent registration can be earned by mares that produce three Regularly-registered foals and by stallions that sire twelve Regularly-registered foals.

**139. POSITIVE IDENTIFICATION SYSTEM** - A system of exact identification of a horse using multi-methods such as photographs, tattooing, brands, identifying scars, face, leg and coat markings. Not to be confused with the ApHC Identification System.

**140. PRODUCE** - Offspring.

**141. PRODUCTION REQUIREMENT** - The production requirement for the Tentative registered mare to pass to Permanent is the production of three Regularly-registered Appaloosa foals. The production requirements of a Tentative stallion to pass to Permanent is siring twelve Regularly-registered Appaloosa foals.

#### **142. PULLED HAIR**

- A. Hair can be pulled or cut to be used in polarization stress analysis in order to determine whether or not cryogenic alteration has occurred.
- B. Pulled hair follicles will be one method used to determine DNA test results.

**143. REATA** - Spanish for lariat.

**144. REGULAR REGISTRATION** - Entitles an Appaloosa to compete in horse shows, races or any type of competition or exhibition. To be issued Regular papers, it is necessary that the horse display a characteristic Appaloosa coat pattern, or mottled skin and one other Appaloosa characteristic.

It lists all mares exposed to the stallion during the calendar year, the dates they were bred or exposed, their breed type, sire and dam and registration numbers, and the name of the owner at the time of service. It is signed by either the stallion owner, lessee or an authorized agent.

**149. TATTOOING** - The placing of a numerical mark on the inside of a horse's upper lip by means of a tattoo dye and the application of tattoo ink to assist in the identification of the horse. In Appaloosas, the tattoo number and registration number are the same. Most states require tattooing in order to race in state racing commission approved races.

**150. TRAINER** - Any person who has responsibility for the training and performance of a horse, youth or non-pro exhibitor.

**151. TRANSPORTED SEMEN** - Semen transported from the location of collection.

**152. WHITE SCLERA** - A horse is said to have white sclera when there is white area completely encircling the dark or pigmented iris of the eye. It should be easily seen and should completely encircle the eye. White sclera can be used as a characteristic of an Appaloosa, provided it is not in combination with a bald face. If a horse has a bald face, the Registrar may discount the white sclera.

*Rules 153-199 are not assigned.*

## 200. RULES AND REGULATIONS OF REGISTRATION

- A. Applicants are responsible for knowledge of all registration rules and regulations.
- B. Registration of a horse with the ApHC is based and predicated upon the agreement, acceptance, and consent of the applicant that the final decision on all registrations and classification matters and the final interpretation of all rules contained from time to time in this handbook shall be made by the Board of Directors of the ApHC or an authorized committee thereof and that the decisions and interpretations of the Board or authorized committee shall be binding on all parties.
- C. Registration eligibility for all horses is predicated on information supplied and forwarded to the ApHC Registration Department on properly completed and signed official application forms, from photographs, from examination and/ or inspection, from results of genetic testing and/ or from any other source. All information obtained by the ApHC becomes the property of the ApHC, and the ApHC is authorized to utilize all such information for any purpose. The burden of proving eligibility for registration of any horse with the ApHC rests with the applicant.
- D. As a prerequisite to registration or change in registration classification, the Registrar may require an inspection and/ or examination of the subject horse. Prior to the inspection, the owner shall pay actual and necessary expenses for the inspection. Upon request, the owner shall transport the horse to a convenient location to permit the inspection and/ or examination. The registration application or requested change in classification shall be rejected if the horse is not eligible for registration under these rules and if the owner of the subject horse refuses to permit the inspection and/ or examination. The registration is subject to suspension, revocation or correction.
- E. The ApHC will not be liable for any error or misrepresentation on the application for registration or subsequently issued Certificate of Registration, and, in case of such error or misrepresentation, the ApHC reserves the right to suspend, revoke or correct the issued Certificate of Registration and the entry of the named horse in accordance with the Protest, Inspection and Appeal Procedures set forth in this handbook.

Any such inspection may occur at any time during the year and shall occur during daylight hours for such reasonable time as may be necessary, in ApHC's sole discretion, to accomplish such purposes.

## 201. REGISTRATION CLASSIFICATIONS

- A. Prior to 1983, horses were registered as Regular (#), Tentative (T), Breeding Stock in a Tentative (BT), Permanent (B#) or Non-characteristic (BN) category, Identification System (ID), or Pedigree Certificate (PC).
- B. Tentative (T) registration was the registration category assigned to Appaloosas that met registration requirements, but did not have both sire and dam registered in the Permanent or Foundation stock. If the sire and/or dam were registered Tentative, registered with an approved breed association, Identified (ID) or Pedigree Certificate (PC) registered, Tentative Registration was issued. A "T" precedes the registration number.
  1. When a Tentative registered horse passes to Permanent, the T prefix is dropped and the number remains the same. Prior to January 1, 1983, in order for a horse to have been directly registered in the Permanent registry, it must be sired by and have been out of Permanent numbered and/or Foundation registered parents.
  2. Registration numbers with no prefix, or with a pound sign (#) indicate Permanent registration. Permanent registration was earned by mares that produced three Regularly registered foals and by stallions that sired twelve Regularly registered foals.
- C. If a horse did not display an Appaloosa coat pattern, it was registered in the Breeding Stock category with either Tentative (BT), Permanent (B#) or Non-Characteristic (BN) Certificate of Registration. Breeding stock was a registration category for an Appaloosa-bred horse that did not show some Appaloosa coat markings so as to be easily recognizable as an Appaloosa. However, the sire and/or dam had to be registered with the ApHC. The Breeding Stock category is being phased out. Horses with Breeding Stock papers may submit them to the Registrar for advancement. Breeding Stock horses that do not display characteristics will have an N preceding their registration number. It will state on the Certificate of Registration that such horses have no Appaloosa characteristics. No horses will be registered as Breeding Stock or Breeding Stock-N after January 1, 1983.
- D. The Identification System,(ID) recorded and identified horses which were used in, or produced by, Appaloosa breeding programs that were not eligible to register with the ApHC or another recognized breed association. This system was replaced by the Pedigree Certificate (PC) System at the November 1974 Board of Director's meeting.
- E. The Pedigree Certificate (PC) was for all horses that did not display Appaloosa characteristics. Non-Appaloosas which did not have Appaloosa breeding, such as half-Thoroughbred and half-Quarter Horse, were issued white certificates. Non-characteristic Appaloosas having one or both registered Appaloosa parent(s) were issued tan colored certificates.
- F. Numbers carrying an F prefix indicate Foundation registration. Foundation registration numbers were issued to the horses first registered with the ApHC. There are 4,932 Foundation horses.
- G. Horses registered on or after January 1, 1983 that have a pound sign (#) preceding their registration number indicates Regular registration. Regular registration required characteristics are (i) Appaloosa coat pattern, or

(ii) mottled skin and one other Appaloosa characteristic. The Appaloosa can have four identifiable characteristics:

1. Coat Pattern;
2. Mottled Skin;
3. White Sclera; and
4. Striped Hooves.

When it appears from the submitted photographs that the subject horse is not eligible for Regular registration as defined herein, then the registration application shall be rejected unless the horse is eligible for N registration.

- H. Non-characteristic (N) is a registration category for an Appaloosa-bred horse that does not display identifiable Appaloosa characteristics as defined herein. However, the sire and/or dam must be registered with the ApHC. Non-characteristic horses registered on or after January 1, 1983 that do not display the necessary characteristics to receive Regular registration will have an N prefix before the registration number. Horses registered as N or CN may subsequently develop Appaloosa characteristics so as to be recognizable as an Appaloosa. The owner may then request that the registration classification of the horse be advanced to Regular registration. See ADVANCEMENT TO REGULAR REGISTRATION.
- I. The Certified Pedigree Option (CPO) program, in effect from 1983 through 2006, provided that Appaloosa horses registered with a non-characteristic (N) classification that met CPO program requirements received a CPO (CN) classification and had a CN prefix inserted before the registration number on that horse's Certificate of Registration. As more particularly set forth in ApHC rules, a horse with a CPO (CN) designation is eligible to show in ApHC-approved events and, if qualified, in ApHC-sponsored events and may be advanced to Regular (#) registration if it subsequently develops those Appaloosa characteristics required under ApHC rules. If a horse is advanced from a CPO (CN) designation to Regular (#) registration, the CN prefix is replaced with a pound sign (#) to indicate Regular registration and the number remains the same.
- J. The International Registration Incentive Program ("IRIP"), in effect beginning in 2008, provides that a horse registered with an ApHC-approved national or multinational Appaloosa registry that meets all program requirements as set forth in ApHC rules is eligible for an IRIP Certificate of Registration. Horses registered in IRIP are issued identification numbers that run consecutively with ApHC registration numbers and are preceded with an "I#" or "IN" depending upon whether regular registration characteristics are present or not, respectively. Horses registered in IRIP are ineligible to participate in ApHC approved or sponsored events. Horses registered in IRIP are approved for crossbreeding in accordance with ApHC registration requirements.

## **202. REGULAR (#) REGISTRATION REQUIREMENTS**

- A. Regular registration required characteristics are (i) Appaloosa coat pattern, or (ii) mottled skin and one other Appaloosa characteristic. The Appaloosa can have four identifiable characteristics:
1. Coat Pattern;
  2. Mottled Skin;
  3. White Sclera; and
  4. Striped Hooves.

## **203. NON-CHARACTERISTIC (N) REGISTRATION**

- A. When it appears from the submitted photographs that the subject horse is not eligible for Regular registration as defined herein, then the registration application shall be rejected unless the horse is eligible for N registration.
- B. N is a registration category for an Appaloosa-bred horse that does not display identifiable Appaloosa characteristics as defined herein. However, the sire and/or dam must be registered with the ApHC.
- C. Breeding stock was a registration category for an Appaloosa-bred horse that did not show some Appaloosa coat markings so as to be easily rec-

ognizable as an Appaloosa. However, the sire and/or dam had to be registered with the ApHC. The Breeding Stock category is being phased out. Horses with Breeding Stock papers may submit them to the Registrar for advancement.

- D. Breeding Stock horses that do not display characteristics will have an N preceding their registration number. It will state on the Certificate of Registration that such horses have no Appaloosa characteristics. No horses will be registered as Breeding Stock or Breeding Stock-N after January 1, 1983.
- E. Horses registered as N or CN may subsequently develop Appaloosa characteristics so as to be recognizable as an Appaloosa. The owner may then request that the registration classification of the horse be advanced to Regular registration. See ADVANCEMENT TO REGULAR REGISTRATION.
- F. Horses eligible for N registration classification or registered as N or CN may apply for advancement to Regular registration classification through Leopard Complex (LP) genetic testing. See ADVANCEMENT TO REGULAR REGISTRATION.

## 204. BLOODLINE REQUIREMENTS

To be eligible for registration with the ApHC, horses must have:

- A. One parent with an ApHC registration classification of Regular (#); and
  - 1. The other parent with one of the following ApHC registration classifications: Regular (#), N, CN, BT, B#, ID, PC, I#, IN; or
  - 2. The other parent registered with one of the following ApHC-approved breed associations:
    - a. American Quarter Horse Association (AQHA)
      - i. All AQHA-registered stallions and mares that have the following or similar notation on their Certificate of Registration: "This horse has white markings designated under AQHA rules as an undesirable trait and uncharacteristic of the breed," are ineligible as an ApHC-parent under this rule, unless those white markings are determined by the ApHC Registrar to be an Appaloosa coat pattern.
    - b. Arabian Horse Association (AHA) or any World Arabian Horse Organization (WAHO) member registry (must be purebred Arabian recorded with AHA or WAHO).
    - c. The Jockey Club (Thoroughbred) or any Jockey Club approved international registry (must be purebred Thoroughbred recorded with the Jockey Club); or
  - 3. The other parent registered with one of the following ApHC-approved national or multinational Appaloosa registries and possessing an ApHC International Registration Incentive Program certificate:
    - a. Associação Brasileira de Criadores de Cavalos, Appaloosa Horse Club Brazil (ABCCA),
    - b. Australian Appaloosa Association Ltd., (AAA)
    - c. The Appaloosa Horse Association of New Zealand, (ApHANZ) Studbook Registry only. (The Appaloosa Horse Association of New Zealand Non-Studbook Registry is not an ApHC-approved national Registry).
    - d. Appaloosa Horse Breeders Society of South Africa (AHBSSA) Main Registry only.
    - e. Horse Club Appaloosa, A.C. (Mexico)
    - f. Panama Appaloosa Horse Club
    - g. Appaloosa Horse Club of New Caledonia (ApHC NC)
    - h. Appaloosa Horse Club of the United Kingdom (ApHC UK) Horses must be registered in 'B' Registry.
- B. A Certificate of Registration with the registry of either the Australian Appaloosa Association Ltd. (AAA), the Associação Brasileira de Criadores de Cavalos Appaloosa Horse Club Brazil (ABCCA), the Appaloosa Horse Breeders Society of South Africa (AHBSSA), or the Appaloosa Horse As-

sociation of New Zealand, (ApHANZ). The Certificate of Registration shall be screened for authenticity and ApHC eligibility by such approved national Appaloosa registry and then submitted to the ApHC Registrar for eligibility determination.

- C. A horse registered with an ApHC-approved breed association, displaying white markings which are determined by the ApHC Registrar to be an Appaloosa coat pattern, and which tests positive for the Leopard Complex (LP) gene, is eligible for Regular (#) registration with the ApHC.
  - 1. All ApHC genetic testing rules and registration procedures shall apply. Contact the ApHC for proper forms and fees.
  - 2. To be eligible for registration with the ApHC, horses having (i) one parent with dual-ApHC/approved breed association registration, and (ii) the other parent registered with an ApHC-approved breed association, must be parentage verified and Leopard Complex (LP) tested through an ApHC-approved laboratory using ApHC-approved testing procedures.
    - a. The genetic sample used for parentage verification must also be used for the LP test;
    - b. The LP test results must be positive and will be noted as such on the horse's ApHC Certificate of Registration.

## 205. HORSES NOT ELIGIBLE FOR REGISTRATION

- A. No horse shall be registered with the ApHC that, bears artificial characteristic(s) and/or artificial coat pattern(s).
- B. No horse, except a horse whose parentage has been verified through DNA testing that both parents have an ApHC registration classification, shall be registered or retain registration with the ApHC that has:
  - 1. Continuous leg marking(s) which exceed the top of the forearm(s) or the top of the gaskin(s); and/or
  - 2. White marking(s) on the head exceeding a line around the throat latch and behind ear(s); and/or
  - 3. White marking(s) on the body, including but not limited to the neck, shoulder, girth, barrel, abdomen, hip, thigh and gaskin which are continuous, uninterrupted, longer than six (6) inches (15.2 cm) and separate from an Appaloosa coat pattern, if an Appaloosa coat pattern is present and visible, and which marking(s) do not blend into the base color of the horse.

These types of markings usually have a solid line that does not blend into the base color and are usually observed in conjunction with underlying non-pigmented skin.

- C. Deceased horses are ineligible for registration.
- D. Horses resulting from one parent that is registered with non-breeding stock papers with an approved breed association are not eligible for registration.
- E. Any horse that has been registered by the ApHC and is subsequently determined to have been registered improperly shall have its Certificate of Registration cancelled under these rules, except as otherwise expressly provided under these rules.
- F. No horse that is produced from cloning shall be registered with the ApHC.

## 206. GENETIC DEFECTS AND UNDESIRABLE TRAITS

- A. The conditions listed below and commonly considered undesirable traits or genetic defects by the board of directors shall be indicated on the Certificate of Registration for horses foaled on or after the indicated date, once the condition is known. One or more of these conditions does not prevent a horse from being used as breeding stock or from participating in ApHC-approved events subject to rules of the individual event.
1. Parrot Mouth - either overshot or undershot and is defined by the American Association of Equine Practitioners as "no occlusal contact between the upper and lower central incisors." Designation effective for foals born on or after January 1, 2000.
  2. Cryptorchid - meaning both of the testicles have failed to normally descend into the scrotum by three years of age. Designation effective for foals born on or after January 1, 2000.
  3. Monorchid - meaning that one of the testicles has failed to normally descend into the scrotum by three years of age. Designation effective for foals born on or after January 1, 2000.
  4. A horse with white markings with underlying light skin beyond any of the following described lines shall be eligible for registration with the ApHC and to retain registration with the ApHC only if parentage is (or has been) verified through DNA testing through an ApHC-approved laboratory as both parents having an ApHC registration classification:
    - a. Continuous leg marking(s) that exceed the top of the forearm(s) or the top of the gaskin(s); and/or
    - b. White marking(s) on the head exceeding a line around the throatlatch and behind ear(s); and/or
    - c. White marking(s) on the body, including but not limited to the neck, shoulder, girth, barrel, abdomen, hip, thigh and gaskin that are continuous, uninterrupted, longer than six (6) inches (15.2 cm) and separate from an Appaloosa coat pattern, if an Appaloosa coat pattern is present and visible, and which marking(s) do not blend into the base color of the horse.
  5. Hyperkalemic Periodic Paralysis (HYPP) - meaning a muscular disease caused by hereditary genetic defect that leads to uncontrolled muscle twitching or profound muscle weakness, and in severe cases, may lead to collapse and/or death. According to research, this condition exists in certain descendants of the stallion Impressive, AQHA registration number 0767246.
    - a. The ApHC recommends testing of any horse known to have an ancestor carrying the HYPP gene, designated under ApHC rules as a genetic defect, to confirm the presence or absence of this gene.
    - b. ApHC-eligible foals resulting from AQHA-registered stallions and mares born on or after January 1, 2007 and having HYPP status of NH or HH will be required to be HYPP tested at the same time they are parentage verified and to have their HYPP status designated on their ApHC Certificates of Registration. Further descendants of NH or HH ApHC-registered horses will also be required to be HYPP tested/Parentage Verified and have that status designated on their ApHC Certificates of Registration.

## 207. REGISTRATION PROCEDURES

- A. The owner or recorded lessee of the dam at the time of foaling is responsible for registration of the foal and will be listed on the Certificate of Registration as the first owner of said foal.
- B. The owner of the horse being registered must be a current year member in order to receive reduced registration rates. If there is a joint ownership and one of the owners is an active member, reduced registration rates will apply.
- C. In cases of deceased owners, see requirements under DECEASED OWNERS.
- D. The application for registration shall be properly completed and signed. The registration application must be accompanied by the breeder's certificate, required photographs and registration fee. (See Fee Schedule.)

- E. The registration application form requires the registration names and numbers of both the sire and dam.
- F. When the sire is registered with the ApHC or any approved breed association and not owned by the applicant, a properly completed and signed breeder's certificate must accompany the application for registration. See BREEDER'S CERTIFICATE.
- G. An Appaloosa not domiciled in the U.S.A. may be registered with the ApHC provided the horse meets all ApHC registration requirements.

## 208. APPROVED BREED LISTING

- A. A one-time listing fee and a photocopy of the front and back of the Certificate of Registration is required for all stallions and mares registered with approved breed associations and being used for breeding purposes in the ApHC. Stallions must be listed prior to the filing of their Stallion Breeding Report. Mares must be listed prior to the registration of their foals in the ApHC. Failure to list a stallion or mare may result in suspension per these rules. Listing applications are available at no charge, upon request, through the ApHC.
- B. To be eligible as a parent based on registration with an ApHC-approved breed association, a horse must not exhibit white coloration beyond the currently approved white limitations of the ApHC.

## 209. APPROVED BREED OWNERSHIP CHANGES

- A. As to subsequent registration applications for offspring, if the application indicates an ownership change of the approved breed horse, an additional photocopy of both sides of its Certificate of Registration showing such change in ownership must be filed with the ApHC.

## 210. REQUIRED PHOTOGRAPHS

- A. Four (4) current color photographs must be submitted along with the application for registration. Photographs should include both sides, a direct face, and a rear view, clearly showing the markings on the head, body and all legs, and depicting the presence, if any, of one or more of the four identifiable Appaloosa characteristics: 1. Coat Pattern; 2. Mottled Skin; 3. White Sclera; and 4. Striped Hooves.
- B. Besides the required photographs, additional photographs may be submitted which would aid in the evaluation of the horse's coat pattern, markings and/or identifiable Appaloosa characteristics.
- C. All scars and brands appearing on a horse should be shown on the Certificate of Registration. Close up photographs of such brands and/or scars must also be submitted.
- D. The burden of proving eligibility for a particular registration classification rests entirely with the applicant.
- E. Photographs become the property of the ApHC and may not be returned.
- F. Label all photographs with date foaled, sex of foal, dam's name and registration number.
- G. The photographs required for registration are reproduced on the back of the Certificate of Registration. Therefore it is to the owner's advantage to send good, clear photographs. Self-developing photos are not recommended. Photographs larger than 4x6 (10.2 cm x 15.2 cm) are not acceptable. Computer-generated photographs must be at least 300 DPI (Dots Per Inch) and printed on photo-quality paper. The ApHC reserves the right, at its discretion, to require additional photographs of better quality.

## 211. NAME CHOICES

- A. Each animal for which registration is applied must be given an acceptable name which does not conflict with the name of any other animal registered with the ApHC, either living or dead and does not conflict with any previously reserved breeder, bloodline, or ranch names listed below. The following names are not eligible for use: (a) if they consist of more than twenty (20) letters and spaces; (b) end in filly or colt; (c) are names of famous horses; (d) are similar in spelling to names already in

use; (e) are names of famous or notorious people unless their notarized consent is filed with the ApHC; (f) are suggestive or which have vulgar or obscene meanings; (g) are similar in pronunciation to any of the above; (h) numbers, including Arabic and Roman, punctuation marks such as apostrophes or hyphens and special characters such as dollar signs or percentage signs may not be used.

- B. Reserved names. ApHC has discontinued the reservation of breeder, bloodline and ranch names. Following is a list of previously-reserved breeder, bloodline, and ranch names and the name and registration number of the horse or the name of the ranch to which it refers:

<b>Apache</b>	(Apache F730)
<b>Beau</b>	(Beau Rondo, F4218; Bluebird B., F1687; Buttons B., F1681; Pale Moon B., F2064; Quavo B., F2404 (or an ApHC-registered horse whose name contains the word Quavo); Strawboss B., T915)

*Rules 212-215 are not assigned*

## **216. HARDSHIP REGISTRY**

- A. Geldings and spayed mares which i) do not meet pedigree requirements or ii) are of unknown pedigree will be accepted for ApHC-registration and may retain ApHC-registration if the following requirements are met:
1. Applicant horse meets ApHC-requirements for Regular registration classification;
  2. Applicant horse is not ineligible for ApHC-registration as stated in HORSES NOT ELIGIBLE FOR REGISTRATION;
  3. A mature gelding or spayed mare (5 years or older – age computed as of January 1) must stand not less than 14 hands unshod (hand being 4 inches or 10.2 cm).

## **217. INCORRECT APPLICATIONS**

- A. An incorrect or incomplete application for registration will be returned to the applicant. The fee will be retained until the returned application is resubmitted and, if not received within 60 days, only the fee will be returned, minus an office charge.
1. All correspondence for additional requirements and information will be initially directed to applicant.

2. A new application is required on horse registrations in which there is a change in the sire or dam, a different foaling year, filled out in pencil, not properly signed or no breeder's certificate. An office charge will be assessed.

## **218. PROCESSING FEES**

- A. All fees are based on date postmarked or date fax is accepted by ApHC whichever is earlier (postal meters not accepted).
- B. An office charge will be assessed on all registration work that is not processed to completion.
- C. The ApHC recognizes two types of rush processing requests.
  1. 10 day rush. Registration work is processed within ten (10) working business days after receipt in ApHC office.
  2. 48 hour rush. Rush work is processed within 48 hours after receipt in ApHC office.
    - a. In order for either type of rush work to be recognized by the ApHC, the following requirements must be met:
      - i. A rush fee for each registration application or piece of work, in addition to the regular fees, must accompany the application or work.
      - ii. Envelopes must be clearly marked as RUSH, to avoid delays in processing.
      - iii. Rush fees are non-refundable and non-transferable. In the event that registration work cannot be processed due to circumstances beyond the control of the ApHC, the rush fee shall not be refunded.
      - iv. If you wish to have processed work returned by special post, i.e. next day UPS, the additional postage fee or pre-paid envelopes must also be submitted.
- D. Failure by any person to acknowledge any ApHC correspondence relative to the registration or transfer of any horse, or any other related ApHC business, will result in that file being closed and all fees being forfeited. After the first request, a final notice will be sent prior to closure of the file. File will not be closed sooner than 60 days after first request.
- E. If a file has been closed for any reason, the following procedure is required to re-open the file:
  1. Payment of the current fees due, including membership, based on date of re-opening file.
  2. Submission of any documents returned to customer, or initially lacking, if any, to complete the work when it was originally submitted.
- F. An additional \$20.00 invoicing fee will be added to the normal processing fee for work that arrives at the ApHC office without an appropriate form of payment for ApHC correspondence relative to transfer or any other ApHC registration-related business.

## **219. STALLION BREEDING REPORT**

- A. Owners of all stallions registered with the ApHC or an approved breed registry and which are used for ApHC breeding purposes must file a yearly stallion breeding report postmarked on or before November 30 of the breeding year to avoid late fees. (June 30 for stallions standing in Southern hemisphere.) Until the report is filed the resulting foals cannot be registered.
- B. The stallion breeding report must list all mares exposed to that stallion including the mares owned by the stallion owner/lessee.
- C. All stallion breeding reports must be accompanied by a non-refundable filing fee. (See Fee Schedule.) If stallion breeding reports are submitted without fees, the ApHC will not file the report, and it will be returned to sender. An additional late fee will be assessed for filing the stallion breeding report after November 30 of the year of breeding. (June 30 for stallions standing in Southern hemisphere.)
- D. A separate report must be filed for each stallion for each year. Blank stallion breeding reports are available at no charge, upon request, from the ApHC.

- E. All stallion breeding reports shall include mares exposed to transported semen whether or not a mare conceives. Said stallion breeding report will distinguish between natural breeding (hand or pasture), artificial insemination, and transported cooled semen and frozen semen.
- F. Persons using a retained semen rights retention permit must file a stallion breeding report listing mares bred using the stored frozen semen.
- G. If a stallion is leased, the stallion owner must file a properly completed and signed lease agreement with the ApHC. Lease forms are available through the ApHC.
- H. If the mare is leased, a properly completed and signed lease agreement must be on file with the ApHC. The lessee is considered the breeder if mare is leased at the time of breeding.
- I. If someone other than the recorded owner or recorded lessee of the stallion is signing the stallion breeding report, a properly completed and signed authorization allowing such signatures to be accepted during the indicated breeding dates must be on file with the ApHC. Authorization forms are available at no charge, upon request, from the ApHC.
- J. If an owner dies, a representative of that owner must comply with the requirements of ApHC rules regarding Deceased Owners. See requirements under DECEASED OWNERS.
- K. The stallion owner must have all the necessary and correct information on the mares listed on the stallion breeding report. A photocopy of the Certificate of Registration should be given to the stallion owner at the time of service. A registration will be held up if the stallion owner does not list the correct information on the stallion breeding report.
- L. To add a mare to a stallion breeding report which has been sent to the ApHC, a separate report must be completed, and submitted to the ApHC along with the appropriate fee. (See Fee Schedule.) Persons using a retained semen rights retention permit may not add mares to a stallion breeding report previously filed by stallion owner of record, or another owner of semen rights retention permit(s).
- M. All stallions by submission of their stallion breeding report for any breeding year must be DNA tested and the results must be filed with the ApHC. Stallions not DNA tested through the ApHC that have been DNA tested with another ApHC-approved DNA laboratory can have the results filed by submitting a copy of the stallion's DNA report and a filing fee to the ApHC. See Fee Schedule.
- N. Under a grandfather clause, stallions 10 years old or older as of January 1, 1990 and breeding 5 mares or less need not be typed unless they are breeding by artificial insemination, then the ApHC must have the stallion's DNA on file.

## **220. BREEDER/BREEDER'S CERTIFICATE**

- A. The recorded owner or lessee of the dam at the time of service is the breeder and shall be listed as the breeder on the Certificate of Registration.
- B. When a frozen embryo is implanted, the original purchaser of the frozen embryo permit shall be listed as the breeder on the Certificate of Registration.
- C. If the sire is registered with the ApHC, or an approved breed association and not owned by the applicant, a breeder's certificate completed and signed in ink by the owner or record lessee of the stallion must accompany the foal's application for registration with the following exception:
  - 1. When a properly signed frozen embryo permit is used to register a foal, no additional breeder's certificate is required. The breeder's certificate requirements were met when application to purchase the frozen embryo permit was made.
- D. The breeding must also be listed on a stallion breeding report on file with the ApHC.
- E. When a semen rights retention permit is used to register a foal, the ApHC shall require only the signature of permit owner on the permit to verify the service of the sire. Recorded owner of dam at the time of breeding must sign the appropriate breeder's certificate on the registration application.

- F. No person shall make any alterations to information on breeders' certificates. A breeder's certificate on which information has been changed may not be accepted by the ApHC.

## **221. ARTIFICIAL INSEMINATION**

- A. Artificial insemination (AI), including cooled transported and frozen semen, may be used, and resulting foals are eligible for registration with the ApHC if the following conditions are met:
  - 1. A properly completed and signed stallion breeding report shall be filed with the ApHC indicating mares bred by artificial insemination including cooled transported and frozen semen.
  - 2. A properly completed and signed breeder's certificate must accompany the foal's application for registration.

### **B. COOLED TRANSPORTED AND FROZEN SEMEN**

- 1. The use of proper technology for shipping and using cooled transported and frozen semen is the responsibility of the owners of the stallion and the mare involved. The ApHC, its Directors, Officers, and employees assume no responsibility for collection, shipment, quality of semen, or the success or failure of the breeding process. Breeding contracts are contracts between the stallion and mare owners, lessees, or authorized agents only.
- 2. Ownership of any semen frozen by the previous owner/lessee must be resolved between the seller and the buyer.
- 3. If a stallion is leased, the use of the frozen semen by the lessee is restricted to the time period of the lease (beginning and ending dates).
- 4. Foal Registration:
  - a. DNA samples of the foal and mare must be collected and sent to the approved laboratory for typing prior to application for registration of the foal.
  - b. In addition, to comply with other registration requirements under these rules, the owner, lessee, or authorized agent of the dam at the time of foaling, shall cause the verified laboratory or DNA test results of the affected dam and foal to be submitted to the ApHC.
  - c. Foal registration will only be made if the foal's DNA is compatible with the DNA of the sire and dam.
- 5. Denial of Registration:
  - a. The ApHC reserves the right to deny registration of any foal conceived by means of cooled transported or frozen semen if all ApHC rules and regulations are not adhered to.

## **222. SEMEN RIGHTS RETENTION PERMIT**

- A. In the event a stallion owner wishes to sell a stallion, but retain rights to use frozen semen, s/he may purchase frozen semen rights retention permit(s) from the ApHC. The application for purchase must be on a form provided by ApHC and proper fees must accompany application. (See Fee Schedule)
  - 1. Only the recorded owner or lessee of the stallion may purchase frozen semen rights retention permit(s). Only signatures of the recorded owner or lessee of the stallion shall be accepted on the application(s).
  - 2. Once a stallion is sold, a former owner or lessee cannot purchase additional frozen semen rights retention permits from the ApHC.
- B. Each of the retained frozen semen rights permits purchased may be used as the stallion breeder's certificate for the registration of only one foal.
  - 1. ApHC will record the number of outstanding permits for each individual stallion and that number will be a matter of public record.
  - 2. It is the ultimate responsibility of a prospective buyer to confirm with the seller, the number of outstanding permit applications not yet recorded on ApHC records as of the date of sale.
- C. The ownership of the retained frozen semen rights permits may be transferred. (See Transfer of Ownership Rules and Fee Schedule .)

1. The ApHC shall record each transfer of ownership of the permit. The rules of transfer of ownership of a horse shall apply to frozen semen rights retention permits, except the request to transfer ownership of the permit shall be accompanied by the retained frozen semen rights permit instead of the Certificate of Registration.
- D. Purchaser of the retained frozen semen rights permit is responsible for filing the appropriate stallion breeding report as required by ApHC rules and paying the requisite filing fees.

## **223. FROZEN EMBRYO RIGHTS RETENTION PERMIT**

- A. In the event a mare owner wishes to sell a mare, but retain rights to use frozen embryos, s/he may purchase frozen embryo rights retention permit(s) from the ApHC. The application for purchase must be on a form provided by ApHC and proper fees must accompany application. (See Fee Schedule)
1. Only the recorded owner or lessee of the mare may purchase frozen embryo rights retention permit(s). Only signatures of the recorded owner or lessee of the mare shall be accepted on the application(s).
  2. The stallion owner or lessee at the time of breeding must also sign the frozen embryo rights retention permit application.
  3. This permit when used to register a foal shall serve as both the stallion breeding report and the breeder's certificate.
  4. Once a mare is sold, a former owner or lessee cannot purchase additional semen rights retention permits from the ApHC.
- B. Each of the frozen embryo rights permits purchased may be used for the registration of only one foal.
1. ApHC will record the number of outstanding permits for each individual mare and that number will be a matter of public record.
  2. It is the ultimate responsibility of a prospective buyer to confirm with the seller, the number of outstanding permit applications not yet recorded on ApHC records as of the date of sale.
- C. The ownership of the frozen embryo rights retention permits may be transferred. (See Transfer of Ownership Rules and Fee Schedule.)
1. The ApHC shall record each transfer of ownership of the permit. The rules of transfer of ownership of a horse shall apply to frozen embryo rights retention permits, except the request to transfer ownership of the permit shall be accompanied by the retained semen rights permit instead of the Certificate of Registration.
- D. When a frozen embryo rights retention permit is used to register a foal, the owner of the permit shall sign the registration application as the owner at time of foaling.

## **224. EMBRYO/OOCYTE TRANSFER**

- A. A horse foaled by a mare which is not its genetic dam, but transferred to her by embryo/oocyte transfer technique, shall be eligible for registration. In addition to other ApHC registration rules, the offspring shall not be eligible for ApHC registration unless:
1. Prior to intended collection of the fertilized egg, record owner or lessee has notified ApHC in writing of its intention to attempt an embryo/oocyte transfer and has paid the proper enrollment fee as set forth in the fee schedule. Upon good cause, in its sole discretion, the ApHC may accept late enrollment notification. For mare enrollments received and accepted by the ApHC after collection of the embryo/oocyte, but prior to foaling, a late fee as set forth in the fee schedule will be assessed, in addition to other required fees. For mare enrollments received and accepted by the ApHC after foaling, a late fee as set forth in the fee schedule will be assessed, in addition to other required fees. This enrollment must be made each year that a transfer is to be performed, and once made, the fee is not refundable, nor can any substitution be made.
  2. Pedigree is verified through genetic testing of foal, sire and donor mare; and by such other testing as ApHC reasonably deems neces-

sary to verify the validity of the genetic testing, all expense of which shall be the registration applicant's.

3. Prior to transport, in accordance with ApHC-approved procedures, of an embryo/oocyte from the premises where the donor mare was located at the time of removal of an embryo/oocyte from her for use in recipient mare at another location, notice of intention to transport the embryo/oocyte shall be given ApHC in connection with advanced notice of collection specified above. Any implantation of transported embryo/oocyte for which such notice is given must occur within 24 hours of its removal from the donor mare or the offspring will not be eligible for registration.
- B. The enrollment notice must be sent by certified mail, return receipt requested, to preserve for the record owner or lessee of the donor mare the only acceptable proof to ApHC of timely compliance with advance notice of collection specified above, if such proof is requested.
- C. If a mare is enrolled with ApHC for embryo/oocyte transfer, but the procedure is not attempted regarding the mare in the designated year, to avoid the necessity of genetic testing for parentage verification, ApHC must be notified in writing by December 31 of the designated year that the owner has elected not to attempt embryo/oocyte transfer. Without such notice, a foal produced the following year by such an enrolled mare is not eligible for registration without genetic testing for parentage verification.
- D. When a registerable foal is produced by embryo/oocyte transfer, such fact will be listed on its registration certificate.
- E. ApHC may inspect the premises and practices of any party using or intending to use embryo/oocyte transfer procedures. An ApHC representative and/or ApHC approved veterinarian may be present during the collection and transfer procedures at the ApHC's discretion.
- F. The burden of verifying true parentage is the registration applicant's, and any question of parentage shall be resolved against registration of a horse carried by a recipient mare through embryo/oocyte transfer.

## **225. DNA TESTING**

- A. All foals are eligible to be parentage verified and all other horses are eligible to be identified through DNA testing on the basis of written analysis filed with the ApHC from an ApHC-approved laboratory, using ApHC-approved testing procedures. Upon necessary filings, such foal's Certificate of Registration shall be issued or re-issued with the designation as "Parentage Verified". In the event any foal is designated as "Parentage Verified", no other method of identification is required under these rules. In the event any other horse is identified through DNA analysis filed with the ApHC, no other method of identification is required under these rules. Test results for genetic conditions, if such test(s) is/are drawn from a DNA sample that is also parentage verified, may be filed with the ApHC and such test results may be designated on the horse's Certificate of Registration. All fees and procedures for issuance of corrected certificates will be required where applicable.
- B. Any horse for which a Performance Permit is sought must be parentage verified through DNA analysis by an ApHC-approved laboratory as required by ApHC rules.
- C. If a mare is exposed to two or more stallions in less than 45 days, a DNA test of the stallions, mare and resulting foal will be required before the resulting foal can be registered, with the owners paying the cost of the testing. If the correct sire cannot be determined as a result of the testing, the name of each stallion must be given as the sire of any resulting foals and a breeder's certificate shall be supplied with respect to the services of each stallion. The charge for testing will be the actual and necessary cost for performing each test.
- D. If a mare is bred naturally and by transported semen within 45 days, resulting foals will be required to be parentage verified through DNA testing prior to being registered.

- E. The ApHC registrar is authorized to randomly and/or selectively require parentage verification through DNA and/or other genetic testing of ApHC-registered horses.
- F. In addition to other ApHC-registration rules, a foal born in a year shown below is not registerable unless the mare of said foal, born during or after the year shown in the column next to said foal's birth year, has filed with the ApHC the results of said mare's DNA testing from an ApHC-approved laboratory using ApHC approved testing procedures. Mares not DNA tested through the ApHC that have been DNA tested with another ApHC-approved DNA laboratory can have the results filed by submitting a copy of the mare's DNA report and a filing fee to the ApHC. See Fee Schedule.

<b>Foal's Birth Year</b>	<b>Mare's Birth Year</b>
2004.....	1995 and after
2005.....	1994
2006.....	1993
2007.....	1992
2008.....	1991
2009.....	1990 and prior years

- G. The owner of any horse, for which application is made for registration and which cannot be parentage verified due to unavailability of DNA type of sire or dam shall have the right to make written request that the ApHC Registrar consider allowing use of alternative verification method(s), and the ApHC Registrar, in the Registrar's sole discretion, may determine that use of alternative verification method(s) are acceptable to the ApHC in the registration of any such horse.
- H. In order to protect innocent third-party owner(s) of offspring that are the product of a breeding of previously eligible parents that took place prior to the date of cancellation of the Certificate of Registration of such parent or parents, such offspring are eligible for registration, however, any previously issued Certificates of Registration for such offspring shall be recalled to designate the pedigree behind the ineligible or cancelled parent(s) as "Unknown."

*Rules 226 and 227 are not assigned.*

## **228. INTERNATIONAL REGISTRATION INCENTIVE PROGRAM**

- A. To be eligible for IRIP registration a horse must meet the following requirements:
  1. The horse must be registered with an ApHC-approved national or multinational Appaloosa registry.
  2. The horse must not be ineligible for registration in accordance with ApHC Rule 205, HORSES NOT ELIGIBLE FOR REGISTRATION.
  3. The current owner of the horse, as shown on the horse's Certificate of Registration issued by an ApHC-approved national or multinational Appaloosa registry, must submit to the ApHC a properly completed application, using an ApHC-approved form, and include:
    - a. Copies of both sides of an ApHC-approved national or multinational Appaloosa registry Certificate of Registration for the horse,

Prior to inspection and/or examination, the owner shall pay actual and necessary expenses for the inspection and/or examination. Upon request, the owner shall transport the horse to a convenient location to permit the inspection and/or examination. Said application shall be rejected if the owner of the horse refuses to permit the inspection and/or examination.
  5. The burden of proof of eligibility for approval of said application rests solely with the owner/applicant.

- B. The ApHC Registrar reserves the right to disapprove the application of any horse for IRIP registration, which does not meet applicable ApHC registration requirements.
- C. The ApHC will not be liable for any error or misrepresentation on an application or any subsequently issued IRIP Certificate of Registration. In case of such error or misrepresentation, the ApHC reserves the right to suspend, revoke, cancel or correct the issued certificate and take any other action in accordance with ApHC rules.
- D. Horses approved for IRIP registration are not guaranteed issuance of the same name for ApHC registration purposes as registered with the ApHC-approved national or multinational Appaloosa registry. All name choices, rules and regulations contained in the ApHC rules apply.
- E. In instances when a horse meets ApHC Regular (#) or Non-characteristic (N) registration requirements contained in ApHC rules and as shown by the Certificate of Registration issued by an ApHC-approved national or multinational Appaloosa registry, said horse shall be granted Regular (#) or Non-characteristic (N) registration classification upon meeting all requirements for re-registration under ApHC rules, including payment of appropriate fees.
- F. IRIP Transfers:
  1. All transfers of ownership must be current and recorded on the Certificate of Registration issued by an ApHC-approved national or multinational Appaloosa registry.
  2. Transfers completed prior to application for IRIP registration will be recorded with the ApHC only if all required transfer fees are paid as set forth in the ApHC Fee Schedule.
  3. If an owner wishes to have all previous transfers recorded on the back of the IRIP Certificate of Registration, appropriate fees must be submitted along with the application for IRIP registration. It is not necessary to submit properly completed transfer reports to the ApHC, as transfers of ownership will be verified from the horse's Certificate of Registration issued by an ApHC-approved national or multinational Appaloosa registry.
  4. Upon issuance of an IRIP Certificate of Registration, the ApHC will not allow previous transfers to be recorded.
  5. The ApHC will issue an IRIP Certificate of Registration in the most current owner's name as recorded on the Certificate of Registration issued by an ApHC-approved national or multinational Appaloosa registry.
  6. The IRIP Certificate of Registration will be returned to the most current recorded owner of the horse, unless said owner includes a signed statement instructing the ApHC to send the IRIP certificate to another party.

## **229. PERFORMANCE PERMIT**

- A. Application requirements for registered Appaloosa horses for which a Performance Permit is sought are as follows:
  1. To be eligible to apply for a Performance Permit, the horse must be registered with the ApHC in the non-characteristic (N) category.
  2. The owner is required to submit to the ApHC, the original Certificate of Registration, along with a properly completed and signed Performance Permit application, four current photographs of the horse including both sides, a direct face and rear view, and proper Performance Permit fees in accordance with the applicable fee schedule.
- B. Application requirements for horses pending registration for which a Performance Permit is sought are as follows:
  1. A Performance Permit may be applied for upon initial application for registration of a horse.
  2. The owner of the horse should have good reason to expect the horse would receive a non-characteristic (N) classification when registered.
  3. Along with the requirements for registration, the owner must submit a properly completed and signed Performance Permit application and the proper Performance Permit fee in accordance with the applicable fee schedule.

- C. Non-characteristic (N) horses will be issued a Performance Permit if they meet the following requirements:
  1. Any horse for which a Performance Permit is sought must be DNA tested by an ApHC approved laboratory and the results filed with the ApHC.
  2. The dam of any horse for which a Performance Permit is sought must be DNA tested by an ApHC approved laboratory and the results filed with the ApHC.
  3. The sire of any horse for which a Performance Permit is sought must be DNA tested by an ApHC approved laboratory and the results filed with the ApHC.
  4. Any horse for which a Performance Permit is sought must be parentage verified through DNA analysis by an ApHC approved laboratory to the satisfaction of the ApHC Registrar to be the foal of the sire and dam listed in the ApHC records.
  5. The owner must pay all expenses for the Performance Permit application and all parentage verification testing related to the applicant horse.
  6. Notwithstanding the above, the ApHC CEO, with approval of the ApHC Executive Committee, may determine that a Performance Permit be issued to a Non-Characteristic (N) horse if the horse was born prior to 2007 and cannot be parentage verified.
- D. When the parentage of any such horse has been verified and the requirements of this rule are met to the satisfaction of the Registrar, the Registrar will amend the Certificate of Registration as hereinafter provided, showing the horse's parentage has been verified and the Performance Permit has been issued. The Performance Permit designation is in effect for the life of the horse, regardless of ownership changes of the horse.
- E. Non-characteristic (N) horses which have applied for and received a Performance Permit, and which are used for breeding purposes, must be bred to a Regular (#) registered Appaloosa to make the resulting foal eligible for registration with the ApHC.
- F. The decision of the Registrar on all Performance Permit applicant horses is final, however, the owner of a horse shall have the right to appeal in accordance with the Registration Appeal procedures.
- G. Enrollment in the Performance Permit program is entirely voluntary.
- H. The burden of proving a horse's entitlement to be issued a Performance Permit rests solely with the applicant.
- I. If the Registrar determines that DNA testing and/or any related identification information provided to the ApHC disproves parentage as set forth on that horse's Certificate of Registration, the horse's Certificate of Registration will be cancelled. If a horse for which a Performance Permit is sought fails to meet the requirements for a Performance Permit and that horse's Certificate of Registration is not otherwise cancelled under ApHC rules, then that horse's non-characteristic (N) Certificate of Registration will be returned to owner.
- J. The ApHC reserves the right to suspend, revoke or correct any Certificate of Registration issued with a Performance Permit and the entry of the named horse in accordance with the Protest, Inspection and Appeal Procedures set forth in the *Official Handbook* of the ApHC.
- K. Any non-characteristic (N) horse issued a Performance Permit by the ApHC is eligible to participate in ApHC-approved events and, if qualified under ApHC rules, in ApHC-sponsored events.

*Rules 230-235 are not assigned.*

## **236. FOUNDATION PEDIGREE DESIGNATION**

- A. To be eligible for the FPD program, the horse must be registered with the ApHC. This option may also be done concurrently with the application for registration. A horse must also meet the following criteria:
  1. Beginning in 2009, then every ten years thereafter, the minimum percentage of FPD eligibility will increase incrementally by requiring

one additional horse in the preceding four (4) generations of the applicant horse be registered with the ApHC; that is 23 out of 30 beginning in 2009, then 24 out of 30 beginning in 2019, and so on.

Year	Percentage	ApHC-Registered Ancestors Required
2009	77%	23
2019	80%	24
2029	83%	25
2039	87%	26
2049	90%	27
2059	93%	28
2069	97%	29
2079	100%	30

2. There must be a minimum of three (3) of these ancestors on both sire and dam sides of the pedigree.
  3. Any and all 'F' numbered horses within the preceding four (4) generations of the applicant horse's pedigree are to be considered 100% for FPD purposes, regardless of the parentage of the 'F' numbered horses.
  4. Horses may enter the FPD program at the percentage level requirements that were in place at the time of their birth. For example, horses born in or prior to 2003 may enter the FPD program at 50 percent; horses born in 2004 to 2008 may enter the FPD program at 73 percent, and so on.
- B. The FPD application shall be properly completed and signed. The application must be accompanied by the Certificate of Registration or application for registration, plus four current photographs of the animal showing both complete sides, including all four leg markings, direct face and rear view and proper fees. (See Fee Schedule)
- C. When the requirements are met to the satisfaction of the Registrar, the Certificate of Registration as hereinafter provided will be issued showing this pedigree has been approved by the Registrar for the FPD.
- D. The decision of the Registrar on all FPD applicants is final; however, the owner of the horse shall have the right to appeal in accordance with the Registration Appeal Procedures.
- E. Enrollment in this program is entirely voluntary
- F. The burden of proving eligibility for this program rests with the applicant.
- G. The ApHC reserves the right to suspend, revoke or correct the issued Certificate of Registration and the entry of the named horse in accordance with the Protest, Inspection and Appeal Procedures set forth in this handbook.

### **237. GENERATION ADVANCEMENT PROGRAM (GAP) REQUIREMENTS**

- A. To be eligible for the first level (G5) of the GAP, the sire and dam of applicant horse must have four (4) complete generations of ApHC-registered Appaloosa horses in their pedigrees according to ApHC records. There can be no unknown, unregistered, or non-Appaloosa horses in their four (4) generation pedigrees, no matter where the placing of a Foundation (F) horse with unregistered or undocumented parentage may fall in said pedigrees.
- B. Sire of the applicant horse must be registered with the ApHC and must be DNA tested and the results filed with the ApHC.
- C. Dam of the applicant horse must be registered with the ApHC and must be DNA tested and the results filed with the ApHC.
- D. Applicant horse must be parentage verified via DNA testing through the ApHC and results filed with the ApHC.
- E. At least one parent must be registered with a Regular (#) registration classification.
- F. Only offspring of horses entered in the GAP will qualify for the next level of said program.
  1. A G6 level horse results from the breeding of a) two (2) G5 level horses or b) a G5 level horse and a G5 level or higher horse.
  2. Resulting foals only advance one level from the lowest level parent.

- G. ApHC-registered horses that are eligible to show at ApHC approved and/or sponsored events, and which are entered in the GAP evidencing a G5 level or higher, may enter ApHC-approved Foundation Pedigree Designation (FPD) classes in addition to other ApHC-approved classes for which they are eligible.
- H. The GAP application shall be properly completed and signed. The application must be accompanied by the Certificate of Registration or application for registration, plus four current photographs of the animal showing both complete sides, including all four leg markings, direct face and rear view and proper fees. (See Fee Schedule)
- I. When the requirements are met to the satisfaction of the Registrar, the Certificate of Registration as hereinafter provided will re-issued showing the pedigree has been approved by the Registrar for the GAP.
- J. The decision of the Registrar on all GAP applicants is final; however, the owner of the horse shall have the right to appeal in accordance with the Registration Appeal Procedures.
- K. Enrollment in this program is entirely voluntary.
- L. The burden of proving eligibility for this program rests with the applicant.
- M. The ApHC reserves the right to suspend, revoke or correct the issued Certificate of Registration and the entry of the named horse in accordance with the Protest, Inspection and Appeal Procedures set forth in this handbook.

### **238. CHANGING A PEDIGREE CERTIFICATE (PC)**

- A. The Pedigree Certificate and Identification systems have been phased out. Horses with tan Pedigree Certificates may receive an N or Regular Certificate of Registration provided the horse meets bloodline requirements as stated in BLOODLINE REQUIREMENTS. The owner must send four current, colored photographs including both sides, a direct face, and a rear view, as well as any close up photographs demonstrating the requirements of Regular registration, along with the scheduled fee to the Registration Department.

### **239. ADVANCEMENT TO REGULAR REGISTRATION**

- A. At the owner's discretion, any horse which has a Breeding Stock, N, or CN Certificate of Registration may be advanced to Regular registration by the owner sending a properly completed advancement form, together with a non-refundable fee, required photographs, and the horse's original Certificate of Registration, to the Registration Department.
  - 1. Required photographs include four current colored photographs, including both sides, a direct face and a rear view, clearly showing all face and leg markings, and coat pattern if present. Close up photographs depicting mottled skin and one other characteristic must be submitted if there is not an Appaloosa coat pattern present.
- B. When the advancement cannot be completed due to discrepancies between photographs submitted with the application for registration, and the photographs submitted for advancement, the Certificate of Registration and all photographs shall be retained in the ApHC until discrepancies can be resolved.
- C. If the ApHC cannot complete the advancement, the Certificate of Registration will be retained in the ApHC and an office charge shall be assessed.
- D. Horses registered as N may be advanced to Regular free of charge if the advancement form, photographs as required above and the Certificate of Registration are received within one year from the date the original Certificate of Registration was issued. If a horse is denied advancement and resubmitted at a later date, the advancement fee will apply.
- E. Horses eligible for Non-Characteristic (N) registration, or registered as N and denied advancement after all properly completed advancement requirements have been submitted to the satisfaction of the Registrar, may advance to Regular through Leopard Complex (LP) genetic testing if all of the following requirements are met.
  - 1. Horse must be parentage verified and LP tested through an ApHC-approved laboratory using ApHC-approved testing procedures;

2. The genetic sample used for the horse's parentage verification must also be used for the LP test;
3. The LP test results must be positive and will be noted as such on the horse's ApHC Certificate of Registration;
4. Properly completed genetic test request forms are available from the ApHC, must be submitted prior to genetic testing, and may be submitted along with the initial application for registration.

## **240. ADVANCEMENT FROM TENTATIVE TO PERMANENT**

- A. There are three ways an animal originally registered in the Tentative category can be advanced to the Permanent registry.
  1. When the sire and dam of a horse registered in the Tentative category have both been Permanent, the owners should then send the Tentative Certificate of Registration, current colored photographs including both sides, a direct face and rear view and the advance to Permanent fee to the office with a properly completed advancement form.
  2. Horses can also be advanced to Permanent by meeting a production requirement. When a stallion has sired 12 Regular registered foals, or a mare has produced three Regular registered foals, it is eligible for advancement to Permanent. The owner would then complete an application for advancement to Permanent and send it to the ApHC with four current colored photographs meeting the registration requirements, the Tentative Certificate of Registration and the advance to Permanent fee. Foals registered under the Breeding Stock provision prior to January 1, 1983, except those with an N preceding the registration number, count toward the production requirements and are eligible to pass to Permanent. Breeding Stock or non-characteristic horses that have an N preceding the registration number must remain Tentative registered. If a stallion or mare is registered at the same time as its foals, the advancement to Permanent fee is still required. Deceased horses which were formerly eligible for Permanent can be advanced to Permanent posthumously. Send the Certificate of Registration and appropriate fee.
  3. Stallions that are Tentative registered and later gelded will be transferred to Permanent only if the requirements are met for Regular registration. The same applies to mares that are spayed. The Tentative Certificate of Registration must be returned to the office with a statement that the animal has been altered, the month, day and year of the operation, and four current colored photographs including both sides, a direct face and rear view. A new Permanent Certificate of Registration will be issued. In the case of a Breeding Stock registered stallion's change to gelding, if the photographs submitted do not show the gelding to be recognizable as an Appaloosa, the gelding will receive a non-characteristic Certificate of Registration.

## **241. CORRECTION OF CERTIFICATE OF REGISTRATION**

- A. A corrected Certificate of Registration is one which is issued to indicate a change in color, markings, foaling month, or the removal or addition of scars or brands which previously had been indicated on the Certificate of Registration, or correction of minor errors on the original application for registration. The ApHC office must be provided with the original Certificate of Registration before a corrected Certificate of Registration can be issued.
- B. Correction of an original Certificate of Registration may be obtained by the current recorded owner submitting to the ApHC the original Certificate of Registration, four current photographs of the animal showing both complete sides, including all four leg markings, a direct face and rear view, and proper fees. (See Fee Schedule.)
- C. If the application for a corrected Certificate of Registration contains a discrepancy of such nature as to bring into question the identity of the animal, the Registrar may require inspection of the animal.

- D. If the ApHC cannot complete the correction, the Certificate of Registration will be retained in the ApHC and an office charge shall be assessed.
- E. Upon issuance of a corrected, duplicate, or replacement certificate, the original certificate issued by the ApHC or any previously issued corrected, duplicate or replacement certificate is thereby considered null and void. The certificate considered to be valid and in force will be the certificate with the most current issuance date, except at ApHC sole discretion. Any previously issued certificate not in force at the time of submission to the ApHC may be retained by the ApHC and the individual submitting it may be required to obtain a new certificate by submitting requirements and paying the required fee(s). Failure to surrender invalid certificate may result in possible disciplinary action pursuant to these rules.
- F. It shall be the obligation of the owner to return a Regular Certificate of Registration when the horse no longer meets the registration requirements for Regular registration. The registration of any horse is subject to suspension, revocation, or correction in accordance with the rules of the ApHC.

## **242. FREE CORRECTIONS**

- A. Free corrections will be made only if the inaccuracy is not a result of incorrect information supplied to the Registration Department on the application for registration.
- B. Within 30 days from the date the Certificate of Registration is issued by the ApHC, the owner may return the certificate to the ApHC for correction at no additional charge. Said 30 days will be determined by the date of issuance on the bottom of the Certificate of Registration and the postmark date when the certificate is returned.
- C. The original Certificate of Registration should be accompanied by the necessary documentation for the change, including required photographs, both sides, a direct face and rear view.
- D. Such corrections shall not include change of name from one which has been submitted by the owner.
- E. It is the policy of the ApHC that free corrections will be given only up to six months from the date an inspector corrects and stamps a Certificate of Registration. The stamped Certificate of Registration should be submitted to the ApHC, accompanied by required photographs including both sides, a direct face and rear view.

## **243. HORSE COLOR CHANGE**

- A. If the color of a horse has changed so that the current description does not apply to the Certificate of Registration, the owner is obligated to re-describe the color and markings, send four current photographs, both sides, a direct face, and a rear view, the appropriate fee and the Certificate of Registration to the ApHC.

## **244. STALLION TO GELDING OR MARE TO SPAYED MARE**

- A. When an animal is altered (gelded or spayed), the Certificate of Registration must be returned to the ApHC accompanied by a letter from the veterinarian who performed the surgery or the owner as to the month, day and year and type of surgery performed and the registered name and number of the horse involved. The certificate shall be stamped gelding or spayed mare at no charge and shall be returned to the last recorded owner.

## **245. OWNER NAME CHANGE**

- A. If an owner's name is changed due to a change in marital status, it is not necessary for the Certificate of Registration to show the change. However, it is very necessary that our office be advised of the new name and address as well as the former name and address. If an owner wishes to have her/his new name appear on the Certificate of Registration, an application for a new Certificate of Registration must be properly completed and signed including four current colored photographs including both sides, a direct face and a rear view, the appropriate fee and the original Certificate of Registration.

- B. If the owner's name appears on a transfer label, on the back of the Certificate of Registration, the change can be made at no charge. Simply return the Certificate of Registration and information regarding the name change.

## **246. HORSE NAME CHANGE**

- A. A horse's name can be changed by the registered owner, only if there have been no get or produce registered to that animal, if it has never started in a recognized race, if it has no performance record or any ACAAP merits, and if its name has not been listed in a Stud Book.
- B. To change the name of an animal, return the Certificate of Registration to the ApHC with the new name choice, see NAME CHOICES, and the name change fee. If the horse is more than one year old, four current colored photographs of the horse including both sides, a direct face, and a rear view are also required.

## **247. RE-REGISTRATION CERTIFICATES**

- A. Re-registration certificates are those on which there is a change in the sire or dam or a different foaling year. A re-registration certificate requires a new application properly completed and signed, and a notarized affidavit, on a form provided by the ApHC from the owner of the dam at the time of foaling which gives detail as to why the horse was incorrectly registered, and a re-registration fee. In addition, if the foaling year is changed to an earlier year, the difference between the registration fee paid at time of original registration and the amount which should have been paid at that time, must be remitted. All other registration requirements must be met. If the name of the horse is changed in a re-registration, all requirements stated in HORSE NAME CHANGE apply, including the name change fee.

*Rules 248-250 are not assigned.*

## **251. DUPLICATE CERTIFICATE OF REGISTRATION**

- A. A duplicate Certificate of Registration is a new Certificate of Registration issued when the original has been lost or destroyed. It is issued when sufficient proof of loss and proper identification of the horse has been submitted to the ApHC office.
- B. The ApHC may issue a duplicate Certificate of Registration if the current recorded owner or authorized agent files a properly completed and signed affidavit, duly notarized, stating the circumstances under which the original Certificate of Registration was lost or destroyed and pays the required fee. Affidavits are available through the ApHC. Such affidavit is to be accompanied by four current color photographs of the animal showing both sides, direct face, and rear view.
- C. If the present, actual owner, is not indicated in the ApHC's files to be the record owner, he additionally shall provide the ApHC with a properly completed and signed affidavit from the last recorded owner in order to obtain the duplicate Certificate of Registration. Such affidavit shall set forth the circumstances of the transfer and the identity of the person to whom he delivered the Certificate of Registration.
- D. If the Certificate of Registration was lost by a trainer, or racing official at the track, or other such persons, properly completed and signed affidavits from such other persons should accompany the record owner's affidavit for a duplicate certificate.
- E. If the application for the duplicate Certificate of Registration contains a discrepancy of such nature as to bring into question the identity of the animal, the Registrar may require inspection of the animal.
- F. In order to issue a duplicate Certificate of Registration when the record owner or authorized agent cannot be located to complete an affidavit (after all reasonable efforts by the actual owner and then by the ApHC office), the following items are required:
  - 1. Properly completed and signed transfer reports or acceptable bills of sale reflecting each ownership change beginning with the record owner.

2. Notarized affidavit signed by each party who had the original Certificate of Registration in his or her possession after the record owner.
  3. A signed statement from actual current owner giving details of his attempts to contact recorded owner.
  4. Four current colored photographs of the horse including both sides, direct face, and rear view.
  5. The required fee for duplicate certificate.
  6. The required fee for each ownership change.
- G. Any person requesting a duplicate Certificate of Registration agrees as a condition to said application and issuance of the duplicate certificate to sign a hold harmless agreement and any other documentation required by the Registrar of the ApHC to hold the ApHC harmless from any suits, claims, or causes of action arising from the ApHC issuing a duplicate Certificate of Registration based on the applicant's request.
- H. In regard to involuntary transfer of title situations, including, but not limited to, court judgments and stableman's lien or security interest foreclosure, when it is proven to the ApHC's satisfaction that a previous owner is unavailable to submit an affidavit concerning the original Certificate of Registration or refuses to implement the court's judgment by delivering the original Certificate of Registration for transfer, at the ApHC's discretion and in the interest of equity, requirement of affidavit of the record owner may be waived and the current owner deemed eligible for a duplicate Certificate of Registration.
- I. For any duplicate Certificate of Registration issued pursuant to court judgment, stableman's liens or security interest foreclosures or any other type of legal proceeding, the applicant agrees to provide the ApHC with a hold harmless agreement and statutory documentation and original or certified copies of all legal proceedings had and conducted in support of the application for issuance of the duplicate Certificate of Registration. Failure of the applicant to provide any documentation requested by the Registrar shall result in a refusal to issue the duplicate Certificate of Registration.
- J. Reference CORRECTION OF CERTIFICATE OF REGISTRATION.

## **252. REPLACEMENT CERTIFICATE OF REGISTRATION**

- A. If a new Certificate of Registration is desired for any reason (i.e., if certificate has become worn or illegible), send a written request for a replacement Certificate of Registration, the old Certificate of Registration, four current colored photographs, including both sides, a direct face, and a rear view, and the appropriate fee.
- B. If the original Certificate of Registration is received in the ApHC office in such condition (for instance, it has been defaced by writing on it or is laminated) that it warrants a new certificate, the record owner may be required to obtain a new certificate by submitting requirements and paying required fee.
- C. Reference CORRECTION OF CERTIFICATE OF REGISTRATION.

## **253. DECEASED HORSES**

- A. When a registered Appaloosa dies, the owner should notify the ApHC including the name, registration number, month, day and year of death and signature of the recorded owner. The original Certificate of Registration need not be submitted to the ApHC. The records will be marked deceased.
- B. When, according to the ApHC's records, a horse has lived thirty years past January 1 of its foaling year, it will be presumed dead and its registration file will be automatically marked as dead, without necessity of prior notice. The horse is then ineligible for registration of its offspring foaled after that date or for participation in ApHC-approved events. If the horse has not actually died, and its owner wishes to reinstate its Certificate of Registration, the owner may contact the ApHC and provide satisfactory evidence that the horse is alive, which the owner will be required to do on an annual basis.

## **254. DISPOSAL WITHOUT CERTIFICATE OF REGISTRATION**

- A. When the owner of any ApHC registered horse sells or disposes of that animal without a Certificate of Registration the owner shall notify the ApHC of the fact and surrender the Certificate of Registration to the ApHC for proper notation.

## 255. AUTHORIZED SIGNATURES

- A. If anyone other than the registered owner or recognized lessee of a horse is authorized to sign any documents, a properly completed and signed notarized authorization form by the owner or recognized lessee, giving specific details such as the authorized person's name and address as well as his signature, and the dates involved, must be on file with the ApHC. Authorization forms are available at no charge, upon request, from the ApHC.
- B. In cases of persons, partnerships, corporations, businesses and syndicates, a properly completed and signed notarized authorization form must be on file listing the person or persons who may sign for that entity. The ApHC cannot accept the signatures of anyone other than the registered owner or the lessee as recognized by the ApHC without this authorization. This includes husbands, wives, parents, and children.
- C. For a horse covered by a lease, the notice of which has been filed with the ApHC, only the lessee or lessee's authorized agent may sign registration documents.

## 256. DECEASED OWNERS

- A. If an owner dies, the ApHC must receive a certified copy of the Letters of Administration or Letters Testamentary and a certified copy of the Death Certificate before another person's signature can be accepted. Letters of Administration are issued when an estate is administered without a will. Letters Testamentary are issued when a will is probated. In jurisdictions where certified copies of Death Certificates, Letters of Administration or Letters Testamentary are not available, the ApHC may accept other instruments satisfactory to ApHC. In the event there was no formal probate of the estate, an Affidavit of Heirship must be completed by the heirs and notarized. Affidavit of Heirship forms are available through the ApHC upon request.
- B. If an owner becomes unable to conduct his business, either an original or copy of a Power of Attorney or a certified copy of any court order appointing a representative for such owner shall be on file at the ApHC before any request of the representative on behalf of said owner will be granted.

## 257. LEASES

- A. For a lease of a horse to be recognized by the ApHC whether for breeding, racing, or showing in open classes, a copy of the lease shall be filed with the ApHC signed by both lessor and lessee and submitted with the appropriate fee.
  - 1. The notice shall provide the effective date of lease and may provide a termination date. Otherwise it may be terminated by written notice, giving the termination date, signed by both lessor and lessee; or by a properly executed transfer report which shows a change of ownership from lessor to lessee and which is signed by the lessor.
  - 2. No additional fee shall be charged for termination whether automatic or by a subsequent notice thereof.
  - 3. During the effective term of the lease, the ApHC will not record subsequent changes in ownership until the lease is terminated, unless the transfer report shows the lessee as the new buyer. The date of sale in such case will become the date the lease is terminated.
- B. If the horse is jointly owned and ownership is designated by "and," all owners must sign as lessor.
- C. In regard to ApHC procedures, recording of a lease authorizes a lessee to execute all documents pertaining to the recognized activities of breeding, racing, showing or performance. Enforcement against the lessee of limitations on use of the horse is solely the responsibility of the lessor.
- D. Transfer of ownership arising from recognized claiming races will terminate any such lease.

## 258. SYNDICATES

- A. In order for a syndicate to be recognized by the ApHC as owner of one or more horses, the horse(s) must be transferred into the name of the syndicate with the following items:

1. A written report of the transfer to the syndicate name must be completed and signed by the last record owner. This transfer report must be received by the ApHC office, along with the Certificate of Registration and the proper transfer fee.
  2. Written authorization shall be provided to the ApHC office (forms available upon request) appointing the syndicate manager and signed by the syndicate manager together with a copy of the syndication agreement and certified copy of minutes of the syndicate meeting appointing the syndicate manager.
- B. When or if changes are made in syndicate managers, written notice must be provided to the ApHC office, appointing the new syndicate manager, also signed by the new syndicate manager together with a certified copy of the minutes of the syndicate meeting showing syndicate action to replace the prior syndicate manager. No cancellation of the outgoing manager will be made unless written notice and documentation to this effect is received by the ApHC.
- C. The ApHC will not referee disputes between syndicate members. As a condition to issuing Certificates of Registration to a syndicate, the syndicate members agree to hold the ApHC harmless from all suits, claims, causes of action and legal fees as incurred in a dispute as to the operation, administration, ownership, transfer and acquisition of ownership, transfer and acquisition of syndicate horses registered with the ApHC.
- D. All syndicate members and/or their duly appointed agent(s) upon supplying proof of current syndicate membership to the ApHC shall be entitled to receive any and all information on file with the ApHC pertaining to the syndicated horse(s) in which they have ownership interest.

*Rules 259-264 are not assigned.*

## **265. TRANSFER OF OWNERSHIP**

- A. As seller, the owner of record at time of sale shall have the responsibility for completion of the written transfer report in its entirety, on a form acceptable to the ApHC, and for delivery of it to the buyer. To satisfy this responsibility, the seller must provide on the transfer report the correct name and registration number of the horse, date of sale, name and address of buyer, and signature and address of seller. The seller shall immediately upon completion of the sale deliver the transfer report, along with the Certificate of Registration, to the buyer along with any other documents required to complete the transfer of ownership. The buyer shall then immediately forward the Certificate of Registration, transfer report and applicable fee, with the status of the buyer determining the fee, to the ApHC. The seller's signature must correspond with the name(s) of the owner(s) according to the ApHC records, unless a notarized statement is on file authorizing an agent's signature on behalf of the seller.
- B. The expense and payment of the required fee shall be a matter of private negotiation between the buyer and seller, and may be paid by either of them, but such fee must accompany the transfer report with the membership of the BUYER determining the applicable transfer fee.
1. For member rates to apply, the buyer's membership must be in effect during the calendar year in which the original request for transfer is received in the ApHC office.
- C. The ApHC will list ownership of jointly owned horses as "or" unless otherwise instructed on the transfer report. This ownership listing requires the signature of only one of the owners on all registration documents.
1. Registration documents include, but are not limited to application for registration, transfer report, breeder's certificate, stallion breeding report, affidavits on behalf of the owner, and lease agreements.
- D. If the joint owners wish to be listed as "and", they must notify the ApHC by so listing on the transfer report. Where "and" is used, the signatures of all owners are required on transfers and lease agreements.

- E. If an ApHC transfer report is not available, an original bill of sale will be accepted, providing the necessary information is supplied thereon.
- F. If the registered owner of the horse is a minor and can write or print, his/her signature is required on the transfer report as seller. If the minor is too young and cannot write or print, we will accept the parent's signature, providing the age of the minor is given.
- G. No person shall make any alterations on a completed transfer report, or in any manner deface, change, or amend the provisions of it. If altered, a new transfer report will be required at the ApHC's discretion.
- H. In cases of divorce when a properly executed transfer report cannot be obtained, a certified copy of the divorce decree and property settlement, or other instruments satisfactory to the ApHC must be filed with the ApHC. The settlement must list all horses by registered name and number, as well as the name of the person appointed by the court to receive possession of the horses. The divorce decree and property settlement may serve as a transfer of ownership application, and the transfer will be completed to the person awarded the horses, or as an authorization for the receiver to sign any and all papers regarding the horses.
- I. If a horse is sold at a sheriff's sale, a certified copy of the sheriff's bill of sale or other instruments satisfactory to the ApHC must be filed with the ApHC. This certified copy or acceptable instrument will serve as the transfer of ownership application and the horse will then be transferred to the new owner.
- J. Upon completion of a transfer in the ApHC office, the Certificate of Registration shall be returned to the new owner. In the case of dual ownership the certificate will be sent to the address listed on the transfer report or to the first listed owner, unless a statement signed by the new owner is submitted along with the transfer report, instructing the ApHC to return the Certificate of Registration to someone other than the new owner.
- K. If the ApHC cannot complete the transfer, the Certificate of Registration will be retained in the ApHC office and an office charge will be assessed.
- L. If a dispute arises between seller and buyer, or lessor and lessee, it is suggested that you do not contact the ApHC office. The ApHC cannot act as judge or jury to decide who is right or wrong. The ApHC suggests that you contact an attorney and settle it in court. The ApHC will abide by the final decision of the court and will require a certified copy of the final court judgment or other instruments satisfactory to the ApHC to complete the transfer.
- M. To correct a date of sale on a transfer recorded with the ApHC, the ApHC must be provided with signed statements from both buyer and seller on the transfer report to be corrected, giving proper date of sale, the horse's original Certificate of Registration and the transfer correction fee. (See Fee Schedule.)
- N. For procedure regarding transfers of horses racing and claimed, see transfer of horses racing and claimed.

  - 1. The inspector may, in the inspector's sole discretion, refuse to allow a horse to participate in such show or sale if the registration of the horse appears invalid or otherwise improperly issued. The inspector may, for example, refuse to permit the horse to participate in such show or sale if the horse does not display Appaloosa characteristics

so as to be eligible for Regular registration, unless the ApHC has issued the horse a CPO Certificate of Registration or, a Certificate of Registration including a Performance Permit, and/or the horse is otherwise eligible for registration.

2. An official ApHC Inspector's refusal to permit a horse to participate in a show or sale at the time of the national event, shall constitute an adverse determination that the registration of the horse shall be reclassified or canceled.
  3. The inspector may make a determination that the Certificate of Registration merely needs a correction and so stamp the Certificate of Registration. This correction procedure shall not constitute an adverse determination.
  4. If an ApHC Inspector refuses to permit a horse to participate in the show or sale thus constituting an adverse determination, the inspector shall prepare and forward to the Registrar an inspection report and photographs as specified in INSPECTION PROCEDURES.
- E. Horses entered in either the ApHC National or World shows and passed through the inspection station will be exempt from future inspections at either of these shows. ## **273. APPEAL OF NATIONAL EVENT IDENTIFICATION**

- A. If an official ApHC inspector refuses to permit a horse to participate in a show or sale at the time of the national event, the owner shall have the right to appeal such refusal to the Appeal Committee of the ApHC Board of Directors.

## **274. HORSE'S AGE**

- A. The age of a horse shall be computed on the basis of a calendar year starting on January 1 of the year foaled. A horse is not eligible to participate in events approved by the ApHC if its age as determined by examination of its teeth does not correspond to the age shown on its Certificate of Registration, such determination by dental examination to be made in accordance with the current Official Guide for Determining the Age of the Horse as adopted by the American Association of Equine Practitioners.
- B. Every exhibitor, owner, or trainer, upon request by a representative of the ApHC, show manager, or stewards at a race meet, shall permit such examination to be made by a representative of the ApHC and/or a licensed veterinarian. Refusal to comply with such request shall constitute grounds for immediate disqualification of the animal from the ApHC

event in progress or any other ApHC-approved event, and shall constitute grounds for suspension of ApHC membership.

- C. Should such examination show the animal's age does not correspond to the foaling date shown on its Certificate of Registration, such examination shall constitute prima facie evidence that the animal's age as shown on its Certificate of Registration is erroneous. The animal automatically shall be suspended from participating in the ApHC event in progress and any future ApHC-approved events pending a hearing before the Legal and Disciplinary Committee.
- D. The exhibitor, owner, or trainer, upon request by a representative of the ApHC, show manager or stewards at a race meet, shall deliver the animal's Certificate of Registration to the requesting party. The representative of the ApHC, show manager or stewards at a race meet receiving the Certificate of Registration immediately shall forward the Certificate of Registration and affidavits from the person or persons making such examination and findings, to the Chief Executive Officer of the ApHC.
- E. At a time and place designated by the Legal and Disciplinary Committee at the next regularly scheduled meeting, a hearing will be held, at which time the animal's recorded owner and/or breeder shall provide evidence to substantiate the foaling date shown on the Certificate of Registration. In the absence of substantial evidence to the contrary, the Legal and Disciplinary Committee may cancel the animal's registration and take appropriate action against the person or persons involved.
- F. Instead of a certificate cancellation, if the pedigree is substantiated, but the age discrepancy remains unresolved, the Legal and Disciplinary Committee may direct that an appropriate notation be made on the Certificate of Registration to allow the horse to be used for breeding purposes, but prohibiting its participation in approved events.

- F. The articles of incorporation and constitution, bylaws and rules of each regional club must conform to the state or country laws of incorporation or organization and be consistent with the ApHC bylaws and rules. #### **401. GUIDELINES FOR A STATE OR AREA ASSOCIATION**

- A. A state association must be formed as a nonprofit corporation with Articles of Incorporation and bylaws prepared according to the controlling laws of the state of incorporation.
- B. State associations may meet the above requirements by:
  - 1. Affiliation (Club of Clubs): Several regionals in a state may join to affiliate and form a state association with new Articles of Incorporation and bylaws.
  - 2. Merger: Dissolve all but one incorporated regional club and use this nonprofit corporation for the state association. Prior existing regionals being merged should file dissolution documents with appropriate state agencies and the ApHC. All regional clubs who wish to merge may do so on a one-year trial basis, with their respective charters held in escrow to be returned if requested. All affected regionals are required to give written support and approval to such a merger.
  - 3. State racing associations in which membership is separate from membership in a regional club.
  - 4. State associations formed prior to January 1, 1990 with active programs and membership as of December 31, 1990 and whose membership is separate from regional clubs.
  - 5. Contiguous states each with fewer than 300 ApHC members and three or fewer regional clubs may qualify as an area association under A or B above.
- C. State or area association status will not be granted until the following minimum information together with all other requested data is supplied to the ApHC and reviewed by the Regional Club Committee and thereafter affirmed and approved by the Board of Directors.
  - 1. Articles of Incorporation and bylaws.
  - 2. List of Directors and Officers.
  - 3. Association's geographic boundaries.

- D. If the association is formed by merger, it will be entitled to a minimum number of invitations to the World Show based on the cumulative number of invitations issued the prior year to the merged clubs forming the association provided the one National point qualification is met and that eligible horses have not qualified through the National point system.
- E. This provision is not available to an association formed by affiliation of regional clubs that maintain their charters and who independently qualify horses for the World Show.
- F. State associations described in 401(D) may qualify horses for the World Show under the same rules governing regional clubs. Invitations will not be made available to horses which qualify through the National point system or a regional club.

- G. The use of prior show names and protected dates from regional clubs merged to form an association will be given a right of first refusal according to the existing show date allocation rules or such subsequent rules as may be hereafter adopted.
- H. Except as modified herein, state or area associations will have the same rights and privileges accorded to regional clubs. They must also assume the same responsibilities to the breed and the ApHC. State or area associations are subject to the same disciplinary actions as regional clubs.

## **402. SPECIALTY ASSOCIATIONS**

- A. Specialty Associations may be formed to promote areas of interest to members of the ApHC and to the Appaloosa horse industry.
- B. Currently recognized Specialty Associations include Appaloosa Game Horse Association, Appaloosa Pleasure Horse Association, Appaloosa Reining Horse Association and Appaloosa Cutting Horse Association.

- E. Specialty Associations that allow exhibitors to compete in violation of the above described compliance will forfeit their inclusion at the next ApHC-sponsored competition.
- F. Specialty Associations are welcome to offer futurities, maturities and/or stakes classes with limitations on horse ages, rider earnings, gender distinctions that are different from those offered in class descriptions of the Handbook provided the equipment used is compliant, for the age of the horse and the description of the class, with ApHC rules. (Example: a Western Pleasure Maturity could be offered for horses ages 5, 6, and 7 and the five-year-old could be shown in any bit or hackamore permitted for junior age horses, with the 6- and 7-year-olds shown in a bit permitted for senior horses; this Maturity could be further limited by the earnings record of the exhibitor, and so forth).

*Rules 403-404 are not assigned.*

## **RACING PROGRAM**

### **405. GOVERNANCE AND RECORD KEEPING**

- A. The Appaloosa racing program exists to promote racing of Appaloosa horses. Appaloosa racing is to be governed by applicable state law and by a duly authorized State Racing Commission or authority in each state where Appaloosas compete. The ApHC does not intend for its rules and regulations to conflict with any state laws in regard to racing and, in the event of any conflict, the state law shall control.
- B. The ApHC maintains race records on every eligible horse, as defined by ApHC rules, that races in a state with a racing commission or turf governing body and at a track recognized under racing regulations of the American Quarter Horse Association (recognized track).
- C. An owner and/or trainer, upon entering an eligible horse at a recognized track, does thereby agree to abide by and be governed by ApHC rules and regulations.

#### **406. IDENTIFICATION REQUIREMENTS FOR RACING ELIGIBILITY**

- A. Every horse properly registered with the ApHC carrying Regular (#), CPO (CN) or Non-characteristic (N) registration papers which is to be entered in an ApHC-recognized race must be tattoo-branded on the inside of the upper lip with an official identification number corresponding to the horse's registration number, and must be parentage verified through the ApHC by means of DNA genetic testing. (SEE DNA TESTING). ApHC records must contain proof of parentage verification prior to the race date, in order for the ApHC to maintain records on that horse. Horses without a tattoo, or whose Certificates of Registration do not state, "Parentage Verified" shall be ineligible to have records maintained by the ApHC.
- B. Any such horse properly registered with the ApHC carrying Regular (#) registration papers, which cannot be parentage verified due to the death or foreign export of the sire and/or dam, may apply to the ApHC Appeals Committee by written application for consideration of a hardship exemption to obtain required parentage verification.
- C. The tattooing of properly registered Appaloosa horses must be performed by an official track tattooer (approved tattooer) or ApHC Inspector, upon payment at the time of tattooing. The approved tattooer shall refuse to tattoo a horse if the registration of the horse appears invalid or if the horse does not, for any reason, match its Certificate of Registration. The approved tattooer and/or track identifier, shall refuse to permit any horse to participate in a race if the horse's Certificate of Registration does not state "Parentage Verified," and/or if the horse has an improper Certificate of Registration, and/or if the horse is otherwise ineligible for ApHC registration.
- D. An approved tattooer's refusal to tattoo a horse and/or an approved tattooer's and/or track identifier's refusal to permit a horse to participate in a race because the horse has an improper Certificate of Registration or is otherwise ineligible for registration shall constitute a determination that the registration of the horse should be reclassified or canceled. However, the approved tattooer and/or track identifier may make a determination that the Certificate of Registration merely needs correction and so stamp the Certificate of Registration. This correction procedure shall not constitute a determination. If the approved tattooer refuses to tattoo a horse, the approved tattooer and/or track identifier shall prepare and forward to the Registrar an inspection report and photographs as specified in INSPECTION PROCEDURES.
- E. If an approved tattooer refuses to tattoo a horse at the time of a race, the owner shall have the right to appeal such refusal to the Appeal Committee of the ApHC Board of Directors. No such appeal shall be heard unless a written petition signed by the owner together with the appeal fee is received by the ApHC within 20 days from the date of the tattooer's refusal to tattoo the horse. The petition shall set forth (a) the name of the tattooer, (b) the date and place of the refusal, (c) the reasons for the appeal, and (d) the address to which notices from the ApHC may be mailed. If the owner's appeal is upheld the fee will be refunded. If the written appeal and fee are timely filed, the horse may race pending the outcome of the Appeal Committee hearing, but points, awards, or monies earned at that or any subsequent race prior to finalization of the appeal process will be escrowed. The registration status of the subject horse shall automatically be suspended if the owner fails to appeal within such 20-day period and, upon written request, the owner shall return the Certificate of Registration of the subject horse to the Chief Executive Officer for revocation, correction or other appropriate action.
- F. The Appeal Committee of the ApHC Board of Directors shall conduct a formal hearing in accordance with the procedures set forth in PROTEST APPEAL PROCEDURES OF REGISTRAR'S DECISION as soon as practicable after receipt of any such petition and its decision shall be final and binding on all parties.
- G. Change from Stallion to Gelding: When a stallion is gelded, the Certificate of Registration must be corrected by an approved tattooer and/or track identifier and the ApHC must be notified, by written verification, of the date the horse was gelded.

#### **407. LEASES**

- A. For information on correct procedures for a lease of a horse for racing purposes, please see Leases.

#### **408. TRANSFERRED AND/OR CLAIMED HORSES**

- A. When a horse is properly claimed at a recognized track, the racing secretary at said track shall collect a transfer fee and membership fee, if necessary, from the claimant which shall be forwarded to the attention of the ApHC's Racing Coordinator together with the Certificate of Registration, a written report of the race showing the date of the race and the name and address of the person claiming the horse. Upon receipt of such fee(s), Certificate of Registration, and report, the ApHC will complete the transfer without the report being signed by the record owner. If the notice of claim and supporting documents are received by the ApHC within 14 days of the claim, the transfer will receive a free special handling rush service, as long as "RUSH" is noted on the outside of the envelope.
- B. When a horse is sold at a recognized track, the racing secretary at said track shall collect a transfer fee and membership fee, if necessary, from the buyer which shall be forwarded to the attention of the ApHC's Racing Coordinator, together with the Certificate of Registration, and a properly completed transfer report. Upon receipt of such fee(s), Certificate of Registration, and properly completed transfer report, the ApHC will complete the transfer. If said requirements are received by the ApHC within 14 days of the date of sale, the transfer will receive special handling rush service, as long as "RUSH" is noted on the outside of the envelope.
- C. Upon completion of a transfer in the ApHC office, the Certificate of Registration shall be returned to the new owner, unless a statement signed by the new owner or the racing secretary of the track at which the change in ownership took place, is submitted along with the transfer report, instructing the ApHC to return the Certificate of Registration to someone other than the new owner.

#### **409. RACE RESULTS**

- A. Any organization, club, or individual desiring ApHC recognition of the results of its or their Appaloosa races in states or countries without a racing commission or turf governing body must obtain permission from the ApHC to have those results recognized. In cases where races are run under state laws, the rules and regulations of the duly authorized racing commission shall take precedence over ApHC rules and regulations.
- B. Race results shall be filed with the ApHC following each day's racing within 24 hours of the race either by express delivery or fax transmission. A hard copy of the chart and complete program for the day may be mailed the next business day following the running of the race. These results must be in the ApHC office within ten (10) days of the race. If race results are not filed within the allotted time, the ApHC shall have the right to waive the filing deadline.
- C. Race results include photo-finish film strips of races timed in at least hundredths of a second when available, an official race chart, and an official program for each day's racing which includes conditions of the race, distance, names of the horses in each race, their respective post positions, color, sex, age, breeding, owner, trainer, jockey and weight carried; and names of the officials.
- D. Any ruling by any State Racing Commission or other racing authority shall be filed with the ApHC.

#### **410. RACE DESCRIPTIONS**

- A. Stakes Races - A stakes race is a race in which stakes of \$50 or more are to be posted by the owners of the horses engaged and is still a stakes when money or other prize is added. Nominations must close more than seventy-two hours before the first race of the day on which such stakes are to be run. A stakes may not be restricted or exclude entries in any way

other than age or sex. No race with a purse of less than \$2,500 will be considered as a stakes. However, an invitational stakes race or an invitational handicap race for which owners do not contribute to the purse, but which is advertised in the regular stakes program, shall also be considered a stakes race, provided it carries a minimum purse of \$2,500.

- B. Restricted Stakes Race - The following types of races will be classified restricted stakes:
  - 1. Races restricted to state of breeding, foaling and/or ownership.
  - 2. Races restricted to those horses sold in a specific sale or sales.
  - 3. Races restricted to the progeny of a restricted stallion or group of stallions so listed by a race.
- C. Annually, the ApHC's Executive Race Committee will consider for grading, every stakes and restricted stakes race that has been conducted or may be scheduled to be conducted in the following year.
  - 1. Stakes races may be graded as Grade 1, 2, or 3, with Grade 1 being the highest grade. Restricted stakes may be graded as Restricted (R) 1, 2 or 3 with Restricted (R) 1 being the highest grade.
  - 2. Primary consideration for grading will be the quality of horses attracted to the race and such factors as longevity of the race, competition, conditions, purse and prestige.

## 411. RACE AWARDS

- A. Annually, a starter's fee (see fee schedule) will be assessed for each horse, payable before the first official race start. Late payment of this fee may be made within 30 days subsequent to a horse's first start by paying a late payment penalty. Non-payment of the assessment will not reflect on a horse's past performance as records will be kept on all horses; however, if a horse qualifies for any ApHC award(s) he will be ineligible to receive it if the starter's fee or subsequent late payment penalty has not been paid. Races run prior to the payment of the Annual starter's fee will not be considered in year-end calculations for any award. All racing year-end awards will be awarded to the owner or lessee on record as of December 31 of the qualifying year.
- B. Registers of Merit
  - 1. Racing Registers of Merit (ROM) can be achieved by obtaining a speed index of 80 or higher or achieving a speed rating of 98 or higher. A speed index or a speed rating will only be awarded for approved times at recognized official distances.
    - a. SPEED INDEX. A speed index will only be awarded for approved electric times at recognized official distances timed in hundredths of a second. Horses starting at a recognized track may receive a speed index based on the American Quarter Horse Speed Index Chart for that year and track. Speed indexes are based on an average of the three fastest winning electric times run each year for the immediate past three years for each distance at each track. The average of the nine times (to the nearest 1/1000 (.001) of a second) will represent a speed index of 100. No Speed Index will be issued due to a hand-time caused by the malfunction of the electric timer.
      - i. A speed index point varies according to the distance of the race as follows:
        - .087 equals one speed index point at 870 yards.
        - .077 equals one speed index point at 770 yards.
        - .066 equals one speed index point at 660 yards.
        - .055 equals one speed index point at 550 yards.
        - .044 equals one speed index point at 440 yards.
        - .04 equals one speed index point at 400 yards.
        - .035 equals one speed index point at 350 yards.
        - .033 equals one speed index point at 330 yards.
        - .03 equals one speed index point at 300 yards.
        - .025 equals one speed index point at 250 yards.
        - .022 equals one speed index point at 220 yards.

- ii. The following times will be used to compile speed indexes at tracks where the average times are slower than the Minimum Standard Time.

<b>OFFICIAL DISTANCE (for 100 Speed Index)</b>	<b>MINIMUM STANDARD TIME</b>
220 yards - straightaway .....	11.95
250 yards - straightaway .....	13.35
300 yards - straightaway .....	15.55
330 yards - straightaway .....	16.95
350 yards - straightaway .....	17.85
400 yards - straightaway .....	20.15
440 yards - straightaway .....	22.05
550 yards - straightaway .....	27.70
660 yards - straightaway .....	33.50
660 yards - around one turn .....	34.60
770 yards - around one turn .....	40.36
870 yards - around one turn .....	45.60

- iii. Should a dead heat occur all horses involved will receive the same speed index based on the place for which they dead-heated. All other horses will receive the speed index based on their actual finish. A disqualified horse will receive the speed index of its final placement.
- b. **SPEED RATING.** A speed rating will only be awarded for approved times at recognized official distances timed in fifths of a second. Horses starting for the first time at tracks eligible for recognition by the ApHC or when a new distance is being run will receive a speed rating based on the average of the three fastest Appaloosa times at the track for that distance. The distance must be run three times before an Appaloosa track record will be established or a speed rating given for that distance at that track.
- i. The speed rating is a comparison of the horse's final time with the Appaloosa track record established prior to the opening of the race meet. To determine the speed rating of the winning horse the track record is given a rating of 100 points; one point is deducted for each fifth of a second by which the winning horse fails to equal the track record; and one point is added for each fifth of a second by which the winning horse beats the track record. One-half, three-quarters and one length are equal to one point. One-fourth, nose, head and neck are equal to zero points. To determine the speed rating of the rest of the field one point is subtracted for each length a horse is behind the preceding horse. (If the winning horse had a speed rating of 100 and the second place horse was two lengths behind it, its speed rating would be 98. If the third place horse was two lengths behind the second place horse the speed rating would be 96. If the fourth place horse was a head behind the third place horse the speed rating would be 96. If the fifth place horse was ½ length behind the fourth place horse its speed rating would be 95, etc.) One-half (½) and three-quarter (¾) lengths are equal to one full length. One-fourth (¼), nose, head and neck equal zero (0) lengths. One length is equal to approximately one-fifth of a second (or one point) and fractions of one-half length or more are figured as one full length (or one full point). Fractions less than one-half length are figured as no lengths (or no points). If any horse is distanced it gets no speed rating.
  - ii. Only races recognized by the ApHC will be considered for Regional High Point Champions, ROM's, Medallions, and ERC Champions.

**C. Champion Year-End Horses**

Annually, by written ballot of the ApHC's Executive Committee (ten (10) votes) and the Oklahoma Appaloosa Racing Association (OAR) (four (4) votes) and the

Western Regional Appaloosa Racing Council (WRARC) (four (4) votes), champion running horses in each of thirteen categories may be named. The two regional clubs must each designate four (4) individual voting members. Designated members must reside in different states, must be ApHC members in good standing, and may not be current voting ERC members. A horse must earn a minimum of \$10,000 in purse monies or have at least one graded stakes win, place or show in a race where results are recognized by the ApHC, to be eligible for the ERC year-end awards.

1. The following awards may be given in each of three age divisions: Champion two-year-old sprint colt, champion two-year-old distance colt, champion two-year-old sprint filly, champion two-year-old distance filly, champion two-year-old sprint gelding, champion two-year-old distance gelding, champion three-year-old colt, champion three-year-old filly, champion three-year-old gelding, champion four and older stallion, champion four and older mare, champion four and older gelding, champion claiming horse. Only claiming races will be considered for champion claiming horses.
2. A Supreme Champion Two-Year-Old and Horse of the Year will be named from those thirteen categories.

#### D. Medallions

Racing medallions will be issued to the top three eligible horses in each age and sex category. Medallion points will be figured using a formula of the number of wins times the amount of money earned, as officially recorded by the ApHC, for the qualifying year. Place and show in a stakes race will be counted as a win. Non-characteristic (N) registered Appaloosas must purchase either a Race Medallion Permit or a Performance Permit prior to becoming eligible to earn medallion points. A late fee of \$100 in addition to either the Race Medallion Permit fee or the Performance Permit fee must be paid on or before December 31 of the qualifying year in order to be eligible to earn medallion points. Upon payment of said late fee and the Race Medallion Permit or Performance Permit fee, medallion points will be figured from the beginning of the qualifying year and will count toward a medallion. Racing medallions are awarded to the first listed owner or lessee on record as of December 31 of the qualifying year.

#### E. Regional High-Point Champions

1. Annually, forty-five high-point champions may be named, based on a point system which places emphasis on horses demonstrating consistency and durability in their performance within a specific region. Points will be awarded according to conditions of the race and order of finish for all races recognized by the ApHC which will include unofficial and hand-timed races, and additional conditions, as follows:
  - a. Starter allowance and optional claiming races are considered in the same category as claiming races, based on claiming and optional claiming price.
  - b. Should a dead-heat occur, all horses involved will receive the same points based on the place for which they dead-heated; all other horses will receive points based on their actual finish.
  - c. A disqualified horse will receive points according to its final placement.
  - d. Horses participating in match races or races with less than five (5) horses on the race card will receive no race points.
  - e. The final decision as to which category a race shall be placed will be made by the ApHC's Racing Department.
2. The regions are:
  - East-Central: Kansas, Michigan, Kentucky and Florida
  - South-Central: Oklahoma, Texas
  - West-Southwest: New Mexico, Colorado, Wyoming, Utah, and Nevada
  - Western-California
  - Northwest: Montana, Idaho, Oregon, and Washington.
3. The following categories in each of the five regions may receive a certificate of recognition: regional champion two-year-old colt, regional champion two-year-old filly, regional champion two-year-old gelding, regional champion three-year-old colt, regional champion three-year-old filly, regional champion three-year-old gelding, regional champion four-and-older stallion, regional champion four-and-older mare, regional champion four-and-older gelding.

## 412. CUTTER AND CHARIOT RACING

Only results of cutter and chariot racing contests conducted under the direct supervision of a State Racing Commission and/or the World's Champion Cutter and Chariot Racing Association (WCCCRA) will be accepted for recognition by the ApHC.

- A. ApHC'S STATEMENT OF DISCLAIMER OF RESPONSIBILITY FOR SAFETY AT CUTTER AND CHARIOT RACING CONTESTS:
  1. ApHC will accept cutter and chariot racing contest results as official and use such results to calculate awards.
  2. ApHC does not assume or accept duty or responsibility for safety at these racing contests in regard to participants or any other third parties, or for the horses or other property thereof, which responsibility remains solely with track management and the WCCCRA.
- B. Unless otherwise specified in this handbook, the racing rules of the WCCCRA will be utilized for the governance of cutter and chariot racing recognized by the ApHC.
- C. A cutter and chariot racing contest shall consist of a series of races constituting one complete go-round for all horses entered, each of which races shall match two or more two-horse teams pulling a cutter and driver or a chariot and driver. For a contest to be recognized, twelve teams of registered horses (24 horses) must compete.
- D. All ApHC horses participating in cutter and chariot races must be properly identified as stated in IDENTIFICATION REQUIREMENTS FOR RACING ELIGIBILITY. In order to be eligible for any ApHC award, the horse must be properly registered and identified, the annual starter's fee must be paid prior to the cutter/chariot racing season and the owner must be a current year member of the ApHC.
- E. Cutter and chariot racing is a timed event, with placings determined on the basis of time lapsed for each team in the contest. The winning team in each contest will be the team with the least lapsed time, between the time the starting gates open to dispatch the horses until the nose of the leading horse on such team crosses the finish line.
- F. Any horse finishing first, and any horse randomly selected by the stewards in a cutter and chariot racing contest shall be properly tested for the presence of unauthorized drugs or foreign substances in accordance with RCI Drug Testing and Quality Assurance Program guidelines.
- G. Officials of a cutter and chariot racing contest shall consist of a presiding steward and two associate stewards, a starter, a clerk of the scales and three timers. In the event an electric timer is used, there must still be two hand-timers. The time for any given team will be the time electronically recorded for that team, or the average of the hand timers in the event the electric timer is not used or fails to operate.
- H. To be eligible for placing, the aggregate weight of the cutter or chariot, harnesses, bridles and driver for such team must not be less than 275 pounds.
- I. A cutter and chariot race must be started from a closed starting gate and conducted on a straight course.
- J. During the course of a cutter and chariot race, if a team moves out of the lane in which it starts in such a manner that it interferes with or impedes another team, the offending team shall be disqualified when, in the opinion of the stewards, the outcome of the contest was affected. Any such team disqualified shall be placed behind the team or teams it fouled, and shall be given the time of the team it was placed behind, plus .01 second, or the maximum accuracy of the timer not to exceed .001 second.

## 420. APPALOOSA COMPETITIVE ALL-BREED ACTIVITIES PROGRAM (ACAAP)

ACAAP is a program designed to promote the Appaloosa horse in competition outside of ApHC approved or sponsored shows by recognizing and awarding Appaloosas for excelling in all-breed competition.

- A. The ApHC shall recognize and award merits in any event that is sanctioned and supervised by an established record-keeping equine related governing body or specialty association such as the National Cutting Horse Association and 4-H, overseeing an outside event such as barrel racing, showing, roping, gaming and the like and concerning which a representative of the sanctioning association will verify the awards earned by horses registered with the ApHC. This representative may be asked to supply records for up to one year from the date of the event.
  1. Owners of horses enrolled in ACAAP may be asked to provide information about associations or organizations that approve/sponsor events in which the owner is participating.
- B. ACAAP merits cannot be earned in any ApHC-approved class at an ApHC-approved show or event.
- C. Any registered Appaloosa (regardless of registration type) is eligible to compete for ACAAP merits.
- D. An enrollment form must be completed annually for each horse competing in this program. The annual enrollment fee allows participation from January 1 through December 31 and covers the processing fees for submitting show results from the first ten (10) shows at which each enrolled horse is exhibited. The enrollment fee is based on the membership status of the owner. If the horse is jointly owned, one owner must be a member to enroll at the member fee. The first listed owner according to ApHC records will be listed on the enrollment card.
- E. The enrollment application and annual enrollment fee must be returned to the ApHC. Upon receipt, an enrollment card and exhibitor forms will be forwarded to the horse's owner. Should a horse's owner wish to sign up for ACAAP while at an open competition, they must make sure the show secretary/manager signs and dates the enrollment form at the bottom, and the enrollment form and enrollment fees **MUST** be submitted along with the ACAAP exhibitor's report within 30 days.
- F. The show secretary/manager must inspect the enrollment card, or ApHC membership card of the owner, along with a copy of the horse's Certificate of Registration to verify the exhibitor's participation on a registered Appaloosa, and sign the exhibitor's report form on the last day of competition after the class is complete verifying the exhibitor's placing and the number of entries. The exhibitor and owner must also sign the report form and return it to the ApHC postmarked within thirty (30) days of the show.
  1. Submission of results for up to and including 10 shows/judges is included in the enrollment fee.
  2. Submission of show results in excess of 10 shows/judges requires payment of a \$2/show/judge processing fee.
  3. All exhibitor reports and the appropriate fees must be received by December 31 of the year competing.
- G. Horses may compete in more than one class per show; however, only one processing fee per horse per show is due. Credit vouchers may be purchased and submitted with your show report rather than paying a processing fee each time you turn in a report. Each credit voucher is valued at \$2 and expires on December 31 of each year. Processing fees are only required if you submit more than 10 show/judge's results per year.
  1. In multi-judged events (in which more than one judge places the entire class or ride,) you may turn in your placings under each judge. Each judge counts as a separate show and requires a separate processing fee.
  2. In multi-judged events where scores are combined for one overall set of placings, you may only submit the final placing. This would count as one show and would only require one processing fee.

3. If a horse receives a placing in more than one division for the same ride or class, (i.e. 4th of 10 in the class and 1st of 4 non-pros in the same class) the owner/exhibitor may choose which placing they wish to submit but may not submit more than one placing for the same ride or class. In this case, only one processing fee is due.
  4. Merits earned in the 4-H category (in classes designated exclusively for 4-H members) may be applied to other categories provided that an additional processing fee per horse per show is submitted.
- H. Horses will earn merits based upon the number of horses exhibited in a class, whether or not an elimination round is held. Example: If 50 horses are entered and exhibited in elimination rounds with only 15 advancing to the final round, merits are based upon the total number of entries; in this case, 50.
1. If more than 50 horses are exhibited in a class and the class is held in go-rounds and a final, exhibitors have the option of submitting their placing in two ways: 1) submit placing in the final only counting the total number of horses exhibited against. Example: A total of 150 horses competed and you were 2nd or 2) submit placing for each go-round and final, including only the horses you actually competed against. Example: In the 1st go there were 50 horses and you were 2nd and then in the final you were 4th out of 30 horses.
- I. Corrections to merit tabulations must be made by Dec. 31 and can only be made for merits earned in the current year.

J. Merit tabulating methods:

**\* Medallion classes will not replace purple ribbons.**

6. Team Penning/Team Sorting: Merits will be calculated for all ACAAP-enrolled horses on each team. Exhibitors may only submit results for up to three goes on any one day. Exhibitors competing in this category should request a revised exhibitor report form and submit results on the current form.
  7. Merits earned in any category may not be transferred to another category. Merits cannot be earned by using the same class in two or more categories. Exception: merits earned in the 4-H category (in classes designated exclusively for 4-H members) or in the Challenged Riders category (in classes designated exclusively for the disabled rider) may be applied to other categories provided that an additional processing fee per horse/per show is submitted.
- K. At the ApHC's discretion, some events may warrant merits being earned for completion only. Other criteria for earning merits may be established or amended by the ApHC Show Department. For details contact the ApHC Show Department.
- L. AWARDS

Awards will be mailed to the first-listed owner as evidenced by ApHC records on December 31 of the qualifying year. Owners do not have to be members to enroll in ACAAP; however, one owner must be a member in order to receive any awards and/or certificates earned.

- A. **GENERAL RULES.** To provide show management with the option to include Challenged Horsemen and Appaloosas (CHAPS) competition, ApHC has adopted these rules and provided a points and awards system for participants. In doing so, ApHC does not assume responsibility for safety of participants. Since it is show management which conducts these events and controls both the physical facility and all aspects of the events, responsibility for participant's safety remains solely with show management.
  1. Each participant or their parent or guardian by allowing participation, assumes all risk of personal injury or property damage occurring as a result of the participation and does hereby release and discharge the ApHC and show management, their respective officers, directors, representatives and employees from any and all liability, whenever or however arising, from such participation, except for the negligent act or omission, if any, of an indemnities. D. DIAGNOSIS. In order to participate, an exhibitor must have a medically diagnosed condition that causes a permanent impairment that can be measured objectively. Examples of conditions, diseases or disorders that may lead to permanent impairment are: paresis, amputation (partial to full joint), ankylosis, upper motor neuron lesions, vision impairment, and intellectual disability. Eligible conditions include: amputation, arthrogryposis, Asperger syndrome, autism spectrum disorder, Batten disease, cerebrovascular accident (stroke), cerebellar ataxia, cerebral palsy, Coffin-Lowry syndrome, cystic fibrosis, Down syndrome, dwarfism, fragile X syndrome, Friedreich's ataxia, Guillain-Barre syndrome, hearing impairment, Hunter syndrome, juvenile rheumatoid arthritis, mental retardation, microcephaly, multiple sclerosis, muscular dystrophy, post-polio syndrome, Prader-Willi syndrome, Rett syndrome, spina bifida, spinal cord injury, Tourette syndrome, traumatic brain injury, trisomy disorders and visual impairment. Additional diagnosis will be considered upon request.

1. Diagnosis Form and Acceptable Adaptive Equipment Form – In order to participation in CHAPS events, a licensed medical physician must sign a diagnosis form which shall be presented to ApHC. ApHC must also receive a signed statement regarding acceptable adaptive equipment and riding ability completed and signed by a certified instructor or coach of Professional Association of Therapeutic Horsemanship International (PATH Intl.), Special Olympics, US Para-Equestrian, Certified Horsemanship Association or IRD or a certified therapeutic riding instructor who is also a member in good standing of ApHC, indicating the riding ability and adaptive equipment that is required.
2. Walk, trot/jog classes are open to exhibitors never judged in a class at a recognized or non-recognized show that requires a lope or canter

in which the exhibitor performed a lope or canter. Once an exhibitor moves up to walk, trot/jog, canter/lope, they cannot return to walk, trot/jog classes. Academy classes are considered non-recognized shows. If an able-bodied exhibitor contracts an eligible condition, or if a CHAPS exhibitor has a progressive disorder that results in a decrease in functioning level, then they may be exempted from the canter/lope rule with documentation from a licensed medical physician presented to ApHC.

- E. OWNERSHIP. Neither the exhibitor nor their immediate family is required to own the horse. However the owner(s) must be a current-year ApHC member in order for the horse to be shown.
- F. HORSE ELIGIBILITY. Stallions are not eligible to be shown in any CHAPS activities.
- G. HORSE REGISTRATION REQUIREMENTS. Any breed of horse may be shown at the same event, and may be run concurrently. However in order to be eligible for ApHC year-end awards and notation of results on the horse's record the horse must be registered with the ApHC. Judges shall only reflect the number of entries in the class that are registered with the ApHC.
- H. WELFARE OF THE HORSE. The welfare of the horse is outlined in the Official Handbook of the ApHC, however horses with a slight disability or lameness may be used at the discretion of the judge.
- I. EXHIBITING MULTIPLE HORSES. An exhibitor may show more than one horse in individually worked classes as outlined in this rulebook but a horse cannot be shown by more than one exhibitor in the same CHAPS class.
- J. GENERAL RULES FOR TACK AND EQUIPMENT. English and western equipment and attire will follow rules as set forth in the rulebook with the exception of CHAPS acceptable adaptation equipment.
  - 1. Helmet. It is mandatory that exhibitors wear a properly fitted and fastened with harness helmet that meets ASTM/SEI standards or equivalent international standards for equestrian use. A western hat may be affixed over the helmet in western events. Equipment should conform to the riding ability of the competitor and be suitable for the horse. ApHC makes no representation or warranty, express or implied, about any protective headgear, and cautions exhibitors that death or serious injury may result despite wearing such headgear as all equestrian sports involve inherent dangerous risks and as no helmet can protect against all foreseeable injuries.
  - 2. Halter. All horses when ridden must wear a halter in a manner that does not interfere with reining of the horse. A halter must be on the horse either over or under the bridle for use by the handler if needed. All exhibitors should be able to hold reins.
  - 3. Bits or bosal. A snaffle bit, curb bit or bosal/hackamore may be used regardless of the age of the horse.
  - 4. Exhibitors are allowed to ride with one or two hands at any time during the class.
  - 5. Exhibitors are allowed to hold the saddle with either hand without penalty.
  - 6. Acceptable adaptive equipment includes but not limited to:
    - RIDING ATTIRE
      - No boots if using safety stirrups (Peacock, S-shaped irons or Devonshire stirrups)
      - Modified riding boots
      - Gaiters
      - Half chaps
      - Off set spurs
      - Safety vest
    - POSTURE, POSTURAL SUPPORTS & ORTHOSES
      - L or R Arm sling
      - Neck collar
      - Ankle foot orthoses

Prosthesis

#### OTHER AIDS

Commander using sign language  
Enlarged arena letters  
Audio Communications (for hearing impaired)  
Voice  
Bareback Pads  
Surcingles  
Other equipment will be considered upon request

- K. **HANDLER.** Required for all independent exhibitor classes – one handler per entry to facilitate the safety of the exhibitor. The handler must be 16 years of age or older. The handler must have a lead line without a chain in their hand in case of safety issues.
1. Handlers shall stand quietly in a designated area, not obscuring the judge's line of vision, unless their assistance is required and requested by the judge or ring steward in the event of a safety issue. The handler may either take a position behind, beside or in front their respective exhibitor's horse or quietly walk forward and snap onto the horse's halter after the exhibitor's pattern is completed or the class has come in to line up.
  2. A blind or deaf exhibitor may have an assistant who communicates via verbal or sign language or cue cards to the competitor so they may hear the judge's directives or pattern instructions. This assistant will be outside the ring and their position known to the judge and ring steward.
- L. **LEADERS AND SIDEWALKERS.** The supported exhibitor must have a leader with a loose lead without a chain, attached to the halter in a manner that does not interfere with reining of the horse. The supported exhibitor may need the assistance of one or two side walkers. Once the class has started, unauthorized assistance from horse leaders, spotters and side walkers will result in penalties. Side walkers may not give verbal commands or extra physical prompting, except in case of emergency.
1. Handlers, leaders, side walkers, or extra spotters other than the required horse handler are not considered tack or equipment.
- M. **ARENA SET UP.** Markers must be used and may be numbered or lettered. People shall not be used as markers.
- N. **PATTERNS.** All patterns must be posted one hour before the class. It is recommended to use one of the suggested CHAPS patterns(s), however a judge in concert with the show management may utilize a different pattern in the walk-trot level 3 showmanship at halter, walk-trot-canter hunt seat equitation and walk-jog-lope western horsemanship and all trail classes using the acceptable maneuvers.
- O. **GO-ROUNDS OR SPLITS.** Classes may be split at the discretion of show management. If go-rounds are necessary, in the interest of successful implementation of the approved show, the number of go-rounds to be held and the number of horses to be shown at each go round should be based on safety and/or physical constraints of show premises when applied fairly and uniformly by a procedure in which all qualified entries are included in a random draw. When necessary to split large classes by running more than one go-round, finalists must rework the specified class requirements EXCEPT any scored class.
- P. **JUDGING GUIDELINES.** Classes shall follow these guidelines, reversing only at the walk and omitting all extended gaits. Horses should be backed in the line-up, not on the rail. Horses should be worked for the amount of time necessary to evaluate each gait in each direction, taking into account the stress on the exhibitor and/or leader-side-walkers. The judge could chose to have the horse(s) walk briefly before resuming the

jog/trot and completing the judging. The horses in the CHAPS supported classes are judged doing their jobs in spite of the challenges that may be presented due to the type of support or adaptive equipment that is required. Neither the amount of support and type of CHAPS acceptable adaptive equipment nor the unique characteristics of a specific exhibitor's disability should enter into the judging criteria.

1. SHOWMANSHIP AT HALTER – Walk Only division, Walk-Trot/Jog division, Walk-Trot/Jog-Lope-Canter division. CHAPS exhibitors may show in only one showmanship class.
  - a. Equipment and attire. Class can be shown English or western attire but must be one way or the other. There will be no mixing of attire or equipment on a horse/exhibitor. It is recommended to use a plain leather halter and plain lead for English attire. A plain leather halter or sterling silver mounted leather halter with leather lead is recommended for western attire. The use of a chain is permitted but discouraged. No bridles and/or bits and/or lip chains may be used.
  - b. Refer to the showmanship at halter for rules on exhibiting and how the class is judged.
  - c. Class Procedure. All exhibitors may enter the ring and then work individually or each exhibitor may be worked from the gate individually.
  - d. Individual Workout. The judge may select an appropriate CHAPS pattern. In the event that the judge in concert with the show management develops a walk-trot/jog level 3 showmanship at halter pattern instead of using existing CHAPS pattern(s) maneuvers found in showmanship at halter are acceptable, however the following are unacceptable: back in a curved line, pull turns. No exhibitor will be disqualified except for safety reasons at the judge's discretion. Exhibitors going off pattern will be penalized and placed at the bottom of the class.
  - e. Scoring. Exhibitors are to be scored from 0 to 100, in ½ point increments.
2. HUNT SEAT EQUITATION ON THE FLAT WALK-TROT – Independent or Supported
  - a. Refer to the hunt seat equitation for rules on attire, exhibiting and how the class is judged.
  - b. Class Procedure. All exhibitors must enter the ring and then work individually, or each exhibitor may be worked from the gate individually. When exhibitors are worked individually from the gate, a working order is required. Exhibitors should be instructed to either leave the arena, fall into line, or fall into place on the rail after their individual work. The whole class, or just the finalists, may work at the appropriate gaits at least one direction of the arena.
  - c. Individual Workout. The judge must select an appropriate CHAPS pattern.

  - c. The following are allowance made for all CHAPS Reining classes only:
    - i. Exhibitors are allowed to choose the size and speed of the circles. Excessive speed will result in a maneuver deduction.

- ii. Lead Changes. Simple lead changes are allowed and the ideal change is to jog for one stride to change leads. Any deviation from the ideal change that takes place in the lead change area as described by this rulebook would not incur a penalty but deserves less credit. In order of decreasing difficulty would be jogging more than one stride, walking rather than jogging, stopping during the change and finally more than one attempt to execute the change. Penalties would apply if the lead change was early or late just as they would for a flying lead change.
  - iii. Judges should allow one-quarter circle coming into the change and one-quarter circle going past the change as an allowable simple change area (safe zone), with only the out of lead penalties applying. For example, a horse that comes across and takes 3 strides past "center" to complete the simple change, but before the end of the first quarter, would not get a break of gait penalty but would incur a one point out of lead penalty. The same logic would apply for changes before reaching center. All penalty applications would apply out of that "safe zone."
  - iv. Break of gait; Note: Simple lead changes are allowed therefore, no break of gait penalty should be applied during the lead change. CHAPS classes may use altered patterns and if simple lead changes are specified, no break of gait penalty should be applied during the lead changes.
14. BARREL RACING WALK, JOG/TROT – Independent or Supported.
- a. Refer to barrel racing for rules on exhibiting and how the class is run.
  - b. The horse must break the start/stop line first, not the handler or it will be a no time.

  - d. If a horse breaks into a lope/canter/gallop for more than three (3) consecutive strides during the class, the entry shall receive a no time.
15. BARREL RACING WALK-JOG-LOPE - Independent.
- a. Refer to barrel racing for rules on exhibiting and how the class is run.

  8. Who does not, at all times, conduct himself/herself in an exemplary and professional manner, such as not showing courtesy and respect towards show management, exhibitors and spectators and not wearing appropriate attire while judging an ApHC-approved or sponsored show.
  9. Who is not physically able to move normally about the arena without aid in order to perform prescribed duties; or who must judge from a sitting position; or who does not have normal vision, corrected by eyeglasses or contact lenses, if necessary. Provided, however, that any person who is otherwise qualified to be an ApHC judge but for a disability recognized under the Americans with Disabilities Act ("ADA") shall not be denied status as an ApHC-approved judge.
- C. Any person suspended by the ApHC for cause, except for temporary suspension without hearing, will be automatically removed from the list of approved judges and must reapply for approval in the usual manner. Removal of an individual from the ApHC's list of approved judges for any reason, including, but not limited to, suspension from membership, denial of ApHC privileges, or failure to comply with ApHC rules, shall be absolute, with no provision for automatic reinstatement. Upon regaining active membership status, the individual may apply for reinstatement of previously held judging status under the current procedures for admission of new applicants.
- D. If a judge is removed from the ApHC judge's list due to temporary suspension without hearing, the judge may, after temporary suspension has been lifted, apply for reinstatement in the following manner:
1. Payment of a non-refundable fifty dollar (\$50.00) reinstatement fee;
  2. Written statement declaring the reason or reasons that the judge failed to make said payments before the same became delinquent;
  3. The Chief Executive Officer may, after payment of the requisite fee and submission of the written statement, reinstate judges' status or the same may be submitted to the Judges' Committee at their next regular meeting for review and consideration.
- E. However, anything contained herein to the contrary notwithstanding persons who have been subject to disciplinary action of record for two violations of ApHC Rules and Regulations shall be ineligible for the judge's designation, and it shall be incumbent upon the Judges' Committee to revoke a person's ApHC-approved judge's designation upon notification that the individual has been found to be in violation of the rules and regulations governing the ApHC and that such violation is of record.
- F. In order to retain active judges' status, judges must:
1. Hold current membership in the ApHC. Dues for such membership are payable on January 1. Membership is required in order to appear on the approved judge's list.
  2. Pay an annual judges' card renewal fee.
  3. Attend an ApHC-approved judges' seminar once every three years.
  4. Receive a passing grade on the annual rulebook written test.
  5. Notwithstanding the above requirements to retain active judge's status, the chairperson of the Judges' Committee may, with approval of the CEO and Executive Committee, in consideration of exceptional circumstances, waive strict compliance with the requirements of Rule 500.F.3.
- G. After acceptance of a judging commitment, a judge shall endeavor, with all reasonable effort, to judge the show.
1. Inability to judge: A judge shall timely communicate to show management any inability to complete commitment, so as to allow the show management adequate time in which to seek a suitable replacement.

- a. Written explanation: Additionally, the judge shall immediately file with the ApHC written explanation of such inability to meet his/her commitment, specifying the date and manner in which he/she communicated to the show and with whom he/she communicated.
  2. Arriving within the prescribed time: A judge upon arrival at the destination where he/she is to officiate, should contact an official of the show and advise him of his/her presence and location. A judge not arriving within the prescribed time frame without reasonable explanation may be subject to review and disciplinary action.
  3. Judge unable to complete judging assignment at show: Any judge who is unable to complete his/her judging assignment at the show after arriving on the show grounds shall submit a written statement to the ApHC within 30 days. The show management shall select a suitable replacement and notify the ApHC in writing.
- H. A judge shall not commit the following acts:
1. A judge shall not discuss with an exhibitor the purchase, sale or lease of any horse during a show or multi-judge show at which he/she is officiating.
  2. No judge shall judge two shows or multi-judge shows within two hundred airmiles (321.87 km) of each other within 30 days.
  3. A judge shall not have physical contact with horses or equipment while that judge is judging youth and non-pro showmanship classes, except in the case of emergency.
  4. A judge shall not personally exhibit a horse, nor can a horse owned in whole or in part by the judge be exhibited at an approved show:
    - a. in the same state within seven days prior to when a judge is officiating a show in that state nor,
    - b. at the same location within seven days after a judge has officiated a show at that location.
  5. Any judge who has been contracted to judge at any ApHC-sponsored event shall not be allowed to judge any ApHC-approved event in North America within 21 days prior to the ApHC-sponsored event (i.e. National and World Shows).
    - a. Judges who have been adjudicated guilty of violation(s) of ApHC rules will not be eligible to judge either the National or World Shows. Administrative action by the ApHC is not to be considered to be disciplinary action.
  6. A judge shall not be an exhibitor, rider, driver, handler, steward, ring steward or manager at any show or multi-judge show in which he/she is judging, whether or not classes in which he/she judges are conducted under ApHC rules. A judge also shall not be an exhibitor, rider, driver, handler, steward, ring steward, or manager of any back-to-back or multi-judge shows in which he/she is judging one of the shows.
  7. A judge may not officiate two consecutive years at the same show or multi-judge show.
  8. Judges shall not intentionally solicit, without prior invitation, any judging assignment.
  9. Judges are prohibited from using tobacco and/or alcohol products, cellular phones, pagers or electronic communication devices for personal use in the arena during an approved show.
- I. Judges are required to provide written notice to the Judges' Department by certified mail or other guaranteed delivery service, of any address or telephone number changes within thirty (30) days of such changes. In the event that any notice is not given, the judge shall bear all consequences of such failure.
- J. A judge (or judges) shall present in writing any grievance that he/she may have against contestants or shows to the secretary or appointed representative of the sponsoring association at the time of the grievance, and forward a copy to the ApHC, and his/her case will be reviewed by the Legal & Disciplinary Committee.

- K. The judge must comply with rules governing individual classes. The formula for judging percentages used for each section will be found in the sections of this handbook covering individual classes and events.
- L. Judges must place the top eight entries in each class except in classes of fewer than eight entries or in instances of lack of merit; and if without merit, the judge shall make no award under any circumstances. No class is complete until all ties through point-earning placings are broken. If a tied contestant is disqualified in the run-off, (s)he is not to be placed any lower than the lowest position for which (s)he was tied. Contestants disqualified during the first run are not considered to be tied for a place even if there were fewer than eight entries in the class.
- M. The judge at his/her discretion may refuse entry into the arena for improper attire or equipment. Further, a judge may eliminate any horse or exhibitor as an entry which he/she does not feel has legitimately attempted to comply with the class rules and procedures. In either case, this entry shall not be counted as an entry for the purpose of determining the number of entries in the class for national points.
- N. Judging begins when the entrant enters the arena and ends when all judging is complete. After a judge has placed a class and signed the judge's card, a class will not be re-judged and the judge's record shall not be changed. If clerical corrections, initiated by show official(s) (typically announcer, but could also be show secretary, manager or ring steward) are made to a judge's card, they must be approved and initialed by the judge. Once a judge's placings have been announced, no clerical corrections shall be made.
- O. No judge shall determine the eligibility for registration of any entry in the ring and shall at all times refrain from making comments regarding such.
- P. ApHC Judges should be sensitive to any conflict of interest between the ApHC's objective and their own personal business. Each judge should refrain from using his or her official status to further one's own personal or financial purpose.
  - 1. Neither the judge nor members of his/her family nor any cohabitant, companion, domestic partner, housemate or member of a judge's household nor any of the judge's clients, employers or employees or employers of a member of the judge's family shall exhibit or act as agents, representatives in any capacity, or handlers of a horse in any approved class at a show or multi-judge show at which he/she is officiating. Members of the judge's family shall not be present in the arena during judging. A ring steward at any show shall not be a member of the immediate family of the judge of that show.
  - 2. No judge may judge a horse, and no horse may be shown under a judge, if that judge has been owner, trainer, agent in any capacity, or conditioner of that horse within the previous 90 days.
    - a. Notwithstanding the above, no judge may show a horse at the National Show and then judge the same horse at the World Show.
  - 3. A judge shall not judge a horse which is owned by anyone from whom the judge has received a salary, commission, or any kind of remuneration for selling or buying any horse for that individual; or, whether or not a horse is concerned in the transaction, has been in the employ, or has represented such individual in any capacity for remuneration, within 90 days from the date of the subject. An individual who assists an exhibitor as helper in Grand and Reserve Champion, Get of Sire, Produce of Dam, Hunter in Hand or driving classes is excluded from this rule. The official exhibitor is the individual who handled, rode or drove the horse in the qualifying classes.
  - 4. No judge may judge a horse belonging to, or being exhibited by, any member of the judge's family.
  - 5. These specified areas of disqualifying conflict of interest are not exclusive and ApHC Judges are ineligible to judge another's horse in other situations not designated by the rule. If a judge cannot exercise his/her objective opinion, free from possible prejudice, bias, or outside influ-

ence, because of his/her connection with an owner, exhibitor or anyone else connected with the horse, or, for that matter, if such connection would appear to others of possible bias, whether or not the judge feels he/she would be affected, a judge must disqualify himself.

6. In a multi-judge show, if a judge is knowingly confronted during a class with an entry that poses a conflict of interest, the judge shall not judge that entry. The remaining judge(s) shall judge that entry and that entry will be counted towards the total number of horses in the class. The judge with the conflict shall mark his/her card, note the total number of entries (including the entry that posed a conflict) and must make a notation on his/her card that the entry is a conflict.
- Q. A judge's decision will be considered final. A judge's decision, representing his or her individual preference is not protestable unless it is alleged to be in violation of the rules.
- R. Each judge shall be responsible for independently tallying the correct number of entries actually exhibited in each class he/she judges and marking the correct totals on a form provided by the ApHC. It is the judge's responsibility to complete, sign and return this form to the ApHC within ten days from the show date.
- S. A judge shall not appear on the show or contest grounds, except for purposes of lodging, more than one hour before judging. A judge shall not visit in the horse barns, nor with the owners, trainers, exhibitors, or other participants, nor inspect or discuss any horse entered in the show or contest before judging.
1. Judges contracted by the ApHC for international shows (except Canada) are exempt from this requirement only if they are expressly contracted to conduct a clinic for participants and/or spectators in advance of the show.
- T. The sponsor and/or management of any ApHC-approved and -sponsored shows or events shall make reasonable accommodation, as determined by the ApHC, for any ApHC judge having a disability recognized under the Americans with Disabilities Act ("ADA"). Any judge having a disability recognized under the ADA must (i) inform show management of such disability prior to accepting an offer to judge any such show or event and (ii) contact the ApHC Judges Coordinator prior to judging any such show or event to discuss what reasonable accommodation, if any, can be made and will so notify show management. In the case of any judge whose disability under the ADA prevents him or her from walking without aid or requires him or her to sit while judging, the reasonable accommodation shall require the judge to judge from outside the show ring so as not to constitute a significant risk to the safety of himself/herself, other persons and/or horses in the show arena.

## **501. COMPLAINTS AGAINST JUDGE**

- A. To make a formal complaint against an ApHC-approved judge, such complaint must be in writing, signed by the complainant, contain alleged rule violations, date and location of such violation, otherwise comply with the requirements of the ApHC Rule 20.D, including payment of a filing fee, if applicable, and be submitted to the ApHC office within thirty days of the show or contest. By filing this complaint, the complainant agrees to attend a hearing conducted by the ApHC in regard to the matter either at the ApHC offices or as directed by the Disciplinary Committee.
- B. If a formal complaint is made against an ApHC-approved judge, the Disciplinary Committee is the forum within the ApHC which shall hear and review complaints alleging rule violations by ApHC-approved judges acting in their capacity as ApHC-approved judges. Proceedings before the Disciplinary Committee shall be conducted, after proper notice, in like manner as disciplinary proceedings before the Disciplinary Committee, including imposing on any judge found to be guilty of any such violation hereunder such penalties as the Disciplinary Committee may determine, including but not limited to those set forth in ApHC Rules 60 and 500. The decision of the Disciplinary Committee shall be final and binding on all parties.

- C. In the event that any judge at or during any show is guilty of gross misconduct or engages in belligerent or extremely disruptive behavior or is in such a physical, mental or emotional condition so as to substantially affect such judge's ability to judge properly, show management, in its sole discretion, shall have the right to prohibit such judge from judging the show and to remove such judge from the show grounds. The show manager shall, on the next business day, file a written report of any such incident to the ApHC.

## 502. GUEST JUDGE PERMIT

Receiving an ApHC guest judge permit is a privilege granted by the ApHC, not a right. Any person who has been removed from the ApHC judges list for any violations of ApHC rule 500.C and/or 500.E shall be ineligible to hold a Guest Judge Permit.

- A. The ApHC may grant a Guest Judge Permit to individuals meeting requirements per this rule. Guest judges may judge a lifetime maximum of two single-judge or multi-judge ApHC-approved shows. Thereafter, guest judges must apply for and receive ApHC judging credentials to continue judging ApHC-approved shows.
- B. Regional clubs or international partners sponsoring an ApHC-approved show must request permission from the ApHC to hire a guest judge.
1. For regional club or international partner events offering a wide variety of classes, the ApHC may grant a guest judge permit to individuals holding judging credentials with:
    - a. American Quarter Horse Association (AQHA)
    - b. American Paint Horse Association (APHA)
    - c. Palomino Horse Breeders of American (PHBA)
    - d. Pinto Horse Association of America (PtHA)
    - e. Pony of the Americas (POA)
    - f. International Buckskin Horse Association (IBHA)
    - g. American Buckskin Registry Association, Inc. (ABRA)
  2. For regional club or international partner ApHC-approved events that limit the classes offered to reining, working cow horse or boxing, cutting or over-fence classes, the ApHC may grant a guest judge permit to individuals holding judging credentials with organizations specific to those classes and which include:
    - a. National Reining Horse Association (NRHA) – reining
    - b. National Reined Cow Horse Association (NRCHA) – reining, working cow horse, boxing
    - c. National Cutting Horse Association (NCHA) – cutting, boxing

- D. Guest judges agree to abide by all rules contained in the *Official Handbook of the ApHC* and are subject to all disciplinary rules contained therein.
- E. In order to receive Guest Judging status with ApHC, the judge must meet the following conditions a minimum of 30 days prior to judging:
  1. Judge must certify their credentials in the appropriate association.
  2. Judge must be a current-year ApHC member in good standing.
  3. Judge must pass a written ApHC rulebook test. Test may be abbreviated to contain questions pertaining to only those classes offered at the approved show for which the judge is being considered.
  4. Judge must agree to abide by all ApHC rules while judging the ApHC-approved event and be subject to all rules contained in the *Official Handbook of the ApHC* including disciplinary rules.
- F. Guest judge permits shall be valid only in the calendar year in which the permit was issued.

### 503. RULES FOR RING STEWARD

- A. It is recommended that the ring steward not officiate in any show in which he/she or a member of his/her family or any of his/her clients is an exhibitor. The ring steward shall be familiar with show procedures and etiquette.
- B. A ring steward at any show shall not be a member of the immediate family of the judge at that show.
- C. The ring steward makes the work of the judge much easier by relieving the judge of unnecessary details. By assembling the class promptly, he will be able to keep the judging program on schedule and eliminate long delays between classes.
- D. The ring steward will notify the judge when all horses are present for each class.
- E. Ring stewards shall not take part or seem to take part, in any of the judging including advising the judge. When he/she is not actively engaged in his/her duties, he/she shall place himself in a position so as not to interfere with the judging and the view of the spectators. He/she must not allow the exhibitors to crowd up in the ring or arena and should at all times endeavor to keep the possibilities of an accident at a minimum.
- F. He/she should act as a liaison between the judge and exhibitor. The ring steward should be prepared to move and place the horses as the judge advises.
- G. Ring stewards and/or scribes are prohibited from using tobacco and/or alcohol products, cellular phones, pagers or electronic communication devices for personal use in the arena during an approved show.
- H. Each organization shall provide one ring steward or assistant for every two judges. The same ring steward(s) may work with both an English and western or specialty judge.

*Rules 504-599 are not assigned.*

## SHOW RULES & REGULATIONS

**600.** Exhibitors, judges and show management are responsible for knowledge of all ApHC rules.

- A. Release Of Liability
  - 1. The ApHC, and co-sponsoring organization, if any, will not be responsible for any accident that may occur to, or be caused by any horse exhibited at the show, or for any article of any kind or nature that may be lost or destroyed or in any way damaged. The ApHC will not be responsible for any financial arrangements not completed between show management, exhibitors, owners or judges. However, these situations should be reported in their entirety to the ApHC for possible disciplinary action.
  - 2. Each show should obtain blanket liability insurance to cover suits, claims or judgments for bodily injury or property damage sustained by spectators, or others arising out of the use of the show grounds or operation necessary or incidental to the show.

### 601. SHOW APPROVAL REQUIREMENTS

- A. The rules set forth in the Official Handbook shall be used at all approved shows. All shows approved by the ApHC for the awarding of points must be named, called, advertised, listed and otherwise referred to as an ApHC-approved show. All ApHC-approved classes at an ApHC-approved show shall be conducted and judged in accordance with the rules of the ApHC. No show or classes shall be advertised as being approved by the ApHC until all requirements are met in their entirety and approval has been granted by the ApHC in writing and provided to show management.

- B. Show approval is a privilege not a right, granted or rejected at ApHC discretion on an annual basis according to continuous evaluation of the applicant, including but not limited to competence of show management, enforcement of ApHC rules, quality of show and service to ApHC members.
1. Approval does not carry over from year to year and must be obtained for each individual show. The ApHC reserves the right to approve only the number of shows per calendar year it deems appropriate for the same organization or management.
  2. An ApHC-approved show having been held the previous year is considered an established show and has priority to reserve identical days per calendar week for the current year until terminated by the ApHC. Priority dates are a privilege, not a right, and therefore cannot be sold or transferred from one sponsoring body or management to another. Violation of this rule may result in disciplinary action.
  3. The sponsor of any ApHC-approved show which fails to pay for any service rendered by a third party (i.e. judges, cattle fees, facility fees, advertised premium money to exhibitors) in connection with the holding of an approved show will be denied ApHC approval for future shows until all fees are paid.
  4. Any show that fails to pay national point fees when submitting show results shall be denied ApHC approval for future shows until all fees are paid in full.
- C. Classes that are not approved including futurities, maturities and stakes classes and/or classes open to all breeds in which ApHC-registered horses will not earn points may be held at the discretion of show management, and such classes may vary from ApHC-approved or pointed classes as long as they are not held concurrently with ApHC-approved classes and provided that rules and eligibility requirements are established in writing, available to all exhibitors and are not changed once entries have been accepted. If such classes are held concurrently with ApHC-approved classes, ApHC rules regarding show, judges, registration, discipline, class conduct, membership, horse, exhibitor and equipment restrictions and limitations shall apply.
- D. Organizations, clubs or individuals desiring to sponsor or conduct shows or contests which will be approved by the ApHC, and which will include the awarding of national points to the top placing horses entered in the show, must obtain approval from the ApHC. The ApHC offers approval for open, youth and/or non-pro nationally pointed shows.
- E. To obtain show approval, the show manager and show secretary must both be members of the ApHC. An application form supplied by the ApHC accompanied by a non-refundable application fee must be submitted to the ApHC. For shows sponsored by an ApHC regional club or International Affiliate/Partner, the approval fee is \$25 per judge. For all other shows, the approval fee is \$50 per judge. This fee is dependent upon the date the application is received in the ApHC office. See 601.H for complete fee schedule.
- F. ApHC-approved shows may consist of one judge (single-judge) judging the show or two, three or four judges (multi-judge) each judging the horse show simultaneously.
1. An exhibitor must show to all judges present in the applicable class in a show with more than one judge.
  2. Class fees charged for multi-judge show shall be not more than the normal fee charged for single-judge shows multiplied by the number of judges in the applicable class in the multi-judge show.
  3. One cattle fee may be charged for each run in a multi-judge show.
  4. Each class in a multi-judge show shall be judged concurrently. However, in timed gaming and cattle events, a maximum of one run per every two judges is allowed at show management's sole discretion.

5. In a multi-judge show, the results of Grand/Reserve Champion halter classes shall not be announced until all judges have completed judging in each respective sex division class.
  6. These regulations apply to open, youth and non-pro classes held at a multi-judge show or event.
- G. No more than 4 judges may be in the arena judging at any time. No more than 4 sets of points may be earned within 7 consecutive days at the same facility or arena in any one class at any ApHC-approved show.
1. In the event that show management deems it beneficial, they may hire more than 4 judges to judge the show or classes within the show. In this case, a show approval application must be received for each judge or set of judges (not to exceed 4 judges judging any one class) listing the classes that will be judged by that judge or set of judges. A separate application fee is due for each judge hired regardless of the number of classes they will judge at the show.
- H. To apply for show approval, the sponsoring organization or individual must submit a show approval application to the ApHC. Said application must list the name of the show, show contact for all correspondence, the date(s) and location of the show, the name of the show manager and show secretary and a list of classes to be held at the show. Additional details on the application such as ring steward, judge(s), and other information required by the ApHC must be forwarded and received by the ApHC according to the following schedule:
1. Application received 100+ days prior to the first day of the show - \$25/judge
  2. Applications received 50-99 days prior to the first day of the show - \$50/judge
  3. Applications received 30-49 days prior to the first day of the show - \$100/judge
  4. Shows will not be approved if application is received within 30 days of the first day of the show.
  5. Changes to the information on the original application and any additions including the names of the judges, ring steward or other required information may be accepted 30 or more days in advance of the show at no charge. Changes to the list of classes offered or to any other information related to the show made within 29 days of the first day of the show may be made for a fee of \$20 per class per **judge** or \$20/change. Changes made on or after the first day of the show shall not be accepted.
    - a. For shows held in November and December, all show and class changes must be submitted no later than October 31. Conditions and fees listed above will apply.
- I. For shows which have been approved and held the previous year, and who wish to retain priority to reserve such previous year's show schedule as determined by the Show Department, the show approval application must be received at least 100 days in advance of the first day of the show. Applications received after this will be accepted but will not retain priority to their previous dates, if any.
- J. Holidays, as such, will not be reserved as a priority day because a holiday falls on different days from year to year.
- K. No show and/or event may be approved on the same date as another approved show and/or event if the two shows and/or events are located within a 150 air-mile (241.40 km) radius of each other, with the exception of shows existing prior to 1979. If all affected show managers agree to waive the 150 air-mile (241.40 km) radius rule, shows separated by less than 150 air-miles (241.40 km) may be approved.
1. State, regional and county fairs may be on the same date as another approved show for exhibitors of all ages, despite proximity.

- L. Once a show approval application has been received and considered, the Chief Executive Officer will cause a statement to be issued informing the organization or individual submitting the application of the approval or disapproval of the event. In the event the application is not approved, reasons will be provided for the disapproval. Lack of approval for a certain class within the show need not invalidate the approval of the remaining classes. Any show approval rule to the contrary notwithstanding, the ApHC Chief Executive Officer has the right, in his/her sole discretion, to approve or disapprove any show(s), class(es) and/or event(s).
- M. New shows do not have priority for date reservations. A new show is one never previously held or held in the prior year but that was not ApHC-approved. In addition, shows that satisfy two or more of the following conditions are considered new shows:
  - 1. A show approved and held the prior year which changes sponsoring body. The sponsoring body is the individual or group financially responsible for holding the show.
    - a. The addition of a co-sponsoring group (as long as the original show sponsor remains) to an existing show does not constitute a change in sponsoring body.
  - 2. A show that changes its name.
  - 3. A show that changes location over 200 miles (321.86 km) or moves to a different state.
  - 4. A show that changes its date(s).
- N. The ApHC recommends that all applications for approval be sent certified mail, return receipt or other guaranteed receipted mail service. It is the responsibility of show management to ensure that the ApHC is in receipt of the original show approval application.
- O. No shows will be approved during the period of December 15 - December 31.
- P. Except as provided in Rule 601(Q), all classes to be offered at the approved show must be listed on the application, whether approved or not; and it must be indicated which classes are to be approved and which are to be non-approved.
- Q. The ApHC shall publish the name, dates, show location, judge(s), show contact's name, address, phone number and e-mail address for the show at least 30 days prior to the show in Appaloosa Journal and/or on the ApHC web site and/or by electronic communication to ApHC members. The ApHC shall publish the class list for the show on the ApHC web site at least 30 days prior to the show. The sponsoring regional club or individual(s) should make every effort to ensure that the list of classes is complete and accurate well in advance of the show to ensure all potential exhibitors the opportunity to attend. Changes to the class list will be published on the ApHC website as soon as reasonably practical.
  - 1. Classes published on the ApHC web site must be held if there is an entry.
- R. All approved shows must use judge(s) that are carded by the ApHC or by an approved organization as listed under GUEST JUDGES. The judge(s)' names shall be published in all printed materials and information pertaining to the show.
  - 1. For a single judge show, the judge shall be carded with the ApHC or may hold judging credentials with an approved organization as listed under GUEST JUDGES.
  - 2. For a double-judge show, one judge must be carded with the ApHC. The other judge may be carded with the ApHC or may hold judging credentials with an approved organization as listed under GUEST JUDGES.
  - 3. For a 3-judge or 4-judge show, one judge may hold judging credential with an approved organization as listed under GUEST JUDGES. All other judges must be carded with the ApHC.
  - 4. Guest judges must meet all requirements listed under GUEST JUDGES in order to be considered for approval to judge an ApHC-approved show.

5. Guest judges may only be contracted to judge shows sponsored or co-sponsored by an ApHC affiliated Regional Club or International Affiliate/Partner.
  6. Regional clubs or international affiliates are limited to contracting a maximum of 3 guest judges per year.
- S. At an ApHC-approved show sponsored or co-sponsored by a Regional Club or International Affiliate/Partner, or conducted by a group that has been pre-approved by ApHC or conducted by a nationally recognized specialty association including the National Reining Horse Association (NRHA), the National Reined Cow Horse Association (NRCHA), the National Cutting Horse Association (NCHA) or the United States Equestrian Federation (USEF) and ApHC-approved under this rule, non-Appaloosa horses may compete in the same class with ApHC-registered horses as stipulated in the show premium if show management deems this practice to be beneficial for the show's success. Only results for ApHC-registered horses are to be reported to the ApHC when show results are submitted to the ApHC at the conclusion of the show and shall be listed 1st through 8th in the order placed at the conclusion of the class regardless of where the ApHC horses placed within the all-breed horses included in the class—"ApHC Class Placings" will be documented from highest to lowest with highest to be first and so on until the top 8 Appaloosa horse entries have been placed according to ApHC Show rules. Further, only ApHC-registered horses that are eligible to be shown according to current rules shall be included in the number of entries in each class.
- T. An ApHC Regional Club may hold either one (1) two-judge, three-point show or one (1) three-judge, four-point show with the assignment of the double pointed judge to be determined prior to the show through an ApHC computer-generated random selection with such double-pointed judge's name to be published on the ApHC website and as part of such show's printed materials and information, provided that this right to use a double-pointed judge will not apply if and when a guest judge, permitted under Rule 502, is contracted to judge such show.

*Rule 602 is not assigned.*

### **603. CLASS REQUIREMENTS FOR SHOW APPROVAL**

- A. Regional clubs/International Affiliates hosting an ApHC-approved show may choose any classes from the following list to offer at the show.

### **605. SHOW RESULTS**

- A. Shows sponsored by an individual must have a minimum of 24 Appaloosas that are registered with the ApHC and eligible to show in order to have the results recorded.
- B. Shows sponsored by an ApHC Regional Club or International Affiliate shall have no minimum horse requirement.
- C. All classes in all shows must be judged by an approved ApHC judge or approved ApHC Guest Judge.
- D. The results of any ApHC-approved show or contest must be completed in their entirety on official forms furnished or approved by the ApHC. These forms must list the first eight horses unless fewer than that number competed. These results must be forwarded by certified mail, return receipt or other guaranteed receipted mail service to the ApHC and must be postmarked within 10 calendar days of the last show date. Computer forms will be accepted as long as prior approval is given. A printed show bill must accompany the results.
  1. For shows held in August, show results must be postmarked within 10 calendar days of the last show date. But regardless of postmark date, results must be received in the ApHC office by September 5 in order for exhibitors to use points from that show to qualify toward the current-year World Championship Appaloosa Show.
- E. All shows must be reported regardless of the number of entries. If a show is canceled, this must also be reported.
- F. Failure to comply with ApHC rules, regulations, and policies or failure to mail the completed result forms to the ApHC postmarked within 10 days of the last show date (or by September 5 as stipulated in D.1 above) shall result in the show being cited for a violation of these rules, the punishment for which may include censure, and/or a fine. If the fine is not paid, it will be added to the application fee for the next show. Future show dates will not be approved until the penalty is paid.
- G. Show management must notify the ApHC Show Department in writing of any amendments or corrections to show results. Corrections cannot be made to show results after December 21 for shows held prior to November 15th. For shows held after November 15, corrections must be in the ApHC office by December 31 of the current show year.
- H. Show management must collect national point fees as follows and forward to the ApHC along with the show results in order to have results processed

by the ApHC. Failure to submit point fees at the time results are submitted will result in points being held from that show until all fees are received.

1. At multi-judge shows (two or more judges), show management shall collect \$2 per entry per judge in nationally pointed open classes and \$1 per entry per judge in nationally pointed youth and non-pro classes.
2. At single-judge shows, show management shall collect \$5 per horse in nationally pointed open, non-pro and youth divisions (once per horse regardless of the number of divisions in which the horse is shown).

## **606. SHOW MANAGEMENT GENERAL RULES**

### **A. SAFETY**

1. The management is requested to give detailed consideration to all safety precautions for a youth show or classes. Particular attention should be given to classes where very young exhibitors are competing. The safety and well-being of youth competitors is a serious responsibility of the show management.
  - a. It is suggested that the show management designate two adults (other than the judge and ring steward) to be in the arena during Walk-Trot classes to help any exhibitor who might need assistance. The two adults should be stationed so as to avoid disrupting the classes.
2. Judges and ring stewards should follow class procedures that make certain there is sufficient space for the exhibitor to move into any position requested by the judge or ring officials. Particular caution should be given to the distance between the class line-up and the arena fence.
3. Except in the holding area for cutting classes, horses should not be tied to arena fences or rails or any other place that would constitute a hazard.

### **B. RING STEWARDS**

1. See RULES FOR RING STEWARDS.

### **C. JUDGES**

1. No judge shall be required to judge longer than six (6) hours in any one day without a reasonable break of at least one-half hour. Shows which fail to comply will be fined for each hour of violation and/or otherwise disciplined.
2. The show management shall send to the ApHC a report on the performance of the judge. The individual or individuals completing this form shall indicate if they owned or exhibited any horses in this show or contest. Forms for this report will be supplied by the ApHC.
3. In the event that any judge at or during any show is guilty of gross misconduct or engages in belligerent or extremely disruptive behavior or is in such a physical, mental, or emotional condition so as to substantially affect such judge's ability to judge properly, show management, in its sole discretion, shall have the right to prohibit such judge from judging the show and to remove such judge from the show grounds. The show management shall, on the next business day, file a written report of any such incident to the ApHC.
4. In cases of emergency, an alternate stand-in judge may serve with the approval of the President or Chief Executive Officer of the ApHC. If said emergency takes place over a holiday or weekend when such approval cannot be obtained, the show will immediately report to the ApHC by certified mail, a full description of the circumstances requiring the hiring of such alternate judge together with the alternate judge's name and qualifications. The Chief Executive Officer will approve or disapprove the use of such individual. Disapproval of the alternate judge will cancel the show's approval for National points.
5. In case of emergency at an international ApHC-approved multi-judge show (excluding Canada) it is not necessary to obtain a stand-in alternate judge. Multi-judge shows may count the results of one of the remaining judges twice to ensure proper national point calculation. The judge whose points will be counted twice will be determined by the ApHC office when show results are processed. In case of such an

emergency, there will be no change in the original show setup point fee charge per judge as approved by the ApHC.

6. By entering and/or participating in an ApHC approved and/or Sponsored event, horse owners and exhibitors grant the ApHC and the event's organizers permission to use the images of them taken by the official event photographer and the official videographer for any and all educational, promotional and review purposes. Video reviews may only be utilized in the instance where a judge has reason to believe that all entrants in an affected class have been videotaped by the official event videographer. A judge may only review video provided taken by the official videographer and not from any other source. Judges may not confer on any penalty or maneuver score prior to submitting a score. If a major penalty, such as but not limited to, a no score, a zero (0), an off pattern, or a two (2) point or higher penalty, excluding marker penalties in reining, is unclear, a judge will submit his/her score and ask that the score be held pending a conference or review of the official video as soon as practical. Should the judges determine via conference with other judges or by properly conducted video review that a penalty was incurred, any such penalty should be applied provided, however, if no penalty is determined to have occurred, the score will be submitted based on original scores. In the event of a review Judges must continue to score no scores and penalty score zero (0) scores in a multiple judged or videotaped event. No judge shall be required to change his/her score following a conference with other judges or properly conducted video review.

#### **D. ANNOUNCER**

1. At ApHC-approved shows, show management shall not announce the names of horses, owners and/or exhibitors prior to the completion of judging of a class. Should the Show Department find the change was not in compliance, the affected classes will lose their approval and/or the show will be fined. If any such changes are due to emergency, and/or acts of God, and as such, not in compliance with the rule, show management must send a complete report to the Show Department, which shall review it and decide whether or not such change was warranted.

#### **H. VERIFICATION OF ENTRIES**

1. Owner, exhibitor, youth and non-pro membership cards must be checked before issuing exhibitor's numbers and/or before the horse enters the arena or ring. Failure to do so may result in automatic cancellation of the show's approval.

- E. State Funded Shows - Show management shall be allowed qualification of monetary assistance from the state in which an ApHC approved show or event is conducted, where the state prohibits exclusion of non-members. If otherwise qualified, a non-member may gain entry in the open, non-pro and youth divisions of ApHC shows by payment of non-member fee equal to the amount specified in the fee schedule for annual membership dues and for non-pro entrants, payment of the additional non-pro enrollment fee. Payment of this fee will allow a non-member access to the particular event of show, which includes the entire show circuit. By entering as a non-member, the individual agrees to abide by all ApHC rules, including but not limited to show rules, failure of which may result in permanent exclusion from ApHC approved or sponsored events, after prior notice and hearing before the ApHC Disciplinary Committee, pursuant to ApHC rules pertaining to disciplinary proceedings. Upon collection, all such fees must be remitted to the ApHC by show management.
- F. No exhibitor can be required to be a member of any club or association other than the ApHC in order to compete in any approved class or show.
- G. A totally blind horse is not eligible to show in any class. A horse with one eye is eligible to compete; however, exhibitors are urged to use caution when choosing to exhibit a horse with a sight impairment, exercising caution at all times when considering the limitations of the horse, the safety of the exhibitor and the safety of other exhibitors in the class.
- H. Horses entered in all events must be serviceably sound and in good condition. Small blemishes on account of accident, for example, wire cuts and brands, are not to be counted against the horse.
- I. Only junior horses may be entered in a junior or hackamore/snaffle bit classes. Junior horses are FIVE years old and younger.
- J. Only senior horses may be entered in senior classes. Senior horses are SIX years old and older.
- K. For shows that offer junior and senior halter classes, horses must be 2 years old and younger to compete in junior halter and must be 3 years old and older to compete in senior halter classes.
- L. To maintain eligibility the two-year-old year for two-year-old events, entry into other performance events is prohibited with the following exceptions: Two-year-olds may cross enter two-year-old snaffle bit hunter under saddle, two-year-old western pleasure, pleasure driving, men's heritage, ladies' heritage, 1st year green pleasure classes and snaffle bit/bosal futurities. A two-year-old may cross-enter junior western pleasure and/or junior hunter under saddle after May 20 only if there are no other entries in their respective two-year-old class and only if the two-year-old class precedes the junior class(es) on the class list.

1. In order to maintain two-year-old eligibility, horses may only be shown in equipment acceptable for use in two-year-old classes regardless of which class in which they are exhibited.
  2. Once a horse has been shown in anything other than an acceptable snaffle bit or bosal, it is no longer eligible to be shown in snaffle bit/hackamore classes.
  3. When there is no intention for a junior horse to remain snaffle bit class eligible, that horse may be shown in a snaffle bit, hackamore or curb bit as the same show. Once this occurs, the horse is expressly denied the right to compete in snaffle bit/hackamore classes.
  4. Two-year-old performance classes may not be held prior to May 20. Two year olds may not be shown in any ApHC-approved performance event prior to May 20 of the current year.
- M. Performance classes are open to stallions, mares and geldings with the exception that youth may not ride a stallion in classes designated as youth or junior exhibitor 18 years of age and under. Stallions may be shown by anyone in all classes in other divisions.

## 608. ENTRIES

No entry will be accepted where an exhibitor prescribes the conditions under which he will exhibit. Parent or legal guardian must sign for an exhibitor under 18.
- B. Presentation of signed entry blanks shall be deemed acceptance of all rules, and in the event of failure to sign the entry blank, the first entry into the show ring as an exhibitor shall be deemed to be an acceptance of said rules.
- C. Management reserves the right to decline any entry for cause and to return the entry before or during the show without being liable for compensation. Written reasons for declining entry by show management under this rule must be presented to the person whose entry is declined. The show management shall as soon as possible forward a copy of the reasons to the ApHC. "Cause" is defined to include, but not be limited to:
  1. Exhibiting unsportsmanlike conduct.
  2. Cruel and/or inhumane treatment.

Such entries shall be optional to the exhibitor.
- F. No open ApHC pointed class can exclude the entry of a youth exhibitor 18 years and under.
- G. A non-pro or youth cannot be required to enter an open class to qualify for high point awards.
- H. Youth age divisions may be combined or 18 & under classes may be split at the direction of the judge or show management with the unanimous consent of all exhibitors involved in the class or classes in question. Entries shall be accepted after a class is combined. FPD halter classes for stallions, mares and

geldings may be combined at the direction of the judge or show management with the unanimous consent of all exhibitors involved in the classes in question. Any points earned in a combined class will be recorded in the horse's record according to the sex of the point-earning horse.

1. Regional clubs are encouraged to offer classes in junior and senior age groups and combine them at the show if necessary, based upon the number of entries.
- I. Show management shall not accept additional entries in a class once competition or judging for the previous class has begun.
- J. Non-Pro exhibitors may ride a maximum of two horses in the walk-trot divisions of these two classes as they are time-only classes.
  2. Youth exhibitors (including walk-trot exhibitors) may ride a maximum of 2 horses in each of the classes listed above (provided they are currently offered to youth exhibitors as approved classes). Youth exhibitors may only ride one horse in youth Nez Perce stake race and youth camas prairie stump race except that a youth exhibitor may ride a maximum of two horses in these two classes provided they are timed-only classes. Walk-trot exhibitors may ride a maximum of two horses in walk-trot Nez Perce stake race and walk-trot camas prairie stump race as they are time-only classes.
- K. An exhibitor with special needs, which term is defined for purposes of this rule as a permanent disability, may apply for a variance from the ApHC Chief Executive Officer, to accommodate their special needs to allow them to show in and be judged in classes they seek to enter. Any variance application may be granted or denied at the sole and absolute discretion of the ApHC Chief Executive Officer who may impose any conditions on any variance approval that are deemed advisable. If any variance application is so granted, the ApHC Chief Executive Officer will issue a letter to the special-needs exhibitor granting the variance and stating any applicable accommodations, conditions and classes allowed. The original letter so issued must be shown by such special-needs exhibitor to show management before the special-needs exhibitor will be permitted to show. This variance must be applied for each calendar year, will expire on December 31 of each year and can be revoked at the discretion of the ApHC Chief Executive Officer at any time.

## **609. SHOW VIOLATIONS**

To promote competition in ApHC-approved events, in order that the ApHC records will, at all times, reflect the actual quality of equine performance, any form of conduct which inhibits competition is expressly prohibited and must be immediately reported to the ApHC. This offense includes not only the person suggesting the prohibited conduct, but all who participate in the scheme or plan. Such conduct includes, but is not limited to any person:

1. Exhibiting unsportsmanlike conduct. Any such unsportsmanlike conduct shall jeopardize their right to further exhibit in the show. At any time, the judge and/or Show Committee may issue a first warning to any exhibitor and/or owner for unsportsmanlike conduct. To assist the ApHC in the promotion of true competition, any person who is approached by another to cooperate in a scheme or plan to inhibit competition, shall immediately report the matter to the ApHC, failing which, the person approached may be subject to disciplinary action by the Executive Committee, the same as the person or persons suggesting the scheme or plan.
3. Treating horses inhumanely **and/or** cruelly, the discovery of which by a show official shall be reported to show management and show management may immediately disqualify the horse and report the same to the ApHC for disciplinary proceedings.
4. Committing any act which is prejudicial to the best interest of the ApHC, including but not limited to acting or inciting or permitting any other to act in a manner contrary to the rules of the ApHC, or in a manner deemed improper, unethical, dishonest, unsportsmanlike or intemperate, or prejudicial to the best interests of the ApHC.

12. Contacting or attempting to contact a judge after the judge has accepted a judging assignment pertaining to judging of any horses at that show. Further, exhibitors shall not approach judges for any reason prior to the completion of judging unless the ring steward is present. Any request to speak to the judge must be made through the ring steward or another show official and any conversation with the judge shall take place in the presence of the ring steward or other show official. No exhibitor shall socialize, fraternize or visit with a judge the day prior to or the day of the show.

# NATIONAL POINT SYSTEM

**700.** Points earned by a horse will be retained with the horse in case of sale or lease of the horse. In order to earn any award, the owner must be an ApHC member in good standing. If a horse is jointly owned, one owner must be a member in good standing in order for the horse to receive points. For year-end awards, the point year is January 1 through December 20.

A. For a list of classes approved for national points, see rule 702.

B. Optional Non-Pointed Classes

- Men's Western Pleasure
- Ladies' Western Pleasure
- Ranch Conformation
- Yearling In-Hand Trail
- Timed-Only Barrel Racing
- Timed-Only Pole Bending

## 701. SHOW PLACINGS

A. All nationally pointed open classes shall count towards national point system based awards. Points shall be earned according to the number of horses shown and judged in a class as follows.

# of horses	1st	2nd	3rd	4th	5th	6th	7th
2	½						
3-7	1	½					
8-12	2	1	½				
13-17	3	2	1	½			
18-22	4	3	2	1	½		
23-27	5	4	3	2	1	½	
28 and over	6	5	4	3	2	1	½

B. Actual participants judged shall be counted as the number of horses in a class, rather than horses entered. Scratches do not count for total number of horses when points are determined. In most cases, disqualified entries are considered judged.

C. Judges must place the top eight entries in each class except in classes of fewer than eight entries or in instances of lack of merit. No class is complete until all ties through point-earning placings are broken. If a tied contestant is disqualified in the run-off, (s)he is not to be placed any lower than the lowest position for which (s)he was tied. Contestants disqualified during the first run are not considered to be tied for a place even if there were fewer than eight entries in the class.

D. The judge at his discretion may refuse entry into the arena for improper attire or equipment. Further, a judge may eliminate any horse or exhibitor as an entry which he/she does not feel has legitimately attempted to comply with the class rules and procedures. In such case, this entry would not be counted as an entry for the purpose of determining the number of entries in the class for national points.

E. The winners of the weanling, yearling, 2-year-old, 3-year-old, 4-year-old and older, or junior and senior, and performance halter classes in each sex and broodmare classes (if applicable) shall be judged for Grand Champion. The second place horses in the weanling, yearling, 2-year-old, 3-year-old, 4-year-old and older, broodmare, or junior and senior, and performance halter classes will line up behind the winner of each such class. After the Grand Champion has been selected, the second-place horse to that entry shall move up and stand with the winners of the other classes to be judged for Reserve Grand Champion in that sex division.

1. The Grand Champion will receive one point more than the highest pointed class in its sex division; however, in the event no points are awarded in any nationally pointed class in its sex division and at least one other horse is shown in any class eligible to receive national points in its sex division, the Grand Champion shall receive one point.
2. The Reserve Grand Champion will receive ½ point more than the highest pointed class in its sex division; however, in the event no points are

awarded in any nationally pointed class in its sex division and at least one other horse is shown in any class eligible to receive national points in its sex division, the Reserve Grand Champion shall receive ½ point.

**Example:**

Consider the following example when calculating points earned by horses winning Grand or Reserve Champion titles. In this example, the following classes and entries are held at an ApHC-approved show:

- Weanling Fillies - 2 entries (½ point earned by first place)
- Yearling Fillies - 2 entries (½ point earned by first place)
- Two-Year-Old Mares - 2 entries (½ point earned by first place)
- Three-Year-Old Mares - 2 entries (½ point earned by first place)
- Aged Mares - 2 entries (½ point earned by first place)

Performance Halter Mares - 4 entries (1 point earned by first place, ½ point earned by second place)

The first and second place horses in the above classes return to be judged for Grand and Reserve Champion. The highest pointed class in the sex division is the Performance Halter Mares class in which first place received 1 point. Therefore, the Grand Champion should receive a total of 2 points (which is 1 more point than the highest pointed class in the sex division). The Reserve Champion should receive a total of 1½ points (which is ½ point more than the highest pointed class in the sex division).

For this example, the first place horse in Aged Mares wins Grand Champion. She should receive a total of 2 points. Since this mare already has ½ point for winning her class, she will receive 1½ more points for being named Grand Champion, bringing her point total to 2 points for the show. That gives her 1 point more than the winner of the Performance Halter Mares class.

The second place Aged Mare then goes on to win Reserve Champion. She should receive a total of 1½ points. Since the Reserve Champion mare didn't earn any points in her class (she was second of two horses in Aged Mares), she will receive a total of 1½ points for being named Reserve Champion. That gives her ½ point more than the winner of the Performance Halter Mares class.

Points from age division		+	Points from Grand or Reserve Title	=	Total
Grand Mare	½	+	1½	=	2
Reserve Mare	0	+	1½	=	1½

## 702. NATIONAL AWARDS

2. Points must be earned from January 1 through December 15 in the year in which the award is to be earned.
3. High point standings will be calculated in each Territory based upon points earned at shows held in that Territory.
  - a. An award will be given to the year-end high-point winner in each Territory provided that the horse has earned a minimum of 10 points in the class that have been earned under five or more judges.
  - b. Points earned at the National Championship Appaloosa Show will not count toward territorial high point awards.
4. Overall year-end high point standings will be calculated for all ApHC-approved shows. A horse will be eligible to earn a medallion in that class provided it has earned a minimum of 10 points under a minimum of 5 judges and provided that it has earned more points in the class than any other horse.

## **C. Register of Merit (ROM)**

Horses are awarded the ROM when they have earned at least 10 points in an open performance or halter class. Points earned in Two-Year-Old Snaffle Bit Western Pleasure, Two-Year-Old Snaffle Bit Hunter Under Saddle, Yearling Longe Line, weanling halter divisions and FPD halter classes are eligible to count toward a ROM. A minimum of five points must be earned under three or more judges. Only one ROM is available regardless of age in classes which are divided as junior and senior. Points earned toward an ROM carry from junior to senior, and from 2-year-old to 3-year-old. Points do not carry over from 3-year-old to junior. A horse can only earn 1 halter ROM.

## **D. ApHC Champion**

### H. Production Awards

1. ApHC Performance Dam - A certificate for ApHC Performance Dam will be awarded when three of a mare's produce have earned either an ApHC Champion or an ApHC Versatility Champion award.
2. ApHC Performance Sire - A certificate for ApHC Performance Sire will be awarded when eight of a stallion's get have earned either an ApHC Champion or an ApHC Versatility Champion award.

### I. Medallion Awards System

The medallion system is a means of recognizing Appaloosa horses, properly registered within the rules of the ApHC, which have proven their superiority in the field of performance, halter, distance riding and racing.

1. In order for a horse to qualify for a medallion or year-end racing award, one owner must be a member of the ApHC for the qualifying year. Smaller replicas are awarded to the first listed owner, provided one owner is an active member of the ApHC for the qualifying year, and to the first listed breeder, provided one breeder was an active member of the ApHC for the year the horse was bred. Only one owner medallion and one breeder medallion per qualifying horse will be awarded regardless of the number of co-owners or co-breeders. In cases where the owner and breeder of a qualifying horse are the same, only one owner/breeder medallion will be awarded. Medallions will be awarded to breeders who meet all qualifications as long as the dam is registered with the ApHC or one of the approved breed associations. Owners and breeders must notify the ApHC, within a year of qualification, if an earned medallion was not received. Medallions for National and World Show wins will be mailed to the first

listed owner on record with the ApHC at the time of the win. Year-end high point medallions will be awarded to the first listed owner on record with the ApHC as of December 31 of the qualifying year. A horse is eligible to win more than one medallion per category.

2. Medallions to be awarded as follows:
  - First Category-Bronze
  - Second Category-Silver
  - Third Category-Gold
  - Fourth Category-Diamond Studded

Example:

If a horse started out in the field of racing and was eligible for a medallion as a 2-year-old, it would be entitled to a bronze medallion. If it were trained in performance and won the reining class at the World Championship Appaloosa Show, it would receive a silver medallion. If it competed later in distance trail riding and compiled a sufficient number of miles, it would receive a gold medallion. If the horse competed and won the aged stallion class at the National Appaloosa Horse Show, it would be awarded the diamond studded medallion. The medallion award goes to the horse. In the event the horse is sold, the medallion goes with the horse unless the parties contract differently.

3. A medallion will be issued to the winner of each designated class both at the World Championship Appaloosa Show and the National Appaloosa Show, provided at least three entries are shown in the class. Any horse who is the overall high point horse at the end of the year through the National Point System will receive a medallion, provided the horse meets year-end high-point requirements as listed in rule 702.B. Ties for year-end high point awards will not be broken.
  - a. In halter and performance, medallions will be awarded to the owner of record on the date an award is earned.
    - i. Medallions will be awarded to the owner of record on the day the horse was shown and won the class at the National and/or World Show (if otherwise eligible).
    - ii. Medallions will be awarded to the owner of record on December 31 of each year for the year-end high-point winner (if otherwise eligible).
4. In the field of trail and distance, trail medallions will be awarded as follows:
  - a. Medallions will be issued to eligible horses completing 350 Endurance or 350 competitive trail riding miles beginning December 1 and ending November 30 each year. In Distance Riding, medallions will be awarded to the first listed owner of record on the date the required mileage was completed.
  - b. A medallion will be awarded to horses completing 1,000 recreational trail riding miles. The horse must be enrolled in the Distance Program and miles must have been earned on ApHC-approved or ApHC-sponsored trail rides.
  - c. Beginning in 1993, a medallion will be awarded to horses completing 10 consecutive years of each entire annual Chief Joseph Trail Ride. Medallions will be awarded to the first-listed owner according to ApHC records at the time the 10-year requirement is completed.
5. In the field of racing, medallions will be issued to the top three eligible horses in each age and sex category. Medallion points will be figured using a formula of the number of wins times the amount of money earned as officially recorded by the Appaloosa Horse Club for the qualifying year. A horse must be registered with Regular (#) or CPO (CN) registration classification, or have been issued a Performance Permit prior to racing in the qualifying year, to be eligible to earn racing medallions. Racing medallions are awarded to the first listed owner or lessee on record on December 31 of the qualifying year.

## **J. Production Plaques**

1. Production plaques may be earned by horses registered with the ApHC providing the owner is an active member of the ApHC for the qualifying year. If a stallion sires 12 different bronze medallion winners, a bronze production plaque will be issued. If a stallion sires 24 different horses that win bronze medallions, a bronze Superior Sire Production Plaque will be issued. If a stallion sires 40 different horses that win bronze medallions, the stallion will be issued a bronze Supreme Sire Production Plaque, will be issued, and will be inducted into the Appaloosa Hall of Fame. If a mare produces three different bronze medallion winners, a bronze production plaque will be issued. If a mare produces four different bronze medallion winners, the mare will be issued a bronze Superior Dam Production Plaque. If a mare produces five different bronze medallion winners, the mare will be issued a bronze Supreme Dam Production Plaque and will be inducted into the Appaloosa Hall of Fame.
2. If a stallion sires eight different silver medallion winners, a silver production plaque will be issued. If a stallion sires 12 different horses that win silver medallions, the stallion will be issued a silver Superior Sire Production Plaque. If a stallion sires 16 different horses that win silver medallions, the stallion will be issued a silver Supreme Sire Production Plaque and will be inducted into the Appaloosa Hall of Fame. If a mare produces two silver medallion winners, a silver production plaque will be issued. If a mare produces three different horses that win silver medallions, the mare will be issued a silver Superior Dam Production Plaque. If a mare produces four different horses that win a silver medallion, the mare will be issued a silver Supreme Dam Production Plaque and will be inducted into the Appaloosa Hall of Fame.
3. If a stallion sires four different gold medallion winners, a gold production plaque will be issued. If a stallion sires six different horses that win gold medallions, the stallion will be issued a gold Superior Sire Production Plaque. If a stallion sires eight different horses that win gold medallions, the stallion will be issued a gold Supreme Sire Production Plaque and will be inducted into the Appaloosa Hall of Fame. If a mare produces one gold medallion winner, a gold production plaque will be issued. If a mare produces two different horses that win gold medallions, the mare will be issued a gold Superior Dam Production Plaque. If a mare produces three different horses that win a gold medallion, the mare will be issued a gold Supreme Dam Production Plaque and will be inducted into the Appaloosa Hall of Fame.
4. If a stallion or mare sires or produces a diamond-studded medallion winner, a diamond-studded production plaque will be issued. The winner of a diamond medallion will be inducted into the Appaloosa Hall of Fame. The sire and dam of a diamond medallion winner will also be inducted.

## **K. Induction of Geldings into Hall of Fame**

A gelding will automatically be inducted into the Hall of Fame if he has earned 14 bronze medallions or 9 silver medallions or 2 gold medallions.

## **703. WORLD CHAMPIONSHIP APPALOOSA SHOW**

### **A. QUALIFYING REQUIREMENTS—OPEN CLASSES**

1. Under the National Point System, individual owners may qualify horses by meeting the minimum number of point requirements if they are current members in good standing in the ApHC. Those shows which have gained ApHC approval and have met all requirements will count for national points.
2. Under the regional club/international partner system, a regional organization or international partner officially recognized as an affiliate in good standing with the ApHC may qualify up to its top five (5) horses for the World Championship Appaloosa Show in each class. In order for a regional club or international partner to be eligible to nominate horses for the World Championship Appaloosa

Show under this system, that club/partner must have sponsored or co-sponsored at least one ApHC-approved show in the qualifying year which is judged by at least one ApHC-approved judge and that regional club or international partner may only nominate horses in classes in which such horses exhibited in that club's or partner's sponsored or co-sponsored show.

- a. Regional clubs/international partners may design their own point system but must meet the following conditions:
  - i. Each show used for regional qualifying points must be an ApHC-approved show. Organizations, clubs or individuals desiring to sponsor or stage shows which will be approved by the ApHC, and which will include the awarding of national points to the top-placing horses entered in the show must obtain approval from the Appaloosa Horse Club.
  - ii. Owners of horses qualifying under this provision must be active members of the organization submitting the nomination.
  - iii. A horse may receive only one (1) World Show invitation per class. If it earns an invitation under the National Point System, it becomes ineligible to be nominated by a Regional Club or International Partner for that class. Only the top five (5) ranking horses from the Regional Club/International Partner, regardless of whether the horse qualified under the National Point System, may receive the Regional Club/International Partner invitation. In the event that all of the Regional Club's or International Partner's top five (5) horses qualify under the National Point System, no horse would qualify from that organization for that class. If a horse qualifies in more than one organization, it must use whichever qualification shows up first when Regional Clubs or International Partners are listed in alphabetical order.
3. Each World Show class champion will automatically qualify to compete in that class at the next World Show.

## **B. QUALIFYING REQUIREMENTS—NON-PRO CLASSES**

1. Under the National Point System, non-pros may qualify by meeting the minimum number of point requirements in any age division (19 & over, 35 & over, masters) of a non-pro class which will entitle the non-pro to exhibit in any age division of that class, with the exception of halter. In halter, non-pros must earn the prescribed number of national points in any non-pro halter sex division (not per class) in order to be eligible to compete in any halter class in that sex division, excluding weanlings competing in weanling halter classes and weanlings and yearlings competing in hunter in hand classes. To earn points, the non-pro must be a current member in good standing in the ApHC, be enrolled in the non-pro program and meet ownership requirements of the horse they compete with in the class. Those shows which have gained ApHC approval and have met all requirements will count for national points.
2. Under the regional club/international partner system, a regional organization or international partner officially recognized as an affiliate in good standing with the ApHC may qualify up to its top five (5) non-pros for the World Championship Appaloosa Show in each class. In order for a regional club or international partner to be eligible to nominate non-pros for the World Championship Appaloosa Show under this system, that club/partner must have sponsored or co-sponsored at least one ApHC-approved show in the qualifying year which is judged by at least one ApHC-approved judge and that regional club or international partner may only nominate non-pros in classes in which such non-pros exhibited in that club's or partner's sponsored or co-sponsored show.

- a. Regional clubs/International Partners may design their own point system but must meet the following conditions:
  - i. Each show used for regional qualifying points must be an ApHC-approved show. Organizations, clubs or individuals desiring to sponsor or stage shows which will be approved by the ApHC, and which will include the awarding of national points to the top-placing horses entered in the show must obtain approval from the Appaloosa Horse Club.
  - ii. Owners of horses qualifying under this provision must be active members of the organization submitting the nomination. The non-pro exhibitor of the horse must also be an active member of the organization submitting the nomination.
  - iii. A non-pro may receive only one (1) World Show invitation per class. If the non-pro earns an invitation under the National Point System, he/she becomes ineligible to be nominated by a Regional Club or International Partner for that class. Only the top five (5) ranking non-pros from the Regional Club/International Partner, regardless of whether the non-pro qualified under the National Point System, may receive the Regional Club/International Partner invitation. In the event that all of the Regional Club's or International Partner's top five (5) non-pros qualify under the National Point System, no non-pro would qualify from that organization for that class. If a non-pro qualifies in more than one Regional Club or International Partner, he/she must use whichever qualification shows up first when Regional Clubs or International Partners are listed in alphabetical order.
3. Each World Show class champion will automatically qualify to compete in that class at the next World Show.

### **C. QUALIFYING REQUIREMENT DEADLINES**

1. Point cut-off date for qualifying under both the National Point System and the regional club/international partner system is August 31. For shows after that date, the points shall be counted toward the following year. All show results, regional club and international partner nominations and current regional/international partner membership lists must be sent by certified mail return receipt or other guaranteed mail service, and must be in the ApHC office by the following deadlines:
  - a. Shows held prior to August 1 – all results, nominations and membership lists must be received by the ApHC no later than August 15.
  - b. Shows held on or after August 1 – all results, nominations and membership lists must be received by the ApHC no later than September 5.
  - c. Shows whose approved Appaloosa classes begin on or before August 31 and run continuously into September will count toward the current year's World Show qualifications. These show results also must be in the ApHC office by September 5, **NO EXCEPTIONS**.
  - d. If the above requirements are not in the ApHC office by September 5, each show will be fined \$100 and the points will be carried over to the next year.

### **D. ELIGIBILITY**

1. Exhibitors and owners must be members of the ApHC and of a regional club or a recognized International Partner in order to compete at the World Show. Persons competing shall be defined to include owners, trainers, and exhibitors.
  - a. If a horse is owned by a corporation, the person signing for the corporation must be a current member in good standing of the ApHC. If a horse is owned by two or more people, at least one of the owners must be a current member in good standing of the ApHC.

- E. In the case of a Non-pro exhibitor or a horse not meeting World Show qualification requirements due to a major medical condition of the exhibitor or due to a major medical condition of the horse that has prohibited

them from attending regional shows in an effort to get qualified, the exhibitor/owner may apply for a variance from the ApHC to bypass qualification requirements and enter the World Show. Any variance application may be granted or denied at the discretion of the ApHC Executive Committee upon recommendation by the ApHC Chief Executive Officer. The Executive Committee may impose any conditions on any variance approval that are deemed advisable. The variance application must be accompanied by original dated documents from the attending physician or veterinarian and will be verified by the ApHC Chief Executive Officer. If any variance application is granted by the Executive Committee, the ApHC Chief Executive Officer will issue a letter to the Non-pro or owner of the qualifying horse, granting the variance, listing the affected class (es) and stating any conditions. This variance will expire immediately following the completion of the World Show in the year it was granted and can be revoked at the discretion of the ApHC Executive Committee at any time. The variance application must be received no later than August 31 or it shall not be considered.

## F. QUALIFYING REQUIREMENTS – WORLD CHAMPIONSHIP YOUTH SHOW

1. All youth classes at the annual World Championship Youth Show are non-qualifying. Any youth that meets requirements as stipulated in rules 801 & 802 is eligible to compete.

## 711. DISQUALIFICATIONS FOR PERFORMANCE & HALTER

- A. Fall of horse and/or exhibitor shall result in disqualification, except as may be otherwise stated in individual class rules and except in halter classes. A horse is considered to have fallen when the shoulder and flank or quarters on the same side have touched the ground or an obstacle and the ground. An exhibitor is considered to have fallen when he/she is separated from his/her horse, that has not fallen, in such a way that he/she must remount or vault into the saddle.
- B. Any contestant who is assisted by another person inside the arena or show ring will be disqualified, excluding Leadline and excluding an exhibitor who needs assistance with a loose horse in halter. This does not apply to a contestant in a team event, such as heading and heeling, cutting, or driving.
- C. In all classes and all divisions of classes, judges may disqualify horse(s) from the class if fresh blood is found on the mouth and/or body areas of a horse (i.e. : including but not limited to the barrel, flanks, belly, sides, shoulders). Judges have the sole authority to determine if the blood found on the horse warrants disqualification from the class and the judge's decision is final and not protestable.

- D. Any time a horse's mouth is tied or fastened in a performance class, it shall be disqualified.
- E. Any exhibitor striking or hitting the horse forward of the cinch with any object (other than the hands) shall constitute immediate disqualification from any performance class (exception: over fence classes). Any exhibitor striking the horse on the head with anything, including the hands, will be subject to disqualification. This rule will be strictly enforced by the judge. These objects include but are not limited to romal, spurs, whip, bat, quirt, crop, switches, wire, reins, rope, or any other object.
- F. The judge may disqualify any animal that is not sufficiently gentle to be shown without danger to the public, show officials and/or exhibitors. The judge shall have the authority to dismiss any entry from the arena if the entry is not under sufficient control.
- G. No exhibitor may be tied, buckled or fastened in the saddle in any manner or by any means. (Exception: See Rule 608.K)
- H. Exhibitors may be disqualified for not following judge's instructions.
- I. Any horse not following the exact pattern required in any class will be disqualified unless otherwise specified under class rules.
- J. Lack of required appointments (personal attire or tack) will be cause for disqualification in any class specifying required appointments.
- K. Use of prohibited appointments is cause for disqualification.
- L. If an entry is handicapped by a cast shoe or equipment failure in a timed or judged event which prevents him from continuing the class without stopping to repair it, he shall be disqualified except as may be stated in individual class rules. Reruns will not be allowed in instances of equipment failure.
- M. Entry numbers must be assigned to horses, not exhibitors, and the exhibitors must display the correct number assigned for the horse being exhibited at ApHC-approved shows. Failure by exhibitor to display the correct number and in a visible manner while being judged shall result in disqualification.
  - 1. In halter, showmanship, bareback horsemanship, saddle seat and ladies' side saddle classes, the number must be worn on the exhibitor's back.
  - 2. In driving classes, the number must be displayed on both sides of the vehicle shafts.
  - 3. In western performance classes, and English performance classes (except saddle seat), each horse must have two numbers; one visible on each side of the saddle or saddle pad.
- N. Coloring of the hooves that would cover and/or hide the natural characteristics of the hooves (clear hoof dressing will be allowed).
- O. The use of shoe polish, dye, spray paint and/or similar substance of any color on the body, head, legs, mane or tail of the horse shall be considered as artificial coloring and shall result in disqualification of the horse (except as otherwise stated in games and heritage class rules.)
- P. Except for hackamore/snaffle bit classes or junior horses shown with an acceptable hackamore or snaffle bit, only one hand may be used on the reins, and the hand must not be changed (except as allowed in TRAIL & Gaming Classes General Rules). The hand is to be around the reins; index finger only between split reins is permitted. Violation of this rule is an automatic disqualification from the class.
- Q. Judges may, at their discretion, disqualify horses that appear sullen, dull, lethargic, emaciated, drawn or overly tired. Such disqualification shall be reported to show management who shall immediately report the matter to the ApHC.
- R. Judges may, at their discretion, disqualify horses that have been inhumanely treated per Rule 30.A. Such disqualification shall be reported to show management who shall immediately report the matter to the ApHC.
- S. Exhibitors are not allowed to wear earpieces or to have wireless contact with anyone during the conduct of a class. Exhibitors in violation of this rule shall be disqualified. Exceptions may be made for challenged riders with ApHC documentation.

## 712. LAMENESS

- A. Rules regarding lameness are adopted to protect the health of Appaloosas exhibited in ApHC-approved and -sponsored shows.
- B. Obvious lameness shall be cause for disqualification in all classes. Obvious lameness is:
  1. Consistently observable at a trot under all circumstances;
  2. Marked nodding, hitching, or shortened stride;
  3. Minimal weight-bearing in motion and/or at rest and inability to move.
- C. The judge shall examine and check for lameness all horses brought into any class. This is essential regardless of whether or not the competition indicates it is necessary.
- D. A judge's decision as to the lameness of a horse is not protestable.

## 713. HALTER CLASSES

### A. Halter Class General Rules

1. Apply to all halter sex and age divisions, most colorful at halter, FPD halter (See rule 713.C for rules that apply only to FPD halter classes), performance halter, and ranch conformation classes, unless otherwise stated.
2. Equipment:

  - c. The use of whips or bats of any type shall not be permitted, except in hunter in hand.
3. Attire:

A jacket or blazer may be worn but does not fulfill the requirement of collar. No skirts or dresses. Chaps and spurs are prohibited.
4. Class Conduct:
  - a. Horses shall enter ring and be lined up at the discretion of the judge. Entries shall be judged individually, standing and also at a walk and trot on the line. Horses shall be led directly to and away from the judge. Additionally, the judge shall inspect the trot from a direct side angle. In all halter classes and judging of grand and reserve champion, the judge shall inspect each horse from the front, rear and both sides. Horses should stand squarely and naturally and are not to be stretched.

  - c. Exhibitors shall not be penalized for touching or moving a horse's leg with their hands.
  - d. Horses must be handled and shown by one person only.
  - e. Unruly or ill-mannered horses may be excused from the ring.

- f. Horses entered in all events must be serviceably sound and in good condition. Small blemishes on account of accident, for example, wire cuts and brands, are not to be counted against the horse.
  - g. If a horse falls or an exhibitor needs assistance with a loose horse, they will not be disqualified from the class.
5. A horse may be exhibited in only one point earning age/sex class including broodmares. Horses entered in their respective age/sex or broodmare class may also enter Most Colorful at Halter, the appropriate sex Hunter in Hand class and FPD halter.
6. Open Halter classes include:
- a. Weanlings (foaled in calendar year of show)

  - h. Broodmares
    - i. Mares that have produced an ApHC-registered Appaloosa foal in the current year or the previous year are eligible to be shown in the broodmare class, except a mare's production requirements cannot be satisfied as a result of that mare's donation of an embryo to another mare. Once a broodmare has produced three naturally-born ApHC-registered foals, she is eligible to be shown in the broodmare class for the rest of her life. Mares may be any age. Mares shown in the Broodmare class are not eligible to be show in any other mare class (listed above) at the same show.
  - i. Performance Halter
    - i. mares
    - ii. stallions
    - iii. geldings
  - j. Grand Champion (chosen from first place class winners in each sex division, except as noted in 7.b below)
    - i. mare
    - ii. stallion
    - iii. gelding

- k. Reserve Grand Champion (chosen from second place class winner in the Grand Champion's class and first place winners in all other classes in that sex division, except as noted in 7.b below)
    - i. mare
    - ii. stallion
    - iii. gelding
7. Grand and Reserve Grand Champion class conduct: When judging of all classes in a halter division has been completed, all first and second place class winners of that sex division (weanling, yearling, 2-year-old, 3-year-old, 4-year-old and older, or junior and senior, broodmares, and performance halter), shall return to the ring, with first-place class winners in one line and second-place horses from each class in another line. See rule 701.E for explanation of points awarded in Grand and Reserve classes.
- a. It is mandatory that the judge select a Grand Champion and Reserve Champion in each sex division in open.
  - b. The judge shall select the Grand Champion mare, stallion or gelding from the first-place class winners in the respective sex division. If the first place horse does not return for any reason, the second place horse will move up to the first place line and be considered for Grand and Reserve. The third place horse cannot move up to second place in the class. All first place horses will retain points in their respective classes.
  - c. The ring steward shall take the second-place horse in the class from which the Grand Champion had been selected and place it in the line with the first-place class winners, to be judged equally for the title of Reserve Champion mare, stallion or gelding in the respective sex division.
8. If otherwise eligible:
- a. Horses of different ages may be shown together in junior, senior, most colorful at halter, performance halter and FPD halter.
  - b. Horses of different sexes may be shown together in most colorful at halter classes.

## **B. MOST COLORFUL AT HALTER**

- 1. Class Conduct:
  - a. Horses to be judged 60% on color, 40% on conformation, action, substance, quality and manners. Horses registered with CPO (CN) or N (Non-Characteristic) registration classification or horses that have been issued a Performance Permit are ineligible to compete in Most Colorful at Halter.
  - b. Entries shall be judged individually standing, and also at a walk and trot on the line.

## **C. FPD HALTER**

- 1. Class Conduct:
  - a. Horses to be judged on conformation, action, substance, quality and manners. Horse must have FPD papers to enter this class. No applications for registration or "work in progress" papers.
  - b. Points earned in FPD halter classes will be recorded on the horse's performance record and count toward lifetime awards and year-end medallions.
  - c. Horses shall not be penalized for having a sparse mane and/or tail.

## **D. PERFORMANCE HALTER**

- 1. When open performance halter classes are offered, only an all-age class will be held for each sex division. Separate classes will be held for stallions, mares and geldings.
- 2. First and second place in the performance halter class will be eligible for grand and reserve grand champion in each sex division. The number of entries in performance halter classes count toward the total for each sex division in determining points for grand and reserve.

3. The following horses are the only horses eligible to compete in performance halter:
  - a. Horses that have earned a racing register of merit (ROM)
  - b. Horses that have earned a register of merit (ROM) in an open performance class.
  - c. Horses that have earned a register of merit (ROM) in a youth performance class.
  - d. Horses that have earned a register of merit (ROM) in a non-pro performance class.
4. For purposes of this rule a register of merit is considered “earned” only after the register of merit has been officially recorded in the horse’s ApHC performance record. A horse must earn its ROM prior to the year in which it is competing in performance halter.
5. The register of merit is earned by the horse. If the horse is transferred, the horse retains eligibility requirements specified above.
6. A horse may not show in an age division halter class and the performance halter class at the same show.
7. Proof that a horse meets the eligibility requirements specified above must be provided to show management.

#### **E. RANCH CONFORMATION**

1. For a show to offer this class the show must also offer at least one other ApHC-approved ranch horse class.
2. The purpose of ranch conformation is to select well-mannered individuals that are the most positive combination of balance, structural correctness, and movement appropriate for various activities of a working ranch horse.
3. The ranch conformation class must be held after the conclusion of the other ranch horse classes.
4. To be eligible to compete in the ranch conformation class the horse must be shown in at least one of the ApHC approved ranch horse classes offered by that show.
5. All sexes will be shown together as one class.
6. Horses are to be shown in a good working halter: rope, braided, nylon or plain leather. No silver allowed on either halter or lead.
7. Horses will walk to the judge one at a time. As the horse approaches, the judge will step aside to enable the horse to trot straight to a cone placed 50 feet away. At the cone, the horse will continue trotting, turn to the left and trot toward the left wall or fence of the arena. After trotting, horses will be lined up head to tail for individual inspection by the judge.
8. The judge shall inspect each horse from both sides, front and rear and place the horses in order of preference.
9. This is an optional, non-pointed class.

#### **F. HUNTER IN HAND**

1. Equipment:
  - a. English headstall equipped with any acceptable single-rein English bit (see ENGLISH PERFORMANCE specifications) and that complies with appropriate equipment rules for the age of the horse shown. Notwithstanding the above, English bridle is mandatory on horses two years old and older and plain leather halter is required on weanling and yearling horses.
  - b. For horses one year old and younger, halters are mandatory. The halter and lead must be halter of plain leather. The chain on the lead may be over the nose or under the chin; however, no chains are allowed in the horse’s mouth and no lip chains are allowed.
  - c. The use of a crop or bat is optional.

2. Attire:
  - a. Attire of the handler should permit free movement. Color may be chosen to complement horse, but should be conservative. Suitable attire shall be a collared polo shirt or collared dress shirt (solid colored and either white or another conservative color), vest, tie and gloves (optional). Dress pants should be loose enough in which to run. If a belt is worn, it should be a plain belt, not of western type or style. Jeans are forbidden. Running shoes or paddock boots are required.
3. Class Conduct:
  - a. Horses will be judged individually on the triangle, following a posted order.
  - b. The horses will approach the judging area (A) and set up for inspection in the "open" position (i.e. with all four legs of the horse visible by the judge standing on either side of the horse). The judge shall inspect each horse from the front, rear and both sides. Transmissible weakness and/or conditions shall be counted strongly against animals (See Rule 713.A.3.b).
  - c. At the judge's request, the horse will then walk the small triangle ABCA. The horse will continue on at a trot following the large ADEA.
  - d. At the completion of the judging, the handler will lead the horse away from the judging area. As one horse leaves, the next one will enter the judging area promptly.
  - e. When all horses in the class have completed the triangle, they may be lined up for judges to place, or "ringing" (walking in a large group circle around the judges) may be used.
  - f. An exhibitor may show more than one horse in a class on the triangle. In this case, a helper may assist in bringing the horses back for ringing or final inspection.

70 to 90 feet (21.34 to 27.43 m) between corner markers

4. Scoring System: 60% movement, 30% conformation, 10% temperament.
5. If a horse knocks over a cone or marker, they are to be scored accordingly. This does not constitute immediate disqualification but at the judge's discretion can be penalized in the temperament or movement score.
6. If a horse or exhibitor falls, they are to be scored accordingly. This does not constitute immediate disqualification but at the judge's discretion can be penalized in the temperament or movement score.
7. If a horse is off pattern either by completing the large triangle ADEA before the small triangle ABCA, by not displaying the correct gait while completing the corresponding triangle or by not submitting to inspection prior to completing the pattern, the entry shall be disqualified.
  - a. An appropriate penalty shall be assessed at the judge's discretion for break of gait during completion of the pattern, but this shall not constitute off pattern or immediate disqualification.

## 714. GENERAL PERFORMANCE RULES

- A. Horses entered in all events must be serviceably sound and in good condition. Small blemishes on account of accident, for example, wire cuts and brands, are not to be counted against the horse.
- B. No horse is to be penalized for the manner in which he carries his tail nor for normal response with his tail to cues from his exhibitor or when changing leads. A judge may at his discretion, penalize a horse for excessive or exaggerated switching or wringing of the tail or for a seemingly dead tail that merely dangles between the legs and does not show normal response.
  - 1. Tails may be lengthened by hair-to-hair attachment only, with no attachments of any kind to the tailbone. Artificial tails consisting of fabric and hair are permissible.
  - 2. Weighted tails are permissible, provided they meet the following criteria:
    - a. Tail attachment is made hair to hair.
    - b. Humane conditions are maintained as outlined in Rule 30.A.1.
    - c. The designated judge or equipment steward shall determine if the tail meets the criteria or if the weight of the attachment is excessive. Their decision will be final.
- C. Judging begins when the entrant enters the arena and ends when all judging is complete. After a judge has placed a class and signed the judge's cards, a class will not be re-judged and the judges record shall not be changed. If clerical corrections, initiated by show official(s) (typically announcer, but could also be show secretary, manager or ring steward) are made to a judge's card, they must be approved and initialed by the judge. Once a judge's placings have been announced, no clerical corrections shall be made.
- D. In all classes where backing is required, the judge may, at his discretion, require the backing of only the finalists in the class.
- E. No rail class shall have a mandatory starting direction. The direction shall be at the discretion of the judge. The direction of reversing shall be to the inside unless otherwise specified by the judge. Horses may be required to reverse at a walk or jog/trot at the discretion of the judge, but horses shall not be asked to reverse at the lope/canter. It is permissible for a judge to require an exhibitor to extend the walk, jog/trot or lope/canter unless otherwise specified.
- F. A judge may require any contestant to repeat his performance of any or all the various parts of a required pattern(s) except in timed events and unless otherwise specified under class rules.
- G. The exhibitor shall be prepared to drop the bridle and bit for inspection if the judge so desires. Bridles and bits shall be dropped for inspection by judges in at least one western class and in one English class at each approved show. For safety reasons, exhibitors must dismount when dropping bridles.
- H. If the number of entries in any class exceeds the number that can be judged in one group, the class will be judged in two or more sections at show management and/or judge's discretion, and the top horses in each section will be brought back to be judged for the class awards. The number of go-rounds to be held and the number of horses to be shown in each is at the discretion of show management. Notice of such elimination or go-rounds should be posted at the entry office as soon as determined upon, and it is the responsibility of the exhibitor to ascertain whether and when such elimination as may affect his or her entries will be held. If any entry fails to show in any classes where there are eliminations or go-rounds, the entry will not be eligible to show in the finals.
- I. At the National and World shows, in all classes where each entry performs individually, the order of competition shall be determined by random draw. Horses will work in order of draw. It is the responsibility of the exhibitor to be prepared to work in that order. Draws may be changed to accommodate exhibitors with more than one horse entered in the class. This process is optional at APHC-approved shows.

- J. In all performance classes, all horses are to be ridden astride (except Ladies' Side Saddle, Pleasure Driving and Heritage).
- K. If only one contestant qualifies in a class, the class shall be considered complete. Should no contestants qualify at show management's discretion, the class may be re-run once in order to attempt to establish a winner.
- L. When an exhibitor competes in a timed event or time trials, each qualifying time shall be announced over the public address system by the show announcer immediately following his or her qualifying runs. Any exhibitor receiving no time due to disqualification shall also be announced over the loud speaker by the show announcer.
- M. All class rules and conditions shall apply to contestants in time trials and/or eliminations. The same exhibitor and/or rider must exhibit the same horse in the eliminations and the class finals.
- N. Classes that are not approved including futurities, maturities and stakes classes and/or classes open to all breeds in which ApHC-registered horses will not earn points may be held at the discretion of show management, and such classes may vary from ApHC-approved or pointed classes as long as they are not held concurrently with ApHC-approved classes and provided that rules and eligibility requirements are established in writing, available to all exhibitors and are not changed once entries have been accepted. If such classes are held concurrently with ApHC-approved classes, ApHC rules regarding show, judges, registration, discipline, class conduct, membership, horse, exhibitor and equipment restrictions and limitations shall apply.

## 715. WESTERN PERFORMANCE

### A. EQUIPMENT

1. In all western classes, horses will be shown in a western stock saddle consisting of a horn, seat, pommel, cantle, skirt, fenders and western stirrups. Silver equipment will not count over a good working outfit. Bridle may be either a standard plain or silver headstall with browband, shaped ear, or split ear.
  - a. Stirrups shall not be tied to one another or to the saddle in any manner.
2. References to a bit in western performance classes mean the use of a curb bit that has a solid or broken mouthpiece, has shanks and acts with leverage. All curb bits must be free of mechanical device and should be considered a standard western bit. A description of a legal, standard, western bit includes:
  - a. 8 ½" (21.59 cm) maximum length shank to be measured as indicated in the diagram on the next page. Shanks may be fixed or loose.
  - b. Concerning mouthpieces, bars must be round, smooth and unwrapped metal of 5/16" to ¾" (.79 to 1.90 cm) in diameter, measured 1" (2.54 cm) from the cheek. It may be inlaid, but must be smooth or latex wrapped. Nothing may protrude below or above the mouthpiece (bar), such as extensions or prongs (see Illegal Bits). The mouthpiece may be two or three pieces. A three piece with a connecting ring of 1 ¼" (3.18 cm) or less in diameter, or a connecting flat bar of 3/8" to ¾" (.95 to 1.90 cm) (measured top to bottom with a maximum length of 2" (60.96 cm), which lies flat in the horse's mouth is acceptable.
  - c. The port must be no higher than 3 ½" (8.89 cm) maximum, with rollers and covers acceptable. Broken mouthpieces, half-breeds, grazing and spades are standard.

- d. When a curb bit is used, a curb strap or curb chain is required, but must meet the approval of the judge, be at least ½" (1.27cm) in width and lie flat against the jaw of the horse. Curb straps must be free of barbs, wire and/or twists.
  - i. A broken curb strap or chain is not necessarily cause for disqualification.
- e. Springloaded bits are approved as long as they meet all bit specifications outlined in the handbook.
3. Senior horses (six years old and older) may only be shown in a curb bit, half-breed or spade bit.
4. Junior horses (five years old and younger) may be shown in a snaffle bit, hackamore, curb bit, half-breed or spade bit.
5. Except for hackamore/snaffle bit classes or junior horses shown with an acceptable hackamore/snaffle bit, only one hand may be used on the reins, and the hand must not be changed (except as allowed in TRAIL & GAMING CLASSES GENERAL RULES). The hand is to be around the reins; index finger only between split reins is permitted. The free hand shall not be used to support the rider by being placed on any part of the saddle or horse. Violation of this rule is an automatic disqualification from the class.
6. Standard, leather or woven split reins are acceptable; index finger only between split reins.
7. Whenever this handbook refers to a romal, it means an extension of braided material attached to closed reins. This extension may be carried in the free hand with a 16-inch (40.64 cm) spacing between the reining hand and the free hand holding the romal. When using a romal, the rider's hand shall be around the reins with the wrist kept straight and relaxed, the thumb on top and the fingers closed around the reins. When using the romal, no fingers between the reins are allowed. Use of the free hand while holding the romal to alter the tension or length of the reins from the bridle to reining hand is considered to be use of two hands and score of 0 will be applied, with the exception of any place a horse is allowed to be completely stopped during the pattern.
  - a. The romal shall not be used forward of the cinch or to signal or cue the horse in any way. Any infraction of this rule shall result in disqualification.
8. Ideally the free hand should be resting on or in front of the rider's thigh indicating a relaxed, balanced attitude of the body and should be kept free of the horse and equipment.
9. In roping, games and team penning, western type equipment must be used with the exception of bits and mouthpieces. Acceptable western or English bits or mouthpieces may be used if they meet bit specifications outlined in WESTERN EQUIPMENT and ENGLISH EQUIPMENT. Use of a hackamore or a mechanical hackamore with a covered nosepiece or other type of bridle is the option of the exhibitor in roping, games and team penning. No bare metal may be in contact with horse's head.
10. A bit cannot be physically or mechanically altered to increase the severity of its use and may be eliminated at the discretion of the judge. The judge may prohibit the use of bits or equipment he/she may consider **inhumane**.
11. An exhibitor may be required by the judge to remove or alter any piece of equipment which, in his opinion, would tend to give a horse or exhibitor an unfair advantage.

## SOME ACCEPTABLE CURB CHAINS

Correct method of measuring overall bit length. A vertical line from the upper most part of headstall slot to the rein ring.

## **B. OPTIONAL EQUIPMENT**

1. Rope or riata; if used, the rope or riata must be coiled and attached to the saddle.
2. Hobbles attached to the saddle.
3. Tapaderos; except in working cow horse and boxing where they are not allowed.
4. A standard sliding, rundown or skid boot on the rear fetlocks and splint boots or bell boots on the front legs are optional appointments in the following classes; Team penning, cutting, working cow horse, boxing, ranch horse riding, ranch horse trail, reining, steer daubing, games and roping. The use of soft leg wraps will be permitted. The use of gel-casts or any other hard-type casts will not be permitted. In the event of injury, the judge may permit a protective bandage.
5. Tie-downs for roping, speed events and team penning. Tie-downs must have covered nosepiece. No bare metal may be in contact with the horse's head.
6. Mechanical hackamore for games, roping and team penning. Mechanical hackamore must have a covered nosepiece. No bare metal may be in contact with the horse's head.
7. Slip or gag bits in roping, games and team penning when used in a humane manner.
8. Running martingales and draw reins for games and team penning only.
9. Spurs; not to be used forward of the cinch.
10. Breast collar.
11. Whips, bats, quirts may be used in the timed or racing events when used in a humane manner.
12. Rain slicker.

## **C. PROHIBITED EQUIPMENT**

1. Protective boots, leg wraps or bandages are prohibited except as provided for in B(4).
2. Wire chin straps, regardless of how padded or covered.
3. Any chin strap narrower than ½" (1.27 cm).
4. Nosebands and tie-downs, except as provided for in B(5) and B(6).
5. Jerk lines.
6. Tack collars.
7. Martingales, except as provided in B(8).
8. Any equipment the judge may consider to be inhumane.
9. Slip or gag bits except in roping, games and team penning.
10. Slip or gag bits used in an inhumane manner in roping, games and team penning.
11. Donut and flat polo mouthpieces, bicycle chain (even if wrapped) and mule bits.
12. Any type of tie-down, hackamore or mechanical hackamore with bare metal in contact with the horse's head.

## **D. SNAFFLE BIT / BOSAL**

1. This rule does not refer to a so-called mechanical hackamore. A mechanical hackamore is not considered an acceptable hackamore, except in roping, games and team penning, due to the leverage action of the shanks. Once a horse has been shown in a mechanical hackamore, the horse is ineligible to be shown in hackamore/snaffle bit classes.
2. References to a hackamore/bosal mean the use of a flexible braided rawhide or leather, or rope bosal which can be used in lieu of a snaffle bit, round in shape. Absolutely no rigid material or metal will be permitted under the jaws or on the noseband, regardless of how padded or covered. The bosal must be no larger than ¾" (1.9 cm) in diameter at the cheek, to be measured as indicated in diagram #3. There must be a minimum of one finger space (approximately 1 ½" (3.81 cm)) between the bosal and the nose. The bosal should be properly fitted relative to the horse's size and conformation. Horse hair bosals are not permitted. All bosals must use a mecate rein which must include

a tie-rein (except in Bareback Horsemanship where a mecate rein is prohibited). This rule is not in reference to the mechanical hackamore. A mecate may only be used with a bosal.

3. References to a snaffle bit in western performance classes mean the conventional O-ring, egg-butt or D-ring with a ring no smaller than 2" (5.08 cm) and no larger than 4" (10.16 cm). The inside circumference of the ring must be free of rein, curb or headstall attachments which would provide leverage. The mouthpiece should be round, oval or egg-shaped, smooth, and no mouthpieces can be wrapped in metal. Bit may be inlaid, smooth or latex wrapped. No square-stock steel can be used. The bars must be a minimum of  $\frac{5}{16}$ " (.79 cm) in diameter, measured 1" (2.54 cm) in from the cheek with a gradual decrease to the center of the snaffle.
  - a. The mouthpiece may be two or three pieces. A three-piece with a connecting ring of 1  $\frac{1}{4}$ " (3.18 cm) or less in diameter, or a connecting flat bar of  $\frac{3}{8}$ " to  $\frac{3}{4}$ " (.95 to 1.9 cm) (measured top to bottom with a maximum length of 2" (5.08 cm)) which lies flat in the horse's mouth is acceptable.
  - b. A loose curb strap is optional (leather or nylon only).
4. Standard, leather or woven split reins are mandatory for use with a snaffle bit. Reins must be attached above the curb strap.
5. When a horse is shown with a hackamore/bosal or snaffle bit, the rider must have both hands on both reins. Split reins must be crossed. Rider's hands should be carried near the pommel and not further than four 4" (10.16 cm) out on either side of the saddle horn with very limited movement.
6. A bit cannot be physically or mechanically altered to increase the severity of its use and may be eliminated at the discretion of the judge.
7. A bosal without reins attached and used as a noseband is prohibited. A bosal (noseband) should not be confused with a bosal cinch, which has reins attached and is used as a standard rawhide hackamore.

**FIGURE #1**

**FIGURE #3**

**E. ATTIRE**

1. In all western classes it is mandatory to wear appropriate western attire which includes pants (slacks, trousers, jeans, etc.), long-sleeved shirt with collar (band, standup, tuxedo, etc.), western hat and cowboy boots.
  - a. Chaps are optional at ApHC-approved shows but are mandatory at ApHC-sponsored shows, except as stated in 1:
    - i. In leadline, games, roping and team penning classes, chaps are optional as a western requirement at all ApHC shows.
  - b. In all cattle classes the hat must be on the exhibitors head when the exhibitor enters the arena.
  - c. In all game classes, the exhibitor must wear a western hat or ASTM/SEI approved protective headgear. Youth exhibitors 18 years of age and younger are required to wear ASTM/SEI approved helmet with safety harness attached and fastened in all game classes. ASTM/SEI approved protective headgear, while optional for adults, is strongly recommended for use by all exhibitors in all game classes. If the exhibitor wears a hat it must be on the exhibitor's head when he/she enters the arena. (See GAMING CLASS GENERAL RULES.)
  - d. The ApHC strongly encourages all exhibitors to wear protective headgear passing or surpassing current applicable ASTM standards with harness secured while riding anywhere in the competition grounds. It is the responsibility of the exhibitor, or parent or guardian or trainer of the junior exhibitor to see that the headgear worn by the junior exhibitor complies with appropriate safety standards for protective headgear intended for equestrian use, and is properly fitted and in good condition. The ApHC, Show Committee, and Licensed Officials are not responsible for checking headgear worn by the junior exhibitor for compliance with these rules.
  - e. ApHC makes no representation or warranty, express or implied, about any protective headgear, and cautions exhibitors that death or serious injury may result despite wearing such headgear as all equestrian sports involve inherent dangerous risks and as no helmet can protect against all foreseeable injuries.
  - f. If exhibitors choose to wear protective headgear in western classes (western horsemanship, western pleasure, western riding, showmanship, reining, leadline etc.) it is not mandatory that the headgear look like a western hat.
- F. It is recommended in all western classes that the horse's mane, tail and forelock be free of braids. The horse's mane may be banded. However, the presence of braids shall not constitute disqualification.
- G. For requirements on exhibitor numbers, see Rule 711.M.

## H. WESTERN GAITS

1. The following terminology shall apply in all Western classes whenever a specific gait is called for:

- a. The WALK is a natural, flat-footed, four-beat gait. The horse must move straight and true at the walk. The walk must be alert, with a stride of reasonable length in keeping with the size of the horse.

**Poor Walk:**

This is a horse with an uneven pace and no cadence. He has a robotic appearance and hesitates. He has no flow and may appear intimidated or appear to march.

**Average Walk:**

This is a horse with a four-beat gait, a level topline and that appears relaxed. This done correctly is average.

**Good Walk:**

This is a horse with a four-beat gait, level topline and a relaxed appearance yet is bright and attentive. He flows and is soft touching the ground.

- b. The JOG-TROT is a smooth, ground-covering two-beat diagonal gait. The horse works from one pair of diagonals to the other pair. The jog-trot should be square, balanced and with a straight, forward movement of the feet. Horses walking with their back feet and trotting on the front are not considered to be performing the required gait. When asked to extend the jog, the horse moves out with the same smooth way of going.

**Unacceptable Jog:**

This is a horse that cannot perform a two-beat gait and appears very uncomfortable in his attempt to accomplish the gait. He does not have any flow or balance in his motion and appears uncomfortable to ride.

**Poor Jog:**

This is a horse that hesitates or skips a beat in his two-beat motion. He does not keep an even and balanced motion with a level topline. A horse must have a true two-beat gait to be average. This horse appears to shuffle.

**Slightly Below-Average Jog:**

This is a horse with an average motion but that exhibits negative characteristics in his performance. Some of the negative characteristics may be walking with the hind legs, dragging the rear toes as he jogs, or taking an uneven length of stride with front and rear legs.

**Correct or Average Jog:**

This is a horse with a two-beat diagonal gait in which the left front and right hind feet touch the ground simultaneously and the right front and left hind do so also. He has a level topline and a relaxed appearance while being shown with light contact, and appears to guide well. This is the standard or average jog.

**Good Jog:**

This is a horse with an average motion but that exhibits positive characteristics in his performance. Some of these positive characteristics may be balance and self carriage while taking the same length of stride with the front and rear legs.

**Very Good Jog:**

This is a horse that appears very comfortable to ride, always has a consistent two-beat gait, is guiding well, and has a relaxed and level topline. He may let his hocks drift back into his tail from time to time, or bend his knee a little, but is obviously soft on the ground.

**Excellent Jog:**

This is a horse whose motions seem effortless and very efficient. He swings his legs, yet touches the ground very softly. This

horse is confident, yet still soft in his motion. He is balanced and under control. He is flat with his knee and hock and has some cushion in his pastern. His expression is bright and alert and he exhibits more lift and self-carriage than the “very good jog.”

c. **EXTENDED JOG**

**Poor Extended Jog:**

This horse never appears to lengthen his stride but just jogs faster. He may also appear to be jarring and rough to ride.

**Average Extended Jog:**

This is a horse who, when asked to extend, moves up in his pace and appears smooth to sit on.

**Good Extended Jog:**

This is a horse who, when asked to extend, has an obvious lengthening in his stride with a slight increase in his pace, making him more versatile. This horse is still smooth but appears to have more length with less effort being exerted.

- d. The LOPE is an easy, rhythmical three-beat gait. Horses moving to the left should lope on the left lead. Horses moving to the right should lope on the right lead. Horses traveling at a four-beat gait are not considered to be performing at a proper lope. The horse should lope with a natural stride and appear relaxed and smooth. He should be ridden at a speed that is a natural way of going. Lope should be a balanced, flowing motion with self-carriage.

**Unacceptable Lope:**

This is a horse that does not have a true three-beat gait. He has no flow, rhythm or balance, appears out of sync, and is obviously not comfortable to ride.

**Poor Lope:**

This is a horse that may appear to have a three-beat gait but has no lift or self-carriage. This horse shuffles, has no flow, and bobs his head, giving the appearance of exerting a great deal to perform the gait. He also does not appear comfortable to ride.

**Slightly Below-average Lope:**

This is a horse with an average motion but that exhibits negative characteristics in his performance. Some of these negative characteristics may be head bobbing, not completing the stride with the front leg, and leaving the outside hock well behind the horse's buttocks. An over-canted horse generally displays these negative characteristics.

**Correct or Average Lope:**

This is a horse that has a true three-beat gait, with a level topline and very little head and neck motion. The horse has a comfortable motion and is relatively straight (not over-canted). He glides well, and has a relaxed appearance.

**Good Lope:**

This is a horse with an average motion but that exhibits positive characteristics in his performance. Some of these positive characteristics may be balance and self-carriage, a steady topline, responsiveness to the rider's aids, and a relaxed appearance.

**Very Good Lope:**

This is a horse that appears to have more lift and flow than the average horse. He also has a strong but smooth drive from behind. He may bend his knee a little, or allow his off-lead hind or drive leg to fall behind his tail, yet he still has a level topline, exhibits self-carriage with a relaxed appearance, and appears comfortable to ride.

**Excellent Lope:**

This horse rounds his back and has a strong, deep stride and a flat swing with his front legs. He swings his legs correct and long yet seems to do it effortlessly. He keeps a very level topline; his hocks don't drift behind his tail. This horse has a relaxed yet alert and confident appearance. This is a very special horse that is correct, yet soft. This horse has a great degree of lift and self-carriage.

2. **TOPLINE:** The horse's head should be carried at an angle that is natural and suitable to the horse's conformation at all gaits.

**Poor Topline:**

The horse's head may be too high or too low. If the horse's head is consistently higher than his eye level with his withers, his back becomes hollow and he loses his drive from behind. When his head is consistently lower than his ear level with his wither, he becomes heavy on his forehead and has no lift or flow. In both cases the horse loses his self-carriage and appears to struggle.

**Average Topline:**

A horse who generally displays a level topline with the tip of the ear level with the wither at the lowest point or his eye level with the wither at the highest point, but is inconsistent with his head carriage.

**Good Topline:**

This horse will display a level topline with the tip of the ear level with the wither at the lowest point or his eye level with the wither at the highest point. He also displays a consistent topline that exhibits self-carriage.

3. **BACK-UP**

**Poor Back-up:**

This horse appears resistant or heavy in front. He may gap his mouth, throw his head, or back crooked.

**Average or Correct Back-up:**

This horse should back straight at least one horse length quietly. This should be done smoothly with light contact and without hesitation.

**Good Back-up:**

This horse will display balanced and smooth flowing movements, self-carriage, and look to be a pleasure to ride. The horse should back straight at least one horse length quietly and without gapping his mouth. This should be done smoothly with light contact and without hesitation.

4. **IMPORTANT:** As long as horses with naturally longer strides are performing the gaits correctly, they should not be penalized for passing other horses.

## 716. REINING

- A. In an open approved reining class, any one of the approved ApHC Reining patterns may be used. One of these patterns is to be selected by the judge of the class and used by all contestants in the class. The pattern must be posted one hour prior to the class.
- B. Each exhibitor will perform the required pattern individually and separately. To rein a horse is not only to guide him but also to control his every movement. The best reined horse should be willingly guided or controlled with little or no apparent resistance and dictated to completely. Any movement on his own must be considered a lack of or temporary loss of control and therefore faulted according to severity of deviation. Credit will be given for smoothness, finesse, attitude, quickness, and authority in performing the various maneuvers while using controlled speed.

## C. SCORING

1. The scoring will be on a basis of 0 to infinity, with 70 denoting an average performance. The individual maneuvers are scored in ½ point increments, from a low of -1 ½ to a high of +1 ½, with a score of 0 denoting a maneuver that is correct with no degree of difficulty. Scores will be announced after each horse works.
2. Any ties for 1st place will be worked off, using the same pattern and order of go as was used during the event; however, there will not be more than one run off. If a tie occurs after the run off, the entrants will be named co-champions and will evenly split the prize money, but must determine the winner of the awards by a flip of a coin.
3. Curb chains are permissible provided that:
  - a. they are at least ½ inch (1.27 cm) in width;
  - b. they are free of barbs, wire and/or twists;
  - c. they lay flat against the horse's jaw.
4. The following will result in no score:
  - a. infraction of any state or federal law which exists pertaining to the exhibition, care, and custody of horses within the state or county where an ApHC-approved reining is being held;
  - b. willful abuse of animal in show arena and/or evidence that an act of abuse has occurred prior to or during the exhibition of a horse in competition.
  - c. use of illegal equipment, including wire on bits, bosals or curb chains;
  - d. use of illegal bits, bosals or curb chains;
  - e. use of tack collars, tie-downs or nosebands;
  - f. use of whips or bats;
  - g. use of any attachment which alters the movement of or circulation to the tail;
  - h. failure to provide horse and equipment to the appropriate judge for inspection;
  - i. disrespect or misconduct by the exhibitor.
  - j. the judge(s) may excuse a horse at any time while in the arena for unsafe conditions or improper exhibition pertaining to both the horse/rider.
5. Excess rein may be straightened anytime during the pattern, provided the rider's free hand remains behind the rein hand. Any attempt to alter tension or length of the reins from bridle to the rein hand is to be considered use of two hands and a penalty score of 0 will be applied. In addition, should the judge determine the free hand is being used to instill fear or praise, a penalty 5 will be applied, and a reduction in the maneuver score. When using a romal, no finger between the reins is allowed. The free hand may be used to hold the romal, provided it is held at least 16" (40.64 cm) from the reining hand and in a relaxed position. Use of the free hand while holding the romal, to alter the tension or length of the reins from the bridle to the reining hand, is considered to be the use of two hands, and score of 0 will be applied with the exception of any place a horse is allowed to be completely stopped during the pattern.
6. The following will result in a score of 0:
  - a. use of more than one finger between reins;
  - b. use of romal other than as outlined in #5;
  - c. failure to complete pattern as written;
  - d. performing the maneuvers other than in specified order;
  - e. the inclusion of maneuvers not specified, including, but not limited to: (1) backing more than 2 strides; (2) turning more than 90 degrees ( Exception: a complete stop in the 1st quarter of a circle after a lope departure is not to be considered an inclusion of maneuver; a 2 point break of gait penalty will apply).
  - f. equipment failure that delays completion of pattern;
  - g. balking or refusal of command where pattern is delayed;

- h. running away or failing to guide where it becomes impossible to discern whether the entry is on pattern;
- i. jogging in excess of one-half circle or one half the length of the arena while starting a circle, circling or exiting a rollback;
- j. overspins of more than  $\frac{1}{4}$  turn;
- k. fall to the ground by horse or exhibitor;
- l. use of two hands or changing hands for any horse shown in a bit (except in snaffle bit or hackamore classes designated for two hands);
- m. dropping a rein that contacts the ground while the horse is in motion;
- n. when going to and coming out of a rollback in a pattern requiring a run-around, a rollback that crosses the center line.

**Note: Neither a "no score" nor a 0 are eligible to place in a go-round or class, but a 0 may advance in a multi-go event while a "no score" may not.**

- 7. The following will result in a penalty of five (5) points:
  - a. spurring in front of cinch;
  - b. use of either hand to instill fear or praise;
  - c. holding saddle with either hand;
  - d. blatant disobedience including kicking, biting, bucking, rearing and striking.
- 8. The following will result in a 2-point penalty:
  - a. break of gait;
  - b. freezing up in spins or rollbacks;
  - c. on walk in patterns, failure to stop or walk before executing a canter departure;
  - d. on run in patterns, failure to be in a canter prior to reaching first marker.
  - e. if a horse does not completely pass the specified marker before initiating a stop position;
- 9. Starting or performing circles or figure eights out of lead will be judged as follows:
  - a. Each time a horse is out of lead, a judge is required to penalize by one point. The penalty for being out of lead is accumulative, and the judge will add 1 penalty point for each  $\frac{1}{4}$  of the circumference of a circle or any part thereof that a horse is out of lead.
  - b. A judge is required to penalize a horse  $\frac{1}{2}$  of a point for a delayed change of lead of one stride.
- 10. Deduct  $\frac{1}{2}$  point for starting circle at a jog or exiting rollbacks at a jog up to 2 strides. Jogging beyond two strides but less than  $\frac{1}{2}$  circle or  $\frac{1}{2}$  the length of the arena, deduct 2 points.
- 11. Deduct  $\frac{1}{2}$  point for over or under spinning up to  $\frac{1}{8}$  of a turn; deduct 1 point for over or under spinning up to  $\frac{1}{4}$  of a turn.
- 12. Where a change of lead is specified immediately prior to a run to the end of the pen, failure to change lead will be penalized as follows:
  - a. Failure to change leads by 1 stride, a half point penalty.
  - b. Failure to change leads beyond 1 stride but where lead change is completed prior to the next maneuver, 1 point penalty.
  - c. if the lead is not changed prior to the next maneuver.
- 13. There will be a half point penalty for failure to remain a minimum of 20 feet (6.09 m) from wall or fence when approaching a stop and/or roll back.
- 14. In patterns requiring a run-around, failure to be on the correct lead when rounding the end of the arena will be penalized as follows: for  $\frac{1}{2}$  the turn or less, one point; for more than  $\frac{1}{2}$  turn, two points.
- 15. In patterns requiring a run-around, there will be a  $\frac{1}{2}$  point penalty for failure to remain a minimum of 10 feet from either side of the center of the arena; for small arenas, this penalty is at the discretion of the judge(s).
- 16. Exhibitor may be requested to dismount and drop bridle to the designated judge. If requested, the exhibitor or a designated representative must drop the bridle immediately after the performance. For safety reasons, exhibitors must dismount when dropping bridles. The bridle must be checked by the designated judge in the arena or in close proximity to the arena.

17. No "pattern spotters" will be used.
18. The judge has the option of awarding a re-ride to any contestant who in the judge's opinion is unable to complete a pattern for reasons that are out of the exhibitor's control. In the instance where a re-ride is warranted in the judge's opinion, the judge should advise the show management as soon as is possible.
19. Judges may not confer as to any penalty or maneuver score prior to submitting a score. If a major penalty (a penalty which results in a no-score, 0 or 5-point penalty) is unclear, a judge will submit his/her score and ask that the score be held, pending a conference or review of the video at the next drag. Should the judges determine, via conference or video replay, that a penalty was incurred, it should be applied. If, however, no penalty occurred, the score will be announced as originally submitted. No judge shall be required to change his/her score following a conference or video replay. Each judge's decision is an individual call and based on individual decision from a conference or video replay. The use of video equipment by the judges is only permissible if the judge has reason to believe that all entries have been videotaped.

#### **D. HACKAMORE/SNAFFLE BIT REINING**

1. Open to horses five years old and younger shown with an acceptable hackamore or snaffle bit working in the same manner as prescribed for bridled horses, except must be shown two-handed. No cross entry will be allowed between Hackamore/Snaffle Bit Reining and Junior Reining at the same show.

5. Beginning on the left lead, run a large fast circle to the left, change leads at the center of the arena, run a large fast circle to the right, and change leads at the center of the arena.
6. Continue around previous circle to the left but do not close this circle. Run up the right side of the arena past the center marker and do a right rollback at least 20 feet (6.1 m) from the wall or fence – no hesitation.
7. Continue around previous circle but do not close this circle. Run up the left side of the arena past the center marker and do a left rollback at least 20 feet (6.1 m) from the wall or fence – no hesitation.
8. Continue back around previous circle but do not close this circle. Run up the right side of the arena past the center marker and do a sliding stop at least 20 feet (6.1 m) from the wall or fence. Back up at least 10 feet (3.05 m). Hesitate to demonstrate completion of the pattern.

*Exhibitor may be requested to dismount and drop bridle to the designated judge.*

## F. FREESTYLE REINING

1. The following rules apply only to classes held at an ApHC-sponsored show.
2. Reining maneuvers originated from moves that a cow horse must use in performing its duties and have been refined to the high level of competition that exists today. Freestyle Reining not only provides an opportunity to use these maneuvers creatively, but also to expand them to music by means of choreography. Exhibitors are encouraged to use musical scores which permit them to show the athletic ability of the horse in a crowd appealing way. Musical selections are chosen by the exhibitor and may be combined and edited to fit the Freestyle pattern and time requirements.
3. Time Limit: Maximum of 4 minutes including any introductions. The time limit will be from the beginning of the music or from the beginning of the introduction (whichever is first) and will end with the music. Failure to perform all the required maneuvers or failure to complete the performance within the time limit will result in a score of 0.
4. Required maneuvers will be defined as follows:
  - a. A minimum of 4 consecutive spins to the right.
  - b. A minimum of 4 consecutive spins to the left.
  - c. A minimum of 3 stops.
  - d. A minimum of 1 lead change at the canter from right to left.
  - e. A minimum of 1 lead change at the canter from left to right.
  - f. Additional repetitions of required maneuvers are appropriate, but will only add or subtract from the existing scores already given for the required maneuvers, not as additional scores. Additional maneuvers such as rollbacks, backups, speed variations and non classical reining maneuvers such as half pass and side pass are appropriate in Freestyle and shall be given appropriate credit.
5. Validating required maneuvers will not be the responsibility of the judges. At least one scribe will be used to verify the required maneuvers for each horse as they are completed in the pattern.
6. Exhibitors will only be judged astride.
7. Exhibitors are allowed to use two hands (as well as one or no hands) and any bit approved by the ApHC rulebook, including snaffle bits and bosals approved for use in the Snaffle Bit or Hackamore classes.
8. Costumes: Permitted but not required. Emphasis is placed on performing the reining maneuvers to music.
9. Show Management will reserve the right to rule on music or dress which may be inappropriate or offensive to the spirit and nature of the show. Show management may also determine the use of special lighting. Show management reserves the right to rule on props in addition to music and dress.
10. Judging of Freestyle Reining: Each exhibitor will be judged 0 to infinity, with 70 denoting an average performance.
  - a. Three judges will judge reining maneuvers (technical merit).
  - b. Two judges will judge musical and costume choreography (artistic impression).
  - c. One judge will assign a score based upon the level of the applause meter.

Scores will be weighted according to the following formula; Technical merit = 75%, artistic impression = 20% and applause meter = 5%.

11. Ties for first place will be run-off. Ties for any other place will be broken by a tie-breaking judge, who must be one of the technical merit judges.
12. Props are permitted but at no time may they hinder the judges' view of the horse. The use of props will not add to the score. Props may not include open flame or live animals, (with the exception of additional horses being allowed in the arena).
13. This class is open to horses of any age who are eligible to show in ApHC-sponsored shows.

## 717. WESTERN RIDING

- A. Western Riding is an event where the horse is judged on quality of gaits, lead changes at the lope, response to the rider, manners, and disposition. The horse should perform with reasonable speed, and be sensible, well-mannered, free and easy moving.
- B. Credit shall be given for an emphasis placed on smoothness, even cadence of gaits (i.e., starting and finishing the pattern with the same cadence), and the horse's ability to change lead precisely, easily, and simultaneously both hind and front at the center point between markers. The horse should have a relaxed head carriage showing response to the rider's hands, with a moderate flexion at the poll. Horses may be ridden with light contact or on reasonably loose rein. The horse should cross the log both at the jog and the lope without breaking gait or radically changing stride.
- C. The judge will select one of the five patterns to be performed. The judge is responsible for the pattern being correctly set.
- D. For the pattern:
1. A cone shall be placed along the wall or rail of the arena to designate where the exhibitor should initiate the walk. On Pattern 1, the cone should be placed a minimum of 15 feet before the first pylon. On patterns 2, 3, 4 and 5, the cone should be placed even with the first pylon. The on-deck exhibitor should not go to the start cone until the contestant on pattern has cleared the working area by the start cone for the final time.
  2. The eight small circles represent markers (cones are recommended). These should be separated by a uniform measured distance of not less than 30 nor more than 50 feet (9.15 nor more than 15.24 m) on the side with five markers (see diagram). In Pattern 1, the three markers on the opposite side should be set adjacent to the appropriate markers. It is recommended that markers be set a minimum of 15 feet (4.57 m) from the fence and with 50 to 80 foot (15.24 to 24.39 m) width in the pattern, as the arena permits.
  3. The rectangle represents an obstacle (one small log, minimum of 8 feet (2.44 m) long recommended) just high enough to break the horse's stride.
  4. The long serpentine line indicates the direction to travel and the gaits at which the horse is to move. The dotted line (...) indicates walk. The dash line (- - -) jog, and the solid line (\_\_\_\_) lope. The recommended lead changing point is equal to  $\frac{1}{2}$  stride length before or after the center point between the markers. The recommended lead changing point is shaded in all pattern diagrams.
- E. Scoring will be on a basis of 0 to 100, with 70 denoting an average performance.
1. Scoring guidelines to be considered: points will be added or subtracted from the maneuvers on the following basis, ranging from +  $1\frac{1}{2}$  point to -  $1\frac{1}{2}$  point: +  $1\frac{1}{2}$  excellent; + 1 very good; +  $\frac{1}{2}$  good; 0 average; -  $\frac{1}{2}$  poor; - 1 very poor; -  $1\frac{1}{2}$  extremely poor.
- F. An exhibitor will be penalized:
1. Five (5) points
    - a. Out of lead beyond the next designated change area (note: failures to change, including cross-cantering. Two consecutive failures to change would result in two five point penalties).
    - b. Blatant disobedience such as kicking out, biting, bucking, rearing
    - c. Use of free hand to instill fear or praise.
    - d. Holding saddle with either hand.
  2. Three (3) points
    - a. Not performing the specific gait (jog or lope) or not stopping when called for in the pattern, within 10 feet (3.05 m) of the designated area
    - b. Break of gait at the lope
    - c. Simple lead change
    - d. Out of lead prior to the designated change from the cone to the previous change area or out of lead after the designated change from the cone to the next designated change area.
    - e. Additional lead changes anywhere in pattern (except when correcting an extra change or incorrect lead).
    - f. In patterns one and three, failure to start the lope within 30 feet (9.15 m) after crossing the log at the jog.
    - g. Break of gait at walk or jog for two or more strides.

3. One (1) point:
  - a. Break of gait at walk or jog up to two strides.
  - b. Hitting or rolling log.
  - c. Out of lead for more than one stride to the cone.
  - d. Splitting the log (log between the two front or two hind feet) at a lope.
  - e. Hind legs skipping or coming together during lead change.
  - f. Non-simultaneous lead change (front to hind or hind to front).
4. One half (½) point:
  - a. Tick or light touch of log.
5. Disqualified - 0 score (cannot place)
  - a. Fall to ground by horse or exhibitor.
  - b. Illegal equipment.
  - c. Willful abuse.
  - d. Off course - which includes an incomplete pattern, incorrect order of maneuvers or passing on wrong side of marker.
  - e. Knocking over markers.
  - f. Completely missing log.
  - g. Major refusal - stop and back 2 strides or 4 steps with front legs.
  - h. Major disobedience or schooling.
  - i. Failure to start lope prior to end cone in pattern #1.
  - j. Performance of four (4) or more simple lead changes and/or failures to change leads.
  - k. Overturns of more than ¼ turn.
6. The following characteristics are considered as faults and should be judged accordingly:
  - a. Opening mouth excessively or raising head on maneuvers.
  - b. Anticipating signals or early lead changes.
  - c. Stumbling.
  - d. Losing stirrup.
  - e. Any unnecessary aid given by the exhibitor, such as; unnecessary talking, petting, spurring, quirting or jerking of the reins.
7. Credits:
  - a. Change of leads, hind and front simultaneously.
  - b. Changes at designated point.
  - c. Accurate and smooth pattern.
  - d. Even pace throughout.
  - e. Easy to guide and control with rein and leg.
  - f. Manners and disposition.
  - g. Conformation and fitness.

## **G. GREEN WESTERN RIDING**

1. The purpose is to create an entry level division in the western riding discipline that places emphasis on movement and quality of lead change while allowing for leniency in assistance from the exhibitor, while still rewarding softness and willingness. Credit will be placed on smoothness, even cadence of gaits and the horse's ability to change leads precisely, easily and simultaneously, both front and hind.
2. Horses, regardless of their age, may be ridden with one hand and a standard western bit as approved by the ApHC equipment rules or with two hands and a snaffle bit or bosal as described under ApHC equipment rules.
3. With the exception of eligibility and equipment requirements, the same rules apply in green western riding as apply in western riding and scoring will be the same.
4. The pattern must be selected from one of the three green patterns.
5. Horses eligible to compete:
  - a. Horses that have never been shown or horses that were shown in the previous year in ApHC-approved green western riding, open western riding, non-pro western riding or youth western riding but have not earned more than 10 points in those classes as of January 1 of the current show year. Points from all divisions will count and are cumulative in determining eligibility.
6. Green western riding points are not eligible for Breeders' Trust payout, year-end or lifetime awards.

## 718. WESTERN PLEASURE

- A. Horses are to be shown at a walk, jog, and lope on a reasonably loose rein without undue restraint. Horses must work both ways of the ring at all three gaits to demonstrate their ability with different leads. Horses are required to back easily and stand quietly. Gaits should be asked for in the following manner: "walk", "jog", "extended jog" (at least one direction), and "lope". An extended jog (at least one direction) is required in all classes, except in walk-trot, novice youth, 12 & under and 13 & under youth classes. However, it is acceptable for a judge to ask for an extended jog in walk-trot, novice youth, 12 & under and 13 & under youth classes if so desired. See WESTERN GAITS.
- B. A good pleasure horse has a stride of reasonable length in keeping with his conformation. He has enough cushion to his pastern to give the exhibitor a pleasant, smooth ride. He carries his head in a natural position, not high, overflexed at the poll or low with the nose out. The horse should be relaxed but alert and ready to respond to the exhibitor's commands without excessive cueing. When asked to extend the jog, the horse moves out with the same smooth way of going.
- C. To be judged on performance, manners, conformation, quality and substance.
- D. Judge may ask for additional work of the same nature from any horse. He is not to ask for work other than what is listed above.
- E. Exhibitor shall not be required to dismount except in the event judge wishes to check equipment. Horses and equipment are subject to examination by the judge(s).
- F. Faults (except in Novice Non-Pro or Youth), will be scored according to severity but are not necessarily cause for disqualification:
1. Missed lead or break of gait shall be penalized according to severity at judge's discretion.
  2. Any loss of forward motion may be penalized up to three places on judge's card or be placed last in a small class.
  3. Refusal to back shall result in a penalty or disqualification at the judge's discretion.
  4. When a transition is called for, the exhibitor should take the requested gait within five (5) seconds. Failure to do so may, at the judge's discretion, result in a penalty.
  5. Excessive speed (any gait).
  6. Excessive slowness in any gait, loss of forward momentum.
  7. Touching horse or saddle with either hand.
  8. Horse's head carried too low or too high.
  9. Overflexing or straining neck in head carriage so the nose is carried behind the vertical for five or less strides.
  10. Nosing out.
  11. Opening mouth excessively.
  12. Stumbling.
  13. A horse that appears sullen, dull, lethargic, emaciated, drawn or overly tired. (May also be cause for disqualification per Rule 30).
  14. Quick, choppy or short-strided.
  15. Reins draped to the point that light contact is not maintained.
  16. Overly canted at the lope. (when the outside hind foot is further to the inside of the arena than the inside front foot.)
- G. The following will be cause for automatic disqualification, except in novice non-pro or youth classes, in which faults will be scored according to severity:
1. Changing hands on reins.
  2. More than one finger between reins.
  3. Over-flexing or straining neck in head carriage so the nose is carried behind the vertical consistently for more than five strides.
- H. TWO-YEAR-OLD SNAFFLE BIT WESTERN PLEASURE
1. Open to 2-year-old colts, fillies or geldings.
  2. To maintain eligibility the two-year-old year for two-year-old events, entry into other performance events is prohibited with the following

exceptions: Two-year-olds may cross enter two-year-old snaffle bit hunter under saddle, pleasure driving, men's heritage, ladies' heritage, 1st year green pleasure classes and snaffle bit/bosal futurities. A two-year-old may cross-enter junior western pleasure and/or junior hunter under saddle after May 20 only if there are no other entries in their respective two-year-old class and only if the two-year-old class precedes the junior class(es) on the class list.

- a. In order to maintain two-year-old eligibility, horses may only be shown in equipment acceptable for use in two-year-old classes regardless of the class in which they are exhibited.
3. Once a horse has been shown in anything other than an acceptable snaffle bit or bosal, it is no longer eligible to be shown in snaffle bit/hackamore classes. Once a horse has been shown in a mechanical hackamore, the horse is ineligible to be shown in hackamore/snaffle bit classes.
  - a. Horses shown in two-year-old snaffle bit hunter under saddle classes in acceptable equipment remain eligible to be shown in two-year-old snaffle bit western pleasure.
4. A 2-year-old cannot compete in any ApHC-approved performance event prior to May 20th of the current year. National points will not be accumulated for year-end high-point awards. Points will be accrued for horse's record only.
5. Equipment. (see WESTERN PERFORMANCE and ATTIRE), see rule 715.D for specifications.
6. Judging
  - a. Entries must be shown with both hands on reins, maintaining light contact with horse's mouth. The exhibitor's hands should be carried near the pommel and not further than 4" (10.16 cm) out on either side of the saddle horn. Hands must be steady with very limited movements, and hands must be visible at all times.
  - b. Show management shall provide a minimum five-minute warm-up, not to exceed 10 minutes, in the show arena. Horses must be ridden during the warm-up period with the same equipment used during the class.
  - c. Headstalls must be dropped prior to judge's final placing. If horse's mouth or nose shows broken rawness or bleeding, the horse will be eliminated from competition.

#### **I. THREE-YEAR-OLD SNAFFLE BIT WESTERN PLEASURE**

1. Open to three-year-old stallions, mares and geldings shown in an acceptable snaffle bit or hackamore/bosal only. Horses shown in any other bit are ineligible.
  2. All three-year-old horses may be allowed to enter any open, youth or non-pro class.
  3. Equipment. (see WESTERN PERFORMANCE), see rule 715.D for specifications.
  4. Judging is same as Two-Year-Old Snaffle Bit Western Pleasure.
  5. Show management shall provide a minimum five-minute warm-up, not to exceed 10 minutes, in the show arena. Horses must be ridden during the warm-up period with the same equipment used during the class.
- J. When a horse is shown with a hackamore/bosal or snaffle bit, the rider must have both hands on both reins. Split reins must be crossed. Rider's hands should be carried near the pommel and not further than 4" (10.16 cm) out on either side of the saddle horn with very limited movement.

## ACCEPTABLE

## K. NOT ACCEPTABLE, SEVERELY PENALIZED

1. Not acceptable, severely penalized; reins too tight—straight line from bit to hands.
2. Not acceptable, severely penalized; reins too loose.
3. Acceptable.

## L. JUNIOR WESTERN PLEASURE

1. Open to all horses five years old and under.
  - a. Two-year-old snaffle bit/bosal horses are eligible to be shown in Junior Western Pleasure and/or Junior Hunter Under Saddle after May 20 only if there are no other entries in their respective two-year-old class and if the two-year-old class precedes the junior class(es) on the class list.

## M. SENIOR WESTERN PLEASURE

Open to all horses six years old and older.

## N. LADIES' WESTERN PLEASURE & MEN'S WESTERN PLEASURE

Open to all horses except Two-Year-Old Snaffle Bit/Bosal horses. Three-Year-Old Snaffle Bit/Bosal horses are eligible.

## O. WALK-TROT WESTERN PLEASURE

1. Except as noted below, general western pleasure rules apply (except that the exhibitors will not be asked to lope but may be asked to extend the jog).
2. If the horse breaks into a lope for more than three consecutive strides, it shall be disqualified.
3. See YOUTH WALK-TROT DIVISION, rule 807 for rules regarding youth eligibility for youth walk-trot classes.
4. See NON-PRO WALK-TROT DIVISION, rule 901.E for rules regarding non-pro eligibility for non-pro walk-trot classes.

## **P. GREEN WESTERN PLEASURE**

1. The purpose of Green Western Pleasure is to allow a horse to compete on an entry level field with horses of the same level of experience. Green Western Pleasure is a stepping stone to the more advanced level of competition with seasoned horses. This class should be judged according to the purpose of its intent.
2. Horses, regardless of their age may be ridden with one hand and a standard western bit as approved by the ApHC equipment rules or with two hands and a snaffle bit or bosal as described under ApHC equipment rules.
3. With the exception of eligibility and equipment requirements the same rules apply in green western pleasure as apply in western pleasure.
4. Horses eligible to compete:
  - a. Horses in their first year of showing in ApHC-approved shows in western pleasure.
  - b. Horses that have shown during previous years in ApHC-approved green western pleasure, open western pleasure, non-pro western pleasure or youth western pleasure, but have not won more than 10 points in those classes as of January 1 of the current show year. Points from all divisions will count and are cumulative in determining eligibility.
5. Green Western Pleasure points are not eligible for Breeder's Trust payout., year-end or lifetime awards.

## **719. YEARLING LONGE LINE**

- A. Open to yearling fillies, colts and geldings that are eligible to show at ApHC-approved shows.
- B. The purpose of showing a yearling on a longe line is to demonstrate that the horse has the movement, manners, expression, attitude and conformation to become competitive under saddle. Therefore, the purpose of this class is to reward:
  - a) Quality of movement, b) Manners, Expression and Attitude and c) Conformation suitable to future performance. The horse should be judged with its suitability as a future performer under saddle in mind. This class should define what it means to be a "western pleasure prospect" or "hunter under saddle prospect". Because these are yearlings, they are not expected to demonstrate the behavior or quality of a finished show horse, but only that performance necessary for a reasonable presentation to the judge.
- C. Equipment: Horses are to be shown in a halter, regular or show type is acceptable.
  1. For the longeing demonstration, the only attachment allowed to the halter is the longe line. The longe line (including chain and snap) may not exceed 30 feet (9.15 m) in length with a chain or snap attached to the halter. The longe line must hang free from the halter without touching any part of the horse. It is permissible to use a longe whip however, disqualification will occur if the exhibitor blatantly strikes the horse with the whip; to cause forward or lateral movement at any time during the longeing demonstration. No other equipment is allowed on the horse during the class, except as noted in C.2. below. Mechanical or retractable longe lines are not allowed.
  2. For conformation inspection, a lead shank may be exchanged for the longe line prior to the longeing demonstration. During the conformation inspection only, the lead shank or longe line chain can be used under the chin, over the nose or hanging from the halter.
  3. Exhibitors are not to be penalized for using regular halters and plain longe lines, nor are they to be rewarded for using show halters and show longe lines. Only movement, manners, expression, way of going and conformation are being judged. The type of equipment used is not to be a consideration in placing the horse as long as the equipment meets the requirements stated above.

- D. Attire: The type of attire worn by the exhibitor is not to be a consideration in placing the horse as long as the attire meets the requirements stated here.
1. Conventional western attire is mandatory when exhibiting a western pleasure prospect.
  2. Conventional English attire or Hunter in Hand attire (to be worn with paddock boots only – no tennis shoes are allowed) is suggested when exhibiting a hunter under saddle prospect. Refer to ENGLISH PERFORMANCE for conventional English attire rules and to HUNTER IN HAND for appropriate attire. When exhibiting a hunter under saddle prospect, the horse may be braided and shown at the walk, long trot and canter.
- E. Gaits: To be judged according to ApHC rules for gaits for Western pleasure and hunter under saddle classes.
- F. Class Format: The class will consist of two parts: 1) a longeing demonstration lasting one and one-half minutes (90 seconds) and 2) a conformation inspection.
1. The longeing demonstration will begin at the sound of a whistle or other audible indicator when the horse has reached the perimeter of its circle. Time will not begin until the horse reaches this perimeter. When the starting signal is given, the exhibitor will be allowed one and one-half minutes (90 seconds) to present the horse at all three gaits in both directions. At the end of the 90 seconds, a signal will be given to signify the end of the demonstration. Show management has the option of adding a “half-way” signal.
  2. The conformation inspection will occur prior to the longeing demonstration. Each entry will be walked into the arena and will pause for evaluation individually. Entries will then trot off straight and around a cone and then move in the arena under the direction of the ring steward. Horses showing evidence of lameness during this portion of the class shall be excused from the class at this time. An example of the conformation pattern is illustrated in Figure #1.

1. Walk to first cone. Stop for conformation inspection.
2. After inspection, trot to and around second cone to side of arena.

**FIGURE #1**

3. It is recommended that show management take into account the number of horses in the class and adjust procedures accordingly to ensure that each horse is given equal consideration.
  4. Once the class has started, a horse warming up prior to their go may only warm up at a walk.
- G. Judging:
1. Each horse is to be inspected by the judge on conformation, proper equipment and attire and for evidence of abuse, inhumane treatment, lameness and/or other violation of ApHC rules. If a horse's nose, mouth or jaw area shows broken skin, rawness or bleeding, the horse will be eliminated from competition. Horses will not be allowed to show if entrants do not conform to equipment and attire rules or if there is evidence of abuse or inhumane treatment.
  2. It is mandatory that the horses “trot off” during the conformation inspection prior to the longeing demonstration. Horses that show evidence of lameness as defined by ApHC rules shall be excused prior to the longeing demonstration.

3. Judge(s) will be outside of the longeing circle. The exhibitor will enter the arena and await the audible start signal. The start signal may be a bell, whistle or announcement. When the signal is given, the exhibitor will be allowed 1½ minutes to present the horse. At the end of the 1½ minutes the signal will be given again to signify the end of the demonstration. Show management has the option of adding a “half-way” signal if they choose.
4. The horse will be scored at all three gaits in both directions. Western pleasure prospects are to be shown at the walk, jog and lope. Hunter under saddle prospects are to be shown at the walk, trot and canter. Any horse that does not exhibit these gaits in each direction will be disqualified from the class. The turnaround at the walk to take the second direction of the pattern shall be considered as fulfilling the walking requirement of the second direction portion of the scoring format. Additionally, the judge shall immediately excuse any horse who exhibits obvious lameness at any time during the class. The exhibitor may begin work in the direction of their choice (counter or clockwise).
5. At the end of the 1½ minutes, a signal will be given and the exhibitor shall at the request of show management either 1) retire from the longeing area to the far end of the ring or 2) leave the ring and wait nearby for final class placings. If the horses remain in the ring, they are to stand quietly on the wall while the other exhibitors present their horses.
6. The horses are judged, suitable to their purpose by the following scoring system:
  - a. movement (34 points),
  - b. manners/expression/attitude (14 points),
  - c. conformation (6 points) and
  - d. use of circle (6 points)

Judges should evaluate the movement of the horse as defined in ApHC rules for gaits.

7. If the horse plays on the longe line, it shall not count against the horse. The judge will, however, penalize the horse for excessive bucking or running off, stumbling or displaying attitudes that are uncomplimentary to pleasure horses. Fall of horse shall constitute disqualification.
  8. Exhibitors are encouraged to exhibit their horse making full use of the 25-foot-radius (7.62 m) longeing circle, as they will be scored on this.
  9. The conformation inspection will occur as the horse is walked into the arena prior to the longeing demonstration at which time the judge will evaluate the horse for conformation suitable for future under-saddle performance. The judge may not discriminate for or against muscling, but rather look for a total picture, emphasizing balance, structural correctness and athletic capability.
- H. Scoring: The official longe line scoring sheet provided by the ApHC must be used. The horse with the highest score is the winner, with the maximum possible total score of 60 with 30 being average. The judge shall have the sole discretion to use their own personal preference in order to break any ties that occur as a result of the scoring system.
1. Movement will count for 34 points of the total score. Judges are to evaluate movement based upon WESTERN GAIT descriptions for western pleasure prospects and ENGLISH GAIT descriptions for hunter under saddle prospects. This class should be looked upon as a class that defines what it means to be a “western pleasure prospect” or “hunter under saddle prospect” suitable to become a future performer under saddle. Therefore, attitudes and attributes that contribute to becoming a future performer will be rewarded within the gait scores. Higher gait scores will reflect: 1) Above-average to exceptional manners, expression, alertness, responsiveness and pleasant attitude, 2) Above-average

to exceptionally smooth transitions between gaits, 3) Above-average to excellent cadence and consistency at all three gaits.

- a. Walk: The walk will be scored on a scale of 1-3 in each direction with 2 being average. The horse must walk long enough for the judge to have sufficient time to evaluate and score the walk. The walk to take the second direction during the demonstration may count for the second walk score on the score sheet.
  - b. Jog or Trot: The jog or trot will be scored on a scale of 1-7 in each direction. Using a 25 foot (7.62 m) radius, the horse should jog or trot a minimum of one half of the circle in both directions.
  - c. Lope or Canter: The lope or canter will be scored on a scale of 1-7 in each direction. Using a 25 foot (7.62 m) radius, the horse should lope or canter a minimum of one full circle in both directions. Any entry that fails to demonstrate the correct lead for one full circle will not place over another entry that has demonstrated the correct lead in its entirety.
  - d. Stumbling at the walk, jog/trot and/or lope/canter should be reflected in lower gait scores.
  - e. Circle Scores: A 25 foot (7.62 m) radius is the appropriate size of circle in which to show a longe line horse. It is the judges' responsibility to evaluate the circles and incorporate use of the circle in the gait scores based on the following scale.
    - i. +3 points (Good to Excellent use of circle): Horse consistently stays on the perimeter of the circle with slight looseness in the line. Horse turns around on the circle perimeter.
    - ii. +2 points (Average use of the circle): Horse is only slightly inconsistent in using the 25 foot (7.62 m) radius of the circle.
    - iii. +1 point (Adequate use of the circle): Horse is shown in a circle radius of less than 25 feet (7.62 m).
    - iv. 0 points (General use of the circle): Potentially dangerous slack in the line. Horse pulls exhibitor out of the circle.
2. Use of Circle: Consideration will be given to how well or how poorly the horse/exhibitor team uses the 25 foot (7.62 m) radius of the longeing circle in each direction. A separate box on the scoresheet is available to indicate an overall score from 1-3 points. In addition, scores for all gaits in both directions should reflect positive, consistent use of the 25 foot (7.62 m) radius of the circle. Credit will be given for full, extended use of the circle on a slightly loose line. Lack of full use of the circle should be reflected in lower gait scores.
  3. Manners/Expression/Attitude will count for up to 14 points of the total score. Horses will be penalized for obvious signs of overwork and sourness such as ear-pinning, head-throwing, striking, tail-wringing, or a dull, lethargic manner of going. They will also be penalized for dangerous behavior such as excessive bucking, cutting into the circle or running off. Additionally, incidental touching of the horse with the whip, cross-cantering, balking, backing up on the longe line and excessive urging from the exhibitor should be penalized accordingly.
  4. Conformation will count for up to 6 points of the total score. The horse will be judged on conformation suitable to future performance as a western pleasure or hunter under saddle competitor. The judges should look for a total picture, emphasizing balance, structural correctness and athletic capability. Performance conformation will be judged on a scale of 1-6 points.
  5. Penalties and Disqualifications
    - a. Five (5) point penalties will occur per direction:
      - i. Failure to walk a minimum of two horse lengths.
      - ii. Failure to jog/trot a minimum of  $\frac{1}{4}$  (quarter) of a circle.
      - iii. Failure to demonstrate the correct lead for a minimum of  $\frac{1}{4}$  (quarter) of a circle.

- b. Disqualifications will occur in the following instances:
  - i. Evidence of lameness – judge will immediately excuse horse from arena
  - ii. Blatant striking of horse with whip during longeing demonstration that will cause forward or lateral movement
  - iii. Fall of horse
  - iv. Horse steps over or becomes entangled in longe line.
  - v. Improper equipment, evidence of abuse or inhumane treatment and/or other violation of ApHC rules
  - vi. Failure to show all three gaits in both directions
  - vii. Loss of control of the horse in which horse is loose in the arena
  - viii. Exhibitor disrespect toward the judge(s)
- I. Yearling longe line may not be held prior to May 20. National points will not be accumulated for year-end high-point awards. Points will be accrued for horse's record only.
- J. An exhibitor may show a maximum of two horses in each longe line class. The same exhibitor must show in both segments of the class. An additional handler may hold the second horse while the first horse is being worked. An additional handler may hold the first horse while the second horse is being worked. A maximum of two handlers may be used. In non-pro classes, any additional handlers must be current ApHC non-pro members. Exhibitors and handlers must not do anything to disturb any horses in the class while they change handlers.

## **720. RANCH HORSE RIDING**

- A. The ranch riding horse should reflect the versatility, attitude and movement of a working horse. The horse's performance should simulate a horse riding outside the confines of an arena and that of a working ranch horse. This class should show the horse's ability to work at a forward working speed while under control by the rider. Light contact should be rewarded and horse shall not be shown on a full drape of reins. The overall manners, responsiveness of the horse while performing the maneuver requirements and the horse's quality of movement are the primary considerations.
  - 1. Ranch horse riding is offered for horses three years of age and older.
- B. Class Requirements
  - 1. Each horse will work individually, performing both required and optional maneuvers and scored on the basis of 0 to 100, with 70 denoting an average performance.
  - 2. The required maneuvers will include the walk, trot and lope in both directions, the extended trot and extended lope in at least one direction, stops and backs.
  - 3. Three optional maneuvers may include a side pass; turns of 360-degrees or more; a change of lead (simple or flying); walk, trot, or lope over a pole or poles; or some combination of maneuvers that would be reasonable for a ranch horse to perform.
  - 4. The maneuvers may be arranged in various combinations with final approval by the judge.
  - 5. The overall cadence and performance of the gait should be as those described in GAITS, with an emphasis on free-flowing and ground-covering forward movement for all gaits. Transitions should be performed where designated, with smoothness and responsiveness.
  - 6. No time limit.
  - 7. One of the suggested patterns may be used; however, a judge may utilize a different pattern as long as all required maneuvers and the three (or more) optional maneuvers are included. Should a judge use one of his or her own patterns, it is recommended to not have the stop following an extended lope.
  - 8. The use of natural logs is encouraged.
  - 9. Posting at the extended trot is acceptable.
  - 10. Touching or holding the saddle horn is acceptable.

11. Only one hand may be used on the reins, except for junior horses shown with an acceptable snaffle bit or hackamore/bosal. Hands must not be changed. Hands to be around reins. One finger between reins permitted when using split reins only. While horse is in motion, hands shall be clear of the horse and saddle except that it is permissible to hold the saddle horn with either hand.

## 721. RANCH RAIL PLEASURE

- A. Open to horses three years of age and older.
- B. This class is intended as a rail class but individuals working off the rail will not be penalized.
- C. The ranch rail pleasure class measures the ability of the horse to be a pleasure to ride while being used as a means of conveyance from one ranch task to another and should reflect the versatility, attitude, and movement of a working horse. The horse should be well-broke, relaxed, quiet, soft and cadenced at all gaits. The horse should be well-broke, relaxed, quiet, soft and cadenced at all gaits. The horse should be ridden on a relatively loose rein with light contact and without requiring undue restraint. The horse should be responsive to the rider and make timely transitions in a smooth and correct manner. The horse should be soft in the bridle and yield to contact. The ideal ranch rail horse should have a natural head carriage at each gait. In all gaits, movement of the ranch rail pleasure horse should simulate a horse needing to cover long distances, softly and quietly, like that of a working ranch horse. This class should show the horse's ability to work at a forward, working speed while under control by the rider. Light contact should be rewarded and horse shall not be shown on a full drape of reins. The overall manners and responsiveness of the horse while performing the maneuver requirements and the horse's quality of movement are the primary considerations.
- D. The following terminology shall apply:
  1. Walk – The walk is a natural, flat footed, four-beat gait. The gait is rhythmic and ground-covering. As in all gaits, the horse should display a level, or slightly above level topline with a bright, attentive expression.
  2. Trot – The trot is a natural two-beat gait demonstrating more forward motion than the western jog.
  3. Extended Trot – The extended trot is an obvious lengthening of the stride with a definite increase in pace. The horse should be moving in a manner as if it were covering a large area on a ranch with an above level topline.
  4. Lope – The lope is a three-beat gait. The lope should be relaxed and smooth with a natural, forward moving stride.
  5. Extended Lope – The extended lope is not a run or a race but should be an obvious lengthening of the stride, demonstrating a forward, working speed. The horse should display an above level topline with a bright, attentive expression.
- E. Part of the evaluation of this class is on smoothness of transitions. A horse may be collected from the extended trot as the horse moves into the lope. The transition from the extended lope down to the trot is a transition to the seated trot not the extended trot. Therefore, an extra cue to achieve this gait is expected. Horses that complete this total transition within three strides calmly and obediently should be rewarded. Horses that attempt to stop or do stop prior to trotting will be penalized. Judges expect to see horses that have been trained to respond to cues. To see these cues applied discretely and the horse responding correctly could be a credit-earning situation.
- F. To rein a horse is not only to guide him but also to control his every movement. The best reined horse should be willingly guided or controlled with little or no apparent resistance and dictated to completely. Any movement on his own must be considered a lack of control.
- G. Ranch Rail Pleasure Penalties. A contestant shall be penalized each time the following occur:
  1. Too slow /per gait
  2. Over-bridled
  3. Out of frame
  4. Break of gait at walk or jog for 2 strides or less
  5. Break of gait at walk or jog for more than 2 strides
  6. Break of gait at lope

7. Wrong lead or out of lead
  8. Draped reins
  9. Out of lead or cross-cantering more than two strides
  10. Trotting more than three strides when taking lead
  11. Blatant disobedience (kick, bite, buck, rear, etc.)
  12. Major disobedience or schooling
  13. Spurring in front of cinch
  14. Use of either hand to instill fear/ praise
- H. **Ranch Class Apparel and Equipment:** Attire and tack should be clean and presentable. Working tack is encouraged.
1. Hoof polish is discouraged.
  2. No braided or banded manes or tail extensions.
  3. Trimming inside ears is discouraged.
  4. Trimming bridle path, fetlocks or excessively long facial hair is allowed.
  5. Equipment with silver should not count over a good working outfit. Silver bridles and saddles are discouraged.
- I. Only one hand may be used on the reins, except for junior horses shown with an acceptable snaffle bit or hackamore/bosal. Hands must not be changed. Hands to be around reins. One finger between reins permitted when using split reins only. While horse is in motion, hands shall be clear of the horse and saddle except that it is permissible to hold the saddle horn with either hand.
- J. Posting at the extended trot is acceptable.
- K. For shows conducted in international countries, the exhibitor has the option of using the traditional attire of the country.
- L. Class shall work both ways of the ring at all requested gaits.
- M. Horses may cross enter western pleasure classes at ApHC-approved shows but not at ApHC-sponsored shows.

## 722. RANCH REINING

- A. This class is open to horses 3 years of age and older.
- B. Ranch Class Apparel and Equipment:
  1. Attire and tack should be clean and presentable. Working tack is encouraged.
  2. Hoof polish is discouraged.
  3. No braided or banded manes or tail extensions.
  4. Trimming inside ears is discouraged.
  5. Trimming bridle path, fetlocks or excessively long facial hair is allowed.
  6. Equipment with silver should not count over a good working outfit. Silver bridles and saddles are discouraged.
- C. The ranch reining class measures the ability of the ranch horse to perform basic handling maneuvers with a natural head carriage in a forward looking manner. Patterns may be chosen from any of the ranch reining patterns or approved by the show management and judge.
- D. **CREDITS AND PENALTIES.** All runs begin upon entering the pen and any infractions are subject to penalty at that time such as two hands on the reins, using either hand to instill fear or praise, etc.
- E. To rein a horse is not only to guide him but also to control his every movement. The best reined horse should be willingly guided or controlled with little or no apparent resistance and dictated to completely. Any movement on his own must be considered a lack of control. All deviations from the exact written pattern must be considered a lack of or temporary loss of control and therefore a fault that must be marked down according to severity of deviation. The horse/rider team's overall performance should be credited for smoothness, finesse, attitude, quickness and authority of performing various maneuvers while using controlled speed which raises the degree of difficulty and makes the horse/rider team more exciting and pleasing to watch.

## F. PENALTIES

## 723. TRAIL

- A. This class will be judged on the performance of the horse over the obstacles, with emphasis on manners, response to the exhibitor, and attitude. Credit will be given to those horses negotiating the obstacles with style, expression, and some degree of speed, providing carefulness is not sacrificed. Credit will be given to horses showing the capability of picking their own way through course when obstacles warrant it and willingly responding to exhibitor's cues on more difficult obstacles.
- B. Horses shall be penalized for any unnecessary delay while approaching the obstacles. Horses with artificial appearance over obstacles should be penalized as should exaggerated standing in stirrups and leaning forward over horse's neck by exhibitor.
- C. A minimum of six obstacles (maximum of 10 obstacles) will be used, three of which will be mandatory and others selected from the approved list. The course shall be returned to its original design after each horse has worked. Management, when setting course, should keep in mind that the idea is not to trap a horse, or eliminate it by making an obstacle too difficult. If difficult courses are set, junior, youth, novice non-pro and non-pro trail should be less difficult.
  1. Horses shall not be required to work on the rail. The course will be designed, however, to require each horse to show the three gaits (walk, jog, lope) somewhere between the obstacles as a part of its work. Gait between obstacles shall be at the discretion of the judge. Quality of movement and cadence should be considered part of the maneuver score. Enough space should be provided for a horse to jog at least 30 feet (9.15 m) and lope at least 50 feet (15.24 m) for the judge to evaluate these gaits.
  2. When distances and spaces are measured between all obstacles, the inside base to inside base measurement of each obstacle considering the normal path of the horse, should be the measuring point.
  3. The judge must walk the course and has the right and duty to alter the course in any manner. The judge may remove or change any obstacle (s)he deems unsafe or non-negotiable. All courses and obstacles are to be constructed with safety in mind so as to guard against accidents. If at any time a trail obstacle is deemed to be unsafe by the judge, it shall be repaired or removed from the course. If it cannot be repaired and horses have completed the course, the score for that obstacle shall be deducted from all previous entries in that class.
  4. The course must be posted at least one hour before scheduled time of the class.

4. See NON-PRO WALK-TROT DIVISION, rule 901.E for rules regarding non-pro eligibility for non-pro walk-trot classes.

#### K. GREEN TRAIL

1. The purpose of green trail is to allow a horse to compete on an entry-level field with horses of the same level of experience. The green trail is a stepping stone to the more advanced level of competition with seasoned horses. This class should be judged according to the purpose of its intent.
2. Green trail will be judged on the performance of the horse over obstacles with emphasis on movement, smoothness in gaits and transitions and willingness to execute the maneuvers with a willing attitude. Horses shall be penalized for artificial appearance over the obstacles.
3. The course should be designed for the entry-level horse. Ample space should be used to execute the obstacles.
4. Horses, regardless of their age, may be ridden with one hand and a standard western bit as approved by ApHC equipment rules or with two hands and a snaffle bit or bosal as described under ApHC equipment
5. With the exception of eligibility and equipment requirements, the same rules apply in green trail as apply in trail.
6. Horses eligible to compete:
  - a. Horses that have never shown or were shown during previous years in ApHC-approved green trail, open trail, non-pro trail or youth trail, but have not earned more than 10 points in those classes as of January 1 of the current show year. Points from all divisions will count and are cumulative in determining eligibility.
7. Green Trail points are not eligible for Breeder's Trust payout, year-end or lifetime awards.

## L. YEARLING IN-HAND TRAIL

Class is limited to yearlings. Class shall not be held prior to May 20. This is a non-pointed class.

### 1. GENERAL CLASS RULES.

- a. Western Attire and Tack. See Rule 715.E.
- b. An exhibitor may show a maximum of two horses in Yearling In-Hand Trail.

### 2. JUDGING GUIDELINES.

- a. Judges should consider the overall appearance of the horse, conditioning and grooming, and the equipment (dirty, ill-fitting or ragged equipment) in their overall scores. Also to be considered is the correctness of the horse while being led. Drifting to the side, leading or stopping crooked, failure to maintain a pivot foot in a turn, leading or turning sluggishly should be considered and evaluated in the horse's maneuver scores and reflected in his overall score. Handlers should be discouraged from excessive verbal cues and excessive stiff or unnatural movements around horse or when leading. For safety reasons, those handlers continuously holding the chain on the lead, tightly coiling lead shank around hand, or dragging the lead shank should be penalized.
- b. All faults are to be assessed against the horse and not the exhibitor

3. **SCORING SYSTEM.** Scoring will be on the basis of 0-infinity, with 70 denoting an average performance. Each obstacle will receive an obstacle score that should be added or subtracted from 70 and is subject to a penalty that should be subtracted. Each obstacle will be scored on the following basis, ranging from plus 1½ to minus 1½: -1½ extremely poor, -1 very poor, -½ poor, 0 correct, +½ good, +1 very good, +1½ excellent. Obstacle scores are to be determined and assessed independently of penalty points. Credit will be given to those horses negotiating the obstacles cleanly, smoothly, and alertly with style in prompt response to the handler's cues. Penalties should be assessed per occurrence as follows:

#### a. **One half (½) POINT**

- i. Each tick of log, pole, cone, plant or obstacle.

#### b. **One (1) POINT**

- i. Each hit, bite or stepping on a log, pole, cone, plant or any component of the obstacle.

- ii. First or second cumulative refusal, balk, or evading an obstacle by shying or backing more than two strides away.

  - xiii. Excessive schooling, pulling, turning or backing anywhere on course.
  - xiv. Failure to complete obstacle (i.e. dropping the rope gate and not picking it up)

#### 4. COURSE REQUIREMENTS

- a. Use Care in Setting Up Course. Care must be exercised to avoid the setting up of any of these obstacles in a manner that may be hazardous to the horse or handler. Obstacles should be placed in such a manner that they flow from one to the other quickly and efficiently.
- b. Change of Procedure. Where the local conditions and equipment will not permit the establishment of obstacles as specified and that they may require changing of procedures or hand on the lead, then all competitors must be advised that such changing of procedure or of hands is permitted.

#### 5. EXHIBITOR REQUIREMENTS.

- a. Exhibitor must use only the right hand on the lead where the chain begins, and lead on the horse's left side. A chain may be used under the chin or hanging from the halter. Exhibitor must use only the left hand to carry the excess lead, looped loosely except when:
  - i. Carrying an object from one part of the arena to another.
  - ii. Dragging an object from one part of the arena to another.
  - iii. Opening/closing a gate, left hand gate only. In these cases, the right hand can also carry the excess lead.
  - iv. Sidepassing. In this case, the lead at the chain and the excess lead can be held in the hand at the horse's head.
- b. Exhibitors should be poised, confident, courteous and sportsmanlike at all times. The exhibitor should continue showing the horse until the class has been placed or excused.
- c. Any stops should be straight, smooth and responsive with the horse's body remaining straight. Backing and turning should be performed from the left side of the horse. The exhibitor should face the horse when backing. Exception: When negotiating a gate, the exhibitor is not required to face the horse. The horse should back up readily with the head, neck and body aligned in a straight or curved line as instructed.
- d. When executing a turn to the right, the exhibitor should face the horse and move the horse away from them. On turns of less than 90 degrees, it is acceptable to lead the horse toward them. On turns of 90 degrees or greater, the horse should pivot on the right or left hind leg while stepping across with the front legs.
- e. Exhibitor is not allowed to touch the horse, except when sidepassing.

6. **OBSTACLE REQUIREMENTS.** Course will include a minimum of 6 and a maximum of 8 obstacles and must be designed using obstacles from each of the following list of obstacles. Complexity of courses may increase throughout the calendar year, keeping in mind that this class is designed to expose the yearling horse to Trail obstacles, not end up with a finished trail horse at the end of its yearling year. Course designs early in the year should be very basic compared to later course designs.
- a. Lead over at least four logs or poles. These can be in a straight line, curved, zigzag or raised. The space between the logs or poles is to be measured and the path the horse is to take should be the measuring point. All elevated elements must be placed in a cup, notched block, or otherwise secured so they cannot roll. The height should be measured from the ground to the top of the element. Spacing for walk overs should be follows or increments thereof.
    - i. Walk-overs. An obstacle of at least four poles measuring 20 to 24 inches (50-60cm) and may be elevated to 12" (30cm). Elevated walkovers should be set at least 22" (55cm) apart.
    - ii. Trot-overs. The spacing for trotovers shall be 3' to 3'3" (90-100cm) and may be elevated to 8" (20cm).
  - b. Sidepass. An object of such nature and length, which is safe may be used to demonstrate the responsiveness of the horse to signals at its side. If raised, height may not exceed 2 feet (60.96cm). The obstacle should be designed to require the horse to sidepass, to the right or left, off pressure or signal, on or near its side. The obstacle should be in the course design such that the horse comes up to it, but does not cross or straddle it while completing the sidepass. The exhibitor is allowed to touch the horse on the side during the sidepass.
  - c. Lime Circle. Requiring either:
    - i. Turn on the forehand with front feet inside and back feet turning outside the circle. The handler may hold the horse and the excess lead in his/her left hand during the turn.
    - ii. Turn on the haunches with hind feet inside and front feet turning outside the circle.
  - d. Square, minimum 8' (2.4383m) sides. Lead into the square. While all four feet are confined in the square, make a 360 degree or less turn and lead out. Handler may remain inside or outside the square.
  - e. Gate. The gate must be set up so that it is a minimum of four feet (1.2192m) in length and four feet (1.2192m) in height and so that the exhibitor can open from his/her left side. It is permissible to carry excess lead in the right hand while negotiating the gate. Handlers losing control of the gate while passing through shall be penalized and scored accordingly.
  - f. Back through. Shall consist of either:
    - i. Poles. Straight L, double L, V, U or similar shaped obstacle. Poles should be on the ground, 30 inches (76.2cm) between minimum. Handler may remain outside or inside the poles.
    - ii. Barrels or Cones, minimum of three. 36 inches (91.44cm) between minimum. Handler and horse can pass between barrels or cones together.
    - iii. Triangle. 36 inches (91.44cm) between minimum at entry and 40 inches between minimum for sides. Note: If guardrails are used with b. or c. they shall be 3 (91.44cm) to 4 (121.92cm) feet from the sides of the obstacle.
  - g. Bridge. A bridge with a wooden floor not to exceed 12 inches (30.48cm) in height and with or without side rails not less than 48 inches (121.92cm) apart will be used.
  - h. Water Hazard. A ditch or shallow pond of water may be used. A horse must pass through this obstacle, which must be large enough so that to

properly complete this obstacle all four feet of the horse must step in the water. Management may not place any item in the water. If a box is used, simulated water is permissible. If water is used, handler should walk to left of water while horse passes through water.

- i. Simulated Water. A plastic sheet, secured to the ground, so that it will not become affixed to the horse's foot when a horse passes over the simulated water.
- j. Carrying Object. Any object, other than animal or fowl, and of a reasonable size or weight, may be carried to a specific point.
- k. Drag or Pull. Any object other than animal or fowl which can reasonably be pulled or dragged by the exhibitor. This obstacle should be in the course design such that the item to be dragged is on the handler's left side. The excess lead may be carried in the handler's right hand.
- l. Mailbox. Remove and/or replace items. Sidepass is optional. Note: Obstacles 1 and 3—if the object will be picked up/put down or opened/closed on the horse's right side, the handler is allowed to hold the horse and the excess lead in his/her left hand while negotiating the obstacle.
- m. Serpentine. Obstacle consisting of four pylons, guardrails optional, through which a horse will maneuver at a walk or jog-trot. Guardrails shall consist of poles placed parallel and a minimum of 4 feet (121.92cm) from the base of pylons; walk-pylons, minimum 4 feet (121.92cm) apart, base to base. Jog-trot pylons, minimum 7 feet (213.36cm) apart, base to base.
- n. Jog-around. Square consisting of 4 poles, minimum 12 feet (3.6576m) long, and a pylon placed in the center of the square. Exhibitor will enter over a designated pole, perform a minimum 90 degree jog-around the pylon and exit over the designated pole. The handler should be in the box with the horse. For jog-arounds greater than 90 degrees, the jog-arounds will be performed as a left turn where the exhibitor will be next to the pylon during the jog-around.
- o. Jog-through. Shall consist of poles L, double L, V, U or similar shaped obstacle. Poles should be on the 3 feet (91.44cm) minimum and 4 feet (121.92cm) maximum. Handler may be inside or outside the jog-through.

## 724. RANCH HORSE TRAIL

- A. Open to horses three years of age and older.
- B. The ranch trail class should test the horse's ability to cope with situations encountered while being ridden through a pattern of obstacles generally found during the course of everyday ranch work. The horse/rider team is judged on the correctness, efficiency and pattern accuracy with which the obstacles are negotiated and the attitude and mannerisms exhibited by the horse. Judging emphasis is on identifying the well-broke, responsive and well-mannered horse which can navigate and negotiate the course.
- C. **Ranch Class Apparel and Equipment:** Attire and tack should be clean and presentable. Working tack is encouraged.
  1. Hoof polish is discouraged.
  2. No braided or banded manes or tail extensions.
  3. Trimming inside ears is discouraged.
  4. Trimming bridle path, fetlocks or excessively long facial hair is allowed.
  5. Equipment with silver should not count over a good working outfit. Silver bridles and saddles are discouraged.
  6. In ranch trail, exhibitors should outfit horse with a breast collar and back cinch for safety.
- D. Horse shall be penalized for any unnecessary delay while approaching the obstacles. The horse/rider team should negotiate each obstacle with calmness and patience, moving safely through each obstacle. Horses should show

awareness, be attentive and not spook, shy or spin. The horse should not stumble, tick or clip obstacles.

- E. A minimum of six (6) obstacles (maximum of twelve (12) obstacles) will be used. It is mandatory that the horse be asked to walk, trot and lope during the course. Walk can be part of obstacle score or be scored with the approaching obstacle. Trot must be at least 35 feet and score with approaching obstacle. Lope must be lead-specific, at least 50 feet and score with approaching obstacle. Care must be exercised to avoid setting up any obstacles that may be hazardous to the horse or rider. When setting courses, the management will be mindful that the idea is not to trap a horse/rider team or eliminate it by making an obstacle too difficult. All courses and obstacles are to be constructed with safety in mind to reduce the risk for accidents. Show committee shall have the option of setting up the trail course to best fit the arena conditions. An outdoor course is recommended if appropriate terrain is available. Each single-performance event can be time consuming, especially with large classes, so it is imperative that time restrictions are placed on this class. The show committee, either through a pilot run or estimation, shall select a course that has a continuous and positive flow that can be negotiated in four minutes or less. Judge must walk the course and have the right and duty to alter the course if it is not in keeping with the intent of the class. Judges may remove or change any obstacles they deem unsafe, non-negotiable or unnecessarily difficult. Any time a trail obstacle becomes unsafe during a class, it shall be repaired or removed from the course. If the course cannot be repaired and some horses have completed the course, the score for that obstacle shall be deducted from all previous draws in that class. The course must be designed using anything from the list of suggested optional obstacles. Combining two or more of the obstacles is acceptable.
- F. Credit is given to horse/rider teams who negotiate the obstacle correctly and efficiently. Horses should receive credit for showing attentiveness to obstacles and ability to negotiate through the course when the obstacles warrant it while willingly responding to the rider's cues on more difficult obstacles. Quality of movement and cadence should be considered part of the maneuver score for obstacles. Each obstacle should receive an obstacle score and is subject to penalty that should be subtracted. Each obstacle should be scored on the following basis, ranging from plus 1½ to minus 1½. Plus 1½ - excellent; Plus 1 - very good; Plus ½ - good; 0 - correct; Minus ½ - poor; Minus 1 - very poor; Minus 1½ - extremely poor. Obstacles scores are to be determined and assessed independently of penalty points. Penalties should be assessed as follows:
1. Disqualification (from entire class)
    - a. Use of two (2) hands (except Junior horses shown with a snaffle bit or hackamore)
    - b. Use of romal other than outlined in 715.A.7.
    - c. Performing the obstacles other than in specified order.
    - d. No attempt to perform an obstacle
    - e. Equipment failure that delays completion of pattern
    - f. Touching the horse on the neck to lower the head
    - g. Fall to the ground by horse or rider
    - h. Riding outside designated boundary marker of the course

  - g. Failure to complete obstacle
  - h. Second refusal, balk or attempt to evade an obstacle by shying away or backing more than 2 strides away.
  - i. Use of either hand to instill fear or praise
- G. Only one hand may be used on the reins, except for junior horses shown with an acceptable snaffle bit or hackamore/bosal. Hands must not be changed except that it is permissible to change hands to work with an obstacle. While the horse is in motion, there shall be no changing of hands on the reins. Hands to be around reins. One finger between reins permitted when using split reins only. While horse is in motion, hands shall be clear of the horse and saddle except that it is permissible to hold the saddle horn with either hand.
- H. There are not mandatory obstacles. The course is to be set up at the discretion of the show management and/or judges. Obstacles should be constructed of safe material, and test the horse and rider's skills. Suggested obstacles include, but are not limited to:
  1. Side pass (over obstacle is optional). May be elevated to 12" (30.48 cm) maximum
  2. Ride over at least four logs or poles. These can be in a straight line, curved, zigzag, raised or combination. The space between poles/logs is not required to be measured as obstacles on a trail are random. Care shall be taken to design the course with safety in mind when determining the gait at which the obstacles will be maneuvered.
  3. Ride over wooden bridge. Minimum width shall be 36" (91.44 cm) wide and at least 6 feet (1.83 m) long. Bridges should be sturdy, safe and negotiated at a walk only.
  4. Opening, passing through and closing gate. A gate that will not endanger horse or exhibitor must be used. If the gate has a metal, plastic or wooden support bar under the opening, contestants must work the gate moving forward through it. Gate may also be worked on foot from the ground.
  5. Water hazard (ditch or small pond). No metal or slick bottomboxes shall be used.
  6. Carry object from one part of arena to another. Only objects that might reasonably be carried on a trail may be used.

    - a. Dismount and ground tie. (Hobbles are allowed). May remount with a mounting block.
  9. Load into a trailer.
  10. Drag an obstacle. Rider may hold rope or dally once, no tying hard and fast. At no time should the rider or horse get tangled in the rope.

Horses should stand quietly during the preparation and then pull or drag in control. The exhibitor is strongly recommended to have the rope dalled on the saddle horn (half or full dally) for the duration of the drag.

11. Live animals or objects representing live animals may be used on the course if they are representative of animals which would normally be encountered in an outdoor setting but shall not be used in an attempt to spook a horse.
  12. Rope a steer head. The object is not to judge the ability of the exhibitor to rope but the patience and willingness of the horse in allowing the rider to complete the task at hand.
  13. Remove and replace materials from a mailbox.
  14. Trot through cones spaced a minimum of 6 feet apart.
  15. Cross natural ditches or ride up embankments.
  16. Pick up feet.
  17. Walk through brush.
  18. Lead at a walk or trot.
  19. Rocking or moving bridges are optional if constructed in a safe manner.
- I. **PROHIBITED OBSTACLES:** Tarps, water obstacles with slick bottoms, PVC pipe used as a jump or walk over, tires, logs elevated in a manner that permits such to roll in a dangerous manner.
- J. Posting at the extended trot is acceptable.

## 725. GAMING CLASSES GENERAL RULES

**DISCLAIMER:** The ApHC encourages the use of ASTM/SEI approved protective headgear by all exhibitors and requires youth exhibitors 18 years of age and younger to wear ASTM/SEI approved protective headgear in all game classes. Game classes constitute an inherently dangerous activity and exhibitors participate at their own risk. All exhibitors in all game classes at ApHC approved and/or sponsored show or events, and the parents or guardians of all such exhibitors who are minor children, will be required to execute a release in form satisfactory to the ApHC indemnifying and holding harmless the ApHC and the show sponsors from any liability for injury or death arising from such exhibitor's participation in any game class, or such exhibitor will not be allowed to participate in any game class at any such approved and/or sponsored show or event.

- A. In all game classes, it is mandatory to wear appropriate western attire, which includes a long-sleeved shirt and cowboy boots. Chaps are optional in games. The exhibitor must wear either a western hat or ASTM/SEI approved protective headgear. If the exhibitor wears a hat, the hat must be on the exhibitor's head when the exhibitor enters the arena. Youth exhibitors 18 years of age and younger are required to wear ASTM/SEI approved helmet with safety harness attached and fastened in all game classes. ASTM/SEI approved protective headgear, while optional for adults, is strongly recommended for use by all exhibitors in all game classes.
1. In timed game events, a five-second penalty will be assessed if the hat or helmet is not on the exhibitor's person for the entire time the exhibitor is in the arena.
- B. In Stump and Stake Races if arena size permits, horses should be run horse against horse. If arena size does not permit horses to be run safely horse against horse, horses may be run on time.
- C. In any timed or racing (speed) events all arena gates must be closed before contestants compete. Exhibitors will not be allowed to enter or leave the arena moving at full speed. Exhibitors will not be allowed to enter the arena until the course or courses have been pronounced ready by the judge(s).
1. Once the arena has been pronounced ready by the judge(s) and the entry gate is open, exhibitor(s) have 30 seconds to enter the arena. Entries not in the arena at the expiration of this time limit shall be disqualified.
- D. In horse-against-horse gaming classes, once the arena has been pronounced ready by the judge(s) and the entry gate is open, both horses have 30 seconds to enter the arena. The determination of which horse will enter first is decided outside the arena in advance of the heat by the flip of

- a coin or by mutual consent of the entrants competing in that heat. Entries not in the arena at the expiration of this time limit shall be disqualified.
- E. Games classes will be started by an audible signal (bell, horn, whistle, gong, or buzzer). The signal will not be given until the gate is closed. In all time trials and all classes run on time, exhibitors will have 30 seconds from time of audible signal to get over start line.
  - F. When an exhibitor competes in a timed event or time trials, each qualifying time shall be announced over the public address system by the show announcer immediately following his or her qualifying run. Any exhibitor receiving no time due to disqualification shall also be announced over the loud speaker by the show announcer.
  - G. Any horse breaking or crossing the plane of the starting line with any part of its body after the judge signals time and before the starting signal will be disqualified for that heat.
  - H. Horses not under reasonable control will be disqualified.
  - I. When possible it is recommended the electric timers be used as official time in all timed events. When hand timers are used a minimum of three watches is recommended, with the median time being the official time. (The median time is the time indicated by two of the three stop watches, if two agree. If no two watches agree, the median time is the time indicated by the watch which has neither the fastest nor slowest time).
  - J. Care should be taken to see that the ground surrounding barrels and poles is safe and free from holes. Exhibitors may request that area around stakes and stumps be raked and leveled.
  - K. If only one exhibitor qualifies in a class, the class shall be considered completed. Should no exhibitors qualify the class may be rerun once in order to establish a winner.
  - L. In case of mechanical failure of either an electrical timer or stop watches, an exhibitor may be given a rerun in any event in which the exhibitors qualify by time.
  - M. In timed events, the starting and finishing time shall be taken the instant the horse's chest reaches the plane of the timing line.
  - N. In Open classes, an exhibitor may ride only one horse except where the class is a totally timed event. Non-Pros can only ride one horse in Non-Pro Camas Prairie Stump Race and Non-Pro Nez Perce Stake Race except that a non-pro exhibitor may ride a maximum of two horses in these two classes provided they are timed-only classes. Youth exhibitors may only ride one horse in youth Nez Perce stake race and youth camas prairie stump race except that a youth exhibitor may ride a maximum of two horses in these two classes provided they are timed-only classes. Non-pro and youth exhibitors may ride a maximum of two horses in the walk-trot divisions of these classes as they are time-only classes.
  - O. Each class in a multi-judge show shall be run concurrently. However, in timed gaming events at multi-judge shows, a maximum of one run per every two judges may be allowed at show management's sole discretion.
  - P. Paintings and markings on the horse shall be permitted in games classes. Artificially colored mane or tail attachments, whether natural or artificial hair, are allowed in games classes.
  - Q. An exhibitor may not walk through the course in order to qualify for a placing position nor in the run-off for a tie, except in walk-trot games classes.
  - R. In all game classes, it is acceptable to ride two-handed.

## **726. TIME TRIAL ELIMINATIONS OR TIMED EVENTS**

- A. **DISQUALIFICATION:** Any horse running in the time trial eliminations or when the class is run on time only, shall be disqualified from the entire class for any of the following infractions:
  1. Horse not running to the right hand barrel in the Camas Prairie Stump Race.
  2. Horse not running down the right hand side of the stakes at the start in the Nez Perce Stake Race.
  3. Fall of horse or rider.
  4. Striking horse forward of cinch.

5. Touching barrel or stake with hand.
  6. Running off course.
  7. Crossing finish line before completion of pattern.
  8. Equipment failure or casting of shoe unless entry can continue without interruption.
  9. Injury to horse or exhibitor.
- B. FIVE SECOND PENALTY: When competing for time or in time trials in Camas Prairie Stump Race and Nez Perce Stake Race, a five-second penalty shall be added to the final time for each knocked over barrel or stake and if exhibitor loses hat (see Rule 725.A.1).

## 727. HORSE AGAINST HORSE

- A. When racing horse against horse and one exhibitor disqualifies through an infraction, the remaining exhibitor must maintain his or her reasonable speed and complete the course. Reasonable speed shall be considered as any gait faster than a walk. Walking through the remaining course or loss of forward motion will result in disqualification of that heat.
- B. When racing horse against horse, if any exhibitor incurs any type of infraction resulting in disqualification in the same heat in which the opposing exhibitor is disqualified for a similar infraction, both exhibitors shall be allowed to rerun.
1. Example: If an exhibitor touches a stump or stake with his hand s/he shall be eliminated unless the other entry in the same heat incurs a similar infraction.
- C. Disqualification from Heats Only
1. Falling
    - a. A fall in a heat (horse against horse) shall NOT disqualify an exhibitor from the entire class. It shall be considered as a disqualification from that heat only. When a fall and a knock-down of a barrel or stake or similar infraction occurs in the same heat, they shall nullify one another and the heat shall be rerun until one exhibitor finishes the course clean.
  2. Knocking over barrel or stake.
  3. Touching barrel or stake with hand.
  4. Running off course.
  5. Crossing start line before signal to start.
  6. Crossing the finish line before completion of pattern.
  7. Not maintaining speed.
  8. Equipment failure or casting of a shoe that causes the horse to be pulled up, shall disqualify the horse for that heat only. Upon repair of equipment they may return to the next elimination heat (if any) when called by the show announcer.
  9. Horse not running to the right-hand barrel in the Camas Prairie Stump Race.
  10. Horse not running down the right side of the stakes at the start of the Nez Perce Stake Race.
  11. Loss of hat or helmet from the exhibitor's person.
- D. DISQUALIFICATION FROM ENTIRE CLASS
1. Striking horse forward of cinch.
  2. Injury to horse or exhibitor.
- E. When exhibitors are running horse against horse and an entry is disqualified from the entire class (per rule 711.C, 711.E or 727.D.2) or scratched for any reason, the remaining entry will automatically advance in the bracket, even if s/he has sustained a disqualifying infraction for any reason (such as knocking over stake or stump.)
1. The entry that was disqualified from the entire class (per rule 711.C, 711.E or 727.D.2) or scratched for any reason, shall be carried on the bracket as a bye for the remainder of the class.
    - a. Should a disqualification (per rule 711.C, 711.E or 727.D.2) occur during the final placing of the class, all placings will automatically be moved up to fill the vacancy of the disqualified entry.
    - b. Should a scratch occur during the final placing of the class, the scratched entry shall receive the placing they would have received had they run the heat and lost.

## 731. FIGURE 8 STAKE RACE

- A. This is a timed event.
- B. The start/finish line is 30 feet (9.15 m) wide and marked by two upright markers (cones or pylons) short enough to not interfere with the timer if one is used. Short pylons or cones are recommended.
- C. There are two stakes in this event. The stakes shall be 80 feet (24.38 m) apart. The first stake shall be 21 feet (6.4 m) from the start/finish line and the second stake shall be 101 feet (30.78 m) from the start/finish line if arena size permits. The pattern may be shortened depending upon arena size; however the two stakes must always be placed 80 feet (24.38 m) apart, regardless of the distance between the first stake and the start/finish line.
- D. Exhibitor shall cross the start/finish line and run down the right side or left side of the poles to the second pole making either a right- or left-hand turn. Exhibitor shall not cross between the two poles before making the first turn. Exhibitor shall then run to the first pole and make a turn in the opposite direction. Exhibitors must then run back to the second pole and repeat first turn then run straight back down either the left or right side of the poles (opposite side than when first crossing start line and running to second pole) and cross the start/finish line. Pattern must be run according to diagram in G.
- E. A no-time is given if either of the upright poles or either of the two upright markers are knocked down.
- F. An exhibitor may not walk through the course in order to qualify for a placing position nor in the run-off for a tie.

### G. COURSE LAYOUT:

## 732. KEYHOLE RACE

- A. The starting line shall be 50 to 100 feet (15.24–30.48 m) (according to arena size) from the entrance to the keyhole. The entrance shall be 4 feet (1.21 m) wide and 10 feet (3.05 m) long, connected to a circle 20 feet (6.09 m) in diameter. Time starts as the contestant crosses the starting line. He/she shall proceed through the entrance, turn right or left in the circle, return through the entrance and cross the finish line. An exhibitor is disqualified if a horse steps on or outside of the chalk line. A judge or judges must be at the keyhole to decide upon these qualifications, and their decisions will be final.
- B. A marker should be placed at each end of the starting and finish line and the horse must start and finish by passing between the markers. A running start is permissible. Fastest time wins. An exhibitor may not walk through the course in order to qualify for a placing position or in the run-off for a tie.
- C. KEYHOLE RACE COURSE LAYOUT

## 733. WALK-TROT GAME CLASSES

- A. Except as noted below, general gaming class rules and TIME TRIAL ELIMINATIONS OR TIMED EVENTS rules apply to all walk-trot game classes.
- B. Approved walk-trot game classes: Camas Prairie Stump Race, Nez Perce Stake Race, Keyhole Race, Figure 8 Stake Race.
- C. If the horse breaks into a lope for more than three consecutive strides, it shall be disqualified.
- D. These are timed events where the fastest time wins.
- E. See YOUTH WALK-TROT DIVISION, rule 807 for rules regarding youth eligibility for youth walk-trot classes.
- F. See NON-PRO WALK-TROT DIVISION, rule 901.E for rules regarding non-pro eligibility for non-pro walk-trot classes.

## 734. ROPE RACE

- A. Small four foot ropes are loosely tied to a wire line or lariat stretched taut across the arena 2 feet (60.96 cm) above the head of a mounted horseman (one rope less than the number of exhibitors). At the direction of the starter, the exhibitors race to take hold of one of the dangling ropes with one hand. The exhibitor without a rope will be eliminated. Another small rope shall be removed, again leaving one less rope than exhibitors. Exhibitors will repeat race to the lariat or wire until all but one is eliminated. The last exhibitor eliminated will win second place and the exhibitor holding the last rope shall be the winner. The exhibitor eliminated in the heat prior to the final race will be awarded third place; fourth place shall be awarded to the exhibitor eliminated in the previous heat. The number of class placings shall be specified in the premium list. EXHIBITOR MAY RIDE ONLY ONE HORSE.
- B. In the event of a tie between two exhibitors on the same rope, those two will immediately run to determine the winner, separate and apart from the balance of exhibitors with winner of tie returning to race with the others and loser being eliminated as outlined above. An exhibitor must hold onto rope and be mounted until judge signals heat finished and next heat to begin. Any unnecessary roughness, unsportsmanlike conduct, etc., on the part of an exhibitor may be grounds for disqualification at the discretion of judge. Exhibitors' working order may be drawn for permanent working positions throughout Rope Race contest.
- C. A fall of horse or exhibitor shall be a disqualification from the heat in either the eliminations and/or finals. Any exhibitor striking the ropes with a bat or any other object other than his or her hands is automatically disqualified from the class in either the eliminations and/or finals.
- D. Any horse touching the starting line after the judge signals time and before the starting signal will be disqualified from that heat. One or more horses may be disqualified; however, that heat shall be run. Anyone with a starting line violation will either be eliminated in that heat (if only one horse is across the line) or will run immediately for placings and will not advance to any subsequent heats (if more than one horse is across the line).
1. At ApHC-sponsored shows, if there is a line violation, judges are required to review the official show video before final determination is made identifying the horse or horses over the line.
- E. Starting line should be 75 to 80 feet (22.86–24.38 m) from the finish line.
- F. At the discretion of the show management eliminations may be held in the Rope Race to eliminate all but eight horses. Classes may be divided into two or more heats eliminating down to equal numbers in each heat to arrive at the eight horses to compete in the finals.
- G. Additional judges may be appointed by the show management to watch for ties and/or fouls. These judges should stand at a distance from the ropes so as not to interfere with the actual running of the Rope Race.
- H. In the Rope Race, equipment failure or casting of a shoe shall disqualify the horse from the class unless the entrant can continue without interruption.
- I. When horses have been eliminated to the number of awards being given and two or more horses are eliminated by the Five-Second-Rule, the placing shall be at the discretion of the judge in the order of violations.
- J. FIVE-SECOND RULE**
1. When horses enter the arena, they will have 30 seconds to get behind the starting line and in reasonable position. If they do not, one or more will be disqualified for that heat.
  2. A solid line will indicate the starting line.
  3. Once horses are behind the starting line, they must stay there. No riding out.
  4. Once in reasonable position, the judge will signal time with an audible signal and the timer will start.
  5. When "5" (five) seconds are up, the starting signal will sound.

## 735. TIMED-ONLY BARREL RACING

- A. In all game classes, it is mandatory to wear appropriate western attire, which includes a long-sleeved shirt and cowboy boots. Chaps are optional in games. The exhibitor must wear either a western hat or ASTM/SEI approved protective headgear. If the exhibitor wears a hat, the hat must be on the exhibitor's head when the exhibitor enters the arena. Youth exhibitors 18 years of age and younger are required to wear ASTM/SEI approved helmet with safety harness attached and fastened in all game classes. ASTM/ SEI approved protective headgear, while optional for adults, is strongly recommended for use by all exhibitors in all game classes.
1. A five-second penalty will be assessed if the hat or helmet is not on the exhibitor's person for the entire time the exhibitor is in the arena.
- B. This is a non-pointed timed event. Exhibitors will complete a course consisting of 3 barrels in a triangular "cloverleaf" pattern.
- C. Exhibitors will not be allowed to enter the arena until the course or courses have been pronounced ready by the judge(s). **The show manager shall use his/ her judgment on whether the show arena gates will be open at the start of each run in the class. His/her decision shall be based upon the condition and layout of the show arena.** Exhibitors will not be allowed to leave the arena moving at full speed.
- D. At the signal, contestants will cross the start/finish line and run to the first barrel. If the contestant chooses to run to the right barrel first, they will pass to the left of it and complete an approximate 360-degree turn around it; then go to the second barrel and pass to the right of it and complete a slightly more than 360-degree turn around it, then go to the third barrel and pass to the right of it and do another approximate 360-degree turn around it and then sprint to the start/finish line passing between barrels one and two. If the contestant chooses to run to the left barrel first, they will pass to the right of it and complete an approximate 360-degree turn around it; then go to the second barrel and pass to the left of it and complete a slightly more than 360-degree turn around it, then go to the third barrel and pass to the left of it and do another approximate 360-degree turn around it and then sprint to the start/finish line passing between barrels one and two.
- E. There is a five-second penalty for each barrel knocked over.
- F. Failure to follow the course shall cause disqualification.
- G. A contestant may not touch the barrel with his or her hands.
- H. In the event of a tie for first place, those tied may re-run to break the tie.
- I. This is a non-pointed class.
- J. All rules contained in Gaming Classes General Rules apply except as otherwise noted above.
- K. Course: The front barrels 30-50 feet (9.15 m – 15.25 m) from the starting line; barrels to be 75 feet (22.86 m) apart with the back barrel 94 feet (28.65 m) from the finish line. A course may be reduced by 5 feet (1.52 m) increments to fit a smaller arena. A course may be extended in 5 feet increments to fit a larger arena. Barrels should be standard 55 gallon (200 liter) steel drums with both ends in. No rubber or plastic barrels or barrel pads shall be used.

## 736. TIMED-ONLY POLE BENDING

- A. In all game classes, it is mandatory to wear appropriate western attire, which includes a long-sleeved shirt and cowboy boots. Chaps are optional in games. The exhibitor must wear either a western hat or ASTM/SEI approved protective headgear. If the exhibitor wears a hat, the hat must be on the exhibitor's head when the exhibitor enters the arena. Youth exhibitors 18 years of age and younger are required to wear ASTM/SEI approved helmet with safety harness attached and fastened in all game classes. ASTM/SEI approved protective headgear, while optional for adults, is strongly recommended for use by all exhibitors in all game classes.
1. A five-second penalty will be assessed if the hat or helmet is not on the exhibitor's person for the entire time the exhibitor is in the arena.
- B. This is a non-pointed timed event. Exhibitors will complete a course consisting of 6 poles spaced 21 feet apart, which horses and riders weave through.
- C. Exhibitors will not be allowed to enter the arena until the course or courses have been pronounced ready by the judge(s). **The show manager shall use his/ her judgment on whether the show arena gates will be open at the start of each run in the class. His/her decision shall be based upon the condition and layout of the show arena.** Exhibitors will not be allowed to leave the arena moving at full speed.
- D. At the signal, contestants will cross the start/finish line and run to the far end of the series of poles, turn and weave in and out as they work their way back to the front. Horses then complete a turn around the front pole and maneuver through the series again. At the last pole, they complete that turn and sprint to the start/finish line. A horse may start either to the right or to the left of the first pole and then run the remainder of the pattern accordingly.
- E. There is a five-second penalty for each pole knocked over.
- F. Failure to follow the course shall cause disqualification.
- G. A contestant may not touch the pole with his or her hands.
- H. In the event of a tie for first place, those tied may re-run to break the tie.
- I. This is a non-pointed class.
- J. All rules contained in Gaming Classes General Rules apply except as otherwise noted above.
- K. Course: Each pole is to be 21 feet (8.4 m) apart and the first pole is to be 21 feet (6.4 m) from the start/finish line. Poles shall be set on top of the ground, six feet (1.8 m) in height, with no base more than 14 inches (35 cm) in diameter.

## 740. CATTLE CLASSES

### A. MANDATORY EQUIPMENT AND ATTIRE

1. See WESTERN PERFORMANCE EQUIPMENT and ATTIRE.
2. The hat must on the exhibitor's head when the exhibitor enters the arena.
3. Chaps are optional at ApHC-approved shows but are mandatory at ApHC-sponsored shows, except as stated in (a) below:
  - a. In roping and team penning classes, chaps are optional as a western requirement at all ApHC shows.
4. In timed cattle classes at multi-judged shows, a maximum of one run per every 2 judges is allowed at show management's sole discretion.

## 741. WORKING COW HORSE

- A. Both the cow work portion of this event and the reined work portion are mandatory. Scoring emphasis on the cow work portion shall be based on the horse maintaining control of the cow at all times, exhibiting superior cow sense and natural cow working ability without excessive reining or spurring. Failure of an exhibitor to attempt to complete the cow work portion of the class, as well as the reined work, will result in the exhibitor not being considered an entry in the class. A horse going off pattern in the reined work will receive a score of zero. A horse that attempts both the reined work and the cow work portions may be placed, even if disqualified in one portion of the class. (Example: If a horse is disqualified and receives a 0 score for the reined work, but scores a 70 for the cow work, its total score would be 70 and the horse would be eligible for placing.)
- B. In approved working cow horse classes, any of the twelve ApHC-approved patterns may be used. A pattern is to be selected by the judge of the class and used by all contestants in the class. Each contestant will cause his horse to travel at the gait indicated for each part of the pattern. When judging reined work, the judge should refer to the reining portion of the handbook for scoring/penalty guidelines, except that the reined work in working cow horse will be scored 60-80.
- C. Prescribed Cow Work:
  1. Judging begins when the contestant enters the arena. There shall be no schooling between the completion of the rein work and cow work when the cow work immediately follows the rein work; the penalty for this will be a zero.
  2. At the start of the work, each contestant upon receiving a cow in the arena, shall hold the cow on the prescribed end of the arena for sufficient time to demonstrate the ability of the horse to contain the cow on that end. Boxing: Working the cow on the end of the arena until such time as the contestant has proven the ability of the horse to hold the cow. The horse should exhibit superior cow sense and natural cow-working ability without excessive reining or spurring. In the head-to-head working position, the degree of difficulty shall be considered.
  3. After a reasonable amount of time, the contestant shall take the cow down the fence, making at least one turn each way on the fence. Turning on the fence: A good turn on the fence may be defined as one in which the cow, while being run down the fence on one side of the arena, is turned in the other direction and held near the same fence while being run in the new direction. During the turn the horse should use himself in a controlled, athletic manner, using its hocks to stop and drive out of the turn, while using its front end to balance and turn. The contestant must get at least one turn in each direction. To be considered a turn, the contestant must be close enough to the cow to be the cause of the turn. The turn must be tight

enough so as not to be considered just circling the fence. More than two good turns in each direction should not result in extra credit but also should not be penalized, unless the cow is thereby too exhausted to circle correctly. One turn each way may not necessarily result in extra credit if the horse and/or cow are out of control.

4. The contestant shall then take the cow to an open part of the arena and circle it at least once in each direction. Circling: Maneuvering the cow smoothly at least 360 degrees in each direction without interference from the fence. The circle's size, symmetry, speed and relative balance from right and left show control. Tightening the circles down with fast head-to-head speed will be a credit situation. The circles should be completed before the cow is exhausted.
  5. The exhibitor has thirty (30) seconds in which to accept or reject the cow. If s/he does not reject the cow within 30 seconds, the cow is hers/his. If s/he does exercise her/his option to reject the cow, s/he gets one new cow.
  6. The judge has the option of calling for a new cow at any time if he/she has determined that the cow drawn is unreasonably difficult or unworkable even if the exhibitor has already accepted or rejected the cow.
    - a. It is up to the exhibitor to determine if they wish to continue working the cow they currently have drawn or to accept the new cow that the judge has called for.
- D. The judge should take into consideration the size of the arena, condition of the ground and disposition of the cattle in scoring each work. If ground, arena and/or weather conditions are deemed unfavorable by the exhibitors, they may inform the judge who may elect to alter the required cattle work for safety reasons.
1. The greater the difficulty of the run, the more credit should be given. The difficulty may be due to the extreme speed or stubbornness of the cow, or the cow's reluctance to move down the fence when sufficiently driven by the contestant. The most controlled cow work with the highest degree of difficulty should be marked the highest. Bad manners exhibited by the horse will be penalized under run content.
  2. Allowing the horse to quit working after 30 seconds has elapsed and before the judge signals for a new cow, will result in a zero score. The judge may blow his/her whistle at any time to terminate the work. A score of zero will be given if the work is not complete at that point. If a new cow is called, judging and time will start over with the new cow. With a multiple judge system, any one of the judges may signal for a new cow. Judging ends when the whistle blows.
    - a. The judge may blow his/her whistle at any time during the work – one whistle to terminate the work, two whistles to award a new cow.
  3. In the cow work phase of any class, one hand on the horn may be used to prevent the fall of the rider. Holding the horn excessively may be penalized under run content.
  4. During the cow work, when a cow leaves the working area, it is automatic that the contestant will receive a new cow and scoring will begin again with the new cow.
- E. At the discretion of the judge, cow work may be done immediately following each individual's pattern work or immediately after completion of pattern work by all horses being exhibited.

- F. Scoring will be on a basis of 60 to 80 with 70 denoting an average performance. The same basis of scoring shall apply to both the reined work and cow work. In the event of a tie, the entry with the highest cow work score will be declared the winner. If still tied, a work-off on the cattle work will be required.
1. 5-point penalties
    - a. Not getting one turn each way (5 points each way).
  2. 3-point penalties
    - a. Biting or striking the cow
    - b. Hanging up on the fence (refusing to turn)
    - c. Exhausting or overworking the cow before circling
    - d. Knocking down the cow without having a working advantage
  3. 2-point penalties
    - a. Going around the corner of the arena before turning the cow when going down the fence (when the cow's head breaks the plane of the 2-point penalty marker).
  4. 1-point penalties
    - a. Loss of working advantage
    - b. For each length horse runs past cow. A length is one horse length of daylight between the cow's head and the top of the horse's tail.
    - c. Using the corner or the end of the arena to turn the cow when going down the fence. In an oval arena, when the cow's head breaks the plane of the end marker.
    - d. Changing sides of arena to turn cow (1 point each time)
    - e. Slipping a rein
    - f. Turning cow before passing middle marker on first turn
  5. Zero (0) score
    - a. Turning tail to the cow
    - b. Fingers between the reins
    - c. Deliberate spurring or use of the romal forward of the cinch
    - d. Leaving the work area before the pattern or work is complete

- B. This class will be run very similar to tie-down roping. Time will start when the barrier is sprung and will stop when the exhibitor raises his lance aloft signaling that he has marked the animal.
- C. The horse and exhibitor must start behind a barrier; if the horse breaks the barrier there is an automatic ten-second penalty.
- D. If a horse takes longer than 30 seconds to enter the box after the judge has signaled the course ready, the entry shall be disqualified.

- H. The object of this event is for the exhibitor to daub his lance into one of the circles. One touch allowed per steer. If the daub is inside or on the line, it is considered legal. If any part of the daub is outside the painted circle, no time is awarded.
- I. If a circle is not used, the legal touch area is back of the shoulder and front of the hip bone and on the rib cage, not on the back.
- J. There will be a 35-second time limit on this event, to prevent needless chasing of the steer.

Each contestant, upon receiving a cow in the arena, shall hold that cow on the prescribed end of the arena for 50 seconds, demonstrating the ability of the horse and rider to control the cow. Time shall begin when the gate closes behind the cow after being let into the arena. The announcer or judge will signal the completion of the 50 seconds with a whistle or horn. The horse will be scored using the "boxing cow work" guidelines. Scoring for both rein work and cow work will be from 60-80 with 70 denoting average.

- E. Barrier neck ropes may be tied with strong or suitable rubber band and should have slide knot on it to insure snug fit around neck. In timed events, there will be a 10-second penalty for breaking or beating the bar-

rier. The barrier will not be considered broken if dropped more than 10 feet (3.05 m) from post. In judged events, breaking the barrier is a fault, not a disqualification and should be judged accordingly.

- F. At shows sponsored or approved by the ApHC, the following procedure is used: The horse and exhibitor that are entered will be considered the entry (which may be either the header or heeler) and will receive a number for that team. Points and placings will be counted on this entry only.
- G. Barrier must be used in all roping events. Electronic barriers are not allowed.
- H. In judged events, a rerun may be given if the animal being roped leaves the arena. In timed events, if calf or steer escapes the arena, field flagman will stop time. Roper will begin from the chute, lap and tap, adding first time to the additional time required to finish the run.
- I. If in the opinion of the line judge, the exhibitor is fouled by any moving part of the chute, barrier, etc. or in the event of a malfunction of the chute or barrier, ropers shall get their calf or steer back providing exhibitor declares himself by pulling up immediately.
- J. The judges will decide any questions as to catches.
- K. In all roping events the exhibitor shall not attempt to rope the animal until the barrier flag has been dropped. Any attempt by an exhibitor to position his horse behind the barrier enabling the exhibitor to rope the animal without leaving the barrier (box) shall be considered a disqualification.
- L. In tie-down roping classes, if calf is jerked down so that calf is upside down with all four legs in the air at the same time, this will be cause for disqualification.
- M. For all Heading and Heeling events, exhibitors are to stay mounted. When both ropes are dallied and both horses are facing stretched steer, run is completed. The rope must be wrapped around the saddle horn at least one complete turn before it is considered a dally.
  - 1. Heelers over the age of 50 and women of any age may tie on with the use of a quick release device, rather than dally to the saddle horn.
- N. In timed roping events, if a horse takes longer than thirty seconds to enter the roping box, he will be disqualified. In judged roping events, three refusals into the roping box will be cause for disqualification.
- O. Any unnecessary whipping, jerking of reins, talking, noise making, slapping, jerking of the rope, or any other unnecessary action to induce the horse to perform better, will be considered a fault and scored accordingly.
- P. In judged events, use of two hands shall result in disqualification. Second hand is allowed to adjust reins when the horse is completely stopped but not for maneuvering or positioning the horse.
- Q. If the judges (or a majority of judges in a multi-judge show) determine that a roping calf or steer should be removed from continuing in the class draw due to reasons of injury, health or lack of quality of the animal and if the judge or judges determine that this has adversely affected the run of the calf roper or team ropers that just completed a run with that calf or steer, the judge or judges shall award a rerun and a new calf or steer to the calf roper or team ropers. If there is a draw for stock in the class, the re-run shall occur at the end of the class. If the cattle are chute-run, the re-run shall occur immediately.

## **746. TIMED TIE-DOWN ROPING**

- A. Rope must be tied hard and fast; exhibitors must rope calf, dismount, go down rope and throw calf by hand, cross and tie three feet. To qualify as legal tie, there shall be one or more wraps, and a half hitch. If calf is jerked down by horse, it must be allowed to regain its feet and roper must throw calf by hand, cross any three feet and tie with not less than one complete wrap and a half hitch. If roper's hand is on the calf when calf falls, calf is considered thrown by hand. Rope must hold calf until roper gets hand on calf. Tie must hold and three legs remained crossed until passed on by the judge, and roper must not touch the calf after giving finish signal until after the judge has completed his examination. If tie comes loose or

calf gets to his feet before the tie has been ruled a fair one, the roper will be marked no time.

- B. In tie-down roping classes, if calf is jerked down so that calf is upside down with all four legs in the air at the same time, this will be cause for disqualification.
- C. Two loops will be permitted. Should the roper miss with both he must retire and no time will be allowed. Catch as catch can but roping calf without releasing loop from hand is not permitted. Jerk lines are not permitted.
- D. If roper intends to throw two loops, he/she must carry two ropes.
- E. There will be a 35-second time limit in open tie-down roping and a 60-second time limit on Youth and Non-Pro tie-down roping. In either case the calf must be roped and tied within the time limit. The timer at the end of the 35-second or 60-second span shall blow a whistle indicating no time. A broken barrier will not count against the time limit. The rider must remount and ride the horse forward at the completion of the run and this shall not count against the time limit.
- F. Rope must be run through a foul rope around horse's neck, or may, at the discretion of the exhibitor, be run through a "keeper." If a keeper is used, it must be attached to the noseband of the tie-down and cannot be attached to the bit or bridle. Exhibitors must adjust rope and reins in a manner that will prevent horses from dragging calf. Exhibitors must receive no assistance of any kind from the outside. If horse drags calf more than 10 feet (3.05 m) after exhibitor has completed tie, the field judge may stop the horse and the exhibitor will be disqualified. Penalty for such offense can be assessed by the field judge.
- G. The field judge will pass on the tie of calves through use of stop watch; timing six seconds from the time the rope horse takes his first step forward after the roper has remounted. Rope will not be removed from calf and rope must remain slack until field judge has passed on tie. In the event a contestant's catch rope is off a calf, after completion of tie, the six-second time period is to start when roper clears calf.
  - 1. Flagman must watch calf during the six-second period and will stop watch when calf kicks free using the time shown on the watch to determine whether calf was tied long enough to qualify.
  - 2. Roper will be disqualified for removing rope from calf after signaling for time, until the field judge has passed on the tie.
- H. If a horse takes longer than 30 seconds to enter the box after the judge has signaled the course ready, the entry shall be disqualified.

## 747. JUDGED TIE-DOWN ROPING

- A. The tie-down roping horse must start from behind barrier. The horse will be judged on manners going into the box, behind barrier, scoring, speed to calf, rating calf, stop, working the rope, and its manners while roper is returning to horse after tie has been made. Only the performance of the horse is to be judged. Time is not a factor.
- B. Scoring will be done on the basis of 0-100 with 70 denoting an average performance. Each maneuver will be scored in a range between a plus three to a minus three, in ½ point increments.
- C. The roper may throw a maximum of two loops and this must be done within a one-minute time limit from time calf leaves the chute. If more than one loop is thrown, the roper may recoil the rope and build the additional loop or may carry a second rope tied to the saddle in which case, this rope must be used for the second loop. If the roper fails to catch, he will retire from the arena with no score. Any catch that holds is legal, but rope must remain on calf until tie is completed and roper has mounted horse.
  1. Although the time limit stops when the roper signals the tie is complete, the horse will continue to be judged until the rider has remounted the horse and ridden forward. This shall not count against the time limit.
- D. If calf is jerked down by horse, it must be allowed to regain its feet and roper must throw calf by hand, cross any three feet and tie with not less than one complete wrap and a half hitch. Failure of calf to stay tied until roper has remounted and ridden forward to loosen rope shall disqualify entry. Rope must hold calf until rider rides forward one step. Once the rider has ridden forward one step and loosened the rope the run is complete.
  1. If the calf is jerked down so that the calf is upside down with all four legs in the air at the same time, this will be cause for disqualification.
  2. Dragging the calf more than 12 feet (3.65 m) will be cause for disqualification.
- E. Rope must be run through a foul rope around horse's neck, or may, at the discretion of the exhibitor, be run through a "keeper." If a keeper is used, it must be attached to the noseband of the tie-down and cannot be attached to the bit or bridle. No jerk line is permitted.
- F. In tie-down roping classes, only the roper may touch calf while horse is being judged. Roper may dismount from either side and leg or flank the calf.
- G. Deductions will be assessed as follows:
  1. One (1) point
    - a. Dragging the calf will be penalized one point for each 3 feet (.914 m) moved up to 12 feet (3.65 m).
  2. Two (2) points
    - a. Freeze-up in the box (refusing to move).
    - b. Jumping the barrier.
    - c. Setting up or scotching.
    - d. Rubbing the rope.
    - e. Failure to continue backing while roper is flanking the calf.
    - f. Slack in the rope.
  3. Three (3) points
    - a. A two-loop run.
  4. Five (5) points
    - a. Refusing to enter the box.
    - b. Rearing in the box.
    - c. Breaking the barrier.
    - d. Running into the calf.
    - e. Horse walking up the rope (rope on ground).
    - f. Blatant disobedience including kicking, biting, bucking, rearing, and striking.
  5. Disqualified (0) score
    - a. Failure of calf to stay tied until roper has remounted and ridden forward to loosen rope.

- b. Excessive schooling at any time in the arena.
  - c. Whipping or hitting the horse with the rope.
  - d. Initiating run with the rope on the opposite side of the horse's neck than the exhibitor's roping hand.
  - e. Dragging the calf, while being tied or after the calf is tied, more than 12 feet (3.65 m).
  - f. Any attempt by a contestant to position his horse behind the barrier enabling the contestant to rope the animal without attempting to leave the box.
  - g. Inhumane treatment of the animal being worked, such as, but not limited to, the rider hitting or kicking the animal.
6. Faults to be scored according to severity include:
- a. Jerking the reins.
  - b. Slapping.
  - c. Jerking the rope or any unnecessary action to enhance the performance of the horse.
  - d. Turning around in the box.
  - e. Turning head severely.
  - f. Squatting in the corner.
  - g. Stopping crooked.
  - h. Rearing up in stop.
  - i. Ducking off.
  - j. Looking off while working the rope.
  - k. Shying away while roper is remounting.

***The following is not part of ApHC rules, but is merely to serve as a guideline.***

## **ELEMENTS OF A TIE-DOWN ROPING RUN**

1. Horse should enter the box freely and willingly and back smoothly and quietly into the correct corner.
2. Horse should stand squarely on all four feet while in the box.
  - a. Horse should not squat in any manner.
  - b. Horse should not dance.
3. Horse's attention should be on the front of the chute. He should not be gazing all around. A horse will not be penalized for having its head slightly turned one way or the other. However, if the horse's head is turned excessively to one side, then it will be penalized.
4. When the roper calls for the calf, the horse should run out of the box and not lunge. The smoother and flatter a horse leaves the box, the quicker the roper can get ready to rope.
  - a. Breaking the barrier will be penalized.
  - b. Anticipating the roper calling for the calf will be penalized. The horse moving forward and needing to be reset indicates this.
  - c. Stalling or freezing in the box will be severely penalized.
  - d. Because the calf gets a head start, the horse should leave the box at an angle to intercept the path of the calf as quickly as possible.
5. The horse should get to a "pocket" directly behind the calf. When the horse gets to that pocket, he should "rate" the calf. This means he should run in that pocket at the same speed that the calf is running, making adjustments to his own speed should the calf slow down, speed up or change directions. He should stay in this position until the roper ropes. In a calf run, pocket, rate and rope times are instantaneous. The main thing is that the horse must have speed enough to catch the fastest calf and yet not run by or run over the calf. His job is to help the roper during every aspect of the run.
6. When the roper ropes, the horse should stop hard and straight without any forward movement. The horse should stop on his own when he feels the roper leaving the saddle. Any excessive pulling on the reins by the roper will be penalized. Any premature stopping or scotching will also be penalized.

7. After the calf has been roped, the horse should immediately be prepared to "work the rope". He must keep firm pressure on the rope that is on the calf's neck, enabling the roper to go down the rope to the calf in preparation for flanking and tying the calf. In order to keep this firm pressure the horse may need to back up to tighten the rope between the saddle horn and the calf's neck. When the roper flanks and throws the calf and begins to tie it, the horse must maintain the pressure on the rope without choking the calf and/or dragging it. Overworking the rope is not good because the calf will struggle if it can't breathe, thereby making the roper struggle to tie it. Additionally, if the horse drags the calf too far, it will be cause for disqualification. If a horse underworks the rope, allowing slack between the saddle horn and the calf, he is not doing his job. He is forcing the roper to work alone to get to the calf, flank it, and tie it.
8. The horse's attention should be solely on the calf and the roper.
9. The horse should maintain firm pressure on the rope until the roper remounts and moves the horse forward. He should then stand quietly.

## 748. TIMED HEADING & HEELING

- A. Each exhibitor will be allowed to carry only one rope. Each team is allowed as many throws as designated by the judge or show committee. Roping steers without turning loose of the loop will be considered no catch. Roper must dally to stop steer. No tied ropes allowed.
- B. Steer must be standing up when roped by head or heels. Time will be taken when steer is roped, both horses facing steer in line with ropes dallyed and tight. Horse's front feet must be on ground and roper should be mounted when time is taken.
- C. Steer must not be handled roughly at any time, and ropers will be disqualified if in the opinion of the field judge they have intentionally done so.
- D. If header accidentally jerks steer off his feet or steer trips or falls, header must not drag steer over approximately eight feet before steer regains his feet or the team will be disqualified.
- E. If the heeler ropes a front foot or feet in the heel loop, this is a foul catch. Neither contestant may remove the front foot or feet from the loop by hand. However, should the front foot or feet come out of the heel loop by the time the field judge drops his flag, time will be counted.
- F. If exhibitor drops loop, loop shall be considered thrown.
- G. In case the field judge flags out a team that still legally has one or more loops coming, the judge may give the same steer back lap and tap, and a five-second penalty will be assessed for each loop already thrown.
- H. Suggested options for judges in Heading & Heeling: Prior to the start of the class, the judge or show committee should decide if they will allow each team two or three loops per run. In either case, the header must throw the first loop; steer must be roped by the head before he can be roped by the heels.
- I. When only two loops are allowed and the header misses the first loop, the team is eliminated. If the header catches and the heeler misses, the team is eliminated. Both must catch with their first loops to receive a time.
- J. When three loops are allowed, the header must still throw the first loop. If the header misses, then either roper may take the second loop. The header may rebuild his loop or the heeler may rope the steer around the head. If this second loop is missed, then the team is eliminated. If the second loop is a catch, then the remaining roper must rope the steer by the heels to receive a time. There will be a 35 second time limit.
- K. There will be only three legal head catches:
  1. Around both horns.
  2. Half a head.
  3. Around the neck.
- L. If honda passes over one horn and the loop over the other, catch is illegal. If rope is in steer's mouth, catch is illegal.
- M. If loop crosses itself in a head catch, it is illegal. This does not include heel catches.

- N. Any heel catch behind both shoulders is legal if rope goes up heels.
  - 1. The steer must be controlled by the header and make a full body turn before the heel loop can be thrown. In the instance where a steer sets up, the steer must be in tow for the heel loop to be legal. Any heel loop thrown in the switch is considered a crossfire and illegal.
- O. One hind foot receives five-second penalty.
- P. Heelers over the age of 50 and women of any age may tie on with the use of a quick release device, rather than dally to the saddle horn.
- Q. If either horse takes longer than 30 seconds to enter the box after the judge has signaled the course ready, the entry shall be disqualified.

## 749. JUDGED HEADING

- A. The manners of the horse shall be judged at all times.
- B. Only the heading horse shall be started and judged behind a barrier. The heading horse shall be judged going into the box, behind the barrier, on the rate of speed, ability of horse to rate, check, set and turn the steer into position for heeler and turn and face the steer until the rope is tight. Only the performance of the horse is to be judged. Time is not a factor.
- C. Scoring will be done on the basis of 0-100 with 70 denoting an average performance. Each maneuver will be scored in a range between a plus three to a minus three, in ½ point increments.
- D. Riders are to stay mounted, and when both ropes are dallied and both horses are facing the stretched steer, the run is completed. The rope must be wrapped around the saddle horn at least one (1) complete turn before it is considered a dally.
- E. When the heading horse is being judged, the roper may throw a maximum of two loops within a one-minute time limit. If roper fails to catch with either loop, they are to retire from the arena with no score. The exhibitor not being judged may use a maximum of two loops to make the catch within a one-minute time limit. If a header or heeler drops his rope, the contestant being judged will receive no score.
- F. There will be only three legal head catches:
  - 1. Around both horns.
  - 2. Half a head.
  - 3. Around the neck.
- G. The following catches are illegal: honda passes over one horn and loops the other, loop crosses itself on the head catch or loop is in steer's mouth.
- H. Any catch by the heeler not being judged must be a legal catch defined as a catch which holds from behind the steer's shoulder and back, around the flank, or on one or both heels, but not by the tail only.
  - 1. The steer must be controlled by the header and make a full body turn before the heel loop can be thrown. In the instance where a steer sets up, the steer must be in tow for the heel loop to be legal. Any heel loop thrown in the switch is considered a crossfire and illegal.
- I. Heelers over the age of 50 and women of any age may tie on with the use of a quick release device, rather than dally to the saddle horn.
- J. PENALTIES. A heading horse will be penalized as follows:
  - 1. Two (2) points
    - a. Freeze up in the box (refusing to move).
    - b. Jumping the barrier.
    - c. Setting up or scotching.
    - d. Ducking off.
    - e. Failure to face completely.
    - f. Freeze up while facing.
  - 2. Three (3) points
    - a. Additional loop on either end.
  - 3. Five (5) points
    - a. Refusing to enter the box.
    - b. Rearing up in box.
    - c. Broken barrier.
    - d. Running into the steer.

- e. Refusing to pull.
  - f. Blatant disobedience including kicking, biting, bucking, rearing, and striking.
4. Disqualified (0) score
- a. Intentional and continuous stretching of the steer after the horses have faced.
  - b. Excessive schooling at any time in the arena.
  - c. Whipping or striking the horse with the rope.
  - d. If both the header and the heeler fail to complete both catches within one minute from the time the steer leaves the chute.
  - e. Loss of rope by either the header or the heeler.
  - f. Failure of the roper on the horse being judged to catch with no more than two loops. If more than one loop is thrown, rider must recoil rope and build an additional hoop.
  - g. Failure to maintain a dally through the completion of the run. The rope must be wrapped around the saddle horn at least one complete turn before it is considered a dally.
  - h. Refusal to face.
5. Faults to be scored according to severity include:
- a. Jerking the reins.
  - b. Slapping.
  - c. Jerking the rope or any unnecessary action to enhance the performance of the horse.
  - d. Turning around in the box.
  - e. Turning head severely.
  - f. Squatting in the corner.
  - g. Incorrect position.
  - h. Failure to rate.
  - i. Failure to run to the steer.
  - j. Horse being outrun by the steer.

*The following is not part of ApHC rules, but is merely to serve as a guideline.*

## **ELEMENTS OF A HEADING RUN**

1. Horse should enter the box freely and willingly and back smoothly and quietly into the correct corner.
2. Horse should stand squarely on all four feet while in the box.
  - a. Horse should not squat in any manner.
  - b. Horse should not dance.
3. Horse's attention should be on the front of the chute. He should not be gazing all around. A horse will not be penalized for having its head slightly turned one way or the other. However, if the horse's head is turned excessively to one side, then it will be penalized.
4. When the roper calls for the steer, the horse should run out of the box and not lunge. The smoother and flatter a horse leaves, the quicker the header can get ready to rope.
  - a. Breaking the barrier will be penalized.
  - b. Anticipating the roper calling for the steer will be penalized. The horse moving forward and needing to be reset indicates this.
  - c. Stalling or freezing in the box will be severely penalized.
  - d. Because the steer gets a head start, the horse should leave the box at an angle to intercept the path of the steer as quickly as possible.
5. On leaving the box, the horse should get to a "pocket" slightly to the left and behind the steer. When the horse gets to that pocket, he should "rate" the steer. He should remain in that pocket no matter where the steer goes or at what speed.
  - a. When the header ropes the steer, the heading horse should have the athletic ability and strength to slow the steer down and begin to move sideways without jerking the steer or turning at a 90 degree angle.

- b. The horse will be penalized for dropping his left shoulder and going hard left with the steer. The header must have the time to get slack out of his loop and dally.
  - c. The pace that a steer is taken off is very important. If the pace is too slow, the steer will trot which makes catching two feet more difficult. Likewise, if the steer is taken off too fast, there will be no rhythm to the steer's feet making it difficult to heel. When a steer is taken off at an optimum pace, the steer will "hop", and there will be a rhythm with the steer's hind feet hitting the ground at the same time. A good heading horse must also be able to handle a steer that drags. When a steer drags, the heading horse must exhibit enough strength to "get the steer out of the ground", thereby giving the heeler opportunity to rope the heels.
  - d. The horse will be penalized for making two left turns. This causes the heeler to have to cover too much ground to get a throw at the heels.
6. When the horse has the steer in position for the heeler to rope, he should then be prepared to "face" as soon as the heeler's rope comes tight around the hind legs of the steer.
- a. If a heading horse faces too soon, the result may be the heeler loses one or both heels because there was slack left in the rope.
  - b. If the heading horse faces too late, he could jerk the rope out of the heeler's hand or cause injury to the steer.

## 750. JUDGED HEELING

- A. The manners of the horse shall be judged at all times.
- B. The heeling horse shall be judged going into the box, in the box, on ease of manner in which he turns and prepares for heeler's position to throw loops, set and stop steer while holding rope tight in preparation for header's facing. Only the performance of the horse is to be judged. Time is not a factor.
- C. Riders are to stay mounted, and when both ropes are dallied and both horses are facing the stretched steer, the run is completed. The rope must be wrapped around the saddle horn at least one (1) complete turn before it is considered a dally. This must be completed within a one-minute time limit, or the exhibitor shall retire from the arena with no score.
- D. Scoring will be done on the basis of 0-100 with 70 denoting an average performance. Each maneuver will be scored in a range between a plus three to a minus three, in ½ point increments.
- E. The heeler may use a maximum of two loops to make the catch.
- F. All exhibitors in a class are required to compete using the same class procedures. Show management shall inform exhibitors concerning which procedure will be used by posting notification at least one hour prior to the class. At ApHC-approved shows only, class must be conducted using one of the following procedures:
  - 1. A head loop may be placed on the steer's head or horns before the animal leaves the chute. The header must let the steer pass the marker halfway down the arena before turning the steer back. The heeler may use a maximum of two loops to make the catch. Or,
  - 2. The header may throw a maximum of two loops. If the header fails to catch with either loop, they are to retire from the arena with no score.
- G. At ApHC-sponsored shows:
  - 1. The header may throw a maximum of two loops. If the header fails to catch with either loop, they are to retire from the arena with no score.
- H. If a header or heeler drops his rope, the contestant being judged will receive no score.
  - 1. The steer must be controlled by the header and make a full body turn before the heel loop can be thrown. In the instance where a steer sets up, the steer must be in tow for the heel loop to be legal. Any heel loop thrown in the switch is considered a crossfire and illegal.

- I. The heel catch is defined as a catch which holds from behind the steer's shoulder and back, around the flank, or on one or both heels, but not by the tail only.
- J. Any catch made by the header not being judged must be a legal catch defined as a catch that is around both horns, half-head or around the neck. The following catches are illegal: honda passes over one horn and loops the other, loop crosses itself on the head catch or loop is in steer's mouth.
- K. Heelers over the age of 50 and women of any age may tie on with the use of a quick release device, rather than dally to the saddle horn.
- L. PENALTIES. A heeling horse will be penalized as follows:
  - 1. Two (2) points
    - a. Header breaking the barrier.
  - 2. Three (3) points
    - a. Additional loop on either end.
  - 3. Five (5) points
    - a. Refusing to enter the box.
    - b. Rearing up in box.
    - c. Assuming position on the wrong side of the steer.
    - d. Running into the steer.
    - e. Failure to stop on hindquarters and hold position through the completion of the run.
    - f. Blatant disobedience including kicking, biting, bucking, rearing, and striking.
  - 4. Disqualified (0) score
    - a. Intentional and continuous stretching of the steer after the horses have faced.
    - b. Excessive schooling at any time in the arena.
    - c. Whipping or striking the horse with the rope.
    - d. If both the header and the heeler fail to complete both catches within one minute from the time the steer leaves the chute.
    - e. Loss of rope by either the header or the heeler.
    - f. Failure of the roper on the horse being judged to catch with no more than two loops. If more than one loop is thrown, rider must recoil rope and build an additional hoop.
    - g. Failure to maintain a dally through the completion of the run. The rope must be wrapped around the saddle horn at least one complete turn before it is considered a dally.
    - h. Refusal to face.
  - 5. Faults to be scored according to severity include:
    - a. Jerking the reins.
    - b. Slapping.
    - c. Jerking the rope or any unnecessary action to enhance the performance of the horse.
    - d. Turning around in the box.
    - e. Turning head severely.
    - f. Squatting in the corner.
    - g. Incorrect position.
    - h. Failure to be in correct lead before horse moves into position on the steer.

***The following is not part of APHC rules, but is merely to serve as a guideline.***

## **ELEMENTS OF A HEELING RUN**

- 1. Horse should enter the box freely and willingly and back smoothly and quietly into the correct corner.
- 2. Horse should stand squarely on all four feet while in the box.
  - a. Horse should not squat in any manner.
  - b. Horse should not dance.
- 3. Horse's attention should be on the front of the chute. He should not be gazing all around. A horse will not be penalized for having its

- head slightly turned one way or the other. However, if the horse's head is turned excessively to one side, then it will be penalized.
4. Since the heeling horse does not initiate the run, he reacts more than acts. The heeling horse should not move until the steer moves. Again, the heeling horse should run out of the box and not lunge. In a sense, the heeling horse can break the barrier, too. Part of the heeling horse's job is to keep the steer straight out of the chute. If the horse leaves the box too early, this may cause the steer to go left making it difficult for the header to get into position. Leaving too late allows the steer to go to the right fence making a difficult throw for the header.
    - a. The heeling horse should also get to a "pocket" that is 8-10 feet (2.44–3.0 m) to the right of the steer. The heeling horse's head should be even with the flank or hip of the steer and no farther back than the tail. This is called "shaping" the steer to keep it from drifting to the right fence. The ideal "shape" will be a steer that goes down the center of the arena or slightly left.
    - b. The heeling horse should be prepared to react the instant the steer is roped around the horns and started left.
    - c. A heeling horse should be penalized for cutting in too soon to the left causing rider to check horses and gets back into position. This is called "coming in too soon".
    - d. A heeling horse will also be penalized for running by the steer causing the rider to hold his loop and get back into position. This is called "running by a steer".
    - e. The ideal time for a heeler to make a throw is the first or second hop or stride after the steer changes direction. Therefore, the heeling horse must be athletic enough and quick enough to be directly behind the steer when it turns left.
  5. When the proper roping position is reached and the heeler makes his throw, the horse must now be in position to stop and stop hard. By stopping hard, the horse allows slack to be taken out of the rope quicker. This allows for a faster time and for the heeler to rope two feet more often.
    - a. At the finish of the run, the heeling horse should not give ground or in any way move forward until the heeler releases his dally and allows the horse to walk forward. The heeling horse will not be penalized for moving forward if the heading horse does not face properly.

## 751. BREAKAWAY ROPING

- A. This is a timed event. This event will be performed under the same general rules and conditions as Tie-Down Roping with the exceptions that the roper neither dismounts nor ties the calf.
- B. Barrier requirements are the same as Tie-Down Roping. Horse must start from behind a barrier. A 10-second penalty will be added to the time for breaking the barrier. Calves must be used.
- C. The exhibitor shall use a regulation loop with the rope tied to the saddle horn by a piece of string in such a manner as to allow rope to be released from the horn when the calf reaches the end of the rope.
- D. The exhibitor will be allowed a maximum of two loops and a one-minute time limit. Should the roper desire to use a second loop, s/he may recoil the rope and build the additional loop or may carry a second rope tied to the saddle to be used for the second loop.
- E. The loop must leave the roper's hand, then catch as catch can, with any catch considered legal, as long as the loop has first passed over the calf's head. The field flagman shall rule on the legality of a catch.
- F. Time will be called from the drop of a barrier to the break of the string attached to the saddle horn. To aid the field flagman in calling time, a visible cloth should be attached to the end of the rope the exhibitor carries.
- G. The string must be broken from the saddle horn by the jerk of the rope securing the calf. The contestant shall receive no time should he break the

rope from the horn by hand or touch the rope or string after the catch is made. If the rope dallies or will not break free when the calf reaches the end of it, the contestant will receive no time.

- H. The Show Committee and/or Show Management may determine whether the calves will be (a) chute run, or (b) drawn for order.
- I. It is recommended, whenever possible, to have a flagger on horseback to flag the class. The flagger should be positioned on the roper's right side for this event.
- J. If a horse takes longer than 30 seconds to enter the box after the judge has signaled the course ready, the entry shall be disqualified.

*Rules 752-759 are not assigned.*

## SPECIALTY CLASSES

### 760. HERITAGE CLASS

- A. To be judged on appropriateness of trappings and equipment, attire of exhibitor, markings and colorful qualities of the horse—the overall picture including the exhibitor's verbal description is to be considered and is limited to no more than 90 seconds. The trappings, equipment and attire of exhibitor should be appropriate to the time era of their description.
  - 1. Show management may, in an effort to showcase the class to the audience, allow exhibitors to turn in a written description, limited to 200 words, describing the outfit, era and attire displayed. Use of the word or phrasing "authentic" is discouraged as this cannot be verified due to the limited time frame of the class. The description is to be of the trappings, equipment, attire, and markings – not a story.
- B. The judge, at his/her discretion, can dismiss entries that are, in their opinion, frivolous, not in keeping with the respect that the ApHC encourages for the history and heritage of our breed, or entries that violate the intent of Rule 609.A.2.
- C. Since the Appaloosa is rich in history, this class is designed to vividly portray this history. Heritage class shall be held as Open Heritage or divided into Men's Heritage class and Ladies' Heritage class. Men's and Ladies' Heritage may be combined at regional shows to become Open Heritage at the discretion of show management only with the unanimous consent of all exhibitors involved in the classes in question. Costumes other than Native American costumes may be used. The costumes may depict the various stages of Appaloosa history such as Chinese emperors, kings, nobles, Spanish conquistadores, fur trappers, buffalo hunters, missionaries or other depictions of Appaloosa history.
- D. There shall be only one exhibitor and one horse allowed per entry. Exhibitors will not be permitted to use a travois in the Heritage class for safety reasons.
- E. The class shall be worked at a walk and jog only, on the rail, both directions of the ring. The judge will then go through the line evaluating each entry and judging historical appropriateness of the entries.
- F. Any exhibitor not having his mount under sufficient control shall be dismissed from the ring and shall be disqualified from the class.
- G. If exhibitors choose to wear Native American Personal appointments: Men and boys shall dress as American Indian (Native American) men being chiefs or warriors, braves only. Youth boys should be dressed according to their age. Women shall dress as American Indian (Native American) women and girls should be dressed according to their age.
- H. Tack Appointments: Horses are to be shown in historically appropriate period trappings and equipment with a bridle, hackamore, mouth rope or other suitable head stall which will enable the exhibitor to have full control of the horse. Reference to "hackamore" in this class shall mean that the horse will be ridden only with a rawhide braided or leather

braided or rope bosal. No wire curbs, regardless of how padded or taped, or no chin strap narrower than one-half inch will be permitted. Curb chains are permissible, but must be at least one-half inch in width, lying flat against the jaw of the horse.

- I. Prohibited Appointments: Travois, hackamore bits, mechanical hackamores. Use of prohibited appointments is cause for disqualification of the entry from the class. It is the responsibility of the exhibitor who chooses to use feathers in any portion of the Heritage class to be aware of US Federal Laws including the Migratory Bird Act, the Bald and Golden Eagle Protection Act, and the Endangered Species Act.
- J. Paintings and markings of American Indian (Native American) significance shall be permitted on the horse in the Men's Heritage class or on horses ridden by men in the open heritage class if the exhibitor so desires.
- K. Heritage exhibitors are allowed to ride two-handed.
- L. All points earned in Open Heritage, Ladies' Heritage and Men's Heritage are added together for purposes of earning lifetime awards including a Register of Merit (ROM) and the Superior Event Horse Award. Only one ROM and one Superior Event award shall be earned in Heritage regardless of the divisions in which the horse is shown. Ladies' Heritage and Men's Heritage classes are eligible for year-end awards. Points earned in Open Heritage will appear in the horse's file under Ladies' or Men's Heritage depending upon the gender of the exhibitor in the class when the points were earned.
- M. Horses must separately qualify in Ladies' Heritage and in Men's Heritage to be shown in both classes at the World Championship Show.

**Note: For further information regarding authentic period Native American costumes see COSTUME BROCHURE published by the ApHC and EXHIBITORS & JUDGES GUIDE FOR AMERICAN INDIAN COSTUME CLASSES by Jack R. Williams.**

## 761. LADIES' SIDE SADDLE

- A. Show management has the option of conducting this class as a Western Side Saddle Pleasure, an English Side Saddle Pleasure or as a combined Western-English Side Saddle Pleasure class. The Side Saddle class, either western or English (hunt seat or saddle seat) shall be a specialty class and the use of a side saddle will not be permitted in any class except classes designated in the premium as specifically Side Saddle classes.
- B. In combined English-Western Side Saddle classes, horses to be shown at walk, jog-trot or trot, and lope or canter, as appropriate.
  - 1. Western gaits:
    - a. Walk: True and flat-footed.
    - b. Jog-Trot: Square, slow and easy (a ground covering gait).
    - c. Lope: Smooth and easy on both leads with the ability to push on if required to do so.
  - 2. English gaits
    - a. Walk: True and flat-footed for pleasure classes.

    - c. Canter: Smooth, collected and straight on both leads with the ability to push on if so required into a hand gallop.
- C. Horses to back easily and stand quietly. Horses required to back at judge's option. Entries shall be penalized for being on the wrong lead at the lope. Horses are to be reversed at the walk or trot at the discretion of the judge, but horses shall not be asked to reverse at the lope. It is the judge's option to require an exhibitor to extend the walk, trot or lope. Exhibitors shall not be required to dismount. Horses to be shown at a walk, trot and canter both ways of the ring. It is the judge's option to require an exhibitor to extend any gait, to back easily, and stand quietly. Light contact with horse's mouth is recommended. Horse must be brought to a flat-footed walk before changing gaits. The judge may ask the group

to halt and stand quietly on a free rein (loosened rein). Horses should be obedient, alert, responsive and move freely: They need not be eliminated for slight errors.

**NOTE: For more information on side saddle classes, contact the International Side Saddle Association.**

*Rules 762-769 are not assigned.*

## 770. ENGLISH PERFORMANCE

### A. EQUIPMENT.

1. In all English classes, an English snaffle (no shank - conventional O-ring, egg-butt, D-ring or full cheek snaffle with bit keepers), kimberwick, pelham and/or a double bridle consisting of two bits - a curb or weymouth and a snaffle or bradoon (all with two reins, no converter strap), all with cavesson nosebands and plain leather brow bands must be used. The inside circumference of the ring shall be no smaller than 2" (5.08 cm) and no larger than 4" (10.16 cm). On all snaffle bits, the inside circumference of the ring must be free of rein, curb or headstall attachments which would provide leverage.
2. In reference to mouthpieces, nothing may protrude above or below the mouthpiece (bar) such as extensions or prongs (See Unacceptable Bits). Mouthpieces may be two or three pieces. On broken mouthpieces only, connecting rings of 1 1/4" (3.17 cm) or less in diameter or a connecting flat bar 3/8" to 3/4" (.95 to 1.9 cm) (measured top to bottom with a maximum length of 2" (5.08 cm)) which lie flat in the horse's mouth are acceptable. All mouthpieces must be a minimum of 5/16" (.79 cm) in diameter with snaffles to be measured 1" (2.54 cm) in from the cheek with a gradual decrease to the center of the snaffle. Mouthpiece may be inlaid, but smooth or latex wrapped. Smooth, round, oval or egg-shaped, slow twist, corkscrew, single twisted wire, double twisted wire mouthpieces and straight bar or solid mouthpieces with a maximum port no higher than 1 1/2" (3.81 cm) are allowed.
3. In English classes designated for two year olds, references to an acceptable snaffle bit mean the use of a conventional O-ring, egg-butt or D-ring with a ring no smaller than 2 inches (5.08 cm) and no larger than 4 inches (10.16 cm). The inside circumference of the ring must be free of rein, curb or headstall attachments which would provide leverage. The mouthpiece should be round, oval or egg-shaped, smooth, and no mouthpieces can be wrapped in metal. Bit may be inlaid, smooth or latex wrapped. No untwisted square-stock steel can be used. The bars must be a minimum of 5/16 inch (.79 cm) in diameter, measured 1 inch (2.54 cm) in from the cheek with a gradual decrease to the center of the snaffle. (See Figure 1). Slow twists, corkscrew, double and single twisted wires may be used if they are a minimum of 5/16 inch (.79 cm) in diameter to be measured 1 inch in from the cheek or ring. No bit with leverage (such as kimberwicks or pelhams) or any bit with shanks, a curb chain, or reins attached to the bit may be used.
  - a. Notwithstanding the above, the mouthpiece may be two or three pieces. See A.2. above for requirements regarding three-piece mouthpieces.
4. When a curb bit is used, a curb strap or curb chain is required, but must meet the approval of the judge, be at least 1/2" (1.27 cm) width and lie flat against the jaw of the horse.
5. In jumping classes only, mechanical hackamores are allowed.

6. Bits of any style (pelham, snaffle, kimberwick) featuring cathedral, fishback or donut mouthpieces; prongs, edges or rough, sharp material shall be cause for elimination.
  7. A bit cannot be physically or mechanically altered to increase the severity of its use and may be eliminated at the discretion of the judge. Spring-loaded bits are approved as long as they meet all bit specifications outlined in this handbook.
  8. A dropped noseband is prohibited in all English classes except jumping. A dropped noseband shall be interpreted as a cavesson and/or noseband which is fastened below the bit or mouthpiece.
  9. An exhibitor may be required by the judge to remove or alter any piece of equipment which, in his opinion, would tend to give a horse or exhibitor an unfair advantage.
  10. Saddles must be heavy, plain, leather skirted (of hunt seat type) or forward (of hunt seat type) may have suede seat and/or suede inset on skirt and either leather or cloth lining. Either, leather, web, cord, neoprene or linen girths are permitted.

D. ATTIRE

1. Exhibitors should wear coats of any tweed or melton for hunting (conservative wash jackets in season) in traditional colors such as navy, dark green, grey, black or brown (maroon and red are improper), breeches of traditional shades such as buff, khaki, canary, light grey or rust (or jodhpurs), high English boots or jodhpur shoes paddock (jodhpur) boots of black or brown. Black, navy blue or brown helmet (with harness in any over fence class that meets ASTM/ SIE equestrian standards) is mandatory. Shirts shall be conservative in color. Stock tie or choker is required. Hair must be neat. Judges must penalize exhibitors who do not conform.
2. Protective Headgear.
  - a. It is mandatory for all riders in all hunter, jumper and equitation over fences classes, including Hunter Hack where jumping is required and when jumping anywhere on the competition grounds to wear properly fitting protective headgear that meets ASTM (American Society for Testing and Materials) equestrian standards or equivalent international standards for equestrian use. The helmet must also be properly fitted with harness secured. Any exhibitor violating this rule at any time must immediately be prohibited from further riding until such headgear is properly in place. It is optional that an exhibitor wear a hard hat with harness in all classes.
  - b. The ApHC strongly encourages all exhibitors, regardless of age, to wear protective headgear passing or surpassing current applicable ASTM standards with harness secured while riding anywhere on the competition grounds including while practicing, schooling, and/or showing. It is the responsibility of the exhibitor, or parent or guardian or trainer of the junior exhibitor to see that the headgear worn by the junior exhibitor complies with appropriate safety standards for protective headgear intended for equestrian use, and is properly fitted and in good condition. The ApHC, Show Committees, and Licensed Officials are not responsible for checking headgear worn by the junior exhibitor for compliance with these rules.
  - c. ApHC makes no representation or warranty, express or implied, about any protective headgear, and cautions exhibitors that death or serious injury may result despite wearing such headgear as all equestrian sports involve inherent dangerous risks and as no helmet can protect against all foreseeable injuries.

E. Under no conditions may Hunt Seat and Saddle Seat classes be combined. They may be offered only as separate open, non-pro or youth classes.

F. Traditionally braided manes are recommended in all English classes. However, the absence of a braided mane shall not constitute disqualification.

G. For requirements on exhibitor numbers, see Rule 711.M.

## H. ENGLISH GAITS:

1. WALK: Forward working walk, rhythmical and flat-footed; extremely slow, or "jiggy" walk to be penalized.
2. TROT: Long, low, ground-covering, cadenced and balanced strides. Smoothness more essential than speed. Extreme speed to be penalized. Excessive knee action to be penalized.
3. CANTER: Smooth, free moving, relaxed and straight on both leads. The stride should be suitable to cover ground following hounds. Over-collected, four-beat canter to be penalized. Excessive speed to be penalized.
4. HAND GALLOP: Should be a definite lengthening of the stride with a noticeable difference in speed. The horse should be under control at all times and be able to pull up (not a sliding stop).

## 771. PLEASURE DRIVING

- A. Horses to be shown harnessed to a modern pleasure-type one horse cart. Either a two-(Informal) or four-wheeled (Formal) cart may be used. - B. After all entries have finished their ring work and are lined up waiting to demonstrate the back, headers may quietly enter the arena and position themselves squarely 2 to 3 feet (60.69 to 91.44 cm) in front of the horse's head. Headers shall stand still with hands behind their back. Should it become necessary to restrain a horse prior to the completion of judging, the judge shall penalize that entry. Judges shall also penalize an entry whose header disturbs or distracts any horse. Headers shall be neatly dressed in western or English attire.
  1. In driving classes, the number must be displayed on both sides of the vehicle shafts.
- C. Exhibitors to dress conservatively and neatly. Dress should conform to the type of vehicle, i.e., casual or sporty attire for a sport or natural finish vehicle, formal attire for a more formal vehicle.

    - a. he carries his head behind the vertical,
    - b. he is overflexed,
    - c. is excessively nosed-out,
    - d. if the poll is below the withers.
  3. Horses to be penalized for pulling on the bit, tossing of head, breaking stride, going sideways and excessive switching of the tail.
- E. Horses shall enter the ring to the right at a normal trot. Each horse shall then be exhibited at the following gaits:
  1. Normal walk,
  2. Normal trot (Park gait),

3. Extended trot (Road gait). Extreme speed and excessive animation will be penalized.
- F. Each horse shall demonstrate each of such gaits, in both directions of the ring, and at the direction of the ring steward. Such change of directions shall be accomplished by the horse crossing the show ring while walking or in normal trot only. Each horse shall also be required to demonstrate its ability to back readily and stand quietly.
- G. Equipment to be used shall include a whip suitable to the cart, light horse breast collar harness to include surcingle with shaft tie downs or quick hitch and crupper and standard bridle with acceptable snaffle or curb bit. If a curb bit is used, the chain must be at least one-half inch (1.27 cm) in width, must be flat against the jaw of the horse and must meet with the judge's approval. Judge to inspect equipment and vehicle prior to entering the arena. Judge must disqualify unsafe (broken or damaged) harness or vehicle.
- H. Optional equipment: Blinders, overcheck or check reins, breeching or thimbles, running martingales, cavesson noseband.
- I. Prohibited equipment:
  1. Wire curbs, regardless of how padded or covered.

  1. 70% on performance, manners and way of going.
  2. 20% on the condition and fit of harness and vehicle.
  3. 10% on neatness of attire.

## **772. HUNTER UNDER SADDLE**

- A. Hunters Under Saddle should be suitable to purpose. They should move in a long low frame and be able to lengthen their stride and cover ground, as in traversing hunt country following hounds. They should be obedient, alert and responsive to their exhibitors. Quick, short strides should be penalized. Horses which move in an artificial frame and are overflexed and behind the bit should also be penalized. Judges should emphasize free movement and manners.
- B. Horses to be shown at a walk, trot and canter both ways of the ring. Horses should back easily and stand quietly. May be asked to extend the trot.
  1. At the option of the judge, all or just the top eight horses may be required to hand gallop, one or both ways of the ring. Never more than twelve horses to hand gallop at one time. At the hand gallop, the judge may ask group to halt and stand quietly on a free rein (loosened rein).

  14. Refusal to back shall result in a penalty of disqualification at the judge's discretion.

  4. The judge has the right and duty to alter the course in any manner to remove any obstacle he deems unsafe. All courses and obstacles are to be constructed with safety in mind so as to eliminate any accidents.
    - a. Prohibited equipment or obstacles include PVC, metal poles and metal boxes.
  5. It is recommended that first obstacles should be no more than minimum height.
  6. Exhibitor must wait for audible signal before proceeding across starting line. The same audible signal is used to stop exhibitor on course, i.e., elimination, fence reset, off course. Both a starting line (at least 12 feet (3.66 m) in front of the first obstacle), and a finish line (at least 24 feet (7.31 m) beyond the last obstacle) must be indicated by markers

(at least 12 feet (3.66 m) apart) at each end of the lines. Horse must start and finish by passing between markers.

7. Obstacles (except within combinations) should be located a minimum distance of 48 feet (14.63 m) apart, size of arena permitting.
  8. Height of obstacles must be a minimum of three feet six inches (106.68 cm) for open classes.
  9. In youth and non-pro classes the height of fences shall be a minimum of three feet three inches (99.06 cm). The maximum first round height for youth and non-pro classes shall be three feet six inches (106.68 cm).
  10. Spreads must be a minimum of three feet (91 cm) except in combinations with a maximum spread of four feet (1.22 m).
- D. Jump-offs: In the case of clean round ties for first place or in the case of ties for point-earning placings, a jump-off shall be held.
1. Jump-offs must be held immediately after the original round of the competition.
  2. Jump-offs will be held over the original course. In a jump-off, the sequence of obstacles may be in any order (1, 3, 6, 7, 9) as long as the original direction of travel is maintained.
  3. The same jump may not be used twice in a jump-off.
  4. The height and spread of at least fifty percent of the obstacles shall be increased not less than three (7.62 cm) and not more than six inches (15.24 cm) in height and to a maximum spread of five feet (1.52 m) for open classes and four feet (1.22 m) for youth and non-pro classes. In case of ties involving faults, rails shall not be raised.
  5. Courses may be shortened for the jump-off. However, the course may not be shortened to less than fifty percent of the original obstacles and must include at least one vertical jump and one spread jump.
  6. In a jump-off, the distance between the elements of a combination may never be altered.
  7. Jump-offs must be timed. The horse with the least number of faults shall be the winner. The winner will be decided on time only if faults are equal.
  8. Time shall be taken from the instant the horse's chest reaches the starting line until it reaches the finish line.
  9. Time shall be stopped while a knocked-down jump is being placed - this is, from the moment the exhibitor gets his mount in a position to retake the jump until the proper authority signals with an audible signal that the jump has been replaced. It shall be the exhibitor's responsibility to be ready to continue the course when the signal is given.
  10. In cases of timer failure, a re-run will be permitted.
  11. Jump-off order will be the same as the original order of go.
  12. A competitor who is eliminated in a jump-off will be placed last of the competitors who have completed the jump-off. A competitor who withdraws from a jump-off must always be placed after a competitor eliminated or who retires for a valid reason while on the course.
  13. The first round may be timed in order to break ties (other than those outlined in 773.D). However, this procedure must be stipulated in the premium book conditions for the class.
- E. Both the original course and shortened course must be posted at least one hour before scheduled time of class.
- F. A schooling area must be provided with at least one practice jump.
- G. SCORING.

Jumpers are scored on a mathematical basis and penalty faults, which include knockdowns, disobediences, and falls.

1. Knockdown; An obstacle is considered knocked down, and four faults assessed, when a horse or exhibitor, by contact:
  - a. Lowers any part thereof which establishes the height of any element of a spread obstacle even when the falling part is arrested in its fall by any portion of the obstacle; or

- b. Moves any part thereof which establishes the height of the obstacle as aforesaid so that it rests on a different support from the one on which it was originally placed.
  - c. If an obstacle falls after the horse leaves the run, it shall not be considered a knockdown.
2. Disobediences:
- a. Refusal. When a horse stops in front of an obstacle (whether or not the obstacle is knocked down or altered), it is a refusal unless the horse then immediately jumps the obstacles without backing even one step; but if horse takes even one step backwards, it is a refusal.
  - b. If horse is moved toward obstacle after a refusal without attempting to jump, it is considered another refusal.
  - c. In the case of a refusal on an in-and-out jump, the horse must return to the start of the in-and-out sequence and re-jump previous elements as well as following elements.
  - d. Run-out. A run-out occurs when a horse evades or passes the obstacle to be jumped; jumps an obstacle outside its limiting markers; or when horse or exhibitor knocks down a flag, standard, wing or other object limiting the obstacle (without obstacles being jumped).
  - e. Loss of forward movement. Failure to maintain walk, trot, canter, or gallop after crossing starting line (except when it is a refusal, a run-out, or when due to uncontrollable circumstances such as when an obstacle is being reset) is a disobedience.
  - f. Unnecessary circling on course. Any form of circle or circles, whereby the horse crosses its original track between two consecutive obstacles anywhere on course, except to retake obstacles after refusal or run-out, is a disobedience.
  - g. First disobedience (anywhere on the course), 4 faults.
  - h. Second disobedience (anywhere on the course), 4 faults.
3. Elimination:
- a. Failure of the entry to cross starting line within one minute after an audible signal (bell, horn, whistle, gong, buzzer) to proceed is given.
  - b. Third disobedience (anywhere on the course).
  - c. Fall of horse and/or exhibitor.
  - d. Failure to complete course, off course.
  - e. Deliberately addressing an obstacle.
4. In case of broken equipment, the exhibitor may either continue without penalty or stop and correct difficulty, in which case he will be penalized 3 faults. In case of loss of shoe, exhibitor may either continue without penalty or be eliminated.
5. GENERAL:
- a. When a horse makes two faults at one obstacle, only the major fault will be counted, except refusals, which will count in addition.
  - b. When an obstacle is composed of several elements in the same vertical plane, a fault at the top element is the only one penalized.
  - c. When an obstacle requires two or more fences (in and out), faults committed at each fence are considered separately. In case of a refusal or run-out at one element, entry must re-jump the previous as well as following elements.
  - d. An eliminated exhibitor may make one attempt to jump an additional single obstacle but may not continue thereafter.

## 774. PRELIMINARY JUMPING

- A. Open to horses of any age that have not earned 10 or more total points in open, preliminary, non-pro, and youth jumping.
- B. A horse's preliminary year begins when it competes in a jumping class offering National points. The preliminary horse may cross enter open, youth or non-pro jumping.
- C. When the preliminary horse has earned a total of 10 or more points in open, preliminary, non-pro, and youth jumping, the horse is no longer

eligible to compete in Preliminary Jumping after January 1st of the year following accumulation of 10 or more points.

- D. The height of fences is 3'0" to 3'9" (91.44 to 114.3 cm).
- E. For all rules except fence height and eligibility, see JUMPING.

## 775. WORKING HUNTER

- A. A hunter course shall be any course which management deems a fair test of a hunter, but judges are responsible for correctness of each course after it has been set and shall call the show committee's attention to any errors that would tend to result in unfair or inappropriate courses.
- B. COURSES OR ARENA ARRANGEMENT:
  - 1. Minimum of six obstacles; horses are to make a minimum of eight jumps, and a minimum of one change of direction is required.
  - 2. Types of obstacles which may be used:
    - a. Fences shall simulate obstacles found in the hunting field - such as post and rail, stone wall, chicken coop, aiken, hedge, etc.
      - i. Jumps such as triple bar, square oxers and hog backs are prohibited.
      - ii. Jumps or obstacles that include PVC, metal poles and/or metal boxes are prohibited.
    - b. The top element of all fences must be securely placed so that a slight rub will not cause a knockdown;
    - c. Obstacles should be located 48, 60 or 72 feet (14.63, 18.29 or 21.95 m) apart if room permits (exception: combinations);
    - d. Minimum fence height for Working Hunter is three feet (91.44 cm), except during inclement weather in which show management and/or judge may dictate lower heights. Maximum height is three feet three inches (99.06 cm) with a maximum spread of three feet (91.44 cm).
    - e. Minimum height for Youth Working Hunter, Non-Pro Working Hunter and Equitation Over Fences is two feet six inches (76.20 cm). Maximum is two feet nine inches (83.82 cm) with a maximum spread of three feet (91.44 cm).
    - f. The use of wings on obstacles in hunter classes is recommended.
    - g. Ground lines to be established.
- C. Scoring:
  - 1. To be judged on manners, way of going and style as jumping. Horses shall be credited with even hunting pace that covers the course with free-flowing strides. Preference will be given to horses with correct jumping style that meet fences squarely, jumping at the center of fence. Judges shall penalize unsafe jumping and bad form over fence, whether touched or untouched, including twisting. Incorrect leads around the ends of the course or cross cantering shall be penalized, as well as excessive use of crop. In and outs (one or two strides) shall be taken in the correct number of strides or be penalized. Any error that endangers the horse and/or its rider, particularly refusals or knock-downs, shall be heavily penalized.
  - 2. Scoring shall be on the basis of 0-100, with an approximate breakdown as follows:
    - a. 90-100: an excellent performer and good mover that jumps the entire course with cadence, balance and style.
    - b. 80-89: a good performer that jumps all fences reasonably well; an excellent performer that commits one or two minor faults.
    - c. 70-79: the average, fair mover that makes no serious faults, but lacks the style, cadence and good balance of the scopier horses; the good performer that makes a few minor faults.
    - d. 60-69: poor mover that makes minor mistakes; fair or average movers that make one or more poor fences but no major faults or disobediences.
    - e. 50-59: a horse that commits one major fault, such as a hind knockdown, refusal or dropping a leg.

- f. 30-49: a horse that commits two or more major faults, including front knockdowns and refusals or jumps in a manner that otherwise endangers horse and /or rider.
  - g. 10-29: a horse that avoids elimination but jumps in such an unsafe and dangerous manner as to preclude a higher score.
- D. Soundness: All horses must be serviceably sound. Any horse showing lameness, broken wind, or impairment of vision shall be refused an award. Upon completion of course, horse will be trotted in a circle for soundness by judge's inspection.
- E. Faults:
1. General
    - a. Judges shall penalize unsafe jumping and bad form over fences, whether touched or untouched.
    - b. Hind knock-downs, not the fault of bad jumping shall not necessarily eliminate a horse from an award, but shall be scored against it in a comparative manner.
    - c. When a horse makes two faults at one obstacle, only the major fault will be counted, except refusals, which will count in addition.
    - d. Circling once upon entering the ring is permitted.
    - e. Horses shall not be requested to re-jump the course.
    - f. Manners shall be emphasized in youth and non-pro classes.
    - g. When an obstacle is composed of several elements, any disturbance of these elements will be penalized; however, only a reduction in height of the top element shall be considered a knockdown.
    - h. In cases of broken equipment, the rider may either continue without penalty, or stop and correct the difficulty and be penalized the same as any loss of forward impulsion.
    - i. When an obstacle requires two or more fences (in and out), faults committed at each obstacle are considered separately. In case of a refusal or run-out at one element, entry may rejump the previous elements.
  2. Minor Faults - Minor faults are scored according to judges' opinion, and depending on severity, may or may not fall under the major fault category.
    - a. Light touches or rubs against a jump.
    - b. Missing a lead change.

## **790. SHOWMANSHIP AND HORSEMANSHIP/EQUITATION CLASSES**

- A. In all showmanship classes and in all horsemanship/equitation classes, (except leadline and walk-trot), the judge must first work each exhibitor individually.
- B. Use of markers helps to standardize patterns and guide exhibitors, but they also increase the degree of difficulty somewhat, so their placement should be carefully planned and indicated in the posted pattern, and their placement in the arena well supervised.
- C. The pattern must be posted at least one hour prior to the class commencing.
- D. If a show prepares patterns, the judge(s) must approve use of such patterns.
- E. Except in Walk/ Trot and Novice classes, exhibitors going off pattern will be disqualified.
- F. In horsemanship/equitation classes exhibitors must work individually using an appropriate test in which they are asked to demonstrate all three gaits. After each exhibitor has been worked individually, the judge may:
  1. Recall all the exhibitors or just the finalists for rail work.

- a. If the judge chooses to recall exhibitors for rail work, the exhibitors must be worked at least one way of the ring demonstrating all three gaits, or
- 2. Place the class.
- G. A junior horse ridden two-handed in an acceptable snaffle bit or hackamore bosal may be shown in bareback horsemanship, western horsemanship, hunt seat equitation, leadline, or walk-trot. Use of a mecate rein is prohibited in bareback horsemanship.
- H. In horsemanship/equitation classes, for reason of safety, exhibitors will not be required to mount and dismount as part of the individual patterns except in the event a judge wishes to check equipment.
- I. In hunt seat equitation classes, the trot and canter patterns must cover a minimum of 60 feet/18.3 meters. In western horsemanship classes, the patterns must be set so that the lope portions of the patterns cover a minimum of 60 feet/18.3 meters.

## 791. WESTERN & ENGLISH SHOWMANSHIP AT HALTER

- A. Available only in the non-pro and youth divisions, showmanship is designed to evaluate the exhibitor's ability to execute, in concert with a well groomed and conditioned horse, a set of maneuvers prescribed by the judge with precision and smoothness while exhibiting poise fundamentally correct body position. English showmanship is only available in the youth division.
- B. It is mandatory that the judge post the initial pattern to be worked at least one hour prior to the commencement of the class; however, if the judge requires additional work of exhibitors for consideration of final placing, an additional pattern may be posted. Pattern(s) should be designed to test the showman's ability to effectively present a horse to the judge. All ties will be broken at the judge's discretion.
- C. **CLASS PROCEDURES:** All exhibitors may enter the ring and then work individually or each exhibitor may be worked from the gate individually.
- D. The following maneuvers are considered acceptable: lead the horse at a walk, jog, trot or extended trot, in a straight or curved line or a combination of straight and curved lines; back in a strait or curved line, or a combination of straight and curved lines; stop; and pivot 90 (1/4), 180 (1/2), 270 (3/4), 360 (full turn) degrees or any combination or multiple of these turns. The pull pivot is unacceptable. Horses must set up squarely for inspection sometime during the class.
- E. **SCORING:** Exhibitors are to be scored from 0 to 100 with 70 denoting an average score. It is suggested a minimum score of 50 be administered except for disqualifications. One-half point increments are acceptable. Maneuvers are scored from +3 to -3 in half (1/2) point increments. One additional score of up to 3 points for Form & Effectiveness may be given at the conclusion of the run.
- F. **FINAL SCORING** shall be on a basis of 0-100 with an approximate breakdown as follows:

**90-100 Excellent** showmanship, including body position and presentation of horse. Completes pattern accurately, quickly, smoothly, and precisely; demonstrates a high level of professionalism.

**80-89 Very Good** performance in execution of the pattern as well as correct showmanship and presentation of horse. Excellent showman that commits a major fault.

**70-79 Good** pattern execution and average showmanship; lacking adequate style and professional presentation to merit elevating to the next scoring range. A very good showman that commits a major fault or an excellent showman that commits a severe fault.

**60-69 Fair** pattern that lacks quickness or precision. Horse with consistently unwilling attitude or handler with obvious position and/or presentation faults that prevents effective showmanship. A good

showman that commits one major fault in the performance of the pattern. A very good showman that commits a severe fault.

**Less than 59** Good showman that commits one severe or multiple major and/or minor faults; excellent or very good showman that commits multiple, and/or combination of, severe, major or minor faults in the performance or presentation, or position of exhibitor that precludes effective communication with the horse.

- G. Overall Presentation of Exhibitor and Horse: The exhibitor's overall poise, confidence, appearance, and position throughout the class, and the physical appearance of the horse will be evaluated.
- H. Presentation and Position of Exhibitor:
1. **Western Showmanship:** Appropriate western attire must be worn; clothes and person are to be neat and clean. See rule 715.E for appropriate western attire. Chaps and spurs shall not be worn.
  2. **English Showmanship:** Appropriate English attire must be worn; clothes and person are to be neat and clean. See rule 770.D for appropriate English attire. Saddle seat attire is not permitted in this class. Spurs shall not be worn. Gloves are optional.
  3. The use of any type of artificial aid including, but not limited to lighters, hay, dirt, sharp pins, magnetic devise, etc. will result in disqualification.
- I. Exhibitors should be poised, confident, courteous and genuinely sportsmanlike at all times, quickly recognizing the correcting faults in the positioning of the horse. The exhibitor should continue showing the horse until the class has been placed or they have been excused, unless otherwise instructed by the judge. The exhibitor should appear business-like, stand and move in a straight, natural and upright manner, and avoid excessive, unnatural or animated body positions.
- J. **Equipment**
1. **Western Showmanship:** The horse must be shown in a halter – leather, rope or nylon, clean and adjusted to fit. The lead strap or lead rope should be six or seven feet (1.83m or 2.13m) long. Hackamores and bridles shall not be used when showing in western showmanship at halter. A judge will not penalize an exhibitor for the use of a chain lead over the horse's nose or under the horse's jaw as a restraint. The use of this equipment will not be cause for disqualification. The exhibitor must lead on the horse's left side holding the lead shank in the right hand near the halter with the tail of the lead loosely coiled in the left hand unless requested by the judge to show the horse's teeth. The exhibitor's hand shall not be on the snap or chain portion of the lead continuously. The excess lead should never be tightly coiled, rolled or folded. When leading, the exhibitor should be positioned between the eye and the mid-point of the horse's neck, referred to as the leading position. A minimum gauge link of 4.0 mm is required.
  2. **English Showmanship:** The horse must be shown in an English headstall equipped with any acceptable single-rein English bit (see ENGLISH PERFORMANCE specifications) and that complies with appropriate equipment rules for the age of the horse shown. The reins will be held together approximately 6-10 inches (15 cm – 25 cm) below the horse's chin with the right hand, with the remainder of the reins held in the exhibitor's left hand. Notwithstanding the above, English bridle is mandatory on horses two years old and older and plain leather halter is required on weanling and yearling horses.
  3. Showmanship whips (dressage whips etc.), war bridles or like devices or any type of wire or rope over a horse's head are not permitted for showmanship purposes.
- K. Both arms should be bent at the elbow with the elbows held close to the exhibitor's side and the forearms held in a natural position. Height of the arms may vary depending on the size of the horse and exhibitor, but the arms should never be held straight out with the elbows locked.

- L. The position of the exhibitor when executing a turn to the right is the same as the leading position except that the exhibitor should turn and face toward the horse's head and have the horse move away from them to the right.
- M. When executing a back, the exhibitor should turn from the leading position to face toward the rear of the horse with the right hand extended in front of the exhibitor's chest still maintaining slight bend in the elbow and walk forward. The ideal position is for the exhibitors left shoulder to be in alignment with the horse's left front leg.
- N. When setting the horse up for inspection, the exhibitor should stand angled toward the horse in a position between the horse's eye and muzzle, and should never leave the head of the horse. The exhibitor is required to use the quarter method when presenting themselves and the judge. The position of the exhibitor should not obstruct the judge's view of the horse and should allow the exhibitor to maintain awareness of the judge's position at all times. The exhibitor should not crowd other exhibitors when setting up side-by-side or head to tail. When moving around the horse, the exhibitor should change sides in front of the horse with minimal steps and should assume the same position on the right side of the horse that they had on the left side.
- O. **Presentation of the Horse.** The horse's body condition and overall fitness should be assessed. The hair coat should be clean, well-brushed, and in good condition. The mane, tail forelock, and wither tuff may not contain ornaments (ribbons, bows, etc), but may be braided or banded for English or Western. The length of mane and tail may vary as long as they are neat, clean and free of tangles. The mane should even in length or may be roached, but the forelock and the tuft over the withers must be left. The bridle path, eyebrows, and long hair on the head and legs may be clipped, except where government regulations prohibit. Hooves should be properly trimmed and if shod, the shoes should fit correctly and clinches should be neat. Hooves must be clean and may be painted clear with hoof dressing or shown naturally. Tack should fit properly and be neat, clean and in good repair.
- P. **Performance.** The exhibitor should perform the work accurately, precisely, smoothly, and with a reasonable amount of speed. Increasing speed of the work increases the degree of difficulty; however, accuracy and precision should not be sacrificed for speed. The horse should lead, stop, back, turn, and set up willingly, briskly, and readily with minimal visible or audible cueing. Severe disobedience will not result in a disqualification but should be penalized severely, and the exhibitor should not place an exhibitor that completes the pattern correctly. Excessive schooling or training, willful abuse, loss of control of the horse by exhibitor, failure to follow prescribed pattern, knocking over or working on the wrong side of the cones shall be cause for disqualification.
  1. The horse should be led directly to and away from the judge in a strait or curved line and track briskly and freely at the prescribed gait as instructed. The horse's head and neck should be straight and in line with the body.
  2. The stop should be straight, prompt, smooth, and responsive with the horse's body remaining straight.
  3. The horse should back up readily with the head, neck and body aligned in a straight or curved line as instructed.
  4. On turns of greater than 90 degrees, the ideal turn consists of the horse pivoting on the right hind leg while stepping across and in front of the right front leg with the left front leg. An exhibitor shelled not be penalized if their horse performs a pivot on the left hind leg, but an exhibitor whose horse performs the pivot correctly should receive more credit.
  5. A pull turn to the left is an unacceptable maneuver.
  6. The horse should be set up quickly with the feet squarely underneath the body. The exhibitor does not have to reset a horse that stops square.

- Q. **FAULTS.** Faults can be classified as minor, major or severe. The judge will determine the appropriate classification of a fault based on the degree and/or frequency of the infraction.
1. **Minor Faults** - Deduction of 1 point
    - a. Break of gait at walk or trot for up to two strides
    - b. Over or under turning up to 1/8 of a turn

    - f. Excessive schooling or training; use of artificial aids
    - g. Knocking over the cone or going off pattern
    - h. Illegal equipment

  5. **Walk Trot & Novice Classes Only.** Exhibitor's going off pattern, knocking over or on wrong side of cone, never performing specified gait, or overturning more than 1/4 turn than designated, shall not be disqualified, but must always place below exhibitors not incurring disqualifying fault

*Rule 792 is not assigned.*

## 793. LEADLINE EQUITATION/HORSEMANSHIP

- A. The class will enter the ring at a flat-footed walk, as designated. The class will be worked at a walk only both directions of the ring. In the line-up the judge may ask the exhibitors to back up their horses to help him or her judge the extent of the exhibitor's horsemanship.
- B. The exhibitor will be judged on his or her basic position in the saddle: Hand position, seat position, and back position. The horse must be led and controlled by an adult (over 18 years of age). A lead shank at least six feet (1.83 m) long must be attached to the shank of the bit or to a halter that is under or over the bridle so that while the exhibitor is on the rail the horse is controlled by the adult. If the judge asks the exhibitor to back the horse in the line-up, the adult should not aid the exhibitor. The

adult should only keep the horse under control. The exhibitor may ride Western or English in this class. Person leading horse is to be dressed in accordance with the exhibitor.

- C. A junior horse ridden two-handed in an acceptable snaffle bit or hackamore/bosal may be exhibited in Leadline.
- D. This class is limited to exhibitors 6 years old and under who do not participate in any approved class at that show except Showmanship and Halter.
- E. For Leadline classes only, the youth exhibitor or their family need not be the owner of the horse. However, the owner of the horse must be an ApHC member.
- F. In leadline chaps are optional as a western requirement. See WESTERN PERFORMANCE ATTIRE.

## **794. WALK-TROT EQUITATION/HORSEMANSHIP**

- A. The conditions of this class are the same as outlined under Western Horsemanship and Hunt Seat English Equitation (with the exception that contestants will not be asked to lope but may be asked to extend the jog or trot).
- B. Patterns may be used in walk-trot hunt seat equitation and walk-trot western horsemanship.
  - 1. If patterns are used in walk-trot equitation classes, rail work is optional as per Rule 790.E.
  - 2. If patterns are NOT used, then rail work is required and the exhibitors must be worked both directions of the ring.
- C. The walk-trot class may be offered as a Western or English class, however, the two may not be combined.
- D. The class will enter the arena as designated. In the line-up the judge may ask exhibitors to back up their horses to help him judge the extent of the exhibitor's horsemanship.
- E. If the horse breaks into a lope for more than three consecutive strides, it shall be disqualified.
- F. In equitation classes, for reasons of safety, exhibitors will not be required to mount and dismount.
- G. A junior horse ridden two-handed in an acceptable snaffle bit or hackamore/bosal may be exhibited in walk-trot classes.
- H. See YOUTH WALK-TROT DIVISION, rule 807 for rules regarding youth eligibility for youth walk-trot classes.
- I. See NON-PRO WALK-TROT DIVISION, rule 901.E for rules regarding non-pro eligibility for non-pro walk-trot classes.

## **795. BAREBACK HORSEMANSHIP**

- A. Available only in the non-pro and youth divisions, western horsemanship is designed to evaluate the rider's ability to execute, in concert with their horse, a set of maneuvers prescribed by the judge with precision and smoothness while exhibiting poise and confidence and maintaining a balanced, functional, and fundamentally correct body position. The ideal horsemanship pattern is extremely precise with the rider and horse working in complete unison, executing each maneuver with subtle aids and cues. The horse's head and neck should be a carried relaxed, natural position, with the poll level with the withers. The head should not be carried vertical, giving the appearance of intimidation, or be excessively nosed out, giving a resistant appearance.
- B. It is mandatory that the judge post the initial pattern to be worked at least one hour prior to commencement of the class; however, if the judge requires additional work of exhibitors for consideration of final placing, an additional pattern may be posted. Pattern(s) should be designed to test the horseman's ability. All ties will be broken at the judges' discretion.
- C. **CLASS PROCEDURES:** All exhibitors must enter the ring and then work individually, or each exhibitor may be worked from the gate individually. Exhibitors should be instructed to either leave the arena, fall into line, or fall into place on the rail after their work.

- D. The following maneuvers are acceptable in a pattern: walk, jog, trot, extended trot, lope or extended lope in a straight line, curved line, serpentine, circle or figure 8, or combination of these gaits and maneuvers; stop; back in a straight or curved line; turn or pivot on the haunches and/or on the forehand; rollback; sidepass; two-track or leg-yield; flying or simple change of lead; counter-canter; or any other maneuver. A back should be asked for at some time during the class. Judges should not ask exhibitors to mount or dismount except that exhibitors may be asked to dismount to check the bit.
- E. **SCORING:** Exhibitors are to be scored from 0 to 100 with 70 denoting an average score. It is suggested a minimum score of 50 be administered except for disqualifications. One-half point increments are acceptable. Maneuvers are scored from +3 to -3 in half (1/2) point increments. One additional score of up to 3 points for Form & Effectiveness may be given at the conclusion of the run.
- F. **FINAL SCORING** shall be on a basis of 0-100 with 70 denoting an average score.
- 90-100 Excellent** rider, including body position and use of aids. Completes pattern accurately, quickly, smoothly, and precisely while demonstrating a high level of professionalism.
- 80-89 Very Good** performance in execution of the pattern as well as correct horsemanship and use of aids. Excellent horseman that commits a major fault.
- 70-79 Good** pattern execution and average horsemanship lacking adequate style and professional presentation to merit elevating to the next scoring range. A very good rider that commits a major fault or an excellent rider that commits a severe fault.
- 60-69 Fair** pattern that lacks quickness or precision or rider is obvious position and/or appearance faults that prevents effective horsemanship; or a good horseman that commits a major fault in the performance of the pattern. A very good rider that commits a severe fault.
- Less than 59** Good pattern with one severe or multiple major/minor faults; excellent or very good rider that commits multiple, and/or combination of, severe, major or minor faults in the performance. A rider that demonstrates a lack of riding ability and knowledge of correct body position.
- G. **Overall Presentation of Exhibitor and Horse.** The exhibitor's overall poise, confidence, appearance and position through the class as well as the physical appearance of the horse will be evaluated.
- H. **Presentation and Position of Exhibitor.**
1. Appropriate western attire must be worn. Clothes and person are to be neat and clean.
  2. The use of any type of artificial aid or magnetic device will result in disqualification.
  3. The exhibitor should appear natural and ride with a balanced, functional, and correct position regardless of the maneuver or gait being performed. During the railwork and pattern, the exhibitor should have strong and proper position. Exhibitors should sit and maintain an upright position with the upper body at all gaits.
  4. The rider should sit in the center of the horse's back, up close to the horse's withers, with the legs hanging to form a straight line from the ear, through the center of the shoulder and hip, touching the back of the heel or through the ankle. The heels should be lower than the toes, with a slight bend in the knee and the lower leg should be directly under the knee. The rider's back should be flat, relaxed and supple. An overly stiff and/or overly arched lower back will be penalized. The shoulders should be back, level and square. The rider's base of support should maintain secure contact with the horse from the seat to the inner thigh. Light contact should be maintained from

the knee to mid-calf. The knee should point forward and remain closed with no space between the exhibitor's knee and the horse. The exhibitor will be penalized for positioning the legs excessively behind or forward of the vertical position. The rider's toes should be pointing straight ahead or slightly turned out with the angles straight or slightly broken in. Those exhibitors that can maintain the proper position throughout all maneuvers should receive more credit.

5. Both hands and arms should be held in a relaxed, easy manner, with upper arm in a straight line with the body. The arm holding the reins should be bent at the elbow forming a line from the elbow to the horse's mouth. The free hand and arm may be carried bent at the elbow in a similar position as the hand holding the reins or straight down at the rider's side. Excessive pumping of the free arm as well as excessive stiffness will be penalized. The rider's wrist is to be kept straight and relaxed, with the hand held at about 30 to 45 degrees inside the vertical. The rein hand should be carried immediately above or slightly in front of where the saddle horn would be if riding in a saddle. The reins should be adjusted so that the rider has light contact with the horse's mouth, and at no time shall reins require more than slight hand movement to control the horse. Excessively tight or loose reins will be penalized.
6. The rider's head should be held with the chin level and the eyes forward, and may be directed slightly toward the direction of travel. Excessive turning of the head to the inside of the circle, or down at the horse's head or shoulder will be penalized.
7. The exhibitor should not crowd the exhibitor next to or in front of them when working on the rail and should pass to the inside of the arena. When reversing on the rail, the exhibitor should always reverse to the inside of the arena.

I. **Presentation of Horse.** The horse's body condition and overall health and fitness should be assessed. The horse should appear fit and carry weight appropriate for the body size. Judges may, at their discretion, disqualify a horse which appears sullen, dull, lethargic, emaciate, drawn or overly tired. Tack should fit the horse properly and be neat clean and in good repair.

J. **Performance.**

1. The exhibitor should perform the work accurately, precisely, smoothly, and with reasonable amount of promptness. Increasing speed of the maneuvers performed increase the degree of difficulty; however, accuracy and precision should not be sacrificed for speed. Exhibitors that perform the pattern sluggishly and allow their horse to move without adequate impulsion, collection or cadence will be penalized.
2. The horse should perform all maneuvers in the pattern willingly, briskly, and readily with minimal visible or audible cueing. Severe disobedience will not result in a disqualification, but should be severely penalized, and the exhibitor should not place above an exhibitor that completes the pattern correctly. Failure to follow the prescribed pattern, knocking over or working on the wrong side of the cones, excessive schooling or training, or willful abuse by the exhibitor is cause for disqualification.
3. The horse should track straight, freely and at the proper cadence for prescribed gait. Transitions should be smooth and prompt in the pattern and on the rail, and should be performed when called for on the rail. The horse's head and neck should be straight and in line with their body while performing straight lines and slightly arched to the inside on curved lines or circles. Circles should be round and performed at the appropriate speed, size and location as requested in the pattern. The counter-canter should be performed smoothly with no change in cadence or stride unless specified in the pattern.

4. The stop should be straight, square, prompt, smooth and responsive with the horse maintaining a straight body position throughout the maneuver.
  5. Turns should be smooth and continuous. When performing a turn on the haunches, the horse should pivot on the inside hind leg and step across with the front legs. A rollback is a stop and 180 degree turn over the hocks with no hesitation. Backing during turns will be penalized severely.
  6. The horse should step across with the front and hind legs when performing the sidepass, leg-yield and two-track. The side pass should be performed with the horse keeping the body straight while moving directly lateral in the specified direction. When performing a leg-yield, the horse should move forward and lateral in a diagonal direction with the horse's body arched opposite to the direction that the horse is moving. In the two-track, the horse should move forward and lateral in a diagonal direction with the horse's body held straight or bent in the direction the horse is moving.
  7. Simple or flying change of lead should be executed precisely in specified number of strides and/or at the designated location. A simple change of lead is performed by breaking to a trot for one to three strides. Flying changes should be simultaneous front and rear. All changes should be smooth and timely.
  8. Position of the exhibitor and performance of the horse and rider on the rail must be considered in final placing.
- K. **FAULTS.** Faults can be classified as minor, major, or severe. The judge will determine the appropriate classification of a fault based upon the degree and/or frequency of the infraction. An exhibitor that incurs a severe fault avoids elimination, but should be placed below all other exhibitors that complete the pattern correctly. A minor fault can become a major fault and major fault can become a severe fault when the degree and/or frequency of the infraction(s) merits.
1. **Minor Faults** - Deduction of 1 point
    - a. Break of gait at walk or jog/trot up to 2 strides
    - b. Over/under turn from 1/8 to 1/4
    - c. Tick or hit of cone
    - d. Obviously looking down to check leads
  2. **Major Faults** - Deduction of 3 points
    - a. Break of gait at a lope, out of lead or missing lead for 1-2 strides
    - b. Not performing the specific gait or not stopping when called for in the pattern within 10 feet (3 m) of designated area
    - c. Incorrect lead or break of gait (except when correcting an incorrect lead)
    - d. Break of gait at walk, jog, or trot for more than two strides
    - e. Head carried too low and/or clearly behind the vertical while the horse is in motion, showing the appearance of intimidation
  3. **Severe Faults** - Deduction of 5 points (avoids disqualification but should be placed below other exhibitors who do not incur a severe fault) include:
    - a. Loss of rein
    - b. Use of either hand to instill fear or praise while on pattern or during rail work
    - c. Cueing with the end of the romal
    - d. Blatant disobedience including but not limited to kicking, pawing, bucking, and rearing
    - e. Spurring in front of where the cinch would be if riding in a saddle

4. **Disqualifications** (should not be placed) include:
  - a. Failure to display correct number
  - b. Abuse of horse or schooling
  - c. Knocking over the cone, going off pattern or working on wrong side of cone
  - d. Fall by horse or rider
  - e. Illegal equipment or illegal use of hands on reins
  - f. Use of prohibited equipment
  - g. Off pattern, including: knocking over cone or wrong side of cone or marker; never performing designated gait or lead; over or under turning more than  $\frac{1}{4}$  turn
5. Faults scoring according to severity, which will be cause for disqualification, except in novice and walk-trot non-pro and novice and walk-trot youth classes.
  - a. Head carried too low and/or clearly behind the vertical excessively and consistently while the horse is in motion, or otherwise showing the appearance or intimidation.
6. **Novice Class Only:** Exhibitors going off pattern, knocking off over or on wrong side of cone, never performing specified gait, or overturning more than  $\frac{1}{4}$  turn than designated, shall not be disqualified, but must always place below exhibitors not incurring a disqualifying fault.

The following maneuvers are acceptable in a pattern: walk, jog, trot, extended trot, lope or extended lope in a straight line, curved line, serpentine, circle or figure 8, or combination of these gaits and maneuvers; stop; back in a straight or curved line; turn or pivot, including spins and rollbacks on the haunches and/or on the forehand; sidepass, two-track or leg-yield; flying or simple change of lead; counter-canter; or any other maneuver; or ride without stirrups. A back should be asked for at some time during the class. Judges should not ask exhibitors to mount or dismount except that exhibitors may be asked to dismount to check the bit.
- E. **SCORING:** Exhibitors are to be scored from 0 to 100 with 70 denoting an average score. It is suggested a minimum score of 50 be administered except for disqualifications. One-half point increments are acceptable. Maneuvers are scored from +3 to -3 in half ( $\frac{1}{2}$ ) point increments. One additional score of up to 3 points for Form & Effectiveness may be given at the conclusion of the run.

F. **FINAL SCORING** shall be on a basis of 0-100 with 70 denoting an average score.

**60-69 Fair** pattern that lacks quickness or precision or rider is obvious position and/or appearance faults that prevents effective horsemanship; or a good horseman that commits a major fault in the performance of the pattern. A very good rider that commits a severe fault.

**Less than 59** Good pattern with one severe or multiple major/minor faults; excellent or very good rider that commits multiple, and/or combination of, severe, major or minor faults in the performance. A rider that demonstrates a lack of riding ability and knowledge of correct body position.

G. **Overall Presentation of Exhibitor and Horse.** The exhibitor's overall poise, confidence, appearance and position through the class as well as the physical appearance of the horse will be evaluated.

H. **Presentation and Position of Exhibitor.**

1. Appropriate western attire must be worn. Clothes and person are to be neat and clean.
2. The use of any type of artificial aid or magnetic device will result in disqualification.
3. The exhibitor should appear natural in the seat and ride with a balanced, functional, and correct position regardless of the maneuver or gait being performed. An overly stiff and/or overly arched lower back will be penalized. The shoulders should be back, level and square. The rider's base of support should maintain secure contact with the saddle from the seat to the inner thigh. Light contact should be maintained with the saddle and horse from the knee to mid-calf. The knee should point forward and remain closed with no space between the exhibitor's knee and the saddle. The exhibitor will be penalized for positioning the legs excessively behind or forward of the vertical position. Regardless of the type of stirrup, the feet should be placed with the ball of the foot in the center of the stirrup. The rider's toes should be pointing straight ahead or slightly turned out with the angles straight or slightly broken in. Riding with toes only in the stirrup will be penalized. When riding without stirrups, the exhibitor should maintain the same position as previously described.
5. Both hands and arms should be held in a relaxed, easy manner, with upper arm in a straight line with the body. The arm holding the reins should be bent at the elbow forming a line from the elbow to the horse's mouth. The free hand and arm may be carried bent at the elbow in a similar position as the hand holding the reins or straight down at the

rider's side. Excessive pumping of the free arm as well as excessive stiffness will be penalized. The rider's wrist is to be kept straight and relaxed, with the hand held at about 30 to 45 degrees inside the vertical. The rein hand should be carried immediately above or slightly in front of the saddle horn. The reins should be adjusted so that the rider has light contact with the horse's mouth, and at no time shall reins require more than slight hand movement to control the horse. I. **Presentation of Horse.** The horse's body condition and overall health and fitness should be assessed. The horse should appear fit and carry weight appropriate for the body size. Judges may, at their discretion, disqualify a horse which appears sullen, dull, lethargic, emaciate, drawn or overly tired. Tack should fit the horse properly and be neat clean and in good repair.

J. **Performance.**

1. The exhibitor should perform the work accurately, precisely, smoothly, and with reasonable amount of promptness. Increasing speed of the maneuvers performed increase the degree of difficulty; however, accuracy and precision should not be sacrificed for speed. Exhibitors that perform the pattern sluggishly and allow their horse to move without adequate impulsion, collection or cadence will be penalized.
2. The horse should perform all maneuvers in the pattern willingly, briskly, and readily with minimal visible or audible cueing. Severe disobedience will not result in a disqualification, but should be severely penalized, and the exhibitor should not place above an exhibitor that completes the pattern correctly. Failure to follow the prescribed pattern, knocking over or working on the wrong side of the cones, excessive schooling or training, or willful abuse by the exhibitor is cause for disqualification.
3. The horse should track straight, freely and at the proper cadence for prescribed gait. Transitions should be smooth and prompt in the pattern and on the rail, and should be performed when called for on the rail. The horse's head and neck should be straight and in line with their body while performing straight lines and slightly arched to the inside on curved lines or circles. Circles should be round and performed at the appropriate speed, size and location as requested in the pattern. The counter-canter should be performed smoothly with no change in cadence or stride unless specified in the pattern.

5. Turns should be smooth and continuous. When performing a turn on the haunches, the horse should pivot on the inside hind leg and step across with the front legs. A rollback is a stop and 180 degree turn over the hocks with no hesitation. Backing during turns will be penalized severely.
6. The horse should step across with the front and hind legs when performing the sidepass, leg-yield and two-track. The side pass should be performed with the horse keeping the body straight while moving directly lateral in the specified direction. In the two-track, the horse should move forward and lateral in a diagonal direction with the horse's body held straight or bent in the direction the horse is moving.
7. Simple or flying change of lead should be executed precisely in specified number of strides and/or at the designated location. A simple

change of lead is performed by breaking to a trot for one to three strides. Flying changes should be simultaneous front and rear. All changes should be smooth and timely.

8. Position of the exhibitor and performance of the horse and rider on the rail must be considered in final placing.
- K. **FAULTS.** Faults can be classified as minor, major, or severe. The judge will determine the appropriate classification of a fault based upon the degree and/or frequency of the infraction. An exhibitor that incurs a severe fault avoids elimination, but should be placed below all other exhibitors that complete the pattern correctly. A minor fault can become a major fault and major fault can become a severe fault when the degree and/or frequency of the infraction(s) merits.
1. **Minor Faults** - Deduction of 1 point
    - a. Break of gait at walk or jog/trot up to 2 strides
    - b. Over/under turn from 1/8 to 1/4

    - c. Incorrect lead or break of gait (except when correcting an incorrect lead)
    - d. Break of gait at walk, jog, or trot for more than two strides
    - e. Loss of stirrup
    - f. Head carried too low and/or clearly behind the vertical while the horse is in motion, showing the appearance of intimidation
  3. **Severe Faults** - Deduction of 5 points (avoids disqualification but should be placed below other exhibitors who do not incur a severe fault) include:
    - a. Loss of rein
    - b. Use of either hand to instill fear or praise while on pattern or during rail work
    - c. Holding saddle with either hand
    - d. Cueing with the end of the romal
    - e. Blatant disobedience including but not limited to kicking, pawing, bucking, and rearing
    - f. Spurring in front of the cinch
  4. **Disqualifications** (should not be placed) include:
    - a. Failure to display correct number
    - b. Abuse of horse or schooling
    - c. Knocking over the cone, going off pattern or working on wrong side of cone
    - d. Fall by horse or rider
    - e. Illegal equipment or illegal use of hands on reins

  6. **Walk Trot & Novice Class Only:** Exhibitors going off pattern, knocking off over or on wrong side of cone, never performing specified gait, or overturning more than 1/4 turn than designated, shall not be disqualified, but must always place below exhibitors not incurring a disqualifying fault.

## 797. HUNT SEAT EQUITATION

- A. Available only in the non-pro and youth divisions. The purpose is to evaluate the ability of the hunter rider to perform various maneuvers on his/her horse which provides a base for natural progression to over fence classes. The communication between horse and rider through the subtle cues and aids should not be obvious. Equitation is judged on the rider and his/her effect on the horse. Hunt seat equitation on the flat provides a base for a natural progression to over fence classes. The poll should be level with, or slightly above the withers, to allow proper impulsion behind. The head should not be carried behind the vertical, giving the appearance of intimidation, or be excessively nosed out, giving a resistant appearance.
- B. **Pattern.** It is mandatory that the judge post the pattern at least one hour prior to commencement of the class. The pattern should be designed so the majority of exhibitors can perform it in a reasonable length of time (under 60 seconds). All patterns must include a walk, trot and canter. Horses' gaits are to be ridden with the same cadence and speed as you would find in the rail phase. All ties will be broken at the discretion of the judge.
- C. **Basic Position.** Hands should be over and in front of the horse's withers, knuckles 30-45 degrees inside the vertical, hand slightly apart and making a straight line from horse's mouth to rider's elbow. Method of holding reins is optional, and bight of reins may fall on either side. However, all reins must be picked up at the same time.
1. The eyes should be up and shoulders back.
  2. Toes should be at an angle best suited to rider's conformation; heels down, calf of leg in contact with horse.
  3. Iron should be on the ball of the foot. Iron or stirrup leather may not be connected by string or any other material to the girth.
  4. Appropriate English Attire must be worn. Clothes and person are to be neat and clean. The use of any type of artificial aid or magnetic device will result in a disqualification.
- D. **Class Procedure.** Exhibitors may be worked individually from the gate or they may all enter at once. Exhibitors should be instructed to either leave the arena, fall into line, or fall into place on the rail after the work.
1. A turn on the forehand to the right is accomplished by moving haunches to the left.
  2. A forehand turn to the left is accomplished by moving haunches to the right.
  3. If riders are asked to drop their irons, they can leave them down or cross them over the withers.
  4. The horse should step across with the front and hind legs when performing the sidepass, leg-yield and two-track. The side pass should be performed with the horse keeping the body straight while moving directly lateral in the specified direction. When performing a leg-yield, the horse should move forward and lateral in a diagonal direction with the horse's body straight with a slight flexion of the head in the opposite direction of lateral movement. When a horse yields to the right, the head is slightly (just to see the eye of the horse) to the left. A horse yielding to the left, the head is slightly flexed to the right.
  5. Individual Work may be comprised of any of the following: walk, trot, extended trot, canter or hand gallop in a straight line, curved line, serpentine, circle or figure 8, or combination of these gaits and maneuvers; stop; back in a straight or curved line; turn or pivot on the haunches and/or on the forehand; sidepass, two-track or leg-yield; flying or simple change of lead; counter-canter; or any other maneuver; ride without irons or drop and pick up irons. A back should be asked for at some time during the class. Judges should not ask exhibitors to mount or dismount except that exhibitors may be asked to dismount to check the bit.

6. **THE WALK:** Should be a four-beat gait with the rider in a vertical position with a following hand.
  7. **THE POSTING TROT:** Figure 8 at trot, demonstrating change of diagonals. At left diagonal, rider should be sitting the saddle when left front leg is on the ground; at right diagonal, rider should be sitting the saddle when the right front leg is on the ground; when circling clockwise at a trot, rider should be on left diagonal; When circling counter-clockwise, rider should be on right diagonal. The rider should close his/her hip angle to allow his/her torso to follow the horizontal motion of the horse. The upper body should be slightly inclined 20 degrees in front of the vertical.
  8. **SITTING TROT AND CANTER:** At the sitting trot, the upper body is only slightly in front of the vertical. At the canter, the body should be positioned slightly more in front of the vertical. As the stride is shortened, the body should be in a slightly more erect position.
  9. **TWO-POINT POSITION:** The pelvis should be toward, but relaxed, lifting the rider's weight off the horse's back and transferring the weight through the rider's legs. In this position, the two points of contacts between the horse and rider are the rider's legs. Hands should be forward, up the neck, not resting on the neck.
  10. **HAND GALLOP:** A three-beat, lengthened canter ridden in two-point position. The legs are on the horse's sides while the seat is held out of the saddle. When at the hand gallop, the rider's angulation will vary somewhat as the horse's strides is shortened and lengthened. A good standard at a normal hand gallop should be about 30 degrees in front of the vertical.
- E. **SCORING:** Exhibitors are to be scored from 0 to 100 with 70 denoting an average score. It is suggested a minimum score of 50 be administered except for disqualifications. One-half point increments are acceptable. Maneuvers are scored from +3 to -3 in half (1/2) point increments. One additional score of up to 3 points for Form & Effectiveness may be given at the conclusion of the run.
- F. **FINAL SCORING** shall be on a basis of 0-100 with 70 denoting an average score. It is with and approximate breakdown as follows:
- 90-100 Excellent** equitation, including body position and use of aids. Completes pattern accurately, quickly, smoothly and precisely; demonstrates a high level of professionalism.
  - 80-89 Very Good** rider that executes the pattern as well as correct equitation and use of aids. Excellent rider that commits one major fault.
  - 70-79 Good** pattern execution and average equitation lacking adequate style and professionalism presentation to merit elevating to the next scoring range. A very good rider that commits a major fault or an excellent rider who commits several fault.
  - 60-69 Fair** pattern that lacks quickness or precision. Rider has obvious position and/or appearance faults that prevents effective equitation. A good rider that commits one major fault, or a very good rider that commits a serve fault in the performance of the pattern.
  - Less than 59** Good Rider that commits one severe fault or multiple major and/or minor faults; excellent or very good rider that commits multiple, and/or combination of, severe, major, or minor faults in the performance. A rider that demonstrates a lack of riding ability and knowledge of correct body position.

- G. Faults can be classified as minor or severe. The judge will determine the appropriate classification of a fault based on the degree and/or frequency of the infraction. An exhibitor that incurs a severe fault avoids elimination, but should be placed below all other exhibitors that complete the pattern correctly. A minor fault can become a major fault and a major fault can become a severe fault when the degree and/or frequency of the infraction(s) merits.

## 801. YOUTH RULES

In order to receive national youth points, the youth must also own the horse as evidenced by records of the ApHC and the Certificate of Registration of such horse at the time the horse is shown in such class. (Except for LEADLINE). Ownership shall be defined to include immediate family (see A.1). Horses under lease to, but not owned by any member of the family do not qualify for National youth points. Any youth placing below a youth who does not meet the above will not be moved up in placings. All entries in youth classes shall count toward the overall class points.

1. In order to receive points in the youth division, the horse exhibited by a youth or youth in youth shows and/or events must be owned or co-owned by such youth exhibitor or exhibitors or youth handler or handlers and/or any such youth exhibitor's or exhibitors' or youth handler's or handlers' spouse, legally recognized domestic partner, child, step-child, legal ward, father, mother, stepparent, sister, brother, aunt, uncle, niece, nephew grandparent, grandchild, legal guardian, inlaws of the same relationship as stated above or solely family owned business entity, it being the express intent of this rule to allow any such owned or co-owned horse to receive points in the youth division if exhibited in ApHC approved youth shows and/or events by as many youth exhibitors and handlers who meet the membership and ownership qualifications of this rule, provided that any such horse shall not be exhibited by more than one youth in any class, and further provided that no horse shall be exhibited at the ApHC-sponsored World Championship Youth Show by more than one youth, who must meet the youth membership and ownership qualifications of Rule 800 and 801, unless the horse exhibited by such youth exhibitor or youth handler at the World Championship Youth Show is owned by such youth exhibitor's or youth handler's spouse, or legally recognized domestic partner, child, step-child, legal ward, father, mother, stepparent, sister, brother, aunt, uncle, niece, nephew, grandparent, grandchild, legal guardian, in-laws of the same relationship as stated above or solely family owned business entity, in which event any such related youth may exhibit any such horse at the ApHC -sponsored World Championship Youth Show, provided that any such horse shall not be exhibited by more than one youth in any class at the ApHC-sponsored World Championship Youth Show. Any youth placing below a youth who does not meet the above will not be moved up in placings. All entries in the youth classes shall count toward the overall class points.
2. The ownership requirements of Rules 801.A.1. and 802.C. shall be waived as to any youth domiciled in Canada or a country in which there is an International Partner and whose nomination for participation in the Youth World Championship Appaloosa Show through the ApHC International Exchange Program ("visiting youth") has been approved by the ApHC International Committee to the extent that a visiting youth may show on an eligible horse without meeting the ownership requirements of Rule 801.A.1. and 802.C., provided, however, that such participation shall be limited to no more than three (3) classes at one (1) ApHC-approved show and three (3) classes at the Youth World Championship Appaloosa Show during a calendar year, and that such visiting youth are also subject to the following parameters:
  - a. Youth must be a current ApHC youth member in good standing and be nominated by the Appaloosa Horse Club of Canada (ApHCC) or an International Partner, and there shall be a limit of two nominations each year of visiting youth from each country in which there is an International Partner or from Canada to participate in the Youth World Championship Appaloosa Show.
  - b. All appropriate entry forms and application deadlines apply.
  - c. Visiting youth may not compete in consecutive years.

- d. Any visiting youth entry placing in a halter class shall be placed and receive a duplicate award, if any, with the regular youth entry in that class who would have placed in that position but for the said visiting youth entry's participation, otherwise classes shall be placed as provided by applicable ApHC Rules.
  - e. No points shall be awarded to any visiting youth who does not meet the ownership requirements of Rules 801.A.1 or 802.C.
  - f. No visiting youth may qualify for an overall high point award.
  - g. Other requirements and/or conditions may be established by the ApHC International Committee and published and/or distributed to visiting youth at least 10 days before the Youth World Championship Appaloosa Show.
  - h. As the ApHC International Exchange Program is sponsored, in part, by USLGE funding, the ApHC may not be able to offer this program in any year in which adequate funding is not available.
- B. General rules will apply to the youth division unless otherwise specified in the youth division rules.
- C. Care should be taken so as to avoid jeopardizing the amateur standing of youth contestants through awards made at shows. The offering of money prizes is strictly forbidden in exhibitor judged classes. A youth does not lose amateur status by showing a horse in an open class for someone other than a member of their family since it is the horse that wins the money rather than the youth.
1. Although it is acceptable for a youth to show a horse that is not owned by the youth or a member of their family in the open division, this action could violate Rule 900.G concerning non-pro eligibility.
- D. No stallions, regardless of age, will be permitted in any youth class.
- E. Youth exhibitors may exhibit only one horse in each youth class except that youth exhibitors may exhibit two horses in the following classes only: trail, reining, western riding, jumping, working hunter, cutting, boxing, ranch riding, ranch trail, hunter in hand, judged heading, judged heeling, breakaway roping, judged tie-down roping, steer daubing, figure 8 stake race, keyhole race, walk-trot trail, walk-trot Nez Perce stake race, walk-trot camas prairie stump race, walk-trot keyhole and walk-trot figure 8 stake race. Youth exhibitors may ride a maximum of two horses in Nez Perce stake race and camas prairie stump race when these are timed-only classes. Points will be maintained for each individual exhibitor-and-horse combination for purposes of calculating year-end high point awards.
- F. A horse may be entered in any or all age divisions, but not more than once in each class. The exhibitor does not have to use the same horse in each event. A horse may be used more than once in a class only if it is used in a separate age division.
- G. Youth exhibitors shall be permitted to participate in the appropriate youth class age division as well as open divisions if they so desire. Married or divorced contestants, regardless of age, are ineligible for competition in youth classes.
- H. Exhibitor's birth date shall be duly recorded and entered on the youth membership card. Such youth membership card must be available for inspection at any time during the show.

- B. No horse shall be exhibited at the ApHC-sponsored World Championship Youth Show by more than one unrelated youth, who must meet the youth membership and ownership qualifications of Rule 800 and 801, unless the horse exhibited by such youth exhibitor or youth handler is owned by such youth exhibitor's or youth handler's spouse, or

legally recognized domestic partner, child, step-child, legal ward, father, mother, stepparent, sister, brother, aunt, uncle, niece, nephew, grandparent, grandchild, legal guardian, in-laws of the same relationship as stated above or solely family owned business entity, in which event any such related youth may exhibit any such horse at the ApHC-sponsored World Championship Youth Show, provided that any such horse shall not be exhibited by more than one youth in any class at the ApHC-sponsored World Championship Youth Show.
